This book is useful for IGNOU MA PSYCHOLOGY first year groups of students. It contains previous years important solved answers that enable students learn about the subject and prepare for their examinations. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MPC-006 STATISTICS IN PSYCHOLOGY Notes... Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you find it useful and Best of Luck for your Examination. Published by MeetCoogle

Present book has been specially published for the aspirants of Entrance Exam for admission to M.A. (International Relations and Area Studies) course conducted by the Jawaharlal Nehru University, Delhi. Salient Features of the Book: - The book comprises, along with the Specialised Study Material, Solved Previous Year Paper to make you well-conversant with the exam pattern, the type of questions asked and their appropriate answers for Better Understanding. - The book contains ample Study and Practice Material with numerous Multiple Choice Question-Answers on all the relevant chapters & topics. - Both the Study and Practice Material have been prepared by learned Subject-expert. The book will serve both as Study Material and a True Test of your

preparation for the exam. - It is believed, the book will prove very useful for study, practice and during precious moments before the exam for reference and revision. It is highly recommended to Sharpen your Problem Solving Skills with thorough practice of numerous questions provided in the book, and prepare yourself to face the exam with Confidence, Successfully. While the specialised study and practice material of this book is aimed to professionally guide you for the exam, your own intelligent study and practice in harmony with this will Ensure you a definite Success in your endeavour and a seat in the Prestigious Course. The essays in this book compare and analyze political processes in eight states within the Indian Union. A long introductory chapter by Myron Weiner sets the stage for individual studies of each state by separate scholars, namely: Myron Weiner (MIT) on Political Development in the Indian States; Paul H. Brass (University of Washington) on Uttar Pradesh; Wayne Wilcox (Columbia University) on Madhya Pradesh; Ram Joshi ( S.I.E.S. College, Bombay) on Maharashtra; Balraj Puri (Editor, Kashmir Affairs) on Jammu and Kashmir Marcus F. Franda (Colgate University) on West Bengal; Lawrence L. Shrader (Mills College ) on Rajasthan; Hugh Gray (University of London) on Andhra Pradesh; and Baldev Raj Nayar (McGill University) on Punjab. Originally published in 1968. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

This book is useful for IGNOU MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCSE-003: Artificial Intelligence and Knowledge Management Notes. Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. This book covers Concept of intelligence, Artificial intelligence, definition turning test, areas of application. Search techniques, state space, Production rules, problem characteristics, production system characteristic, depth first, breadth first search methods and their analysis, Heuristic search method, generate and test, hill climbing, best first method, graph search, AND OR search methods, constraint satisfaction, backtracking. Introduction to list and string processing and dynamic databases concept of knowledge, characteristics and representation schemes, Logic, propositional and predicate calculus, resolution, semantics nets, frames, conceptual dependency, scripts Monotonic reasoning, logical reasoning induction, natural deduction. Nonmonotonic reasoning – default reasoning minimalist reasoning, statistical reasoning –Baye's theorem, certainty factors, Dempster Shafer theory, Fuzzy logic. Concept of expert system, need for an expert system, Component and categories of an expert system, need for an expert system, Stages in the development of an expert system. Published by MeetCoogole

This book is useful for IGNOU BCA & MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCS-024: Introduction to Database Management Systems Notes.

Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. It comprises of details about: • Introduction to object oriented software engineering • Advanced Structured Modeling • Object Oriented Concepts and Project Management • Object oriented design and testing • Advanced topic in S/W engineering • Multiple Choice Questions

Are you seeing number sequences like 11:11 and 4:44 everywhere you turn? If you always see the same numbers repeated – from license plates to receipts and digital clocks – it could be your angels sending you a message. Angels are divine messengers who have existed in some form in almost every religion and culture since the dawn of time. In this digital age, they are finding new ways to remind you of your higher truth. Best-selling angel author Kyle Gray explains exactly what your angels are trying to tell you through these repeated sequences, from numbers 0 through 999 and popular digital clock combinations like 1:23, 21:12, 22:22, and 5:55. Whenever you need guidance from your angels, simply ask. Know that your angels are always listening and looking for an opportunity to send you a reminder that they are near. This book is useful for IGNOU BCA & MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCS-012: Computer Organisation and Assembly Language Programming Notes. Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. This book covers Combination Circuits, Logic Gates, Sequential circuits, Registers, I/O Interface, Instruction and Addressing, CPU design, Memory systems, virtual and cache memory. Input and Output Organization: Asynchronous data transfer, Direct Memory access, I/O processors, serial communication. Basics of Computer Organization: System buses and instruction cycles, memory subsystem organizing and interfacing and much more. Published by MeetCoogole

This book is useful for IGNOU BCA & MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCS-013: Discrete Mathematics Notes. Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. This book covers Discrete Mathematical Structures, Formal Methods: Introduction and Analogy, Abstraction. Fundamentals: Sets & Relations- Sets, Types of Sets, Multi Sets, Operations on Sets, Relations and Properties of Relations, Representation of Relations, Equivalence Relation, Closures of Relations, Methods of Proof-Direct Proofs, Indirect Proofs, Mathematical Induction, Method of Contradiction. Combinatorics: Permutations and Combinations, Pigeon Hole Principle, Principle of Inclusion and Exclusion, Generating Functions. Mathematical Logic, Posets and Lattices: Partial Order Set, Bounding Elements, Well Ordered Set, Topological Sorting, Lattices, Principle of Duality, Bounded, Distributed, and Complemented Lattices, Proposition and Propositional Calculus. Graphs and Group Theory: Basic Introduction of Graphs- Types of Graphs, Path and Circuits, Eulerian Path and Circuits, Hamiltonian Path and Circuits, Shortest Path Algorithms, Group. Definitions and Properties, Coset & Subgroup, Normal subgroup, Homomorphism of groups, Cyclic Group, Permutation Group. Finite State Machines and Languages: Grammar and Languages- Phrase structure Grammar, Types of Grammars and Languages, Finite State Machines and Languages, Minimization of Finite State Machines. Published by MeetCoogole

Comparative politics students will benefit from CQ Researcher's award-winning, non-partisan reporting that looks at today's most important problems, ranging from democratization and regime change to policies on immigration, welfare, and religion. Each essay identifies key players, explores what's at stake, and shows how past and current developments impact the future.

Published by Meetcoogole. This book is useful for IGNOU MA PSYCHOLOGY second year counselling groups of students. It contains previous years solved papers that enable students learn about the subject and prepare for their examinations. A perusal of past questions

papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MPCE-022 COUNSELLING PSYCHOLOGY PREVIOUS YEARS' PAPERS (SOLVED) .... Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you Liked...& Best of Luck for your Examination. Published by MeetCoogLe

The twenty stimulating and original essays in this volume provide a comprehensive analysis of the main strands of modern Indian political thought. The thinkers discussed are Rammohun Roy, Dayananda Saraswati, Bankimchandra Chattopadhyay, Ranade, Phule, Tilak, B R Ambedkar, Tagore, Sri Aurobindo, M N Roy, Jawaharlal Nehru and Gandhi. Separate essays are devoted to the Hindu and Muslim traditions in Indian political thought, Hindu nationalism, and the ideologies of the Communist and Sarvodaya movements. A significant feature of these essays is that they study each thinker or movement in the relevant socio-historical context as also examine the consequences and impact of modern Indian political theories, These are analysed from a world-historical and, to some extent, a political economy perspective. The essays in this collection highlight two major streams in modern Indian political thought--one which favoured the adoption or adaptation of western political traditions and the other which sought to evolve indigenous or alternative formulations. The overall conclusion that emerges from this volume is that in order to formulate an adequate political philosophy for the modern age, both the western and Indian traditions have to be taken into account. In this context, some of the essays highlight the contemporary global relevance of Gandhi's socio-political ideas. This book is a major contribution to modern political philosophy. It will be of great value to students and teacher of political science.

This book is useful for IGNOU MA PSYCHOLOGY second year clinical groups of students. It contains previous years important solved answers that enable students learn about the subject and prepare for their examinations. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MPCE-012: PSYCHODIAGNOSTICS Notes.... Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you Like...& Best of Luck for your Examination.

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life? The authors assess the intellectual

challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

Surveys the main features of contemporary Indian foreign policy.

This book is useful for IGNOU MA PSYCHOLOGY second year clinical groups of students. It contains previous years important solved answers that enable students learn about the subject and prepare for their examinations. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MPCE-013: PSYCHOTHERAPEUTIC METHODS Notes... Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you find it useful and Best of Luck for your Examination.

Focuses on the two central conflicts of capitalism, bourgeois versus proletarian and core versus periphery.

This book is useful for IGNOU MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCS-031: Design and Analysis of Algorithm Notes. Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. This book covers Algorithm definition and specification – Design of Algorithms, and Complexity of Algorithms, Asymptotic Notations, Growth of function, Recurrences, Performance analysis – Elementary Data structures:- stacks and queues – trees – dictionaries – priority queues –sets and disjoint set union – graphs – basic traversal and search techniques. Divide – and – conquer:- General method – binary search – merge sort – Quick sort. The Greedy method:-General method – knapsack problem – minimum cost spanning tree – single source shortest path. Dynamic Programming – general method – multistage graphs – all pair shortest path – optimal binary search trees – 0/1 Knapsack – traveling salesman problem – flow shop scheduling. Backtracking:- general method – 8-Queens problem – sum of subsets – graph coloring – Hamiltonian cycles – knapsack problem – Branch and bound:- The Method – 0/1 Knapsack problem – traveling salesperson. Parallel models:-Basic concepts, performance Measures,

Parallel Algorithms: Parallel complexity, Analysis of Parallel Addition, Parallel Multiplication and division, parallel. Evaluation of General Arithmetic Expressions, First-Order Linear recurrence. Published by MeetCoogole

Western Political Thought: From Plato to Marx is a lucid and comprehensive account of political thought that stretches from ancient Greece to the nineteenth century. Analysing political philosophies chronologically, this book offers valuable insights into the political structures of societies across the ages, and presents a wide perspective on the various social and political ideologies. Each of the 12 chapters contains excerpts from the original works by the philosophers, comprehensive reading list, and thought provoking questions on the philosophies discussed.

This book is useful for IGNOU BCA & MCA students. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MCS-021-Data and File Structures Notes. Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations. This book covers Basic data structures such as arrays, stack and queues and their applications, linked and sequential representation. Linked list, representation of linked list, multi linked structures. Trees: definitions and basic concepts, linked tree representation, representations in contiguous storage, binary trees, binary tree traversal, searching insertion and deletion in binary trees, heap tree and heap sort algorithm, AVL trees. Graphs and their application, sequential and linked representation of graph – adjacency matrix, operations on graph, traversing a graph, Dijkstra's algorithm for shortest distance, DFS and BFS, Hashing. Searching and sorting, use of various data structures for searching and sorting, Linear and Binary search, Insertion sort, Selection sort, Merge sort, Radix sort, Bubble sort, Quick sort, Heap Sort. Published by MeetCoogole

A comprehensive assessment of the economic, social and cultural impacts of migration within South Asia This book addresses the concept of migration with the aim of building theory as well as drawing from existing theories to understand South Asian realities. It highlights the less-explored cultural dimensions of migration—music, literature, cinema and art—thereby extending migration research into the realms of security discourse. The author explores how ideas migrate along with people, and the extent to which the process of transformation and adaptation of these ideas is necessitated by social interactions in the adopted society. Since South Asia is culturally diverse, most migrants need to adapt themselves to unfamiliar social milieus, and this juxtaposition finds expression in rich and diverse cultural forms. The book will be indispensable to researchers and scholars of migration studies, South Asia studies, social anthropology and international relations.

Political Thought in Modern India Sage

A pioneering venture, this book is the first major effort toward a valid comparison of the political systems of Asia, Africa, the Near East, and Latin America. After establishing a theoretical framework based on a functional approach to comparative politics, the authors apply their scheme to Southeast Asia (Lucian W. Pye), South Asia (Myron Weiner), SubSaharan Africa (James S. Coleman), the Near East (Dankwart Rustow), and Latin America (George I. Blanksten). In each area they survey the political background, the nature and function of political, governmental, and authoritative structures, the processes of change and means of

political integration. The contributors have performed an extraordinarily difficult feat of classification, description, synthesis, and analysis in what promises to be a book of seminal importance in comparative politics. Originally published in 1960. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The present book is specially published for the aspirants of MA (Geography) Entrance Exam conducted by the University of Delhi. The book is highly recommended to study and Sharpen your Problem Solving Skills with thorough practice of numerous questions provided in the book, and prepare you to face the exam with Confidence, Successfully. The book comprises the Specialised Study and Practice Material along with Previous Years' Solved Paper to make you familiar with the exam pattern and the type of questions asked, with their appropriate answers. Practice questions have been modelled on the basis of questions asked in previous exam papers and solved by respective subject experts. Detailed Explanatory Answers have also been provided for the Selected Questions for Better Understanding of readers. Based on the Latest Pattern of Exam, the book will prove very useful for study, practice and during the precious moments before the exam for reference and revision. While the specialised study and practice material of this book is aimed to prepare you for Sure Success, your own intelligence and practice, in harmony with this, will definitely Ensure you a Seat in the Prestigious Course paving the way for a Bright Future.

This book, designed for the MBA courses in India, discusses the concept, tools and techniques of Logistics and Supply Chain Management which help students understand how good logistics and supply chain management helps a firm to sustain competitive advantage

This book is useful for IGNOU MA PSYCHOLOGY first year groups of students. It contains previous years important solved answers that enable students learn about the subject and prepare for their examinations. A perusal of past questions papers gives an idea of the type of questions asked, the paper pattern and so on, it is for this benefit, we provide these IGNOU MPC-04ADVANCED SOCIAL PSYCHOLOGY Notes.... Students are advised to refer these solutions in conjunction with their reference books. It will help you to improve your exam preparations...In this book, Detailed Explanatory Answers have been provided for the questions for Better Understanding of the Candidates. Hope you Like...& Best of Luck for your Examination. Published by MeetCoogle
