The Scent of the Night is the sixth comic detective novel in the Inspector Montalbano series by Andrea Camilleri. Montalbano learned how hard it was to put on a wetsuit while in a dinghy speeding over a sea that wasn't exactly calm. Mimì, at the helm, looked tense and worried. "Getting seasick?" the inspector asked him at one point. "No. Just sick of myself." "Why?" "Because every now and then I realize what a stupid shit I am to go along with some of your brilliant ideas." When an angry octogenarian holds a terrified and lovelorn secretary at gunpoint, Inspector Montalbano is reluctantly drawn into the case. The secretary's boss, a financial advisor, has vanished along with several billion lire entrusted to him by the good citizens of Vigàta. Also missing is the advisor's young colleague, whose uncle just happens to be building a house on the site of Inspector Montalbano's very favourite olive tree . . . Aply abetted by his loyal and eccentric team, Montalbano, the food-loving, commitment-phobic inspector, returns for another delicious investigation served up in vintage Camilleri style. The Scent of the Night is followed by the seventh book in the series, Rounding the Mark.

"First published in 2005, Understanding Jihad unraveled the tangled historical, intellectual, and political meanings of jihad within the context of Islamic life. In this revised and expanded second edition, author David Cook has included new material in light of pivotal events over of the past ten years, such as the revolutionizing events of the Arab Spring, the death of Osama bin Laden, and the rise of new Islamic factions such as ISIL. Jihad is one of the most loaded and misunderstood terms in the news today. Contrary to popular understanding, the term does not mean "holy war." This judiciously balanced, accessibly written, and highly relevant book looks closely at a range of sources from sacred Islamic

texts to modern interpretations of the term, opening a critically important perspective on the role of Islam in the contemporary world. As David Cook traces the practical and theoretical meanings of jihad, he cites from scriptural, legal, and newly translated texts to give readers a taste of the often ambiguous information that is used to construct Islamic doctrine. He looks closely at the life and teaching of the Prophet Muhammad and at the ramifications of the great Islamic conquests in 634 to 732 A.D. He sheds light on legal developments relevant to fighting and warfare, and places the internal, spiritual jihad within the larger context of Islamic religion. He describes some of the conflicts that occur in radical groups and shows how the more mainstream supporters of these groups have come to understand and justify violence. He has also included a special appendix of relevant documents including materials related to the September 11 attacks and published manifestos issued by Osama bin Laden and Palestinian suicide-martyrs"--Provided by publisher.
