Investigation questions to help with all aspects of the Diploma

This innovative new textbook seeks to provide undergraduate students of international relations with valuable and relevant historical context, bridging the gap and offering a genuinely interdisciplinary approach. Each chapter integrates both historical analysis and literature and applies this to an international relations context in an accessible fashion, allowing students to understand the historical context in which these core issues have developed. The book is organised thematically around the key issues in international relations such as war, peace, sovereignty, identity, empire and international organisations. Each chapter provides an overview of the main historical context, theories and literature in each area and applies this to the study of international relations. Providing a fresh approach, this work will be essential reading for all students of international relations and international relations theory.

This coursebook covers Paper 2, World History Topic 12: The Cold War: Superpower Tensions and Rivalries (20th century) of the History for the IB Diploma syllabus for first assessment in 2017. Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following detailed studies of leaders and crises from around the world: Truman, Khrushchev, Gorbachev,

Acces PDF Ib History Cold War Paper 2

Castro, and Reagan; and the Cuban Missile Crisis, the Korean War, the Prague spring, and the Soviet invasion of Afghanistan.

This second edition brings the collection right up to date, including the newest research from the Communist side of the Cold War and the most recent debates on culture, race and intelligence. Updated to include the latest debates and newest research, this second edition of a successful book brings together a truly international collection of articles and provides a fresh and thorough analysis of the origins of the Cold War that dominated the world political arena for forty-five years. The articles consider how and why the Cold War spread from Europe to Asia, Africa, the Middle East and Latin America and how groups, classes and élites used it to further their own interests. The Origins of the Cold War also examines the Communist side of the war and, concentrating on culture, race and intelligence, moves beyond earlier controversies and focuses on the interaction between: * geopolitics and threat perception * technology and strategy * idealology and social reconstruction * national economic reform and patterns of international trade * decolonization and national liberation. With a guide to further reading and a brand new section dealing with the Cold War crises in Iran, Turkey and Greece, The Origins of the Cold War has brought the Cold War bang up to date for today's students and scholars.

An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus. This coursebook covers Paper 2, Topic 2, Democratic states - challenges and responses, in the 20th Century World History syllabus for the IB History programme. It is divided into thematic sections, following the IB syllabus structure and is written in clear, accessible English. It covers the following areas for detailed study: Africa: South Africa 1991-2000; Americas: United States 1953-73; Asia and Oceania: India 1947- 64; and Europe and Middle East: Weimar Germany 1919-33. The content is tailored to the requirements and assessment objectives of the syllabus and provides opportunities for students to make comparisons between different regions and time periods.

American food aid to foreigners long has been the most visible-and most popular-means of providing humanitarian aid to millions of hungry people confronted by war, terrorism and natural cataclysms and the resulting threat-often the reality-of famine and death. The book investigates the little-known, not-well-understood and often highly-contentious political processes which have converted American agricultural production into tools of U.S. government policy. In *The Political History of American Food Aid*,

Acces PDF Ib History Cold War Paper 2

Barry Riley explores the influences of humanitarian, domestic agricultural policy, foreign policy, and national security goals that have created the uneasy relationship between benevolent instincts and the realpolitik of national interests. He traces how food aid has been used from the earliest days of the republic in widely differing circumstances: as a response to hunger, a weapon to confront the expansion of bolshevism after World War I and communism after World War II, a method for balancing disputes between Israel and Egypt, a channel for disposing of food surpluses, a signal of support to friendly governments, and a means for securing the votes of farming constituents or the political support of agriculture sector lobbyists, commodity traders, transporters and shippers. Riley's broad sweep provides a profound understanding of the complex factors influencing American food aid policy and a foundation for examining its historical relationship with relief, economic development, food security and its possible future in a world confronting the effects of global climate change.

This textbook provides a comprehensive introduction to US foreign policy. Bringing together a number of the world's leading experts, the text deals with the rise of America, US foreign policy during and after the Cold War, and the complex issues facing the US since September 11th.

George Bush's "Axis of Evil" was the expression of a new rhetoric of morality in world affairs, mirroring the ideology of the president and his neoconservative policy advisors. In its fight against evil, the U.S. has economically and politically broken the Soviet Union, waged war against Afghanistan, toppled the Taliban regime, confronted Al-Qaeda, and threatened Syria, Iran, and Northern Korea. But what is this notion of "evil," which has become part of the language of international politics? What are its historical origins and its moral, political, and legal foundations? Is the fight against evil merely a new form of imperialism? In this powerful new book, Stephen Chan tackles the notion of evil in international relations and warns against its potency as a tool for policy makers. The war of ideas is closely examined and its practical and political implications---from Francis Fukuyama's *The End of History and the Last Man* to Samuel Huntington's *The Clash of Civilizations and the Remaking of World Order* to Robert Kagan's *Of Paradise and Power*---are given close critical attention. The greatest danger in combating what is broadly defined as evil, Chan concludes, lies in a failure to grasp its nuanced nature in favor of attempts to vanquish it with unprecedented might.

12.in HL Option 4 of the syllabus for first assessment in 2017. Tailored to the Higher Level requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the topic.

This book examines US foreign policy in the Eastern Mediterranean and the region's key role in the practice and evolution of American exceptionalism. The political developments in the Eastern Mediterranean during the 19th and the first half of the 20th centuries, gave to the US opportunities to express, in the most explicit way, its anti-colonialism, the fervent support of open and democratic societies, and its willingness to openly confront tyranny and oppression whenever this was possible (or necessary) for American interests. Since that time, the region has been a testing ground for the core elements of American foreign policy deployed worldwide. The monograph shows the contributions of the United States during critical moments in the region, such as the First Barbary War (1801-1805), the introduction of Truman Doctrine, Washington's role in the Suez Crisis, the Greek junta and the Imia Crisis of 1996. It also scrutinizes the different levels of the economic, military and diplomatic challenges which China, Russia and Turkey present today, while it also covers the American approach to the Arab Spring. From a 'Shining City on a Hill' to the current 'Make America Great

Acces PDF Ib History Cold War Paper 2

Again' mottoes, this critique follows American Foreign Policy in the Eastern Mediterranean and the strong bonds that the nation established with the geostrategic, political and ideological features of the region. The pace of recent events, and the increasing complexity of this global corner, prove a challenge to America today; the future and clarion call that hard work and the finest ingenuity are necessary to keep its regional hegemony, and its course toward increased prosperity. This work's goal is to inspire the conversations by academics, diplomats, leaders (both political and military) and most of all businessmen, to this end.

An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus. This coursebook covers Paper 2, Topic 3, Origins and development of authoritarian and single-party states, in the 20th Century World History syllabus for the IB History programme. It is divided into thematic sections, following the IB syllabus structure and is written in clear, accessible English. It covers the following areas for detailed study: Americas: Cuba - Castro; Asia and Oceania: China - Mao; and Europe and Middle East: Germany - Hitler; USSR - Stalin. Tailored to the requirements and assessment objectives of the syllabus, this new coursebook provides opportunities for students to make comparisons between different regions and time periods.

In 1927, Chiang Kai-shek - the head of China's military academy and leader of the Kuomintang (KMT) - began the 'northern expeditions' to bring China's

Acces PDF Ib History Cold War Paper 2

northern territories back under the control of the state. It was during this period that the KMT purged communist activities, fractured the army and sparked the Chinese Civil War - which would rage for over twenty years. The communists, led by General Mao Tse-Tsung, were for much of the period forced underground and concentrated in the Chinese countryside. As the author argues, this resulted in China's war featuring unusually high levels of espionage and sabotage, and increased the military importance of information gathering. Based on newly declassified material, Panagiotis Dimitrakis charts the double-crossings, secret meetings and bloody assassinations which would come to define China's future. Uniquely, *The Secret War for China* gives equal weighting to the role of foreign actors: the role of British intelligence in unmasking Communist International (Comintern) agents in China, for example, and the allies' attempts to turn nationalist China against the Japanese. *The Secret War for China* also documents the clandestine confrontation between Mao and Chiang and the secret negotiations between Chiang and the Axis Powers, whose forces he employed against the CCP once the Second World War was over. In his turn, Mao employed nationalist forces who had defected - during the last three years of the civil war about 105 out of 869 KMT generals defected to the CCP. This book is an urgent and necessary guide to the intricacies of the Chinese Civil War,

Acces PDF Ib History Cold War Paper 2

a war which decisively shaped the modern Asian world.

Revised for the the 2015 International Baccalaureate History curriculum, this 2nd edition comprehensively covers two new subjects - Leaders and Nations and Cold War Crises. It will equip students with the knowledge and skills needed to answer essay questions on Paper Two and document-based questions on Paper One. This book is also accompanied by an enhanced eText containing further worksheets, quizzes to test knowledge and examination skills, and enlarged source material. The book includes: practice in analysing source material support for new curriculum features, including key concepts and international mindedness highlighted approaches to learning in each activity support with tackling essay-writing, including essay frames an updated Theory of Knowledge chapter and questions to help with wider research and discussion.

Positioned on the fault line between two competing Cold War ideological and military alliances, and entangled in ethnic, cultural and religious diversity, the Balkan region offers a particularly interesting case for the study of the global Cold War system. This book explores the origins, unfolding and impact of the Cold War on the Balkans on the one hand, and the importance of regional realities and pressures on the other. Fifteen contributors from history, international relations, and political science address a series of complex issues rarely covered in one volume, namely the Balkans and the creation of the Cold War order; Military alliances and the Balkans; uneasy relations with the Superpowers; Balkan dilemmas in the 1970s and 1980s

Acces PDF Ib History Cold War Paper 2

and the 'significant other' – the EEC; and identity, culture and ideology. The book's particular contribution to the scholarship of the Cold War is that it draws on extensive multi-archival research of both regional and American, ex-Soviet and Western European archives. This is an authoritative and comprehensive history of the Fifty Years' war and the relationship that dominated world politics in the second half of the twentieth century. For fifty years relations between the United States and the Soviet Union were deciding factors in international affairs. Available for the first time in paperback, Richard Crockatt's acclaimed book is an examination of this relationship in its global context. It breaks new ground in seeking a synthesis of historical narrative and analysis of the global structures within which superpower relations developed. Attention is given to economic as well as political and military factors.

This coursebook covers Paper 2, World History Topic 10: Authoritarian States (20th century) of the History for the IB Diploma syllabus for first assessment in 2017. Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following detailed studies from around the world: Mussolini and Italy, Hitler and Germany, Mao and China, and Castro and Cuba.

Today, the People's Republic of China is North Korea's only ally on the world stage, a tightly knit relationship that goes back decades. Both countries portray their partnership as one of "brotherly affection" based on shared political ideals—an alliance "as tight as lips to teeth"—even though relations have deteriorated in recent years due to China's ascendance and North Korea's intransigence. In *A Misunderstood Friendship*, leading diplomatic historians Zhihua Shen and Yafeng Xia draw on previously untapped primary source materials revealing tensions and rivalries to offer a unique account of the China–North Korea relationship. They unravel the twists and turns in high-level diplomacy between China and North Korea from the late 1940s to the death of Mao Zedong in 1976. Through unprecedented access to Chinese government documents, Soviet and Eastern European archives, and in-depth interviews with former Chinese diplomats and North Korean defectors, Shen and Xia reveal that the tensions that currently plague the alliance between the two countries have been present from the very

Acces PDF Ib History Cold War Paper 2

beginning of the relationship. They significantly revise existing narratives of the Korean War, China's postwar aid to North Korea, Kim Il-sung's ideological and strategic thinking, North Korea's relations with the Soviet Union, and the importance of the Sino-U.S. rapprochement, among other issues. *A Misunderstood Friendship* adds new depth to our understanding of one of the most secretive and significant relationships of the Cold War, with increasing relevance to international affairs today.
