William Gerber has matched his keen analysis of the key problems concerning God with a wealth of reflections from the wisdom of the ages. Thus, he has gotten the great thinkers of the world to work for him - and for you [...] This handy book has considerable value as a reference work while giving abundant thought to the reflective reader who wonders about God. Philosophy as an art of wondering must face the God questions. These are questions not only of God's existence, but of what God might exist as, of how we might know that, and of what such a God's relationship to human beings may be. Reading through this book is journeying through our humanity caught in a universe of wonder [...] Gerber's comments - critical, gentle, eminently reasonable - are a consolation as well as guide to the reader. Even if this work of erudition and inquiry doesn't answer all our questions about God, we are better human beings for reading it and taking it to heart.

Maybe God could learn something about us from it too. – Robert Ginsberg, Executive Editor

Hurting people want a God who is big enough to rescue them from heartache and circumstances beyond imagination. But even if they believe that such a God exists, they may have no idea how to approach him, much less how to ask him for the impossible. In this powerful book, Linda Evans Shepherd shows readers how to reach out to God and ask for a miracle. She shows how God's miracles may not come packaged in the ways we would expect, but they do come in ways that will transform our lives. This book will be a comfort to those who struggle with faith yet still dare to believe that God cares. Through solid biblical teaching and real-life stories of answered prayer, Shepherd walks with readers on a journey to renewed hope and the assurance that God still works miracles.

Christians are taught in their churches and schools that prayer is the most powerful way to experience God. But few receive instruction or guidance in how to make prayer genuinely meaningful. In Prayer, pastor Timothy Keller delves into the many facets of this everyday act. Keller offers biblical guidance as well as specific prayers for certain situations, such as dealing with grief, loss, love, and forgiveness. He discusses ways to make prayers more personal and powerful, and how to establish a practice of prayer that works for each reader.

This non-fiction book tells how God Has answered many of my prayers. It was written to encourage all who read it to be able to believe God for anything. My dad said, "Oh my God Help me!" I knew there was a serious problem. I wasn't truly sure of what was happening until daddy said "we have to get off these tracks the train is coming!"...He took my wrist and lowered me down over the side of that bridge to the cement abutment. There was no railing around it. It was just hovering over the river! He then handed down Ronnie and Neil I placed them between me and the pole. I wrapped my arms around them and the pole and kept looking up like he told me to do. Daddy kept saying whatever you do don't look down I'll be right over here as he disappeared out of sight; heading to the other side of the tracks for more room with Joann!

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book-widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight

from the world's leading forensic psychologists, and the killers' own words and drawings—several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors. Expanded with a New Epilogue

The book will build the reader's confidence to know how to ask God for what he wants to do, and thus strengthen their relationship to God.

Women desire to live well. However, living well in this modern world is a challenge. The pace of life, along with the new front porch of social media, has changed the landscape of our lives. Women have been told for far too long that being on the go and accumulating more things will make their lives full. As a result, we grasp for the wrong things in life and come up empty. God created us to walk with him; to know him and to be loved by him. He is our living well and when we drink from the water he continually provides, it will change us. Our marriages, our parenting, and our homemaking will be transformed. Mommy-blogger Courtney Joseph is a cheerful realist. She tackles the challenge of holding onto vintage values in a modern world, starting with the keys to protecting our walk with God. No subject is off-limits as she moves on to marriage, parenting, and household management. Rooted in the Bible, her practical approach includes tons of tips that are perfect for busy moms, including: Simple Solutions for Studying God's Word How to Handle Marriage, Parenting, and Homemaking in a Digital Age 10 Steps to Completing Your Husband Dealing With Disappointed Expectations in Motherhood Creating Routines that Bring Rest Pursuing the Discipline and Diligence of the Proverbs 31 Woman There is nothing more important than fostering your faith, building your marriage, training your children, and creating a haven for your family. With warmth and clarity, the now-retired chaplain for the United States Senate offers thoughtful, biblical insights to modern questions.

From the moment sin entered the world, God has been bringing humankind back to Himself. He has spoken like thunder and whispered like the wind; He has stirred the waters and calmed them; He has shaken the mountains and given visions and dreams. God has used these and many other avenues to teach and guide those willing to listen and see. In His dealings with those He loves, it is evident that God is never more personal, more direct, more piercing than when He asks a question. God does not question us so that we become informed, He questions us so that we will grow. We have all asked questions of God at one time or another, but rarely do we stop to consider the questions God may be asking us. By examining various times throughout the Scriptures when God questioned His people to bring them back to Himself, Ten Questions God Asked invites readers to examine their hearts and minds and apply the personal lessons to their lives. Study questions at the end of each chapter make Ten Questions God Asked an ideal book for individual and groups study and reflection.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

God does many things we do not understand. When faced with suffering, sickness, death, and confusion, most people can ask only one question: why? Elisabeth Elliot, one of the outstanding women of present-day Christianity, knows too well this feeling of uncertainty. But she also knows that God will answer. Now releasing with a fresh cover, On Asking God Why is a perceptive collection of Elisabeth Elliot's own meditations that confront the many issues we must deal with in our daily lives, from the ordinary occurrence of another birthday to serious topics like funerals, abortion, and divorce. With great insight and candor, Elliot reminds readers that we can overcome our fears when we decide to question God, because in Him we can find every answer we need.
