

Human Resources Management 6th Edition By Wendell

This book is not available as a print inspection copy. To download an e-version click [here](#) or for more information contact your local sales representative. A comprehensive introduction to HRM for students who are new to the field, but who will be seeking employment in a global market, working with diverse colleagues and across international borders. Broken down into three parts covering Strategic Issues in HRM, HRM in Practice and HRM in Context, and weaving international and cross-cultural perspectives throughout, the text explores the ever-changing world of human resource management. The various theories, practices and debates that populate this field are examined, and the challenges and controversies that arise when theory meets practice are explored. The international dimension in all its aspects including cross-cultural working, diversity, equality and international business have been considered throughout. Practical learning features have been included to help students develop skills they can apply to their course and in graduate employment. In the new edition, the authors have further explored the international context for HRM, not just for multinational corporations but also for small businesses and not-for-profit organizations, with added analysis on the importance of recognizing that effective functioning of organizations is not simply measured by financial performance, but also by taking into account the broader social, economic and political contexts. International case studies covering emerging economies and specific ethical issues are included with each chapter containing two case studies - one short case mid-chapter and a longer end-of-chapter case, each of which has a set of accompanying questions for students to explore individually or in groups to broaden their learning. The book is supported by a SAGE Edge site, featuring a range of tools and resources for lecturers and students, including SAGE journal articles, PowerPoint slides, web and video links, interactive multiple choice questions, chapter specific podcasts and an instructor's manual. Suitable for undergraduates and post-graduate students looking for a strategic and international perspective of HRM.

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

Provides theoretical and experiential approaches while focusing on the enhancement of the personal competencies of the students. After students are given the conceptual background and content, they participate in exercises requiring the application of chapter content to specific problems designed to develop personal competencies.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 6th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. A Framework for Human Resource Management provides readers and practicing managers with a concise yet thorough review of essential HR management concepts—including fundamental practices, methods, topics, and relevant legal findings—in a highly readable and accessible format.

Providing critical and pragmatic coverage of contemporary ideas in human resource management, this text looks at some of the key issues and topics in the field.

Taking a strategic approach to human resource management, this text integrates human resources with other functional areas such as marketing, finance, operations and accounting. It links human resource strategies to corporate strategies, demonstrating how HR fits into an organization.

"I enthusiastically endorse the fourth edition of IHRM. The editors are to be congratulated for recruiting the top-rated authors in this field to contribute to this volume. The chapters are up to date, insightful, and sometimes even provocative. Students, including post-grads and advanced undergraduates, as well as savvy practitioners, will benefit from reading this volume." Neal M. Ashkanasy, Professor of Management, The University of Queensland Anne-Wil Harzing and Ashly Pinnington's bestselling textbook has guided thousands of students through their International Human Resource Management studies. The fourth edition retains the critical edge, academic rigour and breadth of coverage which have established this book as the most authoritative text on the market. The new edition by our international team of experts provides an even more stimulating journey through the core curriculum, contemporary debates and emerging issues in IHRM. New for the fourth edition: Reduced number of chapters to allow for greater depth and an improved structure ensuring fundamental topics underpin your knowledge Expanded coverage of Equality and Diversity, Corporate Social Responsibility and Sustainability and Cross-Cultural Management in line with developments in the field New Stop and Reflect feature provides an opportunity to test your understanding at regular intervals This text comes with access to a companion website containing web links, SAGE journal articles and more.

This new 3rd edition of the best-selling text People Management & Development: Human Resource Management at Work is the complete text for anyone studying Human Resource Management. Combining

the latest academic research with practical approaches to managing HR in the workplace, the text is thoroughly revised with increased signposting to enhance accessibility, a revised structure designed to be more flexible for use on CIPD and non-CIPD courses, as well as the addition of more international cases. Ideal for students studying for the CIPD professional qualification as well as general human resource management modules at undergraduate and postgraduate level. A 'route map' at the front of the book will indicate how the text can be used on both CIPD and non-CIPD courses to assist lecture preparation. TARGETED AT - Students studying CIPD Professional Qualifications and undergraduate and post graduate students taking HRM modules on business and HRM courses

Fundamentals of Human Resource Management: People, Data, and Analytics provides a current, succinct, and interesting introduction to the world of HRM with a special emphasis on how data can help managers make better decisions about the people in their organizations. Authors Talya Bauer, Berrin Erdogan, David Caughlin, and Donald Truxillo use cutting-edge case studies and contemporary examples to illustrate key concepts and trends. A variety of exercises give students hands-on opportunities to practice their problem-solving, ethical decision-making, and data literacy skills. Non-HR majors and HR majors alike will learn best practices for managing talent in today's ever-evolving workplace. A Complete Teaching & Learning Package SAGE Premium Video Included in the interactive eBook! SAGE Premium Video tools and resources boost comprehension and bolster analysis. Videos featured include Inside HR interviews where students can hear how real companies are using HR to gain competitive advantage, as well as SHRM and TEDTalk videos. SAGE edge FREE online resources for students that make learning easier. See how your students benefit.

Readings and Cases in International Human Resource Management and Organizational Behavior, 5th Edition examines cross-cultural interactions between people, cultures and human resource systems in a wide variety of regions throughout the world. This is truly a Global collection. Features include: * new readings and case studies positioned alongside trusted 'tried and true' readings and cases from past editions * a companion website featuring supplemental material and teaching notes to enhance instructors' abilities to use the readings and cases with their students. Written to enable students to meet the international challenges that they face every day and to sensitize them to the complexity of human resource issues in the era of globalization, this text is a vital resource for all those studying international human resource management.

This is an ideal foundation text for anyone studying or working in the International Human Resource Management (IHRM) arena. This text utilizes and incorporates most of what is currently known, researched or experienced in the field. It features data and examples from academic research, international businesses and consulting firms, as well as experiences of and interviews with HRM managers in multinational and global firms. This book offers both a theoretical and practical treatment of this important and constantly evolving area. Thoroughly updated and revised, this second edition now includes key terms, learning objectives, discussion questions and an end-of-book integrative case. It has been designed to lead readers through all of the key topics in a highly engaging and approachable way. This book focuses on IHRM within multi-national enterprises (MNEs) and covers topics including: * MNE and country culture * organizational structure, strategy and design * international joint ventures and cross-border mergers and acquisitions * labour standards, ethics and codes of conduct * selection and management of international assignees * training and management development * compensation and benefits * health and safety and crisis management * IHRM departments and professionals Uncovering precisely why IHRM is important for success in international business and how IHRM policies and practices function within the multinational enterprise, this outstanding textbook provides an essential foundation for an understanding of the theory and practice of IHRM. This book is essential reading for all students, lecturers and IHRM professionals.

Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

Strategic human resource management has been taken up by academics, consultants and practitioners alike. However, the integration of human resource strategy with overall business strategy is often easier in theory than in practice. Armstrong's Handbook of Strategic Human Resource Management provides a bridge between theory and practice, and offers a guide both to formulating human resource strategies and to implementing them. Fully updated, this edition incorporates the latest thinking, research and practice on strategic Human Resource Management and contains completely revised chapters on HRM, HR strategy, the formulation and implementation of strategy, roles in strategic HRM and strategic reward. This indispensable book includes coverage of international aspects of strategic human resource management. It also reflects important developments in HR strategies linked with those issues that affect HRM on a day-to-day basis, including human capital management, corporate social responsibility, organization development, employee engagement and talent management. Including a new chapter on organizational effectiveness, Armstrong's Strategic Human Resource Management sets out a strategic framework for HRM; a framework for implementing SHRM in action; and a section on HR strategies. Case studies, checklists, practical examples and a strategic HR toolkit make this book an extremely practical resource for all those who are involved in putting complex strategy into practice in order to effect positive and productive change.

The contemporary workplace is ever changing. In many countries the effects of economic globalization has seen the rise in zero-hour contracts, the erosion of trade union power and income inequality. In addition, high-performance work systems, business ethics and environmental sustainability are now creating tremendous challenges in many organizations. These developments play out amongst differing national and international contexts. This fluid and diverse environment makes it even more important to understand the myriad of different theories underpinning human resource management and to explore its impact on organizations, managers and workers. This engaging textbook provides an essential introduction to both the 'how' and 'why' of human resource management; it looks at the way organizations manage human capability, but also exposes the tensions inherent in the employment relationship, encouraging the reader to reflect critically on the realities of contemporary HRM. Building on the success of the previous five editions, this new edition includes: Two new chapters on Ethics in HRM and Green HRM New 'HRM as I see it' video interviews with real life HR managers sharing their experiences on managing people in organizations, accessible through a new interactive ebook New 'HRM and Globalization' features discussing the particular challenges faced by international organizations New 'HRM in

Practice' features exploring practical implementation of HR theories Coverage of contemporary themes such as line managers' roles in HRM, bullying, diversity and inequality Over 100 new references, bringing the discussion right up to date An extensive online resource centre with further teaching and learning materials, accessible at www.palgravehighered.com/bg-hrm-6e.

"This edition of Human Resources Administration brings attention to the major challenges and issues that are shaping public education and human resources administration in the United States during the second decade of the 21st century. (...) [It] represents a major revision of the previous edition."--Preface.

Sound HRM practices matter—they are a sine qua non of effective governance in democratic government—equally so at the local, regional, state and national levels of government. The NASPAA (Network of Schools of Public Policy, Affairs, and Administration) accreditation standards demand critical competencies for public managers that are vital to human resource managers and supervisors at all levels. These competencies include: skills to lead and manage in public governance; to participate in and contribute to the policy process; to analyze, synthesize, think critically, solve problems and make decisions; to articulate and apply a public service perspective; and to communicate and interact productively with a diverse and changing workforce and citizenry. This second edition of Human Resource Management is designed specifically with these competencies in mind to: Introduce and explore the fundamental purposes of human resource management in the public service and consider the techniques used to accomplish these purposes Provide exercises to give students practice for their skills after being introduced to the theory, foundation, and practices of public and nonprofit sector HRM Facilitate instruction of the material by introducing important topics and issues with readings drawn from the professional literature Provide information and examples demonstrating the interrelatedness of many of the topics in public sector HRM and the trends shaping public and nonprofit management, especially diversity, ethics, and technology. Demonstrate and describe differences among HRM practices in public, for-profit and nonprofit organizations, and between the levels of government. Human Resource Management is organized to provide a thorough discussion of the subject matter with extensive references to relevant literature and useful teaching tools. Thus, students will consider the issues, purposes, and techniques of HRM and conceptualize how varied their roles are, or will be, whether a personnel specialist in a centralized system or a supervisor managing in one of the increasingly common decentralized systems. Each chapter includes a thorough review of the principles and practices of HRM (including the why and the how), selected readings, important themes, diverse examples, key terms, study questions, applied exercises, case studies, and examples of forms and processes would-be managers will encounter in their roles.

Grobler and Wärnich's market-leading text has long been regarded as the most comprehensive and user-friendly book available for those studying Human Resource Management in South Africa. Written from a business management perspective, it not only addresses the traditional core Human Resource activities but also provides the reader with insight into future Human Resource challenges.

Book & CD. This fourth edition makes it clear that all who are interested in the sustainability of South Africa -- and Africa -- must put human resource management (HRM) at the very core of the management of organisations generally. The content is aligned to outcomes that are geared towards analytical and critical thinking about the theory and practice of HRM in South Africa. The African context is addressed, and ample information about HRM aspects 'elsewhere in Africa' is provided. This edition breaks away even further from the traditional structure of so many standard HRM textbooks. It challenges a broadening of the 'agenda' and scope of HRM work: HRM is not only about managing employees, but also about managing the work and the people who do the work of and in organisations. This may involve alternative ways of getting the work of organisations done superiorly. This book will help you to apply HRM effectively to achieve its ultimate aim, namely to add value to people, to organisations and to society. This comprehensive book is organised around themes such as: Developing an appreciation for the context of HRM in South Africa; Strategising, designing and planning as preparatory HRM work; Sourcing work talent; Facing the countrys people empowerment challenge; Meeting the reward and care challenge; Handling labour and employee relations challenges; Championing change and transformation; Managing HRM-related information, including HRM and sustainability reporting. Based on most recent theoretical developments, the emphasis is on the practical applications. Samples of relevant documents are included, and an accompanying CD contains a wealth of relevant resources as well as a continuing, integrating case study that serves as a basis for these applications, and individual and group activities. As a package, South African Human Resource Management will be extremely valuable to both current and aspirant managers, and human resource practitioners.

Praise for THE CHIEF HR OFFICER "The strategic portfolio of issues addressed and the sage wisdom and perspectives shared make this book a powerful transformation tool." —Jodee Kozlak, executive vice president, Human Resources, Target Corporation "An up-to-the-minute guide as to what is happening to the field of human resources through the eyes of those in charge of it." —Peter Cappelli, George W. Taylor Professor of Management and director, Center for Human Resources, Wharton School "This is a definitive guide for human resources leaders who are at the frontlines of competitiveness for their organizations." —David A. Rodriguez, executive vice president and chief human resources officer, Marriott International "This book is a must-read for all HR professionals to understand the evolution of how far we've come as a function and how much more we have to contribute to the success of the enterprise." —William J. Conaty, former senior vice president, Human Resources, General Electric Corporation "This book is a treasure-trove of insights that will elevate the practice of human resource management to a whole new level in the twenty-first century." —Lee D. Dyer, professor and chair, Department of Human Resource Studies, Cornell University "As a CEO who understands how important managing human capital is to delivering business results, The Chief HR Officer is an invaluable resource." —Russ Fradin, CEO, Aon Hewitt "This is a must-read for state-of-the-art in human resource management." —Scott A. Snell, E. Thayer Bigelow Professor of Business Administration, Darden Graduate School of Business, University of Virginia Copublished with the Society for Human Resource Management (SHRM), the world's largest association devoted to human resource management. The Society serves the needs of HR professionals and advances the interests of the HR profession. Founded in 1948, SHRM has more than 250,000 members in over 140 countries, and more than 575 affiliated chapters. Visit www.shrm.org.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a

knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources. Over the past decade, management practice has gone through dramatic changes. Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' Human Resource Management features a current, real-world perspective that gives readers a crystal-clear picture of what today's HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available.

Essentials of HRM combines a commentary on organizational behaviour with an explanation of human resource management techniques, and also acts as an introduction to industrial relations. It will prove an invaluable aid to those studying for professional qualifications, such as Membership of the Institute of Personnel Management or the Diploma in Management Studies, and for students on general business or social service courses. Equally, the practising manager will find this book a useful and practical guide.

Each chapter contains exercises designed to keep students thinking about competitive advantage in a variety of scenarios, discussions and questions. Experimental exercises in which the user is asked to analyse a case study. Dozens of up-to-date cases with analysis and discussion as well as cases for additional student analysis. Policies and materials from well-known companies HR policy statements and practices, examples of commonly used forms and relevant laws and governmental regulations.

EMPLOYMENT LAW FOR HUMAN RESOURCE PRACTICE, 4TH EDITION explains the major issues and rules of employment law and how they apply to your human resource career. Clippings of current news stories and events, hypothetical situations, and real cases help you understand how the law applies to each stage of employment--from hiring, to managing, to firing--and emphasize the application of legal concepts to future business situations. Practical advice for what to do as a manager is conveniently summarized at the end of each chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This comprehensive text covers the entire field of human resource development, from orientation and skills training, to career and organizational development. It shows how concepts and theory have been put into practice in a variety of organizations. This sixth edition of HUMAN RESOURCE DEVELOPMENT reflects the current state of the field, blending real-world practices and up-to-date research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Providing all the research, models and theory needed for an HR masters degree and the examples and context necessary to excel as an HR professional.

Organisations are created, managed, and they excel by human beings despite the enabling process of technology. There is no substitute for the human brain. Human resource is the most important and crucial among all other resources in the organizational context. Of late, in the fast-changing business environment, there is a paradigm shift in terms of the role and function of the human resource professional. Human resource management has become more strategic in the function directly linking to the overall business strategy of the organization. The ultimate aim is to improve organizational performance. The sixth edition of this book, thoroughly revised and updated, continues to educate the students on the HRM concepts, keeping its readers abreast with the fast-changing business environment. The author has incorporated the latest research, applications and experiments with a judicious balance between theory and practice. Primarily designed for the students of Management, Commerce, Personnel Management and Industrial Relations and related fields, this compact yet concise text provides ample literature on this subject elaborating a clear understanding of the principles of human resource management. NEW TO SIXTH EDITION • Chapterisation as per Harvard Framework • All the chapters have been thoroughly updated, revised and completely reworked • Incorporation of latest developments in each segment of HR • Addition of learning objectives in each chapter • Inclusion of New age HR practices • New practices, models, illustrations and examples have enhanced the concepts explained • New Indian cases have been inserted TARGET AUDIENCE Students of Management, Commerce, Personnel Management and Industrial Relations and related fields

Recognizing the inherent tensions and contradictions that result from managing people in organizations, Human Resource Management in Public Service: Paradoxes, Processes, and Problems offers provocative and thorough coverage of the complex issues of management in the public sector. Continuing the award-winning tradition of previous editions, this Sixth Edition helps you to understand complex managerial puzzles and explores the stages of the employment process, including recruitment, selection, training, legal rights and responsibilities, compensation, and appraisal. Grounded in real public service experiences, the book emphasizes hands-on skill building and problem solving. New to the Sixth Edition: Ethics case studies have been added to all the chapters, enabling you to learn about a variety of ethical situations that come up in management. Updated and consolidated recruiting strategies offer you a window into the most current methods used in the recruitment process and provide insight into the job seeker's perspective. New examples from a broad range of local, state, federal, and international settings enable you to apply key concepts to common management issues.

Human Resources Management 8e provides an introduction to human resource management for undergraduate students at universities and universities of technology. It considers changes in market conditions and focuses on the current HR climate with in greater business and economic context, both within southern Africa and the international community.

Distinguished by its coherent values perspective, Public Personnel Management focuses on the conflicts, political processes, and management techniques that provide the context for personnel administration in the public sector. Organized around the four principal personnel functions that must be fulfilled in any complex organization, this book provides a comprehensive exploration of the planning, acquisition, development, and sanctions within public personnel management.

Human Resource Information Systems: Basics, Applications, and Future Directions is a one-of-a-kind book that provides a thorough introduction to the field of Human Resource Information Systems (HRIS) and shows how organizations today can leverage HRIS to make better people decisions and manage talent more effectively. Unlike other texts that overwhelm students with technical information and jargon, this revised Fourth Edition offers a balanced approach in dealing with HR issues and IT/IS issues by drawing from experts in both areas. It includes the latest research and developments in the areas of information security, privacy, cloud computing, social media, and HR analytics. Numerous examples, best practices, discussion questions, and case

studies, make this book the most student-friendly and current text on the market.

In its 9th edition, AHRI-endorsed Human Resource Management continues to provide a strong conceptual and practical framework for students of human resource management. The successful integrative strategic HRM model is retained and the most recent developments in human resource management theories and practices are explored. A multitude of contemporary regional and international examples are integrated throughout, alongside an expanded coverage on ethics and a focus on critical analysis. Thoroughly revised and updated with the latest research findings, this edition incorporates a wealth of new material including: corporate social responsibility, ethics, sustainable management practice, leadership, talent management, industrial relations, and retains its focus on core human resource elements. Accompanied by online study tools which help to reinforce concepts, apply critical thinking and enhance skills, this 9th edition of Human Resource Management offers the complete learning experience required to succeed in human resource management.

This book is a new edition of the market leading text. Changes include increasing coverage of small and medium enterprises, new material on managing diversity and cross-cultural workforces, new material on off-shoring, particularly to India or China, and a new chapter on sustaining global growth and linking the international HR function more firmly to a company's strategic growth plans.-Back cover.

Dowling et al is a rare instance of a textbook that has developed alongside the field - helping to shape what it is today - and remains the market leading IHRM textbook worldwide. The international author team have ensured this edition is even more international than its predecessors, whilst also remaining close to curriculum developments. New edition changes include a streamlined chapter structure and a new chapter on the cultural context of IHRM. The focus on expatriates has been balanced with a stronger global management emphasis throughout. The content also reflects the current economic climate, including greater coverage of turbulence for IHRM and issues of employee separation. There is also expanded coverage of business ethics, outsourcing, emerging markets and small medium enterprises. In addition the new edition includes a wealth of case study material and class discussion material. A fully tailored CourseMate and Instructor's website will also be available to adopters. MARKET: Dowling et al is a core textbook for "International HRM" modules (IHRM) as taught at intermediate and postgraduate levels on all HRM programmes and the majority of broad-based business programmes. It is also used on some "International Management" modules. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form.

Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

Human Resource Management, 6th Edition Theory and Practice Palgrave

Introducing Human Resource Management is a lively and engaging introduction to the key topics and issues surrounding people management. Clearly linking HR theory to the work environment, this book explores core areas such as HR strategy and planning, employee engagement, diversity and equality, and talent management and development. The text combines solid academic underpinning with practical examples to allow you to consolidate your learning and apply it in practice.

Public Human Resource Management: Problems and Prospects by Richard C. Kearney and Jerrell D. Cogburn brings together exemplary contributors who provide concise essays on major contemporary public human resources management issues. Organized into four parts – setting, techniques, issues and prospects – and covering the major process, function and policy issues in the field, the text offers valuable wisdom to students and practitioners alike. The new edition boasts sixteen new and eleven updated chapters authored by the leading figures in the field as well as by up-and-coming new scholars.

A leading textbook in its field, Human Resource Management at Work provides a clear introduction to the multiple meanings of HRM and the relationship between strategy and HRM. Covering international and comparative HRM as well as HRM and performance, it is filled with case studies and activities to bring the subject to life while summarizing the major forces shaping HRM and looking at the principal theoretical frameworks. Ideal for business and HR students taking a critical look at HRM theory and practice, this fully updated 6th edition of Human Resource Management at Work combines the latest research with real-world examples. Linking theory with practice, it encourages a critical awareness of HRM through case studies, real-world examples and activities. Now with a closer analysis of the forces shaping HRM at work and the growth of insecure work, it also features new case studies, an updated literature review and a stronger emphasis on International and Comparative HRM. Knowledge intensive firms, employee engagement and talent management are discussed in detail as well, as is the role of bodies such as 'Engage for Success' in promoting new methods of working. Online supporting resources include an instructor's manual and lecture slides.
