"An intoxicating blend of wholesome sweetness and tear-off-your-clothes steam...Ruby Barrett's writing leaves me breathless." —Rosie Danan, author of *The Roommate* "Sexy, smart, and fiercely feminist." —Helen Hoang, author of *The Kiss Quotient* and *The Bride Test* A meet-cute gone wrong is the start of a surprising courtship in this fresh, modern take on the workplace romance from debut author Ruby Barrett Corrine Blunt knows what people think of her—she's an icy, unapproachable executive. It's the price she's had to pay to get to the top. But there's knowing you have a reputation in the office, and there's hearing your new intern laugh when someone calls you "Blunt the C*nt" in the elevator on his first day. She'd hoped to finally find an ally in Wesley Chambers, but she's not about to let him off the hook for joining the office boys' club. Taking refuge in the professional boundaries between them, she relegates Wes to assistant work—which would do the trick, if he weren't so eager to prove he's a decent human being. Wes is sincerely apologetic, insisting it was a misunderstanding, and to her surprise, Corrine believes him. Being forced to work together was one thing, but long hours at the office with what turns out to be a kind, thoughtful man soon has their business relationship turning personal, and things get complicated—fast. Could this be something more serious than either of them dared to hope for? Or is their relationship just playing into the harmful power dynamics Corrine's had to endure her entire career?

In the second round of a defense of his IBF super featherweight world championship, Tony "The Tiger" Lopez felt the elbow of challenger John Molina slam into his eye. With a traitor in her midst, Rachel faces losing her life and her heart—all in one semester At Blackthorn Academy, a peculiar prep school in the mountains of Pennsylvania, students are concerned with all the usual things: homework, hookups, and how to save the world. For Rachel, studying has taken a backseat to a little problem she's having with a supervillain named Simon Blankenship, who is convinced that he's an ancient Roman god and she's a reincarnated goddess whom he must destroy. They've tangled twice before, and Rachel has beaten him narrowly both times, but now Blankenship has done something completely unexpected: He's stolen an important ancient artifact from Blackthorn Academy . . . and disappeared. She and her fellow spies in training wait for Blankenship to show himself while contemplating the possibility of a turncoat in their midst.

And as if that weren't enough, Rachel must tangle with a different kind of problem: a totally cute new student, whose eyes are just a little too pretty, and who seems to know just a little too much about Rachel and her past. She must decide quickly—is he boyfriend material, or a traitor?

As a Master Tier player on both EUW and EUNE servers that cares deeply about the state of League of Legends, I had enough of the lack of high quality educational material about the game. So about a year ago, I used my experience as a real life teacher and high elo player and wrote what turned out to be the best selling ebook about improving at League of Legends on Amazon for Season 6 - 30 Days to Diamond. By the way - an improved, enriched and even more detailed version for Season 7 is out and it's called 21 Days to Diamond and Beyond. Ever since the book delivered on the results it promised, I've received dozens of requests from players asking me to write separate, very detailed books about the roles of ADC, Mid lane, Top lane and Jungle that would be adapted for Season 7. Due to the support I got from my dear readers, I felt motivated to roll up my sleeves and produce the best of my work as a results-oriented League of Legends coach. After countless hours of hard work, I am proud to announce that each of the books people wanted me to write is now available to anyone that is open to learning and is willing to get to that next level as a player in their favorite role. So why is League of Legends Mid Lane Mastery worth your time? If you are still paying attention, I am assuming you are an ambitious, competitive person with a winner's mindset that is interested in acquiring all the necessary game knowledge that will help you improve massively as a Mid lane main. Here is a list of the contributions that this book will make towards your current level of game knowledge: - You will learn what the Mid laner's role and responsibilities are, and there are a lot of specific instructions on what you can do to develop each quality, especially towards the end of the chapter. This includes map awareness, leadership, shot calling and more. - You will learn how to model your champion pool for Mid lane (yes, there is a best way to do it) and how to overcome the disadvantages of facing lane counters. - You will learn the optimal Runes and Masteries setup for each popular Mid laner. - You will learn the intricacies of what you can do to acquire outstanding farming skills. - You will learn the wave management techniques for Mid lane which will help you build a massive advantage over your opponent. - You will learn all you need to know about vision control, which includes the best warding spots for Mid lane on both sides. - You will learn the various ways in which you can influence your Jungler to gank for you more often and give you the Blue Buff every time. - You will learn all you need to know about dominating your trades and how to trade against short-ranged, medium-ranged and long-ranged opponents. - You will learn multiple other principles to dominating the Mid lane (refer to the table of contents). - You will learn the various approaches you should use to extend your advantage and carry your games to victory. - You will also learn all the details you need on how to play when you are behind in lane. - Lastly, you will learn the practical steps that you can take to cultivate an unstoppable winner's attitude that will also help you have more fun with the game. - There also are a lot of general game knowledge golden nuggets thrown all throughout the book to help you in your journey further. "The little girl I would have been thrilled to encounter Meilan... having found a character who embraces the complexity of being both Chinese and American, I would have been able to echo her words: 'I am not alone.'" —New York Times Book Review by Jean Kwok A family feud before the start of seventh grade propels Meilan from Boston's Chinatown to rural Ohio, where she must tap into her inner strength and sense of justice to make a new place for herself in this resonant debut. Meilan Hua's world is made up of a few key ingredients: her family's beloved matriarch, Nai Nai; the bakery her parents, aunts, and uncles own and run in Boston's Chinatown; and her favorite Chinese fairy tales. After Nai Nai passes, the family has a falling-out that sends Meilan, her parents, and her grieving grandfather on the road in search of a new home. They take a winding path across the country before landing in Redbud, Ohio. Everything in Redbud is the opposite of Chinatown, and Meilan's not quite sure who she is--being renamed at school only makes it worse. She decides she is many Meilans, each inspired by a different Chinese character with the same pronunciation as her name. Sometimes she is Mist, cooling and invisible; other times, she's Basket, carrying her parents' hopes and dreams and her guilt of not living up to them; and occasionally she is bright Blue, the way she feels around her new friend Logan. Meilan keeps her facets separate until an injustice at school shows her the power of bringing her many selves together. The Many Meanings of Meilan, written in stunning prose by Andrea Wang, is an exploration of all the things it's possible to grieve, the injustices large and small that make us rage, and the peace that's unlocked when we learn to find home within ourselves.
