

Human Resource Management By Gary Dessler 10th Edition

For courses in Management. Modern Human Resources: Technology, Social Media, and Management Human Resource Management provides readers with the daily tools and skills they need to function as successful managers--in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms such as LinkedIn and cloud computing. The Fifteenth Edition focuses on the positive impacts technology has had on the HR field. The ability to vet potential employees on the Internet shifts more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares readers with everything they need to be successful managers and HR personnel in the 21st century. Also Available with MyManagementLab® This title is available with MyManagementLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

Offers select, condensed, and thoroughly updated coverage rewritten from the authors' best-selling 'big' book Human Resource Management, 7/e.*Offers an intensive, concise and succinct overview of human resource management - perfect for 'modular' courses*Provides users with the essential working vocabulary and knowledge they will need for the human resources parts of their management jobs*Global Issues in HR' sections in every chapter emphasize the importance of knowing how the practices may

apply in different parts of the world

The new edition of Readings and Cases in International Human Resource Management examines the interactions between people, cultures, and human resource systems in a wide variety of regions throughout the world. Taking account of recent developments in the international human resources management (IHRM) field, the sixth edition will enable students to meet the international challenges they will face in the workforce, and sensitize them to the complexity of human resource issues in the era of globalization. Features include: New readings and case studies that account for recent changes in the field, positioned alongside "tried and true" material. An increased focus on cross-cultural diversity and tools to bridge "social distance" between team members. Supplemental material and teaching notes, available for download, to enhance instructors' abilities to use the readings and cases with their students. With well-known contributors and field experts, this is the ideal accompaniment for any class in international human resource management, organizational studies, or international business.

Analyzes key critical HR variables and defines previously undiscovered issues in the HR field.

For introductory courses in Human Resource Management. Fundamentals of Human Resources Management supports human resources training for all students of management—not just HR managers. The core of every company is its people, and Human Resources Management (HRM) is the key to handling all the complexities of human relations, compensation, conflict resolution, and much more. Strategies and tactics are needed to effectively manage the human resource potential that drives all companies to profitability and success. Human Resource Management Essentials You Always Wanted To Know guides readers through the challenges and provides tools to address those challenges. It provides an understanding of areas including: · The concept of HRM · Performance management strategies · Legal and regulatory compliance · Organizational development · Conflict management · Payroll and compensation · Information technology in HRM · Health and safety · Personnel development Human Resource Management Essentials is part of the Self-Learning Management Series focused on working professionals. The series addresses every aspect of business from HR to finance, marketing, and operations. Each book includes fundamentals, important concepts, and well-known principles, as well as practical applications of the subject matter.

Strategic Human Resource Management has been a topic familiar to many. But this book approaches the same topic in a current global economy with so many Indian business houses venturing into acquiring global giants and establishing themselves atop of the world of business in our growing economy. This means that with electronic communication making the world into a global village and virtual organizations and learning having made the distinction between 'place' and 'space' not a matter of importance, strategies to be adapted by the HR professionals should be totally new. That is where this book is having a new approach to SHRM. It is interspersed with contemporary Indian cases and experience to fall back on to illustrate the different strategies HR has to play as a business partner. Issues in employee privacy in case of virtual organizations have been vividly dealt with. Gone are the days of the fire-fighting role of HR professionals. They are required to play a vital role being part of the business strategy not only at the domestic arena but also in the global

business. Challenges involved in building multicultural organizations, cross border merger and acquisition and repatriation and outsourcing are topics that are significant in the local as well as the global human resource management which are discussed extensively. The book explains career planning and development and compensation packages in the context of competencies and balanced scorecard. When speed and alacrity are demanded of all the employees to stay ahead of competition, the employees are required to put in extended hours and work in a stressful environment. Hence, the new-era HR professional has to resort to developmental activities through mentoring, coaching, counseling, stress management and emotional balance. The book is divided into five parts. Apart from the stories narrated within the text of the book, and some exercises, there is a separate section of cases at the end of the book to augment the concepts narrated in each part. It would not only fully meet the requirements of MBA students but would also give new direction to the practicing HR professionals.

In this thoroughly updated edition of a classic reference, Stephen E. Conroy brings together leading experts in public administration and HR management to detail how you can: Move beyond your often limited problem-solving role as an HR manager and demonstrate how you can play a more strategic role in your organization. Deal with crucial issues such as diversity, EEO regulations and other legal issues, compensation, sexual harassment, and performance appraisal. Expand your ability to maximize productivity, efficiency, and employee satisfaction. Develop budgets, use volunteers, and employ consultants. Also included with purchase is a free supplemental on-line Instructor's Manual. Order your copy now!

An accessible introduction written by a stellar contributor line up of world-renowned lecturers and practitioners in the field (including Linda Holbeche, Stephen Taylor and Jim Stewart).

This text is designed to provide authoritative and accurate information on HR-related responsibilities and personnel management by focusing on practical applications, concepts, and techniques that all managers can use in business.

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Student Value Editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title -- including customized versions for individual schools -- and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For introductory courses in human resource management. While communicating is a vital skill for managers at all organizational levels and in all functional areas, human resource managers are expected to be especially adept communicators, given the important interpersonal component of their roles. Practitioners and scholars alike stand to benefit from incorporating an updated and more nuanced view of communication theory and practice into standard human resource management practices. This book compiles readings by thought leaders in human resource management and communication, exploring the intersection of interests, theories, and perspectives from the two fields to highlight new opportunities for research and practice. In addition to covering the foundations of strategic human resource management, the book: offers a critical review of the research literature on topics including recruitment, selection, performance management, compensation, and development uses a communication perspective to analyze the impact of corporate strategy on human resource systems investigates the key human resource management topic of the relationship between a company's human capital and its effectiveness directly discusses the implications of communication literature for human resource management practice

Written at the cross-section of two established and critically linked fields, this book is a must-have for graduate human resource management and organizational communication students, as well as for high-level human resource management practitioners. Servant Leader Human Resource Management provides a comprehensive conceptual framework based on a dignity enhancing stewardship model that integrates and balances mission achievement with motive, means and ends integrity from both a line manager and human resource department perspective.

Since 2008, busy managers by the tens of thousands have turned to this best-selling book as a handy guide to the ins and outs of human resources. And no wonder! Because whether you're a small business owner, a manager in a business without an HR department, or even a seasoned HR professional, The Essential HR Handbook will help you handle any personnel problem--from

onboarding to outplacement--quickly and easily. This fully updated 10th anniversary edition is packed with information, tools, checklists, sample forms, and timely tips to guide you through the maze of personnel issues in today's complex business environment. In it you'll find out how to: Attract talented staff through social media recruiting Identify legal pitfalls to avoid lawsuits and regulatory interference Train a diverse and inclusive multigenerational workforce Provide the compensation and benefits package that will make your organization an "employer of choice" Streamline your orientation and onboarding practices so new employees hit the ground running Whenever personnel problems arise, having *The Essential HR Handbook* on your bookshelf is like having a team of expert HR consultants at your beck and call!

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

"This definitive work on HR competencies provides ideas and tools that help HR professionals develop their career and make their organization effective." —Edward E. Lawler III, Professor, University of Southern California "This book is a crucial blueprint of what it takes to succeed. A must have for every HR professional." —Lynda Gratton, Professor, London Business School "One single concept changed the HR world forever: 'HR business partner'. Through consistent cycles of research and practical application, Dave and his team have produced and update the most comprehensive set of HR competencies ever." —Horacio Quiros, President, World Federation of People Management Associations "Packed with facts, evidence, and prescriptive advice. It is about being a business leader first, and an HR professional second." —Randy MacDonald, Senior Vice President, Human Resources, IBM Corporation "The concepts and competencies presented in this book provide HR leaders with new insights." —Gina Qiao, Senior Vice President, HR Lenovo "Powerful, relevant and timely! Defines "new HR" in a pragmatic way. This book is a must for leaders and HR folks who seek to create sustainable competitive advantage." —Satish Pradhan, Chief, Group Human Resources, Tata Sons Limited "You can't argue with the data! This book is a definitive and practical guide to learning the HR competencies for success." —John Lynch, Senior Vice President, HR, General Electric "A must read for any HR executive. This research-based competency model is particularly compelling because it is informed by the perspective of non-HR executives and stakeholders." —Sue Meisinger, Distinguished speaker and author, former CEO of SHRM "Read this book for a unique long-term perspective on where HR competencies have brought us and must take us in future." —John Boudreau, Professor, University of Southern California and Research Director, Center for Effective Organizations

Updated to provide coverage of present-day concerns in such areas as the economy, the job market and technological advances, an expanded second edition also includes revised sections on FMLA, health-insurance changes and the latest compensation laws. *A Framework for Human Resource Management* provides readers and practicing managers with a concise yet thorough review of

essential HR management concepts—including fundamental practices, methods, topics, and relevant legal findings—in a highly readable and accessible format.

"Human Resource Management provides students with an introduction to the daily tools and skills they'll need to function as successful managers -- in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms. The 16th Edition focuses on the positive impacts technology has had on the HR field. For example, the ability to vet potential employees on the internet has shifted more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century." -- Provided by publisher.

This book breathes life into the teaching of Human Resource Management and readers will be able to better relate theoretical concepts to workplace decisions and dilemmas.

This business classic features straight-talking advice you'll never hear in school. Featuring a new foreword by Ariel Emanuel and Patrick Whitesell Mark H. McCormack, one of the most successful entrepreneurs in American business, is widely credited as the founder of the modern-day sports marketing industry. On a handshake with Arnold Palmer and less than a thousand dollars, he started International Management Group and, over a four-decade period, built the company into a multimillion-dollar enterprise with offices in more than forty

countries. To this day, McCormack's business classic remains a must-read for executives and managers at every level. Relating his proven method of "applied people sense" in key chapters on sales, negotiation, reading others and yourself, and executive time management, McCormack presents powerful real-world guidance on • the secret life of a deal • management philosophies that don't work (and one that does) • the key to running a meeting—and how to attend one • the positive use of negative reinforcement • proven ways to observe aggressively and take the edge • and much more Praise for What They Don't Teach You at Harvard Business School "Incisive, intelligent, and witty, What They Don't Teach You at Harvard Business School is a sure winner—like the author himself. Reading it has taught me a lot."—Rupert Murdoch, executive chairman, News Corp, chairman and CEO, 21st Century Fox "Clear, concise, and informative . . . Like a good mentor, this book will be a valuable aid throughout your business career."—Herbert J. Siegel, chairman, Chris-Craft Industries, Inc. "Mark McCormack describes the approach I have personally seen him adopt, which has not only contributed to the growth of his business, but mine as well."—Arnold Palmer "There have been what we love to call dynasties in every sport. IMG has been different. What this one brilliant man, Mark McCormack, created is the only dynasty ever over all sport."—Frank Deford, senior contributing writer, Sports Illustrated Despite over three decades of debate around the nature of human resource management (HRM), its intellectual boundaries and its application in practice, the field continues to be dogged by a number of theoretical and practical limitations. Written by an international team of respected scholars, this updated textbook adopts a critical perspective to examine the core management function of HRM in all its complexity – including its darker sides. Human Resource Management: A Critical Approach opens with a critique of the very concept of HRM, tracing its development over time, and then systematically analyses the context of HRM, practice of HRM and international perspectives on HRM. New chapters commissioned for this second edition look at HRM and the issues of diversity, migration, global supply chains and economic crisis. This textbook is essential reading for advanced and inquisitive students of HRM, and for HRM professionals looking to deepen their understanding of the complexities of their field.
