Teratoid Heights realistically depicts the lifecycles of various species found in the tide location's cave-riddled terrain, down to the most painstakingly detailed behavioral patterns. It matters not that both Teratoid Heights and its inhabitants are entirely fictional. Brinkman taps into the zeitgeist of modern suburban America with what seems to be a mixture of J.R.R. A book that reveals levels of humor and humanity no matter what age the reader.

Amid a devastating economic crisis, two tragic events coming from the outside – the wave of immigration and Islamic terrorism – have radically changed the profile and significance of the space we call Europe. Given a paradigm leap of this sort, philosophical reflection is in a position to exert its creative power more than other types of knowledge. But this can only happen if it is able to go beyond its own lexical boundaries, by turning its gaze outside itself. Here the leading Italian philosopher Roberto Esposito looks at how various strands of German, French, and Italian thought have achieved this outward turn and successfully captured international attention by breaking with the language of early nineteenth-century crisis philosophies. When analyzed from this novel perspective, the great texts of Adorno, Derrida, Foucault, and Deleuze, as well as works by the latest Italian thinkers, are cast in a new light. From the relationship and tension between them, reconstructed here with extraordinary theoretical sensitivity, a form of thought can arise that is equal to the challenges faced by Europe today. This erudite and wide-ranging analysis of European thought in the light of the crises facing the continent today will appeal to students and scholars of philosophy, critical theory, and beyond.

"The early settlers dubbed California The Golden State, and The Land of Milk and Honey. Today there are the obvious ironies -- sprawl, spaghetti junctions and skid row--but the place is not so easily distilled or visualized, either as a clichéd paradise or as its demise. There's a strange kind of harmony when it's all seen together--the sublime, the psychedelic, the self-destructive. Like all places, it's unpredictable and contradictory, but to greater extremes. Cultures and histories coexist, the beautiful sits next to the ugly, the redemptive next to the despairing, and all under a strange and singular light, as transcendent as it is harsh. The pictures in this book begin in the desert east of Los Angeles and move west through the city, ending at the Pacific. This general westward movement alludes to a thirst for water, as well as the original expansion of America, which was born in the East and which hungrily drove itself West until reaching the Pacific, thereby fulfilling its "manifest" destiny." -- Publisher's description

Per migliaia di chilometri, in auto, a piedi, su traghetti, bus e funivie, una carovana piena di colori tenta di stare dietro al ritmo furibondo imposto dai ciclisti che in tre settimane girano tutta l'Italia, dalla costiera amalfitana agli aspri profili del Vajont. Fa parte della carovana anche uno scrittore, che fin da bambino sognava di partecipare al Giro d'Italia e affronta questa avventura con entusiasmo assoluto, pronto a infiammarsi per l'epica che il ciclismo da sempre sprigiona. Ma presto scoprirà che la tenacia e la passione dei corridori sono solo una parte della storia. Perché sarà proprio tutto quello che accade intorno alla corsa a rendere il viaggio strepitoso. Lungo le strade secondarie, nel cuore selvatico o cementificato della provincia italiana, si rischia di perdersi a ogni bivio mentre si incontrano folle festanti e personaggi clamorosi, paesini pazzeschi come la gente che li abita, assessori dediti alla promozione di figlie cantanti, pompieri ballerini di break dance, maturi musicisti da pianobar che cercano di infilarsi in casting riservati agli adolescenti, oscuri poeti a caccia di editori... le mille impossibili follie che solo la vita vera ci può regalare. Alla passione ardente per il ciclismo - grandissima metafora della fatica e della gloria nascosta a ogni curva della vita - Fabio Genovesi unisce il suo impareggiabile umorismo, facendo di queste pagine la cronaca di un'impresa sportiva straordinaria e insieme il racconto stralunato e memorabile del nostro Paese, delle sue debolezze e dei suoi grandi sogni.

Multitasking è una parola che viene dal gergo informatico e indica la capacità di fare più cose contemporaneamente. E non è un caso che questo termine sia spesso usato per parlare anche di donne e non solo di pc. Siamo delle macchine da guerra, ma con quel pizzico di ormone impazzito che ci fa diventare lucide, cervellotiche, concrete ed emotive con la stessa velocità con cui ci passiamo il gloss sulle labbra davanti allo specchietto retrovisore della macchina prima di un appuntamento. Questo manuale di Giovanna Gallo, con le illustrazioni di Francesca Crescentini, vuole aiutare noi donne a prenderci un po' meno sul serio, a non sentirci in colpa se per una volta non abbiamo voglia di rifare il letto, o se invece di uscire preferiamo indossare morbide pantofole zoomorfe. E certamente, durante la lettura, ci fermeremo un attimo, sorrideremo ed esclameremo: «Ma questa sono io!».

This ground-breaking collection of research-based chapters addresses the themes of shame, blame and culpability in their historical perspective in the broad area of crime, violence and the modern state, drawing on less familiar territories such as Russia and Greece, not just on material from familiar locations in western Europe. Ranging from the early modern to the late twentieth century, the collection has implications for how we understand punishments imposed by states or the community today. Shame, blame and culpability is divided into three sections, with a crucial case study part complementing two theoretical parts on shame, and on blame and culpability; exploring the continuance of shaming strategies and examining their interaction with and challenge to 'modern' state-sponsored blaming mechanisms, including allocations of culpability. The collection includes chapters on the deviant body, capital punishment and, of particular interest, Russian case studies, which demonstrate the extent to which the

Russian, like the Greek, experience need to be seen as part of a wider European whole when examining ideas and themes. The volume challenges ideas that shame strategies were largely eradicated in post-Enlightenment western states and societies; showing their survival into the twentieth century as a challenge to state dominance over identification of what constituted 'crime' and also over punishment practices. Shame, blame and culpability will be a key text for students and academics in the fields of criminology and crime, gender or European history.

Uno studente di filosofia colombiano, Manuel, viene arrestato a Bangkok con l'accusa di traffico di droga: se non si dichiara colpevole rischia la pena di morte. Ma la sua preoccupazione più grande è rivedere la sorella scomparsa anni prima, Juana, a cui è legato da un amore esclusivo. Manuel è un sognatore, appassionato di letteratura e autore di graffiti, Juana una donna forte, decisa a fare qualsiasi cosa per proteggerlo e portarlo via da Bogotá, infestata di paramilitari e narcotrafficanti. È per questo che diventa una escort di lusso e si introduce negli ambienti dei politici corrotti per tramare vendette, ma quando le cose per lei si mettono male è costretta a lasciare il paese. La vicenda commuove il console colombiano a Nuova Delhi, che ritrova Juana a Tokyo, sposata con un ricco giapponese da cui ha avuto un figlio, e fa di tutto per riunire i due fratelli. È lui a raccogliere le loro sofferte testimonianze e a raccontare la loro malinconica storia. Con la consueta sapienza narrativa che fa di lui uno dei più apprezzati scrittori latinoamericani del nostro tempo, Santiago Gamboa impone un ritmo incalzante a questo romanzo a tre voci, mentre disegna un affresco inquietante di un mondo sordido che, dall'infinita guerra civile in Colombia al turismo sessuale in Thailandia, è afflitto dalla stessa endemica violenza.

Il vulcano. Con adesivi Pop-Up Volcano!

A gripping literary thriller and smash bestseller that has taken Italy, France, Germany and the UK by storm. Six severed arms are discovered, arranged in a mysterious circle and buried in a clearing in the woods. Five of them appear to belong to missing girls between the ages of eight and eighteen. The sixth is yet to be identified. Worse still, the girls' bodies, alive or dead, are nowhere to be found. Lead investigators Mila Vasquez, a celebrated profiler, and Goran Gavila, an eerily prescient criminologist, dive into the case. They're confident they've got the right suspect in their sights until they discover no link between him and any of the kidnappings except the first. The evidence in the case of the second missing child points in a vastly different direction, creating more questions than it answers. Vasquez and Gavila begin to wonder if they've been brought in to take the fall in a near-hopeless case. Is it all coincidence? Or is a copycat criminal at work? Obsessed with a case that becomes more tangled and intense as they unravel the layers of evil, Gavila and Vasquez find that their lives are increasingly in each other's hands. *THE WHISPERER*, as sensational a bestseller in Europe as the Stieg Larsson novels, is that rare creation: a thought-provoking, intelligent thriller that is also utterly unputdownable.
