A Beginner's Guide to BdsM Marguerite de Lyon,2015-05-28 The author, Marguerite de Lyon, of A Beginner's Guide to BDSM, takes the reader through a guided explanation of the world of BDSM, commonly known as Bondage & Discipline, Dominance & Submission, Sadism & Masochism. This is a combined steamy novel and exploratory guide, so each explanatory section is accompanied by a fun, sexy story, where the author shares her own erotic memoirs to highlight her various learnings. As the author realizes something was missing from an otherwise fulfilling sex-life, she explores the notion, introducing the idea of BDSM to her husband, Phillip. Even though Phillip is comfortable with watching porn, he realizes this

subject is an area he had considered off-limits with his wife. After several conversations, husband and wife start to explore their sexuality further, realizing BDSM is something which increases their intimacy and love for each other. The book includes subjects such as pain, bondage, limits, safety and other tools/toys to introduce into a BDSM session; interspersed with revealingly naughty stories and pictures to entice the reader into a different world of sex and bringing a completely different dimension to erotica. A must-read for readers of all levels of interest and experience of BDSM and erotica in general and when combined with sexy stories, this book will certainly raise the temperature!

A BdsM Primer Samatha Pall, 2016-10-11 Let us introduce you in the world of BDSM What You Need To Know Before You Start To Play If you're looking for a BDSM guide, then you quite probably already have at least some idea of what BDSM is all about. That said, few people know exactly what the acronym means, or just how widely it can be applied. For that reason, before we delve into the ins, outs, hows, whats and whys of BDSM play, we're first going to take a moment to understand exactly what it means. BDSM is, in fact, a compound acronym. It stands for: Bondage Discipline AND Domination Sadism AND Submission Masochism In short, it revolves around relationships in which one person has control over the other (or where both partners take turns to be in control) and may involve the use of bondage, pain, humiliation and exotic sexual activities to make sex more exciting. For most people, this means experimenting with bondage, pain, power play and other activities in the bedroom... and perhaps even venturing to a BDSM club or play party if they feel brave enough. Of course, the actual meaning of BDSM is different for different people. Some couples are into heavy, protocol-based play, which they enact even outside of the bedroom. Some couples just like to enjoy a little light spanking and some fun with rope. Some couples like to play in public at dungeons and play parties, while some prefer to keep it a private affair. Some people like to have more than one partner, while others choose to remain monogamous. Although BDSM in its strictest sense is mainly about control, dominance, submission and pain, you'll probably find that as you explore you'll come across a huge range of different sexualities, preferences and types of relationship. It's up to you, in the end, to decide what BDSM means for you. Think of this guide as a starting point for your exploration of this exciting and vibrant world. In the book we'll take a look at some important safety tips which will allow you to play safely and sensibly. We'll show you how you can get your hands on some useful BDSM equipment to experiment with without breaking the bank, as well as what to do once you're ready to take the plunge and acquire some serious kit. We'll also look over some tips on bondage and roleplay to get you started. This guide can be applied to a range of relationships... so if you think you might be interested in something a little different from a standard dominant / submissive situation, do please read on. You'll still find the tips here useful and relevant. Done right, BDSM and kink can be life-enhancing, pleasurable and mind-expanding activities. If you're curious... if you want to explore... if you're ready to take your relationship to another level... or if you've always had a secret yearning that you've never quite fully realized... read on. This guide is for you.

Dom's Guide to BDSM Volume 1 Matthew Larocco,2015 Much of what we've heard about BDSM and the lifestyle is wrong. Our opinions on this lifestyle and art form are oftentimes shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths. The truth is that BDSM is not degrading towards women, and it's also a concept that you will find is not scary. And even the pain that is spoken of is not the type of pain people think it is. This book is written for Doms/Masters in training. It is written for you, the average guy or gal, who doesn't already have a closet full of leather and whips, and who really has little idea about what BDSM is besides what they've heard about it. What you are going to find out, is that the Dom/Master actually has the more complicated role. The master has the task of giving pleasure and discipline to the slave or sub. A great deal of what you do as a Dom will be for the benefit of a sub. You must derive pleasure from giving, have a great desire to please a partner, and not simply take what you want. Still interested? Good. Now that we know you're a REAL master in training, one that will respect the rules, respect the slave you have power over, and follow protocol, you can begin your Dom training. Only then can you truly earn the utmost respect and admiration from your sub. In Volume 1 of this series we are going to discuss:- How to think and act like a Dom- What the slave expects from you- What not to do and what instincts you do NOT want to follow- Your motivation and your goals- How to find out a sub's taboo- How to negotiate, find agreement and ensure that game play is always safe- How to make a slave yearn for you and desire to be controlled by you- And much more...
