Kanzi's family has moved from Egypt to America, and on her first day in a new school, what she wants more than anything is to fit in. Maybe that's why she forgets to take the kofta sandwich her mother has made for her lunch, but that backfires when Mama shows up at school with the sandwich. Mama wears a hijab and calls her daughter Habibti (dear one). When she leaves, the teasing starts. That night, Kanzi wraps herself in the beautiful Arabic quilt her teita (grandma) in Cairo gave her and writes a poem in Arabic about the quilt. Next day her teacher sees the poem and gets the entire class excited about creating a "quilt" (a paper collage) of student names in Arabic. In the end, Kanzi's most treasured reminder of her old home provides a pathway for acceptance in her new one. This authentic story with beautiful illustrations includes a glossary of Arabic words and a presentation of Arabic letters with their phonetic English equivalents.

This is a revolutionary approach by an experienced, innovative teacher. There are no canned ideas copied from internet websites here. Everything in this guide, all the techniques, strategies, teaching tips, and practice exercises, evolved from decades of experience teaching Arabic speaking students of English. They are a result of years of trial and error, collegial conversation (and debate), and extensive research. This guide outlines the interference points between Arabic and English. Some of them are vowel and consonant sounds, and others are related to syllable stress, word stress, and intonation. There is a big difference in the function of vowels in our two languages and the role they play in defining words, stress patterns, rhythm and tone. Once you understand how American English and Arabic sound systems compare, you'll know where the two converge, and diverge. It's the areas of divergence that need attention, and that is what is covered in this guide. **TOPICS INCLUDED:** Comparing Arabic and English vowel and consonant systems Strategies for teaching English vowels and consonants Comparing the structure of Arabic and English words Soundprints! How to teach the internal rhythm of English words Comparing stress and rhythm in Arabic and English Teaching to the Brain; Teaching to the Body Arabic and English Intonation Patterns Resources and Materials If you've been surfing the net, and seeing the same things over and over, but not getting any further along in your teaching success with Arabic students of English, then it's time for a new perspective. If you are thinking of becoming an accent coach, you absolutely should read this guide and learn these techniques. **ABOUT THE AUTHOR:** Peggy Tharpe teaches English and specializes in pronunciation and prosody--the sounds, stress, rhythm and tones of English speech. In this guide, she shares what she knows about the sound systems of English and Arabic, and the instruction and study methods that work best for adults and young adults. This guide covers not just what to work on, but why it's a persistent problem for your students, and how to help them become more intelligible, more comprehensible, and, at the higher levels, more fluid and fluent. Get this guide and find out how to help your Arabic students reach their goals of communicating more easily and fluency in English

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails

you. As he says, “There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether.”What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco:“As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that.”—Cristina“The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential.” —Adrian“If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth.” —Blaine
