Kristin Omdahl's Crochet So Fine takes crocheted clothing from fussy to fashionable! By working with thinner yarns and more flexible stitches, crocheters can produce garments that are stylish and comfortable, figure-flattering without being form-fitting and great for layering. And just because the yarn is thin doesn't mean crocheters need to use the smallest of hooks, fine crochet can be quick and easy, too. Crocheters begin by exploring techniques specific to crocheting with fine yarns: gauge, blocking, and garment construction tips to maximize drape. Then they can choose from 20 projects including stunning crocheted pullovers, cardigans, jackets, capes, shawls, scarves, hats, and more. Many of the projects only require one or two skeins of yarn. The designs are interesting to make, using clever stitch motifs, innovative and traditional shaping methods, and a variety of crochet techniques and embellishment ideas. In addition to a variety of stitch patterns, motifs, and techniques, Crochet So Fine includes tutorials with detailed illustrations and instruction on Tunisian crochet, broomstick crochet, and hairpin lace. The garments include couture details such as colorwork, beading, lace, ruffles, tiers, and more. All stitch motifs include charts, and the specialized techniques include how-to sections.

Provides instructions on creating a variety of sweaters, socks, dishcloths, and mittens, with advice on knitting techniques, yarn, and embellishments.

Be bold and creative and make these patterns your own! Comments From Other Readers "I just started crocheting this year, and purchased a number of books. This one turned out to be the best beginner book of all of them. There are some patterns that I'm not ready to make, but the ones I did make were very easy to understand, and turned out quite well. Fun, fresh and varied, these patterns are fun to do, easy to modify and make your own, and make a gift-quality product with little or no experience. I highly recommend it." - Cathy (Maine, US) "This is just the type of book I like. I read the Part I already, and so I was excited for the Part II of the series. It has a little bit of everything and the projects lend themselves so wonderfully to the home. I like to crochet gifts for friends and family and this certainly has quite a collection for me to do that. So many projects are so do-able. The author's instructions are clear and concise and use of color is beautiful. I can't even choose a favorite. It's all good. I recommend this book for any level crocheter. You are bound to find several patterns you love." - Erin (Texas, US) Tags: beginner, crochet, gifts, knit, home décor, easy projects, fun projects, crafts, crochet, crochet 101, beginners, easy patterns, novice crochet, crocheting, one day crochet, learn to crochet, crochet patterns, afghan projects, crochet stitch gallery, easy to crochet, knitting, crochet for beginners, cross-stitching, needlework, one day crochet afghan, crochet scarf, craft, crocheting for dummies, crochet craft, crochet book

Crochet saves lives. It saved mine. In the worst throes of depression I found myself sobbing on the bathroom floor, the tip of a kitchen knife pointed into my wrist. I was aching to break the flesh and bring the pain to an end. Through sheer force of will, I pried my own desperate hands open and replaced the knife with a crochet hook. Then I crocheted to save my life. In this book, you will get to know me through my story of depression and healing. And you will get to know other women as well. You will meet Aureore who crochets to stay in touch with reality as she deals with ongoing psychiatric hallucinations. You will meet Laurie who made a new life with crochet after years of a life filled with abuse. You will meet Tammy whose crochet helps her with the ups and downs of living with Chronic Lyme Disease. You will meet Liza who crochets through the anxiety of having temporary bouts of blindness caused by an undiagnosed health condition. Here are some of the things you will hear them say: "When I crochet I don't think

about how my body is now broken; I think about how I can create something beautiful and useful with my hook and either yarn or thread.” -Vicki“When I'm anxious, I feel like a hollow hull. Crocheting helps fill up the void.” - Aurore“I couldn't pay for therapy, but a few balls of crochet thread cost less than \$20 and provided me with many hours of crochet.” – M.K. “The feeling of the yarn and the rhythmic motions produced by crocheting are very quieting and help me regroup, recharge and become reconnected to my inner self amidst turmoil and confusion.” – Aimee“Crochet helps me put my pain on the back burner for a while. It takes my focus away from how I'm feeling and puts it in a more productive place”. - ShelliThe two dozen women whose stories are shared in this book are the women who hook to heal. We are not alone. Studies shows that crocheters are numerous; research and anecdotal evidence show that people of all ages, from all walks of life, with all types of health conditions may find healing through their hooks and yarn. Poor Bridgit, who overestimated the size of her head—her homemade frilly lace shower cap came straight down to her chin. And who can blame Lindsey for thinking “glitter shoes” sounded like a cool, easy project instead of what it turned out to be: a puddle of sparkling glop. And really, whoever posted that incredible Spaghetti-Stuffed Garlic Bread on Pinterest should be sued. When Mindy pulled hers from the oven, it looked like a “hot mess of intestines streaming out of doughy flesh.” Mmmm, thank you, Pinterest! Written by Heather Mann, publisher of CraftFail.com, her hilarious blog with millions of page views and hundreds of thousands of followers, CraftFail celebrates the creative process, but from the other side. This is the stuff that gets the “A for Effort” and LOL for outcome. But once the laughter dies down, it also inspires a warm feel-good respect for crafters who aren't afraid to fail. After all, even if there's not a mortal alive except Martha who can make a Waxed Heart worthy of hanging in your window to catch the sun, why shouldn't many try?
