Included are questions involving patterning, evaluating algebraic expressions, utilizing number lines and graphs, mathematical sentences and algebraic properties. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards.

A study of the hymnic and liturgical material in the New Testament which describes Christ's nature and person. Professor Sanders analyzes the hymns in detail and finds in them a common mythological pattern. He traces its origin to a particular and unorthodox branch of Judaism which is itself a branch of the 'wisdom' tradition where the thanksgiving hymn had its home. His conclusions therefore have considerable importance and implications for questions about the origins of Gnosticism and its influence on Christianity. This is the full-scale historical religious study of the New Testament Christological hymns, and English readers will find particularly useful Professor Sanders' critical survey of recent continental scholarship on this and related subjects.

Leadership is a subject that has gained impressive visibility in the past two decades. The number of books, monographs and articles, as well as seminars, devoted to the development of one's leadership skills has been almost exponential growth. This study is an attempt to forge a full-orbed theology of Christian leadership grounded in the teaching of Scripture. What emerges from tracing the theme of leadership through the biblical record is a servanthood pattern, one that is wholly distinct from prevailing secular models. Our exposition begins with the biblical language of the servant, the term of choice for those great leaders used of God to further his saving purposes in the world. Eleven Old Testament and five New Testament leaders are profiled. The portrait of Jesus Christ focuses on three motifs that governed his training of the twelve for kingdom ministry. The Pauline letters are mined for those convictions that governed Paul's practice of leadership, both of his mission team and of the faith communities that emerged from that mission. The treatment of each leader, from Joseph to Paul, begins with a series of preliminary questions and concludes with a mini-profile that correlates the biblical data with these questions. The final chapter offers a summary profile of the servant leader, one whose character, motives and agenda align with the divine purposes. Though designed as a textbook for upper level college and seminary courses on leadership, the book's readable format is ideal for churches and parachurch organizations in their leadership training programs. The author's prayer is that this work will serve as a catalyst to call God's people back to Scripture and thereby raise up a whole new generation of authentic servant-leaders.

Thomas Oden provides a modern commentary on the pastoral letters grounded in the classical, consensual tradition of interpretation. Oden uses the best and most accurate research concerning the historical, literary, and philological aspects of the pastoral letters. He addresses tough issues: the role of women in worship, problems of the rich and poor, the relation between servants and masters, policies concerning support of elderly widows, and how to handle church disruptions.
