For several years, Wally Lamb, the author of two of the most beloved novels of our time, has run a writing workshop at the York Correctional Institution, Connecticut's only maximum-security prison for women. Writing, Lamb discovered, was a way for these women to face their fears and failures and begin to imagine better lives. *Couldn't Keep It to Myself*, a collection of their essays, was published in 2003 to great critical acclaim. With *I'll Fly Away*, Lamb offers readers a new volume of intimate pieces from the York workshop. Startling, heartbreaking, and inspiring, these stories are as varied as the individuals who wrote them, but each illuminates an important core truth: that a life can be altered through self-awareness and the power of the written word.

Classics of English poetry, alternately describing childhood states of innocence and their inevitable ensnarement in a corrupt and repressive world. Contains the full texts of all the poems in the original 1794 edition of both collections.

From the author of *In Her Shoes* and the forthcoming *Who Do You Love* comes a story of a mother and two daughters rebuilding their lives ... Sylvie Woodruff has spent the last 30 or so years being the ideal politician's wife and raising two daughters. When her world crashes down around her after a painful, public betrayal, she retreats to her grandmother's rambling seaside home to wait for the scandal to blow over. Sylvie's eldest daughter, Diana, married out of friendship and respect, not love... then years later, finds herself falling for a most unsuitable man. When the affair ends badly, she sets off in search of a new beginning. Lizzie, Diana's younger sister, who caused her parents such heartache as a teenager, is finally getting her life together. When a summer fling leaves her pregnant, and her charming boyfriend turns violent, she too heads out of town.

Stormy Banks \* Sweet By and By \* There Is a Balm in Gilead \* When I Can Read My Title Clear \* When the Roll is Called Up Yonder. Laura Sobiech tells the amazing story of how God used her son's battle with cancer to touch the lives of millions. "Okay, Lord, you can have him. But if he must die, I want it to be for something big. I want someone's life to be changed forever." This is what Laura Sobiech prayed when she found out her seventeen-year-old son had only one year to live. With this desperate prayer, she released her son to God's will. At that point, Zach Sobiech was just another teenager battling cancer. When his mother told him to think about writing good-bye letters to family and friends, he decided instead to write songs. One of them, "Clouds," captured hearts and changed not one life but millions, making him an international sensation. But Zach's story is not just about music. It's a testament to what can happen when you live as if each day might be your last. It's a story about the human spirit. It's about how God used a dying boy from a small town in Minnesota to touch the hearts of millions—including top executives in the music industry, major music artists, news anchors, talk show hosts, actors, priests and pastors, and school children across the globe. Zach once said, "I want to be known as the kid who went down fighting, and didn't really lose." Fly a Little Higher is about how God used Zach to do something big.

In *Sacred Song in America*, Stephen A. Marini explores the full range of American sacred music and demonstrates how the meanings and functions of this musical expression can contribute to a greater understanding of religious culture. Marini examines the role of sacred song across the United States, from the musical traditions of Native Americans and the Hispanic peoples of the Southwest, to the Sacred Harp singers of the rural South and the Jewish music revival to the music of the Mormon, Catholic, and Black churches. Including chapters on New Age and Neo-Pagan music, gospel music, and hymnals as well as interviews with iconic composers of religious music, *Sacred Song in America* pursues a historical, musicological, and theoretical inquiry into the complex roles of ritual music in the public religious culture of contemporary America.

A hymnal featuring the greatest hymns of church history and today.

Evangelical Christianity--the faith professed by one in four Americans--exerts an enormous influence in American society. Believed by some to have originated as a reaction to the social revolution of the 1960s, evangelicalism as a distinct subculture in fact dates to the advent of radio. The evangelical faithful flocked to the airwaves, developing a nationwide mass culture as listeners across denominational lines heard the same popular preachers and music. Evangelicals left behind the fundamentalism of the early 20th century as broadcast ministries laid the foundation for the culturally engaged New Christian Right of the late 20th century. This historical ethnography presents the era's major radio evangelists and songwriters in the own words, drawing on their writings and recordings, as well as songbooks, liner notes and "song story" anthologies of the period.

This story of the origins and evolution of the American blues tradition draws on oral history interviews and research into neglected primary sources. Book jacket.

For over fifty years, Bill C. Malone has researched and written about the history of country music. Today he is celebrated as the foremost authority on this distinctly American genre. This new collection brings together his significant article-length work from a variety of sources, including essays, book chapters, and record liner notes. *Sing Me Back Home* distills a lifetime of thinking about country and southern roots music. Malone offers the heartfelt story of his own working-class upbringing in rural East Texas, recounting how in 1939 his family's first radio, a battery-powered Philco, introduced him to hillbilly music and how, years later, he went on to become a scholar in the field before the field formally existed. Drawing on a hundred years of southern roots music history, Malone assesses the contributions of artists such as William S. Hays, Albert Brumley, Joe Thompson, Jimmie Rodgers, Johnny Gimble, and Elvis Presley. He also explores the intricate relationships between black and white music styles, gospel and secular traditions, and pop, folk, and country music. Author of many books, Malone is best known for his pioneering volume *Country Music, U.S.A.*, published in 1968. It ranks as the first comprehensive history of American country music and remains a standard reference. This compilation of Malone's shorter—and more personal—essays is the perfect complement to his earlier writing and a compelling introduction to the life's work of America's most respected country music historian.

The incredible true story of one woman's journey to relocate the place inside herself where strength, hope, and personal truth reside. After Hurricane Katrina, Alice Anderson has returned home to assess the damage to her beloved Mississippi coastline and the once-immaculate home she'd carefully cultivated for her husband, Dr. Liam Rivers, one of the community's highly respected doctors. But in the wake of this natural disaster, a more terrifying challenge emerges as Liam's mental health spirals out of control, culminating in a violent attack at knifepoint, from which Alice is saved by their three-year-old son. Afraid for her life, she flees with her children. What ensues is an epic battle—emotional, psychological, spiritual, and legal—for her children's welfare, for self-preservation, and ultimately for redemption. It's an unrelenting battle that persists even as life goes on, finally coming full circle when the same son who saved Alice ten years before endures an eerily-familiar violent encounter at his father's hands. Yet even as she confronts the harsh realities of high-powered Southern lawyers and an inadequate legal system, Alice forges a new life with her blossoming children and an ultimate reclamation of her true self.

After an exciting career flying dozens of different aircraft to destinations as near as midwestern cornfields and as far as

Middle Eastern deserts, veteran aviator Jack Race regales us with his unique experiences in *I'll Fly Away*, an engaging biography written with acclaimed novelist William Hallstead. From his adventures flying for the Allies in World War II to his work as head pilot trainer for Ariana Afghan Airlines, Race has logged more than six decades in the air. *I'll Fly Away* tracks his travels around the globe, encompassing his post-war job as crop duster and bush pilot, his thirty-four years as a commercial airline pilot for Pan American World Airways, his consultancy to King Hussein for Royal Jordanian Airlines, and the eight years in which he served as lead pilot for Orbis, an eye hospital on wings that served thirty-one countries. In 1989 Race notably retraced Charles Lindbergh's 1927 20,000-mile goodwill tour, flying his Spirit of Orbis biplane to all forty-eight of the continental U.S. states. A remarkable and wholly readable biography of an American original, *I'll Fly Away* will be essential for the bookshelf of every aviation enthusiast.

Since its first edition, in 1964, Dixon and Godrich's *Blues and Gospel Records* has been dubbed 'the bible' for collectors of pre-war African-American music. It provides an exhaustive listing of all recordings made up to the end of 1943 in a distinctively African-American musical style, excluding those customarily classed as jazz (which are the subject of separate discographies). The book covers recordings made for the commercial market (whether issued at the time or not) and also recordings made for the Library of Congress Archive of Folk Song and similar bodies -- about 20,000 titles in all, by more than 3,000 artists. For each recording session, full details are given of: artist credit, accompaniment, place and date of recording, titles, issuing company and catalogue numbers, matrix numbers and alternate takes. There are also short accounts of the major 'race labels', which recorded blues and gospel material, and a complete list of field trips to the south by travelling recording units. Howard Rye has joined the original compilers for this thoroughly revised fourth edition. The scope has been enlarged by the addition of about 150 new artists, in addition to newly discovered recordings by other artists. Early cylinder recordings of gospel music, from the 1890s, are also included for the first time. Previous editions of this work were applauded for their completeness, accuracy, and reliability. This has now been enhanced by the addition of new information from record labels and from record company files, and by listening to a wide selection of titles, and detailed cross-checking.

Songs written for Disney productions over the decades have become a potent part of American popular culture. Since most Americans first discovered these songs in their youth, they hold a special place in one's consciousness. The Disney Song Encyclopedia describes and discusses hundreds of famous and not-so-famous songs from Disney films, television, Broadway, and theme parks from the 1930s to the present day. Over 900 songs are given individual entries and presented in alphabetical order. The songwriters and original singers are identified, as well as the source of the song and other venues in which it might have been used over the years. Notable recordings of the song are also listed. But most important, the song is described and what makes it memorable is discussed. This is not a reference list but a true encyclopedia of Disney songs. The book also contains a preface describing the criteria for selecting the songs, a glossary of song terms, a list of all the Disney songs and their sources, a songwriter's directory in which every song by each composer/lyricist is listed, a bibliography, a guide to recordings and DVDs of Disney productions, and an index of people and titles.
