Salt & Straw is the brainchild of two cousins, Tyler and Kim Malek, who stumbled into ice cream making. But that stumbling is what made them great. With barely an idea of how to make ice cream, they turned to their friends for advice- chefs, chocolatiers, brewers, and food experts of all kinds, and what came out is an ice cream company that sees new flavors and inspiration everywhere they look. Using a super-simple ice cream base you can make in about the time it takes you to decide on a scoop in their shop, here are dozens of their most beloved, innovative, (and a couple of their most controversial) flavors, like Sea Salt with Caramel Ribbons, Roasted Strawberry and Toasted White Chocolate, Roasted Parsnip and Banana, Buttered Mashed Potatoes and Gravy, and Olde People. But more importantly, this book reveals what they've learned, how to tap your own creativity and how to invent flavors of your own, based on whatever you see around you. Because ice cream isn't just be a thing you eat, it's a way to live.

My Cookbook By: Lenah Motlahabo Lebelo My Cookbook was about destiny; that food provides life, that our eating habits are a reflection of so many things about ourselves and how we see life, how we feel or made to feel, finance, and where we see ourselves in the future. It is about how eating right has nothing to do with money, but making informed decisions. It's choosing peanuts over chocolate. Truth is, it's about balance, a bit of sweet and a bit of savoury. Productivity, health, finance, and wholeness start with a good diet. My Cookbook is about the author Lenah Motlahabo Lebelo's journey with food, as she tries to maintain a healthy weight when wanting to indulge, and trying to regain the energy lost during exercise without adding extra calories. The recipes enclosed are a celebration of people who impacted her life, especially her family, as others overcame sugar diabetics and some lost the battle. It was to say, "With moderation you can enjoy it all."

With more than 100 recipes for ice cream flavors and revolutionary mix-ins from a James Beard-nominated pastry chef, Hello, My Name is Ice Cream explains not only how to make amazing ice cream, but also the science behind the recipes so you can understand ice cream like a pro. Hello, My Name is Ice Cream is a combination of three books every ice cream lover needs to make delicious blends: 1) an approachable, quick-start manual to making your own ice cream, 2) a guide to help you think about how flavors work together, and 3) a dive into the science of ice cream with explanations of how it forms, how air and sugars affect texture and flavor, and how you can manipulate all of these factors to create the ice cream of your dreams. The recipes begin with the basics--super chocolately chocolate and Tahitian vanilla--then evolve into more adventurous infusions, custards, sherbets, and frozen yogurt styles. And then there are the mix-ins, simple treats elevated by Cree's pastry chef mind, including chocolate chips designed to melt on contact once you bite them and brownie bits that crunch.
