Authoritative yet thoroughly accessible, this user-friendly book provides yoga techniques for your journey from bump to birth and beyond, helping you to deal with all the physical and emotional changes you experience along the way. The authors explain the importance of breathwork to relax your body and reduce stress. They also provide guided meditations and visualisations to help you feel calm and positive, as well as fully illustrated step-by-step routines to energise you and relieve muscle tension and pain. There's a guide to the beneficial postures for a range of common pregnancy-related conditions, including back pain, breathlessness and swollen ankles, and there's detailed advice on preparing for labour and childbirth. The book concludes with a range of post-natal exercises to get you back in shape and energised as a new mum. Throughout, the emphasis is on how every woman can take charge of her whole self to ensure a happy and healthy pregnancy and birth. The foreword by internationally celebrated Dr Gowri Motha, creator of the Gentle Birth Method, reinforces the message that pregnancy and childbirth is a positive experience to cherish and enjoy. Hypnotherapist and experienced doula Sophie Fletcher shares with you the secrets to having a safe and positive birth experience. Using a powerful combination of mindfulness, hypnosis and relaxation techniques, Sophie will ensure you feel genuinely excited and completely prepared

An authoritative guide to natural childbirth and postpartum parenting options from an MD who home-birthing her own four children. Sarah Buckley might be called a third-wave natural birth advocate. A doctor and a mother, she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body. Using current medical and epidemiological research plus women's experiences (including her own), she demonstrates that what she calls "undisturbed birth" is almost always healthier and safer than high-technology approaches to birth. Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship.

Drawing on a landmark study involving more than one hundred pregnant women and mothers, a renowned OB/GYN synthesizes the secrets to a good birth—medically and emotionally. Most doctors are trained to think of a “good” birth only in terms of its medical success. But Dr. Anne Lysterly knows firsthand that there are many other important elements that often get overlooked. Her three-year study of a diverse group of over one hundred expectant moms asked what matters most to women during childbirth. The results, presented to the public for the first time in *A Good Birth*, show what really matters goes beyond the clinical outcome or even the usual

questions of hospital versus birthing center, and reveal universal needs of women, like the importance of feeling connected, safe, and respected. Bringing a new perspective to childbirth, the book's wisdom is drawn from in-depth interviews with women with a wide variety of backgrounds and experiences, and whose birth stories range from quick and simple to complicated and frightening. Describing what went well, what didn't, and what they'd do differently next time, these mothers give voice to the complete experience of childbirth, helping both women and their healthcare providers develop strategies to address the emotional needs of the mother, going beyond the standard birth plans and conversations. Transcending the "medical" versus "natural" childbirth debate, *A Good Birth* paves the entryway to motherhood, turning our attention to the deeper and more important question of what truly makes for the best birth possible.

Thoroughly updated and revised, a new edition of the classic handbook draws on the latest research into the importance of touch to developing a loving bond between parent and child and offers a stroke-by-stroke guide to massage routines, special routines to alleviate colic and congestion, modified techniques for older babies, tips on how to teach youngsters about "good touch." advice to support women through postpartum healing on the physical, emotional, relational, and spiritual levels—and provides women with a roadmap to this very important transition that can last from a few months to a few years. Kimberly Ann Johnson draws from her vast professional experience as a doula, postpartum consultant, yoga teacher, body worker, and women's health care advocate, and from the healing traditions of Ayurveda, traditional Chinese medicine, and herbalism—as well as her own personal experience—to cover

- how you can prepare your body for birth;
- how you can organize yourself and your household for the best possible transition to motherhood;
- simple practices and home remedies to facilitate healing and restore energy;
- how to strengthen relationships and aid the return to sex;
- learning to exercise safely postpartum;
- carrying your baby with comfort;
- exploring the complex and often conflicting emotions that arise postpartum;
- and much more.

techniques, meditations, and exercises that will help you physically, mentally, and spiritually. In the timeless way that women have passed down wisdom surrounding birth and child rearing to one another for centuries, Gurmukh weaves folk stories and contemporary testimonials into a program designed to help you get profound results in the shortest possible time. The sections in this book cover each trimester of pregnancy as well as delivery and life with the baby. In her wise, gentle, and comforting voice, Gurmukh suggests meditations, exercises, and yoga positions to respond to the various needs of expectant and new mothers as you undergo dramatic body changes. Gurmukh also helps you explore and, when necessary, heal your own history and unconscious attitudes about pregnancy, birth, and parenting. In Bountiful, Beautiful, Blissful, Gurmukh gives you all the tools you need to have a healthy and happy pregnancy while increasing your connection to your partner and building compassion and prosperity. The ancient practices of yoga can lead you back to your own power as a woman, capable of more than you ever dreamed. All you need is a belief in the possibility of change and a commitment of as little as three minutes a day. Gurmukh has helped thousands of women and their families find fulfillment through the healing movements and meditations of Kundalini yoga---and she can help you, too!

HypnoBirthing is a celebration of life - through mindfully embracing a natural delivery you can discover a closer connection with your unborn baby. Birth can be joyful if you have confidence in yourself and your instincts. Marie Mongan shows you how to take control of one of the most important events of your life. Pain does not have to be the accompaniment to birth. The fear of pain can keep the body tense and closed, but HypnoBirthing will help you to let go of this fear. Once you have learnt how your body works, you can apply relaxation techniques to work with your body rather than against it. These simple methods for relaxing the mind during birth will provide you with the skills to make birth feel safe, calm and empowering. Using the HypnoBirthing method will lead to a happy and comfortable pregnancy and provide a life-changing experience for the new family. Embracing HypnoBirthing helps to shorten birthing and recovery time. Better and earlier bonding with the baby helps babies sleep better and feed more easily in their first weeks.

In this easy-to-read and understand guide to birthing, Marie Mongan explodes the myth of pain as a natural accompaniment to childbirth and offers, at last, the answer to eliminating the anguish of labor.

Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage--not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"-- An inclusive, non-judgmental, and empowering guide to pregnancy, childbirth, and postpartum life that puts mothers first, offering straightforward guidance on all the options and issues that matter most to them (and their partners) when preparing for a baby. In Birth Without Fear, January Harshe--founder of the global online community Birth Without Fear--delivers an honest, positive, and passionate message of empowerment surrounding everything that involves having a baby. It's a guide that fills in the considerable cracks in the information available to women and families when they're preparing to welcome a child--covering care provider choices, medical freedom, birth options, breastfeeding, intimacy, postpartum depression, and much more. Birth Without Fear shows moms, dads, partners, and families how to choose the best provider for them, how to trust in themselves and the birth process, and how to seek the

THIS BOOK WILL MAKE YOUR BIRTH BETTER. IT IS FOR EVERY WOMAN AND EVERY TYPE OF BIRTH. AS FEATURED ON DRAGONS' DEN. 'Siobhan manages to completely demystify hypnobirthing, making it accessible and relevant to all women and all births. This book will be a complete game changer and I will be recommending it to mums-to-be from now on' Sarah Turner, author of The Unmumsy Mum Expert hypnobirthing teacher and founder of The Positive Birth Company Siobhan Miller has made it her mission to change the way women around the world approach and experience birth. Through her teaching she seeks to educate and empower women - and their birth partners - so that they can enjoy amazing and positive birth experiences, however they choose to bring their babies into the world. In this book, Siobhan debunks common myths about hypnobirthing and explains why she believes it can make every type of birth a better experience - from a water birth at home to an unplanned caesarean in theatre. So, what is hypnobirthing? Essentially, it's a form of antenatal education, an approach to birth that is both evidence-based and logical. Hypnobirthing

certainly doesn't involve being hypnotised; instead, it teaches you how your body works on a muscular and hormonal level when in labour and how you can use various relaxation techniques to ensure you are working with your body (rather than against it), making birth more efficient and comfortable. Siobhan's advice and guidance will change your mindset and enable you to navigate your birth with practical tools that ensure you feel calm and in control throughout. By the time you finish this book you'll feel relaxed, capable and genuinely excited about giving birth.

"Giving birth is the pivotal moment of a woman's life but it is often treated as a medical procedure, and not as a rite of passage. Birthing from Within offers parents engaging and memorable ways for pregnant women, and their partners, to activate personal, social and spiritual resources that will guide them through labour and afterwards. Many birth classes teach from the 'outside', from the perspective of the professional. Yet, knowledge of anatomy and the stages of labour can often seem irrelevant in the intensity of contraction. The pregnant woman needs to know about labour and birth from her own perspective, she needs to be prepared for birthing from within. Pam England offers a method that allows a woman to fully understand her own strengths and resources. The self-discoveries made during pregnancy makes birth life-enhancing and empowers the future of the family. It is a multi-sensory and holistic approach that aims to make parents feel positively informed about what they are about to experience, confident about the birth of their child. Pain is an inevitable part of childbirth but

A revised and updated edition of the classic handbook for women seeking a safe, organic, eco-friendly, and natural pregnancy, featuring an integrative-based approach with new medical, herbal, and nutritional information. Over the last two decades, *The Natural Pregnancy Book* has ushered thousands of women through happy and healthy pregnancies. Addressing women's health from conception to birth, Dr. Romm describes herbs that can promote and maintain a healthy pregnancy, and allays such familiar concerns as anxiety, fatigue, morning sickness, and stretch marks. She also discusses the components of a healthy diet, with an emphasis on natural foods. New to this edition is integrative health advice based on Dr. Romm's new credentials as a Yale-trained physician, combined with her twenty years of experience as a midwife and herbalist.

As an intelligent woman, you are probably used to learning as much as you can before making major decisions. But when it comes to one of the most important decisions of your life--how you will give birth—it is hard to gather accurate, unbiased information. Surprisingly, much of the research does not support common medical opinion and practice. Birth activist Henci Goer gives clear, concise information based on the latest medical studies. *The Thinking Woman's Guide to a Better Birth* helps you compare and contrast your various options and shows you how to avoid unnecessary procedures, drugs, restrictions, and tests. The book covers:

- Cesareans
- Breech babies
- Inducing labor
- Electronic Fetal Monitoring
- Rupturing Membranes
- Coping with slow labor
- Pain medication
- Epistiotomy
- Vaginal birth after a Ceasarean
- Doulas

Whatever kind of birth you are planning, let Hollie de Cruz provide you with a set of deep relaxation, mindfulness and meditation tools for an empowering experience.

In today's western cultures, the typical pregnancy focuses on the baby to the exclusion of the woman herself, so that the entire experience has become more about preparing for the baby's arrival than looking closely at oneself to prepare emotionally for all of the changes that creating a new life brings. Sacred Pregnancy was written to help the pregnant woman journey within herself to prepare for the birth of her baby. Sacred Pregnancy is a gorgeous four-color book

especially created for mothers-to-be to reflect on the many personal milestones of the full gestation period of a pregnancy. With beautiful professional photos that correspond to each topic, Sacred Pregnancy also features a journal space for the pregnant woman to record her thoughts and feelings. Each week the mother-to-be is given information on her baby, her body, and her spirit and is asked to reflect on these via the topic of the week, which touches on a variety of issues such as sexuality, fears about labor, becoming a mother, courage, rite of passage, adornment, body image, meditation, and sisterhood to name a few. Mothers-to-be are invited to look deeply at the issues unique to their journey and find a centered, peaceful place to live their pregnancy fully. Lastly, Sacred Pregnancy includes place for the new mother to record her birth story and a large resource section on various birthing options and supports for pregnant women. “From the spiritual (how to visualize your perfect birth) to the practical (a large section on birthing options), this pregnancy journal is a spiritual adviser and supportive doula all in one.” —Fit Pregnancy magazine For more information, visit the Sacred Pregnancy website.

HypnoBirthing® has gained momentum around the globe as a positive and empowering method of childbirth. In fact, more than 25,000 books were sold in 2014 through the author's website alone, and according to Nielsen BookScan, over 70,000 were sold through reporting retailers since its publication in 2005. Here's why: HypnoBirthing helps women to become empowered by developing an awareness of the instinctive birthing capability of their bodies. It greatly reduces the pain of labor and childbirth; frequently eliminates the need for drugs; reduces the need for caesarian surgery or other doctor-controlled birth interventions; and it also shortens birthing and recovery time, allowing for better and earlier bonding with the baby,

which has been proven to be vital to the mother-child bond. What's more, parents report that their infants sleep better and feed more easily when they haven't experienced birth trauma. HypnoBirthing founder Marie Mongan knows from her own four births that it is not necessary for childbirth to be a terribly painful experience. In this book she shows women how the Mongan Method works and how parents they can take control of the greatest and most important event of their lives. So, why is birth such a traumatic event for so many women? And why do more than 40% of births now end in caesarian section, the highest percentage in history? The answer is simple: because our culture teaches women to fear birth as a painful and unsettling experience. Fear causes three physical reactions in the body—tightening of the muscles, reduced blood flow to the birthing muscles, and the release of certain hormones—which increase the pain and discomfort of childbirth. This is not hocus-pocus; this is science.

Feel calm and confident throughout your baby's first year Mindful Mamma is a reassuring and practical guide to help you to navigate the life-changing first year of motherhood. Using simple mindfulness and hypnosis techniques alongside MP3 tracks, you'll learn to:

- Create moments of calm whenever you need it – even at 4am with a restless baby
- Tackle challenges, such as fatigue and anxiety, and build mental resilience
- Connect with your baby and tune in to their world

Whether this is your first or fourth baby, Mindful Mamma is your essential toolkit to manage the physical, emotional and joyful chaos of motherhood.

The first 40 days after the birth of a child offer an essential and fleeting period of rest and recovery for the new mother. Based on author Heng Ou's own postpartum experience with *zuo yuezi*, a set period of "confinement," in which a woman remains at home focusing on

healing and bonding with her baby, *The First Forty Days* revives the lost art of caring for the mother after birth. As modern mothers are pushed to prematurely “bounce back” after delivering their babies, and are often left alone to face the physical and emotional challenges of this new stage of their lives, the first forty days provide a lifeline—a source of connection, nourishment, and guidance. The book includes 60 simple recipes for healing soups; replenishing meals and snacks; and calming and lactation-boosting teas, all formulated to support the unique needs of the new mother. In addition to the recipes, this warm and encouraging guide offers advice on arranging a system of help during the postpartum period, navigating relationship challenges, and honoring the significance of pregnancy and birth. *The First Forty Days*, fully illustrated to feel both inspiring and soothing, is a practical guide and inspirational read for all new mothers and mothers-to-be—the perfect ally during the first weeks with a new baby.

These days, many mothers-to-be find themselves torn between the desire for a natural childbirth with minimal medical intervention and the peace of mind offered by instant access to life-saving technology that only a hospital can provide. In *Natural Hospital Birth*, doula Cynthia Gabriel asserts that there is no good reason that women in North America should not be able to have both. She shows expectant mothers what they can do to avoid unnecessary medical interventions and how to take initiative and consciously prepare for the kind of birth they want to have. Also included are inspiring stories from other women who know firsthand that natural birth in the hospital is possible. With this book, mothers-to-be will be equipped with the knowledge they need to ensure a satisfying hospital birth that they will look back on with peace and joy.

The national C-section rate is at an all-time high of 31 percent. Are all these C-sections necessary, or are some of them done simply for the sake of convenience? Inductions seem to be the norm, but are they always needed? Today, expectant mothers are often left feeling powerless, as their instincts are replaced by drugs and routine medical procedures. What you are about to discover is that you have a choice, and you have the power to plan the kind of birth that's right for you-whether it is at a birth center, a hospital, or at home. In *YOUR BEST BIRTH*, internationally known advocates of informed choice Ricki

Lake and Abby Epstein inspire women to take back the birth experience, with essential advice on: - Positive and negative effects of epidurals, Pitocin, and other drugs and interventions - Inducing vs. allowing your labor to progress naturally - The truth behind our country's staggering C-section rate - Assembling your birth team and creating your birth plan. With chapters such as "Obstetricians: Finding Dr. Right," "Epidurals: You Haven't Got Time for the Pain," and "Electronic Monitors: Reading between the Lines," Lake and Epstein will encourage you to consider whatever your doctor, mother, and best friend may suggest in a new light. The book also includes inspiring birth stories, including those from well-known personalities, such as Laila Ali and Cindy Crawford. Packed with crucial advice from childbirth professionals, and delivered in a down-to-earth, engaging voice, **YOUR BEST BIRTH** is sure to renew your confidence and put the control back where it belongs: with parents-to-be! "Abby Epstein and Ricki Lake have taken a wonderful and constructive approach to ensuring an optimal birthing experience. Their language creates a 'climate of confidence' for pregnant women and their families, who must make key decisions about where, how and with whom to give birth in a health care system often unresponsive to our needs. This book is like a good friend giving wise counsel." --Judy Norsigian, co-editor of *Our Bodies, Ourselves: Pregnancy and Birth* and
