If You Lived Here You'd Be Famous by Now is an insider's collection of funny and warmhearted stories about coming of age in the Los Angeles suburb famed for birthing the Kardashian-Jenners and the Bling Ring. For Via Bleidner, transferring to Calabasas High from the private Catholic school she's attended since second grade is a culture shock, not to mention absolutely lonely. Suddenly thrust into an unfamiliar world of celebrities, affluenza, and McMansions, Via takes a page from Cameron Crowe and pretends she's on a journalism assignment, taking notes on her classmates and jotting down bits of overheard gossip. Getting through high school in Calabasas is something else—from Kim Kardashian endorsing the students' favorite hidden lunch spot, to the theater program hiring a famous dog to play Elle Woods' Chihuahua in its production of *Legally Blonde*, and Kanye trying to take control of your school to make it the very first YEEZY institution. But instead of floating through high school detached from her peers, Via finds that putting herself out there—for her writing, of course—just might have been exactly what she needed. She unexpectedly finds an eclectic group of friends to call her own, including a multi-multi-millionaire, a wild-card throwback intent on going viral, a former Disney actor, and a doughnut-dealing madman. With wit, candor, and sharp observations, twenty-one-year-old Via grounds the surreal glamour of Calabasas with reflections on her own coming-of-age, sharing her teenage misadventures as she struggles to fit in, faces crushing social pressure, and eventually makes her own way. The bestselling coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*.

From the well-loved author of *Knitting Under the Influence* and *The Smart One and the Pretty One* comes a new novel about a young single mother trying to move out of her family's shadow. Rickie left home a long time ago--so how is it that at the age of twenty-five, she's living with her parents again, and sleeping in the bedroom of her childhood home? At least one thing has changed since high school: She now has a very sweet but frequently challenging son named Noah, who attends the same tony private LA school she herself attended. Rickie fit in fine when she was a student, but now her age and tattoos make her stand out from all the blond Stepford moms, who are desperate to know why someone so young--and so unmarried--has a kid in first grade. Already on the defensive, Rickie goes into full mother-tigress mode when her small and unathletic son tells her that the gym teacher is out to get him. She storms the principal's office, only to discover that Andrew Fulton, the coach, is no dumb jock. As her friendship with Andrew develops, Rickie finds herself questioning her assumptions--about motherhood, being a grown-up, and falling in love.

"Get ready to smile...[A] sweet story and the perfect antidote to the chaos that's been 2021." –the Skimm A deeply funny and shrewdly observed debut novel about being lost in the very place you know by heart. Bennett Driscoll is a Turner Prize-nominated artist who was once a rising star. Now, at age fifty-five, his wife has left him, he hasn't sold a painting in two years, and his gallery wants to stop selling his work, claiming they'll have more value retrospectively...when he's dead. So, left with a large West London home and no income, he's forced to move into his artist's studio in the back garden and list his house on the popular vacation rental site, AirBed. A stranger now in his own home, with his daughter, Mia, off at art school, and any new relationships fizzling out at best, Bennett struggles to find purpose in his day-to-day. That all changes when three different guests--lonely American Alicia; tortured artist Emma; and cautiously optimistic divorcée Kirstie--unwittingly unlock the pieces of himself that have been lost to him for too long. Warm, witty, and utterly humane, Super Host offers a captivating portrait of middle age, relationships, and what it truly means to take a new chance at life.

via Soul Train; Gwin finds salvation in the music of Prince much to her congregation's dismay and Jesenia, miles ahead of her classmates at her gifted and talented high school, is a brainy and precocious enigma. None of this matters to Boss Man, the monster who abducts them and holds them captive in a dilapidated house in Queens. On the night they are finally rescued, throngs line the block gawking and claiming ignorance. Among them is lifetime resident Miss Metropolitan, advice columnist for the local weekly, but how could anyone who fancies herself a "newspaperwoman" have missed a horror story unfolding right across the street? And why is it that only two of the three girls—now women—were found? The mystery haunts the two remaining "victim girls" who are subjected to the further trauma of becoming symbols as they continuously adapt to their present and their unrelenting past. Like Colson Whitehead's *The Nickel Boys*, Ferrell's *Dear Miss Metropolitan* gives voice to characters surviving unimaginable tragedy. The story is inventively revealed before, during, and after the ordeal in this singular and urgent novel.

A joyful adventure combining the discovery of the sea, and one's self is found between the pages of this book. It all starts one day as we find our friend sitting by the water's edge. He sees the reflection of a tree and the sun in the water. The reflection makes it look as if the tree and the sun are under the sea. "How can this be? The sun and tree can not be under the sea," he asks himself. Then our friend ponders, What would I be if I lived Under the Sea? This is a hard question for our friend, so he starts his quest of wonder as he asks his classmates and teacher what they would be if they lived under the sea. His question is answered, as if by magic, when the people answering are transformed into different sea life. This is a colorful sea tale of both words and imagination that are meant to ignite the readers imagination and spark conversation with family, classroom, and between friends who wonder what it would be like if they lived under the sea. Professor J. Arthur even included a way that you can write to him and use your words, and/or pictures of what you would be if you lived under the sea? to let him know. A portion of the proceeds from the sale of all of Joe Arthur's writing go to: Associations of Zoos and Aquariums, Covenant House, Native American Right Funds, The NAACP, The USS Constitution Museum, and the World Wildlife Fund. * Teachers and Parents * This book was written as a springboard for a 'Know/Want to know/Learned' (KWL) exercise. In this exercise, when the reader imagines what they would be if they lived under the sea and tells the class what they know. Other students' curiosity's will develop as they ask questions about their classmates imagined sea creature. Then all may engage in a discussion about what they learned. This is a fun bonding experience that will also help to build positive interpersonal relationships and school skills. Professor Arthur's book is a wonderful way to ignite the

imagination of our young people and inspire their involvement in this living environment that we all share. Once the student's imagination is lit, that fire cannot be put out. Another great tool to teach students about the seas is a visit to their local aquarium. It was Albert Einstein who said, "Imagination is more important than knowledge." From food to fashion, this colorfully illustrated picture book explores the ways in which people of different social classes lived one hundred years ago in New York City. Original.

This book tells what it was like to live in the days of the knights during the Middle Ages.

Back in the days of Ronald Reagan's America, those far-from-innocent days of nostalgic rot and willful illusion, small-town life was thought to be simple, pure, the source of all decent values, and the home of true hearts and ever helpful neighbors who bear each other's burdens.

James McGrath, a church musician who has just destroyed his personal life and his career through an act of catastrophic stupidity, believes this nonsense just long enough to flee a city he loves. Hoping to heal, he goes to live with his father in a tiny town on the Canadian border. He finds what fools have always found: truths more ordinary and more bitter than he wants to accept and a life more impoverished and antagonistic than he imagined. Descending into this bleak reality, like Jesus in the wilderness, James must face and answer the question: what do we live by? He makes some friends, falls in and out of love, rediscovers his art, and eventually finds a way back into his life. But it's not a smooth journey, and it comes with a price.

If you lived at the time of the American Revolution --What started the American Revolution?

--Did everyone take sides? --Would you have seen a battle? Before 1775, thirteen colonies in America belonged to England. This book tells about the fight to be free and independent.

The hilarious, charming, and candid story of writer Christopher Ingraham's decision to uproot his life and move his family to Red Lake Falls, Minnesota, population 1,400—the community he made famous as “the worst place to live in America” in a story he wrote for the *Washington Post*. Like so many young American couples, Chris Ingraham and his wife Briana were having a difficult time making ends meet as they tried to raise their twin boys in the East Coast suburbs. One day, Chris – in his role as a “data guy” reporter at the *Washington Post* – stumbled on a study that would change his life. It was a ranking of America's 3,000+ counties from ugliest to most scenic. He quickly scrolled to the bottom of the list and gleefully wrote the words “The absolute worst place to live in America is (drumroll please) ... Red Lake County, Minn.” The story went viral, to put it mildly. Among the reactions were many from residents of Red Lake County. While they were unflappably polite – it's not called “Minnesota Nice” for nothing – they challenged him to look beyond the spreadsheet and actually visit their community. Ingraham, with slight trepidation, accepted. Impressed by the locals' warmth, humor and hospitality – and ever more aware of his financial situation and torturous commute – Chris and Briana eventually decided to relocate to the town he'd just dragged through the dirt on the Internet. *If You Lived Here You'd Be Home by Now* is the story of making a decision that turns all your preconceptions – good and bad -- on their heads. In Red Lake County, Ingraham experiences the intensity and power of small-town gossip, struggles to find a decent cup of coffee, suffers through winters with temperatures dropping to forty below zero, and unearths some truths about small-town life that the coastal media usually miss. It's a wry and charming tale – with data! -- of what happened to one family brave enough to move waaaay beyond its comfort zone
