I Spy a Scary Monster

As Posy is baking cupcakes one rainy day, a big furry hand taps on her window, then a growl and a knock bring her to her door, where a scary--but somewhat familiar--monster waits.

Unlike most monsters, the heroes of this story are not at all scary. They're mischievous, zany and very, very friendly. Best of all they love to party. So come on down to monster swamp to meet them. By the author of Short-Haired Monster in Best Noise in the World.

In The Northern Frights, the third book in the spooky Scary School series, Charles "New Kid" Nukid and his friends, including Lattie, a girl ninja, must fight an epic battle with an ice dragon to save their school. But first they must survive going to Scream Academy as exchange students. And that may be hard, because the Academy has an abominable snowman for a principal, a Headless Horseman as one of the teachers, and the students are yetis, trolls, and ogres! Will Charles survive to make an ancient prophecy come to pass and save everyone? The illustrated Scary School trilogy by Derek the Ghost, with its mix of humor, scares, and adventure, is a perfect pick for middle-grade readers of the Wayside School series and the Zach Files books.

'When my family emigrated it felt as if we'd been stood on our heads.' Michelle de Kretser's electrifying take on scary monsters turns the novel upside down - just as migration has upended her characters' lives. Lyle works for a sinister government department in near-future Australia. An Asian migrant, he fears repatriation and embraces 'Australian values'. He's also preoccupied by his ambitious wife, his wayward children and his strong-minded elderly mother. Islam has been banned in the country, the air is smoky from a Permanent Fire Zone, and one pandemic has already run its

course. Lili's family migrated to Australia from Asia when she was a teenager. Now, in the 1980s, she's teaching in the south of France. She makes friends, observes the treatment handed out to North African immigrants and is creeped out by her downstairs neighbour. All the while, Lili is striving to be A Bold, Intelligent Woman like Simone de Beauvoir. Three scary monsters - racism, misogyny and ageism - roam through this mesmerising novel. Its reversible format enacts the disorientation that migrants experience when changing countries changes the story of their lives. With this suspenseful, funny and profound book, Michelle de Kretser has made something thrilling and new. 'Which comes first, the future or the past?'

While playing hide-and-seek with Buzz, Fly Guy is taken away by a garbage man.

At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. Comet Press presents the ultimate collection of extreme creature horror with 17 deviant and gore-soaked stories featuring demons, cannibals, mutants, golems, werewolves, and many more vile creatures. Brace yourself for a wild and bestial ride in these disturbing tales of Sick Things. FANGORIA MAGAZINE REVIEW "Cover every orifice. Comet Press' new collection SICK THINGS: AN ANTHOLOGY OF EXTREME CREATURE HORROR is making a beeline for the soft contents of your body—and it doesn't care one bit where it makes its grand entrance, orbital sockets or otherwise. Rest assured this violation will be painful, given the tight confinements of our fallible frames of flesh—but anything less than a full-on ass-rape would probably seem insufficient in the eyes of editrix Cheryl Mullenax. Read on at your own stomach's peril." FATALLY YOURS REVIEW "If you are an extreme fan of horror looking for the ultimate in disgusting, vile and disturbing fiction, Sick Things: An Anthology of Extreme Creature Horror is a must-read...just make sure you have your barf bag handy!" TOXIC GRAVEYARD REVIEW "Recently I've discovered the awesomeness that is Comet Press. There is a myriad of small press horror publishers out there, and more seem to be popping up all the time. Many times these small press companies promise "extreme" horror but often what you get is a poorly edited book riddled with grammatical and spelling errors with mediocre unknowns sandwiched between old stories from established authors. Thank goodness for Comet Press. I've reviewed their previous releases Vile Things and The Death Panel and loved em both. The bar was set high for Sick Things, and it soared over it on cloven hoof." A unique monster-under-the-bed story with the perfect balance of giggles and shivers, this picture book relies on the power of humor over fear, appeals to a child's love for creatures both alarming and absurd, and glorifies the scope of a child's imagination. One night, when Ethan checks under his bed for his monster, Gabe, he finds a note from him instead: "Gone fishing. Back in a week." Ethan knows that without Gabe's familiar nightly scares he doesn't stand a chance of getting to sleep, so Ethan interviews potential substitutes to see if they've got the right equipment for the job—pointy teeth, sharp claws, and a long tail—but none of them proves scary enough for Ethan. When Gabe returns sooner than expected from his fishing trip, Ethan is thrilled. It turns out that Gabe didn't enjoy fishing because the fish scared too easily. NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
