Vladimir's Night' is the chimerical final work by Maxim Komar-Myshkin, one of the most elusive and tragic figures in Israeli-Russian art. Part children's book, part gory political assault and part erotic farce involving elaborately detailed paintings that draw from the most disparate sources, the work is not only Komar-Myshkin's magnum opus, but an instrument of psycho-aesthetic retaliation against Vladimir Putin, whom the artist believed had a personal vendetta against him. Komar-Myshkin committed suicide in 2011, soon after completing the album. In her annotations, Rosa Chabanova explores the book's many layers, covering such wide-ranging topics as the financial schemes of Russian oligarchs, medieval literature, political assassinations and the massive immigration wave of Russians to Israel. In so doing, Chabanova unravels the haunting story of Komar-Myshkin and arrives at startling conclusions as to what actually transpired during Komar-Myshkin's final years. Maxim Komar-Myshkin was born in Moscow in 1978. He immigrated to Israel in 2004. There, he founded the Buried Alive group, a circle of artists, writers and filmmakers who vowed in their manifesto to operate as cultural zombies. "A whole culture is imaginatively and authoritatively illuminated" in this "suspenseful, insightful, poignant" novel of prehistoric times (Publishers Weekly). Twenty thousand years ago, a courageous girl lived in Siberia near Woman Lake, a place you won't find on any modern map. Only thirteen, Yanan and her companions—hunters of deer, gatherers of roots and twigs—struggle to survive the harsh realities of hunger and cold, bound by an unending cycle of birth, kinship, violence, and death. As Yanan recounts the terrible adventures of her brief life, she departs on spirit journeys that evoke the lives of the animals to which she and her people are intimately linked. A lyrical novel of our species' prehistory, Reindeer Moon opens up corridors to the imagination that lead us back to the long-forgotten echoes of our distant human past. "Unforgettable . . . Reindeer Moon beautifully resurrects a lost world of merciless magnificence. Dozens of memorable characters live and die in this moving tale, which should become a classic." —Chicago Tribune Book World "Those familiar with the author's landmark study, The Harmless People, will not be surprised at the range of anthropological information she brings to her first novel, or at the lucidity of her prose. What will astonish, engross and move readers in her narrative of a group of hunter-gatherers who lived 20,000 years ago is the dramatic immediacy of the story and the depth and range of character development." —Publishers Weekly

though, that there are actual nightmares living in the garden.
