

## Human Resource Management 15th Dessler

Human Resource Management (HRM) takes a managerial orientation; and is viewed as being relevant to managers in every unit, project, or team. Managers are constantly faced with HRM issues, problems, and decision making and the text's primary goal is to show how each manager must be a human resource problem solver and diagnostician. This book pays attention to the application of HRM approaches in "real organizational" settings and situations. Realism, understanding, and critical thinking were important in the revision. Users have continuously been satisfied with the consistent writing style and level of presentation.

Concise and practical, "Managing Human Resources, Third Edition" will help you gain a mastery of those issues while you learn the skills you'll need as a manager of people. Using a managerial perspective, the book illustrates the role and impact of technology on globalization, compensation, legal, safety, and health issues. A host of timely features make this book interesting and thought-provoking: The Managerial Perspective, a new introduction for every chapter, focuses on the managerial perspective and summarizes why the material is relevant to managers. Managerial Skill Builder: Issues and Exercises, an end-of-chapter

## Online Library Human Resource Management 15th Dessler

feature, presents a managerial situation relevant to each chapter topic and concludes with questions, issues, exercises, and group projects. Manager's Notebook, located in every chapter, illustrates procedures, tips, and strategies you can really use in management. You Manager It! Discussion Cases, found at the end of every chapter, focus on human resources issues from a manager's perspective and encourage you to think critically. Technology and its influence on human resources information is addressed in every chapter. Globalization and its effect on human resources practices is discussed throughout the book, and the authors address the unique human resources problems faced by multinational organizations. The authors and Prentice Hall are committed to providing a unique learning and teaching package to accompany this third edition. New to this edition: Skills Live! Videos offer dramatizations that highlight a human resources skill related to each part of the text. These videos allow students the opportunity to see what it's like to conduct an interview, give performance appraisals, deal with sexual harassment issues, and more. PHLIP/CW Web Site ([www.prenhall.com/gomez](http://www.prenhall.com/gomez)) provides full academic support for both professors and students. Instructors can find answers to current events and Web exercises, download ancillary materials, and more. For students, there is an on-line study guide, current

events articles and exercises, Web exercises, and more.

For introductory courses in human resource management. Foundations in management beyond the HR department Fundamentals of Human Resources Management supports human resources training for all students of management -- not just HR managers. The text presents a wide range of HR topics within a single semester of material, and a wealth of functional examples and applications.

Fundamentals is also the first text of its kind to make talent management processes a core study. This 5th Edition has been updated with practical personnel techniques, real company examples, and new material on business sustainability. Each chapter touches on important recurring themes in management, including employee engagement tactics, small/global business management, employment law features, and positive employee relations, to help students become stronger and more effective managers. MyLab Management is not included. Students, if MyLab Management is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN.

MyLab Management should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. Reach every student by pairing this text with MyLab Management MyLab(tm) is the teaching and learning

platform that empowers you to reach every student. By combining trusted author content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student.

Human Resource Management Pearson Educación  
The guide all MBAs and executive students need. If you're enrolled in an MBA or executive education program, you've probably encountered a powerful learning tool: the business case. But if you're like many people, you may find interpreting and writing about cases mystifying and time-consuming. In *The Case Study Handbook, Revised Edition*, William Ellet presents a potent new approach for efficiently analyzing, discussing, and writing about cases. Early chapters show how to classify cases according to the analytical task they require (making a decision, performing an evaluation, or diagnosing a problem) and quickly establish a base of knowledge about a case. Strategies and templates, in addition to several sample Harvard Business School cases, help you apply the author's framework. Later in the book, Ellet shows how to write persuasive case-analytical essays based on the process laid out earlier. Examples of effective writing further reinforce the methods. The book also includes a chapter on how to talk about cases more effectively in class. Any current or prospective MBA or executive education student needs this guide.

## Online Library Human Resource Management 15th Dessler

Introducing Human Resource Management is a lively and engaging introduction to the key topics and issues surrounding people management. Clearly linking HR theory to the work environment, this book explores core areas such as HR strategy and planning, employee engagement, diversity and equality, and talent management and development. The text combines solid academic underpinning with practical examples to allow you to consolidate your learning and apply it in practice.

Distinguished by its coherent values perspective, Public Personnel Management focuses on the conflicts, political processes, and management techniques that provide the context for personnel administration in the public sector. Organized around the four principal personnel functions that must be fulfilled in any complex organization, this book provides a comprehensive exploration of the planning, acquisition, development, and sanctions within public personnel management.

The inside scoop on how 10 top American companies develop and maintain high-output, committed workforces. Dessler focuses on tools, techniques, and battle strategies that managers and supervisors can use to develop and retain highly committed, motivated workforces essential for long-term, high-performance results. Illustrated.

right organization.

Using their extensive experience teaching and working in HRM, Banfield, Kay, and Royles succinctly convey the reality of contemporary HRM through expert academic and practical insights. Their balanced approach ensures students are able to fully grasp both the theory and practice of HRM, paving the way for success in their academic studies and future careers. With a style that has been highly praised for engaging the reader, this book is the ideal introduction to HRM for students at both undergraduate and postgraduate level. Key terms, research insights, and review questions help students understand the key theoretical concepts and think critically about the issues discussed. Mini-case studies (HRM insights), longer end-of-chapter case studies, and practitioner insights from real HR professionals at a variety of organizations present different scenarios and challenges experienced in the world of business. This range of learning features ensures students are exposed to both the theoretical foundations and the real-life practices of HRM. The book takes a truly holistic approach to the subject, avoiding the presentation of HRM as a separate management function, and instead seeing HR operations and considerations as an integral part of any business. The authors begin by introducing the reader to the challenges and opportunities that managing people at work can bring and the evolution of the HR function, before addressing key operational areas such as talent management, ethics, leadership, recruitment, and misconduct. They then go on to explore how these challenges are managed, with an emphasis

Why do some managers shine during a high-level crisis while others stumble? Those who have an action plan in place are the ones who can react quickly, manage rumors, and respond to victims and stakeholders sincerely and adequately while keeping their organization afloat. Leading crisis management expert Laurence Barton has spent more than two decades consulting with top companies on how to anticipate and respond to workplace threats and tragedies. In *Crisis Leadership Now* he offers concrete solutions for managing disruptive events—from industrial accidents and acts of violence to embezzlement, product recalls, and terrorism. Barton takes you through his journey of advising senior executives on crisis events and examines:

- The characteristics that define a true crisis
- Proven strategies to help you understand and respond to early warning signals
- Ways to mitigate threatening situations
- How to effectively communicate your decisions in a timely manner to employees, shareholders, customers, and other constituencies

In this forward-looking guide, Barton applies his corporate insider's insight to numerous case studies, demonstrating how such catastrophes happen to real companies and real

people every day. These studies form a framework for building crisis management thinking into your company's strategic toolbox. Anticipating all forms of trouble, advising senior management and boards of directors about potential events, and devising a business recovery plan will allow your organization to rebound should tragedy strike. Barton has also created an indispensable sample crisis management plan, and includes detailed templates for addressing a wide spectrum of incidents and threats. Arming you with an arsenal of strategies, tools, and know-how, Crisis Leadership Now ensures that your company's leaders will demonstrate confidence and implement solutions in the midst of chaos.

This text is designed to provide authoritative and accurate information on HR-related responsibilities and personnel management by focusing on practical applications, concepts, and techniques that all managers can use in business.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional.

# Online Library Human Resource Management 15th Dessler

While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

## 15th Dessler

Examples are taken from events and organisations as diverse as Glastonbury, Mondelez and Formula 1 racing.

The role of HRM in developing sustainable business organizations is increasingly attracting attention.

Sustainability can be used as a principle for HRM itself and the tasks of Sustainable HRM are twofold. On the one hand it fosters the conditions for individual employee sustainability and develops the ability of HRM systems to continuously attract, regenerate and develop motivated and engaged employees by making the HRM system itself sustainable. On the other hand Sustainable HRM contributes to the sustainability of the business organizations through cooperation with the top management, key stakeholders and NGOs and by realising economic, ecological, social and human sustainability goals. This book provides a comprehensive review of the new area of Sustainable HRM and of research from different disciplines like sustainable work systems, ergonomics, HRM, linking sustainability and HRM. It brings together the views of academics and practitioners and provides many ideas for conceptual development, empirical exploration and practical implementation. This publication intends to advance the international academic and practice-based debates on the potential of sustainability for HRM and vice versa. In 19 chapters, 26 authors from five continents explore the role of HRM in developing economically, socially and ecologically sustainable organizations, the concept of Sustainable HRM and the role of HRM in developing Sustainable HRM systems and how sustainability and HRM are conceptualized and perceived in different areas of the world.

Since 2008, busy managers by the tens of thousands have turned to this best-selling book as a handy guide to the ins and outs of human resources. And no wonder! Because whether you're a small business owner, a manager in a

For one semester MBA Managerial Economics courses  
Economics for Managers presents the fundamental ideas  
of microeconomics and macroeconomics and integrates  
them from a managerial decision-making perspective in  
a framework that can be used in a single-semester  
course. To be competitive in today's business  
environment, managers must understand how economic  
forces affect their business and the factors that must be  
considered when making business decisions. This is the  
only book that provides business students and MBAs  
with a thorough and applied understanding of both micro-  
and macroeconomic concepts in a way non-economics  
majors can understand. The third edition retains all the  
same core concepts and straightforward material on  
micro- and macroeconomics while incorporating new  
case material and real-world examples that relate to  
today's managerial student.
