Claudio Monteverdi (1567-1643) is well known as the composer of the earliest operas still performed today. His *Orfeo*, *Il Ritorno d'Ulisse in Patria*, and *L'incoronazione di Poppea* are internationally popular nearly four centuries after their creation. These seminal works represent only a part of Monteverdi's music for the stage, however. He also wrote numerous works that, while not operas, are no less theatrical in their fusion of music, drama and dance. This is a survey of Monteverdi's entire output of music for the theatre - his surviving operas, other dramatic musical compositions, and lost works.

students learning Italian with a strong ground in the four ACTFL skills: reading, writing, speaking, and listening, but it also emphasizes cultural fluency. The text follows a more visual approach by integrating maps, photos, regalia, and cultural notes that offer a vibrant image of Italy. The chapters are organized around functions and activities. Cultural information has been updated to make the material more relevant. In addition, discussions on functional communications give readers early success in the language and encourage them to use it in practical situations.

"In this bold, highly original book, Mauro Calcagno ventures into areas where no other scholar has tread. He explores the Petrarchian view of the self over a century-long arc from the early madrigal to the beginnings of opera, with Monteverdi's masterpieces taking center stage. A brilliant tour de force, "From Madrigal to Opera" proffers a remarkable new way to look at music, performance, and reception that rings true not only for the early modern period but also for our own age. A must read for scholars, performers, and lovers of early music."--Jane A. Bernstein, author of "Print Culture and Music in Sixteenth-Century Venice" "The mini-renaissance of early modern music studies continues apace, and Mauro Calcagno's "From Madrigal to Opera" is its latest, particularly impressive installment. Drawing on methodological impulses from a variety of sources--linguistics, phenomenology, narratology, and, above all, performance studies--Calcagno pays close attention to the interplay of the abstract text and live performance in both early opera and late madrigal. Common strategies, rooted in Petrarch's poetic practice, indeed united the two genres. This book will shape the discussion of

early modern vocal music in the coming years."--Karol Berger is the author of "Bach's Cycle, Mozart's Arrow: An Essay on the Origins of Musical Modernity." "In this pathbreaking study, Calcagno offers a new and dynamic interpretation of the relationship between Monteverdi's madrigals and operas based on perceptions of subjectivity expressed in Renaissance literature--the poetry of Petrarch in particular. Calcagno interprets Monteverdi's work as realizing a Petrarchan notion of the dialogical self, a concept that extends well beyond the early modern period to illuminate and enrich our own experience of virtually any vocal work in performance. This book should be required reading not only for those interested in music and text of the Early Modern period, but for anyone involved in performance studies."--Ellen Rosand, author of "Monteverdi's Last Operas: A Venetian Trilogy."

Opera is often regarded as the pinnacle of high art. A "Western" genre with global reach, it is where music and drama come together in unique ways, supported by stellar singers and spectacular scenic effects. Yet it is also patently absurd -- why should anyone break into song on the dramatic stage? -- and shrouded in mystique. In this engaging and entertaining guide, renowned music scholar Tim Carter unravels its many layers to offer a thorough introduction to Italian opera from the seventeenth to the early twentieth centuries. Eschewing the technical musical detail that all too often dominates writing on opera, Carter begins instead where the composers themselves did: with the text. Walking readers through the relationship between music and poetry that lies at the heart of any opera, Carter then offers explorations of five of the most enduring and emblematic Italian operas: Monteverdi's *The Coronation of Poppea*; Handel's *Julius Caesar in Egypt*; Mozart's *The Marriage of Figaro*; Verdi's *Rigoletto*; and

Puccini's *La Bohème*. Shedding light on the creative collusions and collisions involved in bringing opera to the stage, the various, and varying, demands of the text and music, and the nature of its musical drama, Carter also shows how Italian opera has developed over the course of music history. Complete with synopses, cast lists, and suggested further reading for each work discussed, *Understanding Italian Opera* is a must-read for anyone with an interest in and love for this glorious art.

Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation, this book sets out to show, through detailed and lively analysis, what it really means to translate literary style. Combining linguistic and lit crit approaches, it proceeds through a series of interconnected chapters to analyse translations of the works of D.H. Lawrence, Virginia Woolf, James Joyce, Samuel Beckett, Henry Green and Barbara Pym. Each chapter thus becomes an illuminating critical essay on the author concerned, showing how divergences between original and translation tend to be of a different kind for each author depending on the nature of his or her inspiration. This new and thoroughly revised edition introduces a system of 'back translation' that now makes Tim Parks' highly-praised book reader friendly even for those with little or no Italian. An entirely new final chapter considers the profound effects that globalization and the search for an immediate international readership is having on both literary translation and literature itself.

Living paycheck to paycheck in Paris, American book translator Chloe Underwood would give anything for some excitement and passion—even a little danger. So when she's offered a lucrative weekend gig translating at a business conference in a remote château, she jumps at the chance to shake things up. Then by chance Chloe discovers her employers are anything

but the entrepreneurs they appear, and suddenly she knows far too much. Her clients are illegal arms dealers, and one of them is ordered to kill her. But instead, Bastien Toussaint drags Chloe away, and the next thing she knows she's on the run with the most terrifying and seductive man she's ever met. What were his motives—and would she live long enough to find out?

Claudio Monteverdi is one of the most important figures of 'early' music, a composer whose music speaks powerfully and directly to modern audiences. This book, first published in 2007, provides an authoritative treatment of Monteverdi and his music, complementing Paolo Fabbri's standard biography of the composer. Written by leading specialists in the field, it is aimed at students, performers and music-lovers in general and adds significantly to our understanding of Monteverdi's music, his life, and the contexts in which he worked. Chapters offering overviews of his output of sacred, secular and dramatic music are complemented by 'intermedi', in which contributors examine individual works, or sections of works in detail. The book draws extensively on Monteverdi's letters and includes a select discography/videography and a complete list of Monteverdi's works together with an index of first lines and titles.

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

Le nozze di Figaro is one of Mozart's best-loved and most enduring works. The first of the three operas he wrote with Lorenzo da Ponte and based on Beaumarchais's play, it established the thirty-year-old Mozart as an opera composer of the very first rank. Its combination of wit, acute psychological observation and sublime music has enthralled audiences ever since its premiere in Prague in 1786. This guide contains articles about the historical background to the opera, as well as musical and dramatic commentaries. Further articles deal with the changes in musical performance brought about in recent times by the period practice movement and with the particular uses Mozart makes of recitatives. There is also a survey of the opera's most important productions. Illustrations, a thematic guide, the full libretto with English translation and reference sections are also included. Contains: Living Together, Singing Together, Max Loppert A Society Marriage, John Wells A Musical Commentary, Basil Deane Recitatives in Figaro: Some Thoughts, David Syrus Music and Comedy in Le nozze di Figaro, Stephen Oliver A Selective Performance History, George Hall Le nozze di Figaro: Libretto by Lorenzo Da Ponte after the play La Folle

What would you do if you had to choose between your man and your cat? 'If you were an animal, what kind of animal would you be?' Milla asks her bestfriend Gabriel. Milla would be a cat and Gabriel a bird. That's no surprise, as Milla is a cat therapist. Gabriel is also in love with her. Unaware of this, Milla begins an affair with Josh, a dentist. All goes well until Milla adopts a stray cat, a spooky albino who starts to drive a wedge between her and Josh. When Milla finds she must choose between her man and her cat, the choice she makes has horrifying consequences. For the stray is no ordinary domestic pet, and Milla, it turns out, is no ordinary woman. Inexorably the disturbed workings of Milla's mind draws her into a strange world. Girl-meets-boy domesticity is replaced by the cold drip of animal fear. The unbelievable becomes reality. And the shocking, horrifying conclusion is the only escape.
