To Jung, synchronicity is a meaningful coincidence in time, a psychic factor which is independent of space and time. This revolutionary concept of synchronicity both challenges and complements the physicist's classical view of causality. It also forces us to a basic reconsideration of the meaning of chance, probability, coincidence and the singular events in our lives.

From the international best-selling author of *The Ingenious Language*, a meditation on resistance and renewal that is at once a fascinating portrait of antiquity's most complex and surprisingly modern hero. In times of peace and prosperity, one can turn to Homer to learn about life's joys and passions; to experience the thrill and terror of war; to seek adventure in distant lands. But what about when things go wrong? What do we do when we find ourselves at the center of a great epoch-defining upheaval? Then, writes Andrea Marcolongo, it's time to set the *Iliad*, the *Odyssey*, and every other classical text aside, and call upon Aeneas. In this lucid, compelling work, Marcolongo shows how Virgil's epic poem is especially suited for our times of crisis and disorientation. In her fresh, nuanced portrayal, Aeneas emerges as a multiform, deeply human hero, one who feels close to us in his vulnerability and capacity for empathy. His journey of rebirth and rebuilding, from the ruins of Troy to the shores of Italy, holds many lessons for our present--chief among them that, even when all seems lost, through resilience and hope we can seek and find new beginnings.

"A sparkling debut. Landragin's seductive literary romp shines as a celebration of the act of storytelling." —Publishers Weekly "Romance, mystery, history, and magical invention dance across centuries in an impressive debut novel." —Kirkus Reviews (Starred Review) "Deft writing seduces the reader in a complex tale of pursuit, denial, and retribution moving from past to future. Highly recommended." —Library Journal (Starred Review) Alex Landragin's *Crossings* is an unforgettable and explosive genre-bending debut—a novel in three parts, designed to be read in two different directions, spanning a hundred and fifty years and seven lifetimes. On the brink of the Nazi occupation of Paris, a German-Jewish bookbinder stumbles across a manuscript called *Crossings*. It has three narratives, each as unlikely as the next. And the narratives can be read one of two ways: either straight through or according to an alternate chapter sequence. The first story in *Crossings* is a never-before-seen ghost story by the poet Charles Baudelaire, penned for an illiterate girl. Next is a noir romance about an exiled man, modeled on Walter Benjamin, whose recurring nightmares are cured when he falls in love with a storyteller who draws him into a dangerous intrigue of rare manuscripts, police corruption, and literary societies. Finally, there are the fantastical memoirs of a woman-turned-monarch whose singular life has spanned seven generations. With each new chapter, the stunning connections between these seemingly disparate people grow clearer and more extraordinary. *Crossings* is an unforgettable adventure full of love, longing and empathy.

“Eppure, Carmen e Gilda sembravano perfette, insieme. Si mescolavano e si supportavano come le voci di un canone, e come le voci di un contrappunto si completavano, pur dicendo cose differenti, in un continuo e silenzioso dialogo d’amore e di rispetto”. Carmen e Gilda sono l’una lo specchio dell’altra. Istintiva e passionale la prima, razionale e misurata la

seconda, proprio in virtù di questa apparente distanza tra loro prende vita un rapporto intenso, carnale e intellettuale allo stesso momento, frenato, tuttavia, dalle convenzioni e dal perbenismo della gente di provincia, fortemente ancorata alla tradizione e a una distinzione di ruoli ormai, in effetti, senza alcun collegamento con la realtà. In questo senso, allora, assumono ancor più valore le parole con cui Anita Sonego, che ne ha curato la Prefazione, parla di Canoni e contrappunti: “La cifra di questo scritto è la sincerità più radicale e spietata. È la messa a nudo dei sentimenti anche quando appaiono, e forse sono, illogici, sconvenienti e portatori di frustrazioni”. Dopo il successo di pubblico e critica di Perché non lei, Marisa Giaroli entra nuovamente nel mondo femminile con questo suo nuovo romanzo, che attraverso la storia di Carmen, protagonista assoluta e decisamente riuscita, narra non solo una vicenda intima e privata, ma soprattutto i limiti di una società ancora troppo legata alle sue origini che nega, testarda e assurda, l'amore tra due persone dello stesso sesso.

Not so long ago Emilio Brentani was a promising young author. Now he is an insurance agent on the fast track to forty. He gains a new lease on life, though, when he falls for the young and gorgeous Angiolina—except that his angel just happens to be an unapologetic cheat. But what begins as a comedy of infatuated misunderstanding ends in tragedy, as Emilio's jealous persistence in his folly—against his friends' and devoted sister's advice, and even his own best knowledge—leads to the loss of the one person who, too late, he realizes he truly loves. Marked by deep humanity and earthy humor, by psychological insight and an elegant simplicity of style, *As a Man Grows Older* (Senilità, in Italian; the English title was the suggestion of Svevo's great friend and admirer, James Joyce) is a brilliant study of hopeless love and hapless indecision. It is a masterwork of Italian literature, here beautifully rendered into English in Beryl

Perché voleva visitare il mondo esterno? Per esplorare ciò che era vero? O per fare della verità la sua realtà? Non sapeva se stava pensando bene o male. Falso o vero. Poteva essere testato solo dopo essere scappati da LABOON e aver raggiunto l'altro lato, ma come? "Com'è possibile per una persona come me?" Pensava spesso. Una persona che ha una mente piena solo delle rigide regole sataniche dei Vecchi Nicks da seguire e di sistemi da seguire. E che dire del muro!! Qualsiasi persona che volesse uscire o volesse entrare doveva arrampicarsi su un muro che era molto più alto della "statua della libertà" del vecchio mondo. E c'era solo un'alta porta della città da cui le persone potevano entrare e uscire. Dalla fondazione di LABOON, nessuno dall'interno è mai riuscito a raggiungere il mondo esterno con successo. A volte si diceva che qualcuno avesse cercato di entrare dal mondo esterno, ma così facendo aveva perso la vita. Nessuno poteva oltrepassare quell'alta sicurezza. E se qualcuno veniva sorpreso mentre attraversava, veniva gettato in un grande terreno pieno di formiche mortali; i

Le spie della polvere spiavano e registravano ogni singolo momento intorno alle mura e in città. C'erano robot che sparavano e terminavano immediatamente qualsiasi cosa, in qualsiasi momento se suonava sospetta. Avevano un occhio da ogni angolazione. Satana era ovunque. Non potevi nasconderti, non potevi ingannarli. Se avevi fatto qualcosa di sbagliato, sicuramente saresti morto. Chi poteva osare di passare un cancello di sicurezza così alto e un sistema che ti cattura, all'istante. Ma..... E se qualcuno da fuori fosse entrato nella città di Satana e avesse cambiato il modo di vivere qui. Il modo in cui le persone pensano, il modo in cui vedono il mondo esterno. The day begins like any other Saturday for beautiful Parisian restaurateur Aurélie Bredin, until she wakes up to find her apartment empty - her boyfriend gone off with another woman. Heartbroken, Aurélie walks the streets of Paris in the rain, finally seeking refuge in a little bookshop in the Île Saint-Louis, where she's drawn to a novel titled *The Smiles of Women* by obscure English author Robert Miller. She buys it and takes it home, but when she begins to read she's astonished: *The Smiles of Women* can't possibly be about her restaurant, about her. Except, it is. Flattered and curious to know more, Aurélie attempts to get in touch with the reclusive Mr Miller, but it proves to be a daunting task. His French publishers seem determined to keep his identity secret, and while the Editor-in-Chief André Chabanais is happy to give Aurélie his time, he seems mysteriously unwilling to help her find her author. Is Robert Miller really so shy, or is there something that André isn't telling Aurélie?

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italica Press.

Fin dai primi sviluppi del pensiero l'umanità ha ritenuto che le coincidenze significative fossero segni con i quali un livello superiore, filosofico o divino, cercava di interloquire con gli uomini. Negli ultimi tre secoli tutto ciò era stato cancellato dalla pratica scientifica, e le più straordinarie coincidenze erano considerate come frutti del caso; si giungeva persino a deridere chi avesse voluto vedervi segnali utili alla conduzione della propria vita. Così pure i presentimenti, di cui ciascuno fa esperienza, erano considerati illusioni o, peggio, segni di squilibrio. Si negava l'esistenza di una dimensione psichica con cui la mente umana potesse interagire, nella convinzione che l'unica cosa esistente fosse la materia. Finalmente, nel 1980, esperimenti di fisica quantistica hanno dimostrato l'esistenza di un universo non materiale, nel quale energia e informazione sono esenti da limiti di spazio e di tempo. Ciò conferma e avvalorava tutte le intuizioni maturate nella storia dell'umanità, dal concetto di Anima del Mondo caro a Platone fino alla teoria dell'Inconscio collettivo elaborata da Carl Gustav Jung. Questo libro, evitando tecnicismi scientifici, accompagna il lettore nella comprensione dei tre livelli che formano una sola realtà: il livello fisico che conosciamo, quello quantistico delle particelle elementari e quello psichico della non-località. In questo percorso le coincidenze significative e i fenomeni extrasensoriali diventano parti costitutive di una realtà sorprendente.

In this New York Times bestseller, a single mother sets out to find the North Carolina man who sent a message meant for someone else . . . and the journey may change her life forever. Divorced and disillusioned about relationships, Theresa Osborne is jogging when she finds a bottle on the beach. Inside is a letter of love and longing to "Catherine," signed simply "Garrett." Challenged by the mystery and pulled by emotions she doesn't fully understand, Theresa begins a search for this man that will change her life. What happens to her is unexpected, perhaps miraculous-an encounter that embraces all our hopes for finding someone special, for having a love that is timeless and everlasting.... Nicholas Sparks exquisitely chronicles the human heart. In his first bestselling novel, *The Notebook*, he created a testament to romantic love that touched readers around the world. Now in this New York Times bestseller, he renews our faith in destiny, in the ability of lovers to find each other no matter where, no matter when... We are living in an open sea, caught up in a continuous wave, with no fixed point and no instrument to measure distance and the direction of travel. Nothing appears to be in its place any more, and a great deal appears to have no place at all. The principles that have given substance to the democratic ethos, the system of rules that has guided the relationships of authority and the ways in which they are legitimized, the shared values and their hierarchy, our behaviour and our life styles, must be radically revised because they no longer seem suited to our experience and understanding of a world in flux, a world that has become both increasingly interconnected and prone to severe and

persistent crises. We are living in the interregnum between what is no longer and what is not yet. None of the political movements that helped undermine the old world are ready to inherit it, and there is no new ideology, no consistent vision, promising to give shape to new institutions for the new world. It is like the Babylon referred to by Borges, the country of randomness and uncertainty in which 'no decision is final; all branch into others'. Out of the world that had promised us modernity, what Jean Paul Sartre had summarized with sublime formula 'le choix que je suis' ('the choice that I am'), we inhabit that flattened, mobile and dematerialized space, where as never before the principle of the heterogenesis of purposes is sovereign. This is Babel.
