Inci Bilgin Tekin's study offers a comparative perspective on two very challenging contemporary female playwrights, Liz Lochhead and Cherrie Moraga, and their Scottish and Chicanese adaptations of myths—such as the Greek Medea and Oedipus or the Mayan Popul Vuh—which address ethnic, racial, gender, and hierarchical oppression. Her book incorporates postcolonial and feminist readings of Lochhead's and Moraga's plays while it also explores different mythologies on the background. Bilgin Tekin not only introduces an original point of view on Liz Lochhead's and Cherrie Moraga's plays as adaptations or rewrites, but also calls attention to the non-canonized Scottish, Aztec, and Mayan mythologies. Following an innovative approach, she discusses the question in which ways Lochhead's and Moraga's adaptations of myths are challenges to the canon and further suggests a feminist version of Augusto Boal's Theatre of the Oppressed. The study appeals to readers of mythology, drama, and comparative literature. Those interested in postcolonial and feminist theories will also gain valuable new insights.

The word of love in the book is a spiritual weapon meant for our current generation and the message to the generations to come. The prophetic word is the intertwine of the real life situations, visions, dreams and prophesies which I experienced in my way of faith. The challenges which I encountered and how the Lord helped me to pull through in the name of our Lord Jesus Christ. Nonetheless the malady of hatred which has contaminated the world, it is only peace and love from the Lord which can heal the infectious ulcer which man has suffered. Dignity has been lost in accordance to Hosea 4:6 'my people are destroyed for lack of knowledge: because thou hast rejected knowledge. I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children'. Further, that our Lord Jesus Christ came down with the seed of peace and love to unify the candidates of heaven

through the provision of the Holy Scriptures. Let us unite and break the seed of hatred which Satan had planted in the hearts of men. 1 Corinthians 13:3 And now abideth faith, hope, love, these three; but the greatest of these is love. This book is dedicated to all my brothers and sisters in the Lord, especially those who are at the verge of losing hope of survival spiritually. It is therefore, here to impart in their hearts with Peace and Love from our God Almighty. The word in this book is aimed at reconciling the people on earth with love so as to cushion the conflicts among nations. It is in accordance to Isaiah 2:2-3 the message in the book has been written and it is therefore inviting all my brothers and sisters from across the world to experience the Holy Spirit with words of great faith in the Lord. The book is here to comfort the sick, the afflicted and those souls who are persecuted by the enemy. It also embraces all the races and does not stigmatize any person as it is based on the true love from our Lord and the message is inspired by the Holy Spirit with a view to unite the people across the globe. I therefore wish the Church, the United Nations, the governments and other charitable organizations to enhance preaching peace among the people in the land for us to have a better world. It is in this line, that the Lord our God came down on earth to save humanity. More so, we should embrace peace and love to survive this world of troubles. The love of God is unconditional, thus, we should follow suit to have a godly love in our hearts or humanity will be wiped out on the face of the earth soonest. The beauty of welcoming peace and love from God is compared to the bond between the earth and the sun and the rain. There is no segregation in the house of the Lord but we are all equal in the face of our creator. Mother Nature has been very kind to us and it reprimands us whenever we err but our Lord Jesus Christ used to curse Nature. We have continued preaching about the importance of spreading the word of God and also His love which has made us to be who we are on earth. The love of God unifies the people and that it cuts through the rod of hatred which is in the hearts of the evil ones. We should therefore embrace the love of God for us to reach greater heights of love, where all religions, race and tribes shall stand tall in the same platform and pronounce to the higher heavens that we are one people. Women and children needs true love from our hearts. I dream of a beautiful world where we shall be protected by the love of God, because humanity on that day shall have total unite. It is common knowledge that Satan has infiltrated our governments, entertainment industry and a lot more circles of life. Therefore, it is time man woke up from the deep slumber and fight for his life or else he will die naked with shame. However, we wrestled the devil for us to have peace and love so that we get saved but the battle has been tough. The Lord has been fighting battles for humanity because God is love. Amen!!

Already hailed by English critics as "one of the most important works of history to be published since the Second World War," Olwen Hufton's fascinating and brilliantly learned study begins, in this first of two volumes, with a wide ranging exploration of women's fate in Western Europe from medieval times to the early modern age. of illustrations.

In the tradition of *On Beauty*, *On Ugliness* and *The Infinity of Lists*, Umberto Eco presents an enthralling and erudite illustrated tour of the fabled places that have awed and eluded us through the ages. From the epic poems of Homer to contemporary science fiction, from the Holy Scriptures to modern mythology and fairy tale, literature and art are full of illusory places we have at some time believed are real, and onto which we have projected our dreams, ideals and fears. Umberto Eco leads us on an illuminating journey through these legendary lands - Atlantis, Thule and Hyperborea, the Earth's interior and the Land of Cockaigne - and explores utopias and dystopias where our imagination can confront concepts that are too incredible, or too challenging, for our limited real world. In *The Book of Legendary Lands* the author's text is accompanied by several hundred carefully assembled works of art and literature; the result is a beautifully illustrated volume with broad and enduring appeal.

Nel cuore dell'isola di smeraldo, ammantato da un velo nebbioso, il popolo fatato canta le proprie gesta, e gli echi della misteriosa e incantata mitologia celtica arrivano fino a noi, grazie all'opera di bardi, druidi e monaci. Incontreremo i primi leggendari invasori, i Tuatha de Danann, e seguiremo le sorti di re e guerrieri irlandesi e gallesi, fino ad ascoltare le ultime rime di Taliesin, il piu grande tra i bardi."

Tales of the Elders of Ireland is the first complete translation of the late Middle-Irish *Acallam na Sen rach*, the largest literary text surviving from twelfth-century Ireland. It contains the earliest and most comprehensive collection of Fenian stories and poetry, intermingling the contemporary Christian world of Saint Patrick with his scribes; clerics; occasional angels and souls rescued from Hell; the earlier pagan world of the ancient, giant Fenians and Irish kings; and the parallel, timeless Otherworld (peopled by ever-young, shape-shifting fairies). This readable, lucid new translation is based on existing manuscript sources and is richly annotated, complete with an Introduction discussing the place of the *Acallam* in Irish tradition and the impact of the Fenian or Ossianic tradition on English and European literature. In Celtic myth, the mixture of wise spiritual teaching and dramatic imagery creates new, potent, and disturbing visions. This selection of eleven stories some more than 3,000 years old focuses on the women of ancient British mythology, from the formidable women warriors who trained heroes to fight and kill to the beautiful companions who led them to higher realms of feminine intuition and spiritual wisdom. Caldecott goes beyond a mere recounting of female strength, providing lucid personal commentary that illuminates the complete myth and the culture from which it springs. These powerful stories transmit a recognition of the mystery of being and an understanding of the powerful magic of inner transformation.

In contemporary psychoanalytic thought, Freud's concept of the Oedipus complex is inclined to overshadow the interpretation of the myths surrounding Oedipus. The authors counter this situation by reversing it, utilizing the Oedipus myths to interpret the Oedipus complex. In so doing they expose it as a sheer cover story. They unmask the Oedipus complex, revealing it to be a drama staged not by Oedipus but by Jocasta, the

mother, and Laius, the father. For neither Sophocles' drama nor the Oedipus myths give any indication that Oedipus is enamoured of Jocasta and born with the intention of killing his father Laius. What the myths do mention are Jocaste's passion for Oedipus whom she loves more than his father and Laius' desire to eliminate Oedipus as his rival from birth. Freud neglected these aspects of the Oedipal myths. In uncovering them the authors come to the conclusion that Oedipus did not have an Oedipus complex. First Published in 1998. In a world where advanced knowledge is widespread and low-cost labor is readily available, U.S. advantages in the marketplace and in science and technology have begun to erode. A comprehensive and coordinated federal effort is urgently needed to bolster U.S. competitiveness and pre-eminence in these areas. This congressionally requested report by a pre-eminent committee makes four recommendations along with 20 implementation actions that federal policy-makers should take to create high-quality jobs and focus new science and technology efforts on meeting the nation's needs, especially in the area of clean, affordable energy: 1) Increase America's talent pool by vastly improving K-12 mathematics and science education; 2) Sustain and strengthen the nation's commitment to long-term basic research; 3) Develop, recruit, and retain top students, scientists, and engineers from both the U.S. and abroad; and 4) Ensure that the United States is the premier place in the world for innovation. Some actions will involve changing existing laws, while others will require financial support that would come from reallocating existing budgets or increasing them. *Rising Above the Gathering Storm* will be of great interest to federal and state government agencies, educators and schools, public decision makers, research sponsors, regulatory analysts, and scholars.

In *The Militant Middle Ages* Tommaso di Carpegna Falconieri delves into common perceptions of the Middle Ages and how these views shape current political contexts, offering a new lens for scrutinizing contemporary society through its instrumentalization of the medieval past.

"Once again we are captivated by the magic of the legend that has long fed our appetite for pageantry and romantic adventure." -Washington Post In a country still reeling from the collapse of the Roman Empire, the young King Arthur and his wife Guinevere struggle to keep the barbarians at bay even as they establish the Fellowship of the Round Table. The spirited and outspoken Guinevere skillfully combats an accusation of planning to poison Arthur in a country simmering with unrest and scandal. But Guinevere's greatest battles are dangers Arthur cannot see-ones she'll have to fight on her own. And all the while, she must reconcile her thirst for freedom with her duties as queen, and her growing love for Lancelot with her loyalty to her husband. Vibrantly human and touchingly real, Guinevere reigns as a woman poised to discover the true peril and promise of the human heart. Praise for Persia Woolley's *Guinevere Trilogy* "In *Queen of the Summer Stars*, Woolley employs the same sensitive revelation of character and attention to cultural detail that made *Child of the Northern Spring* such an

enchantment." -San Francisco Chronicle "Richly textured, evoking the sights and sounds of castle and countryside, the qualities of knight and servant. Highly recommended." -Library Journal "A marvelous sense of daily life...the details of tribal differences among Briton, Saxon, and Pict, as well as the uneasy mixture of pagan and Christian ritual and belief. Enjoyable for all fans of Arthurian romance." -Booklist "Persia Woolley is a born storyteller. Her love and enthusiasm for Guinevere and her times shimmers from every page." -Parke Godwin, author of *Beloved Exile* and *The First Rainbow*

Lists and catalogues have been en vogue in philosophy, cultural, media and literary studies for more than a decade. These explorations of enumerative modes, however, have not yet had the impact on classical scholarship that they deserve. While they routinely take (a limited set of) ancient models as their starting point, there is no comparably comprehensive study that focuses on antiquity; conversely, studies on lists and catalogues in Classics remain largely limited to individual texts, and – with some notable exceptions – offer little in terms of explicit theorising. The present volume is an attempt to close this gap and foster the dialogue between the recent theoretical re-appraisal of enumerative modes and scholarship on ancient cultures. The 16 contributions to the volume juxtapose literary forms of enumeration with an abundance of ancient non-, sub- or para-literary practices of listing and cataloguing. In their different approaches to this vast and heterogenous corpus, they offer a sense of the hermeneutic, epistemic and methodological challenges with which the study of enumeration is faced, and elucidate how pragmatics, materiality, performativity and aesthetics are mediated in lists and catalogues.

Literary Nonfiction. *CALIBAN AND THE WITCH* is a history of the body in the transition to capitalism. Moving from the peasant revolts of the late Middle Ages to the witch-hunts and the rise of mechanical philosophy, Federici investigates the capitalist rationalization of social reproduction. She shows how the battle against the rebel body and the conflict between body and mind are essential conditions for the development of labor power and self-ownership, two central principles of modern social organization."It is both a passionate work of memory recovered and a hammer of humanity's agenda." Peter Linebaugh, author of *The London Hanged*"

St. Patrick of Ireland has been enshrined in myth and history as a benign and beloved figure, a native Irish miracle worker who drove both the snakes and the Druids from his homeland and gently issued in the age of Christianity. Nothing could be further from the truth. Magonus Succatus Patricius ("Paidrig") was of Roman heritage; captured into slavery in Ireland at the age of sixteen, he escaped at the age of twenty-two. *I Am of Irelande* takes the forty-year-old Paidrig back to the site of his shame. He is full of anger, and is determined to bring Christianity to Ireland, even if he has to beat it into the "lazy, loathesome" Irish. But something happens to change Paidrig. Something shrouded in mystery and wonder. Long before Paidrig, Ireland had been guarded by a chivalric brotherhood of warriors known as the Fianna. Osian, a leading poet/warrior of the Fianna, has been dead for 200 years. He has come by magic to Paidrig to show him the wonder of Eire. And the stories that Paidrig hears open doors that will win Paidrig's heart and convert him into the champion of the people he once despised. From the 14th until the 19th century the last novella of Boccaccio's Decameron, also known as the Griselda story, has been translated and adapted countless times in many European languages. This story's success can be explained by considering it a myth and analysing how this myth engages with contemporary discourses, such as the definition of the ideal wife, the querelle des femmes, the socio-political consequences of social exogamy, and tyranny.
