Writer-in-residence Penelope Parish will need to use every trick in her quaint British bookshop to unravel a murderous plot that threatens to ruin a ducal wedding. The wedding of the Duke and Duchess of Upper Chumley-on Stoke has all the makings of a fairy tale, complete with a glowing bride and horse-drawn carriage. But it wouldn't be much of a story without a villain, and as American Gothic novelist Penelope Parish is coming to learn, happy-ever-afters are as fraught in this charming British town as they are in her books. When the Duke's former girlfriend is found murdered at the reception it's up to Penelope and her newfound family at the Open Book bookshop to catch the killer before they strike again.

A gutsy Manhattan socialite encounters murder and corruption at the World's Fair in this captivating historical cozy mystery for readers of Victoria Thompson, Susan Elia MacNeal, and Rhys Bowen. New York City, 1939. A rising star at the Daily Trumpet, Elizabeth "Biz" Adams has been sent to the World's Fair—billed as the "World of Tomorrow," a look toward a brighter future even as the drumbeats of war grow louder—to cover a robbery. What she stumbles upon instead is a dead woman, dumped into the Aquacade's pool with a nylon stocking wrapped around her neck. Elizabeth snaps a photo as the police arrest Joey Dorman, a gentle young hot dog vendor who made no secret of his obsession with the murder victim. Even though she's thrilled that her photo makes the front page, the fear and confusion evident on Joey's face are haunting. So Elizabeth vows to prove his innocence—or his guilt—with her partner at the Daily Trumpet, Ralph Kaminsky. Meanwhile, her romance with Detective Sal Marino is heating up, and Elizabeth is more determined than ever to follow her heart. But when Kaminsky's

“A free-wheeling vehicle . . . an unforgettable ride!”—The New York Times Cat’s Cradle is Kurt Vonnegut’s satirical commentary on modern man and his madness. An apocalyptic tale of this planet’s ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, Cat’s Cradle is one of the twentieth century’s most important works—and Vonnegut at his very best. “[Vonnegut is] an unimitative and inimitable social satirist.”—Harper’s Magazine “Our finest black-humorist . . . We laugh in self-defense.”—Atlantic Monthly

Cancer sucks, death sucks even more. But we humans don’t have the power to stop either of them from messing with our lives. They enter our lives whenever and wherever they choose to. Cancer is so common that each one of us have known someone who has dealt with the disease; some of us have lost a loved one to cancer. Common does not always mean simple, and it also does not mean we know everything about it. The diagnosis of cancer, regardless of the disease’s curability, is almost always nerve-wracking, even for healthcare providers like the main character of this book who is a veteran nurse. This book is written in first person; the subject is a middle aged woman who had been separated from her boyfriend some thirty years

ago and then after three decades when she searches for an oncologist for treatment of an aggressive cancer that she was recently diagnosed, she finds her ex-boyfriend's name and decides to see him. That brings back the memory of their past together, and she starts going through her old diary she had written some thirty years in the past. Part of the story is set in Nepal (from the diary) and the other part is set in the USA (this takes place after her cancer diagnosis). The main character of the story was born with 'Manglik' cosmic influencer, meaning that the planet Mars "mangal Graha" was in such position in the solar system at the time of her birth that it would have strong negative effect on her husband if she married a man who was non-Manlik (a person born at the time when the planet Mars was not in such position.) What happens next changes the lives of the main characters.

New York Times bestselling author Hampton Sides returns with a white-knuckle tale of polar exploration and survival in the Gilded Age In the late nineteenth century, people were obsessed by one of the last unmapped areas of the globe: the North Pole. No one knew what existed beyond the fortress of ice rimming the northern oceans, although theories abounded. The foremost cartographer in the world, a German named August Petermann, believed that warm currents sustained a verdant island at the top of the world. National glory would fall to whoever could plant his flag upon its shores. James Gordon Bennett, the eccentric and stupendously wealthy owner of The New York Herald, had recently captured the world's attention by dispatching Stanley to Africa to find Dr. Livingstone. Now he was keen to re-create that sensation on an even more epic scale. So he funded an official U.S. naval expedition to reach the Pole, choosing as its captain a young officer named George Washington De Long, who had gained fame for a rescue operation off the coast of Greenland. De Long led a team of

32 men deep into uncharted Arctic waters, carrying the aspirations of a young country burning to become a world power. On July 8, 1879, the USS Jeannette set sail from San Francisco to cheering crowds in the grip of "Arctic Fever." The ship sailed into uncharted seas, but soon was trapped in pack ice. Two years into the harrowing voyage, the hull was breached. Amid the rush of water and the shrieks of breaking wooden boards, the crew abandoned the ship. Less than an hour later, the Jeannette sank to the bottom, and the men found themselves marooned a thousand miles north of Siberia with only the barest supplies. Thus began their long march across the endless ice—a frozen hell in the most lonesome corner of the world. Facing everything from snow blindness and polar bears to ferocious storms and frosty labyrinths, the expedition battled madness and starvation as they desperately strove for survival. With twists and turns worthy of a thriller, *In The Kingdom of Ice* is a spellbinding tale of heroism and determination in the most unforgiving territory on Earth.

When it comes to food, there has never been another city quite like New York. The Big Apple--a telling nickname--is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two Koreatowns (Flushing and Manhattan). This is the city where, if you choose to have Thai for dinner, you might also choose exactly which region of Thailand you wish to dine in. *Savoring Gotham* weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible, informative A-to-Z entries. Written by nearly 180 of the most notable food experts--most of them New Yorkers--*Savoring*

Gotham addresses the food, people, places, and institutions that have made New York cuisine so wildly diverse and immensely appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants, where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century, when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining, and of brewing, too--48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring Gotham covers New York's culinary history, but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities, such as urban farming, beekeeping, the Three Martini Lunch and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.

Part three of the Masterpieces collection. Contains narratives from Wilkie Collins, Edgar Allan Poe and many others. Originally published in 1922.

caught in an avalanche in Washington state, and “Dawn Wall,” about rock climbers trying to scale Yosemite’s famed El Capitan. In other articles, Branch introduces people whose dedication and decency transcend their sporting lives, including a revered football coach rebuilding his tornado-devastated town in Iowa and a girls’ basketball team in Tennessee that plays on despite never winning a game. The book culminates with his moving personal pieces, including “Children of the Cube,” about the surprising drama of Rubik’s Cube competitions as seen through the eyes of Branch’s own sports-hating son, and “The Girl in the No. 8 Jersey,” about a mother killed in the 2017 Las Vegas shooting whose daughter happens to play on Branch’s daughter’s soccer team. John Branch has been hailed for writing “American portraiture at its best” (Susan Orlean) and for covering sports “the way Lyle Lovett writes country music—a fresh turn on a time-honored pleasure” (Nicholas Dawidoff). Sidecountry is the work of a master reporter at the top of his game.

“Shows us, in tender detail, a life consumed by our unholy appetites.”—Steve Almond, *New York Times Book Review* The tragic death of hockey star Derek Boogaard at twenty-eight was front-page news across the country in 2011 and helped shatter the silence about violence and concussions in professional sports. Now, in a gripping work of narrative nonfiction, acclaimed reporter John Branch tells the shocking story of Boogaard's life and heartbreaking death. *Boy on Ice* is the richly told story of a mountain of a man who made it to the absolute pinnacle of his sport. Widely regarded as the toughest man in the NHL, Boogaard was a gentle man off the ice but a merciless fighter on it. With great narrative drive, Branch recounts Boogaard's unlikely journey from lumbering kid playing pond-hockey on the prairies of Saskatchewan, so big his skates would routinely break beneath his feet; to his teenaged junior hockey days, when one brutal outburst of violence brought Boogaard to the attention of professional scouts; to his days and nights as a star enforcer with the Minnesota Wild and the storied New York Rangers, capable of delivering career-ending punches and intimidating entire teams. But, as Branch reveals, behind the scenes Boogaard's injuries and concussions were mounting and his mental state was deteriorating, culminating in his early death from an overdose of alcohol and painkillers. Based on months of investigation and hundreds of interviews with Boogaard's family, friends, teammates, and coaches, *Boy on Ice* is a brilliant work for fans of Michael Lewis's *The Blind Side* or Buzz Bissinger's *Friday Night Lights*. This is a book that raises deep and disturbing questions about the systemic brutality of contact sports—from peewees to professionals—and the damage that reaches far beyond the game.
