Disenthralling Ourselves portrays contemporary Israel in a process of transition. Jewish-Israeli and Palestinian-Israeli communities share a nation-state divided by the separate truths of its conflicting fundamental narratives. This book considers ways of converting those separate and antagonistic narratives from fuel for conflict to seeds of change. Its purpose is to undo the convenient coherence of collective memory and master narratives through fostering a capacious moral imagination able to apprehend diverse, even contentious, stories and truths. Contemporary Israel functions as a case study in an in-depth and interdisciplinary exploration of conflict resolution, viewing Jewish-Israeli and Palestinian-Israeli docupostwar Italian and European cinema it is much less known--especially outside of Italy--that such success has much to do with the writings of his fifteen-year collaborator and scriptwriter, Ennio Flaiano (1910-72), journalist, novelist, dramatist, and theater and film critic. This book identifies the ways in which Flaiano's distinctive travel diary--satirically registering the transformative journey from provincial Italian to global citizen--captured and shaped the changing tastes of an entire generation of Italians on the film set, in the newspaper office, and on the street. The book highlights Flaiano's uneven yet steadily developing anticolonialist stance, his emerging postmodern autobiography, and his interrogation of notions of regional, national and cultural superiority. Marisa S. Trubiano is Assistant Professor of Italian at Montclair State University.

This is a true story which begins with an unexpected love affair with all things Italian. An innocent evening stroll whilst on holiday, through the narrow ancient stone paved streets of a medieval Italian hill town, leads to a proposal and a heart rending revelation being uncovered once back in England. The discovery subsequently steers a course to a very different way of life. A Tuscan wedding follows, together with a glimpse into the everyday life of the local Italins encountered along the way. An unfotunate accident causes a life threatening illness but the warmth, generosity and kindness shown by the Italian people comes to the fore. All this combined with an insight into some of the highs and lows of purchasing, renovating and living in an old ruin nestled deep in the forest of the Northern Tuscan hills.

Singleton's translation of *The Divine Comedy*, this work provides the English-speaking reader with everything he needs to read and understand the *Purgatorio*. This volume consists of the prose translation of Giorgio Petrocchi's Italian text (which faces the translation on each page); its companion volume of commentary is a masterpiece of erudition, offering a wide range of information on such subjects as Dante's vocabulary, his characters, and the historical sources of incidents in the poem. Professor Singleton provides a clear and profound analysis of the poem's basic allegory, and the illustrations, diagrams, and map clarify points that have previously confused readers of *The Divine Comedy*.

Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English, and published between 1929 and 2008. It lists works from all genres and subjects, and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors – Dante Alighieri, Machiavelli, and Boccaccio – and other hundreds which represent the author's only English translation. A significant number of

entries describe works originally published in Latin. Together with Healey's Twentieth-Century Italian Literature in English Translation, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.

The lowdown on all the imperishable classics of horror, like *The Curse of Frankenstein*, *Horror of Dracula* and *The Devil Rides Out*? What about the company's less blood-curdling back catalog? What about the musicals, comedies and travelogues, the fantasies and historical epics--not to mention the pirate adventures? This lavishly illustrated encyclopedia covers every Hammer film and television production in thorough detail, including budgets, shooting schedules, publicity and more, along with all the actors, supporting players, writers, directors, producers, composers and technicians. Packed with quotes, behind-the-scenes anecdotes, credit lists and production specifics, this all-inclusive reference work is the last word on this cherished cinematic institution.

In the mid-1950s, to combat declining theater attendance, film distributors began releasing pre-packaged genre double-bills—including many horror and science fiction double features. Though many of these films were low-budget and low-end, others,

such as *Invasion of the Body Snatchers*, *Horror of Dracula* and *The Fly*, became bona fide classics. Beginning with Universal-International's 1955 pairing of *Revenge of the Creature* and *Cult of the Cobra*, 147 officially sanctioned horror and sci-fi double-bills were released over a 20-year period. This book presents these double features year-by-year, and includes production details, historical notes, and critical commentary for each film.

"A must read guaranteed to give newbies a clear and complete understanding of the Monster's murders and of the various investigative theories. The book could also be a great reference for "experts" who believe they know everything on the subject, as it uncovers valuable clues and revelations about the murders and the investigations" (Gabriele Basilica, *Thriller Magazine*). "Those passionate about true crime stories will certainly appreciate the analysis of the murders of the Monster of Florence. Brunoro and Pezzan write about everything, from Vincenzo Spalletti to the Sardinian Lead, from Pietro Pacciani to the picnicking friends, and finally from the esoteric theory to the Narducci story. A wonderful map to find your way through a deep mystery" (Maurizio Di Giangiacomo, *Trentino-Alto Adige*). This is the most detailed storytelling of the crimes of the one that came to be known as "The Monster of Florence". We are talking about an event that has tested all existing criminology theories on serial killers, to the point

where we can state that there are traditional crimes, serial killers, and then there is "The Monster of Florence". The book contains the exclusive interview with director and filmmaker Paolo Cochi, author of the popular documentary "I delitti del Mostro di Firenze" (The murders of the Monster of Florence). Cochi is considered to be one of the most knowledgeable researchers on the case.

In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne

prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide-and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

The Monster of Florence Grand Central Publishing Examines the works of a noted Italian film director through a political lens, answering questions about subjectivity, objectivity and political commentary in modes of filmmaking.

The special issue of *International Yearbook of Futurism Studies* for 2015 will investigate the role of Futurism in the oeuvre of a number of Women artists and writers. These include a number of women actively supporting Futurism (e.g. R?žena Zátková, Edyth von Haynau, Olga Rozanova, Eva Kühn), others periodically involved with the movement (e.g. Valentine de Saint Point, Aleksandra Ekster, Mary Swazy), others again inspired only by certain aspects of the movement (e.g. Natalia Goncharova, Alice Bailly, Giovanna Klien). Several artists operated on the margins of a Futurist inspired aesthetics, but they felt attracted to Futurism because of its support for women artists or because of its innovatory roles in the social and intellectual spheres. Most of the artists covered in Volume 5 (2015) are far from straightforward cases, but exactly because of this they can offer genuinely new insights

into a still largely under-researched domain of twentieth-century art and literature. Guiding questions for these investigations are: How did these women come into contact with Futurist ideas? Was it first-hand knowledge (poems, paintings, manifestos etc) or second-hand knowledge (usually newspaper reports or personal conversions with artists who had been in contact with Futurism)? How did the women respond to the (positive or negative) reports? How did this show up in their œuvre? How did it influence their subsequent, often non-Futurist, career?

This book contains the complete text of *Il Mostro Turchino*, or *The Blue Monster*, by Italian playwright Carlo Gozzi (1720-1806).

From celebrated Relic author Douglas Preston, Wyman Ford races to stop a rogue AI in *The Kraken Project*, a New York Times bestselling thriller “as chilling as it is provocative” (James Rollins) NASA is building a probe to be splashed down in the Kraken Mare, the largest sea on Saturn's great moon, Titan. It is one of the most promising habitats for extraterrestrial life in the solar system, but the surface is unpredictable and dangerous, requiring the probe to contain artificial intelligence software. To this end, Melissa Shepherd, a brilliant programmer, has developed "Dorothy," a powerful, self-modifying AI whose true potential is both revolutionary and terrifying. When miscalculations lead to a catastrophe during testing, Dorothy flees into the internet. Former CIA agent Wyman Ford is tapped to track down the rogue AI. As Ford and Shepherd search for Dorothy, they realize that her horrific experiences in the wasteland of the Internet have changed her in ways they can barely imagine. And they're not the only ones looking for the wayward software: the AI is also being pursued by a pair of Wall Street traders, who want to capture her code and turn her into a high-speed trading bot. Traumatized, angry, and relentlessly hunted, Dorothy has an extraordinary revelation—and devises

a plan. As the pursuit of Dorothy converges on a deserted house on the coast of Northern California, Ford must face the ultimate question: is rescuing Dorothy the right thing? Commonly referred to collectively as the *anni di piombo* -- years of lead -- the 1970s have been seen as a parenthesis in Italian history, which was dominated by political violence and terrorism. The seventeen essays in this wide-ranging collection adopt different scholarly perspectives to challenge this monolithic view and uncover the complexity of the decade, exploring its many facets and re-assessing political conflict. The volume brings to the fore the ruptures of the period through an examination of literature, film, gender relations, party politics and political participation, social structures and identities. This more balanced assessment of the period allows the vibrancy and dynamism of new social and cultural movements to emerge. The long-lasting effects of this period on Italian culture and society and its crucial legacy to the present are lucidly revealed, dispelling the widely-held belief that the 1970s were largely a regressive decade. Despite an outpouring in recent years of history and cultural criticism related to the Holocaust, Italian women's literary representations and testimonies have not received their proper due. This project fills this gap by analyzing Italian women's writing from a variety of genres, all set against a complex historical backdrop.

This is a book about language as a species-typical trait of humans. It argues that language is not so exceptional after all, as according to the authors it is just the human version of a rather common and conservative organic system that they refer to as the Central Computational Complex.
