The explosion of a jetliner over India triggers an Apocalyptic battle that sweeps across the subcontinent. Reprint. What is the social unit by which the Power Elite enforce their policy of divide and rule to ensure that the people never rise up and overthrow them? What is the mechanism for the transmission of harmful, irrational and dangerous religious beliefs? The answer is the same in every case - THE FAMILY. The family is the ultimate sacred cow. Yet what is the archetypal "nuclear" family other than two mediocre parents and a spoiled, consumerist pair of children? How can this express humanity's yearning to reach for the stars, to create a bridge to heaven and form a Community of Gods? This book, by the Pythagorean Illuminati, explores the ideas of the radical 19th century French thinkers Henri de Saint-Simon and Charles Fourier. Did these utopian visionaries, advocates of a much more communitarian approach to life, offer the solution to humanity's ills? Should Fourier's concept of the "phalanx" - the perfect community - be the new basis of society?

The iLLamanati have emerged from hidden places of the Earth to shed light on the dark side of human endeavors by collating and publishing literature on the secrets of the Illuminati. Representing the Grand Llama, an omniscient, extradimensional light being who is channeled by our Vice-Admiral, Captain Space Kitten, the iLLamanati is organized around a cast of interstellar characters who have arrived on Earth to wage a battle for the light. Bloodlines of the Illuminati was written by Fritz Springmeier. He wrote and self-published it as a public domain .pdf in 1995. This seminal book has been republished as a three-volume set by the iLLamanati. Volume 1 has the first eight of the 13 Top Illuminati bloodlines: Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, and Onassis. Volume 2 has the remaining five of the 13 Top Illuminati bloodlines: Rockefeller, Rothschild, Russell, Van Duyn, and Merovingian. Volume 3 has four other prominent Illuminati bloodlines: Disney, Reynolds, McDonald, and Krupps.

The essays explore Sufism as it developed in the Indian subcontinent, including translations of previously unavailable texts, and revealing unexpected insights into the lives, practices, and teachings of Indian Muslims over nearly a thousand years. They also trace remarkable moments in the history of Muslim engagement with Indian religious and cultural practices. This includes not only Muslim participation in Indian art and literature, but also the extraordinary role that Sufis have played in the practice of yoga. Employing new approaches to religious studies that avoid essentialism and ideological concepts of religion, and shorn of unnecessary jargon, these compelling essays will be easily accessible to a larger audience.

No secret society is more controversial than the Illuminati, yet almost nothing of the truth of this mysterious ancient Order is available in the public record. Propaganda, disinformation, paranoia and downright fantasy are rife. Some have even described the Illuminati as pan-dimensional, shape-shifting Reptilians from another world! The Illuminati have become the peg upon which anyone can hang their favorite and most outlandish conspiracy theories. They are the "men behind the curtain", the ultimate puppetmasters, fascists, communists, bankers, Jews, monarchists, anti-monarchists, lizards... They support "big" government, high taxes and the sinister New World Order, based on a single global currency. They want to build death camps and reduce the world's population to one billion souls. So much for the penny-dreadful nonsense churned out by the simple minded pied pipers of Conspiracy World. The truth of the real Illuminati is enormously more fascinating, and concerns the Holy Grail itself.

Yet again, Gardiner finds himself on a journey across the world to uncover the ancient secrets of the worlds most powerful men. What do the Illuminati stand for? What are their social, political and religious objectives? What are the obstacles that stand in the way of humanity fulfilling its divine potential and creating a Community of Gods? This book provides an outline of the Illuminati's manifesto for changing the world. It's a simple fact that the Enlightenment failed. Only about twenty percent of the contemporary world is rational. The Enlightenment freed a group of intellectuals (scientists and technologists in particular), but the vast majority of humanity remained stuck in the past. Look at Third World countries and the Islamic nations to see what pre-Enlightenment humanity is like. The Illuminati's manifesto is the formula for freedom. Isn't it time for a liberated, rational world where everyone has an equal chance in life? The Second War of the Enlightenment is coming. You are called as a soldier to this most noble of undertakings.

This book traces the history of the ancient Khazar Empire, a major but almost forgotten power in Eastern Europe, which in the Dark Ages became converted to Judaism. Khazaria was finally wiped out by the forces of Genghis Khan, but evidence indicates that the Khazars themselves migrated to Poland and formed the cradle of Western Jewry. To the general reader the Khazars, who flourished from the 7th to 11th century, may seem infinitely remote today. Yet they have a close and unexpected bearing on our world, which emerges as Koestler recounts the fascinating history of the ancient Khazar Empire. At about the time that Charlemagne was Emperor in the West. The Khazars' sway extended from the Black Sea to the Caspian, from the Caucasus to the Volga, and they were instrumental in stopping the Muslim onslaught against Byzantium, the eastern jaw of the gigantic pincer movement that in the West swept across northern Africa and into Spain. Thereafter the Khazars found themselves in a precarious position between the two major world powers: the Eastern Roman Empire in Byzantium and the triumphant followers of Mohammed. As Koestler points out, the Khazars were the Third World of their day. They chose a surprising method of resisting both the Western pressure to become Christian and the Eastern to adopt Islam. Rejecting both, they converted to Judaism. Mr Koestler speculates about the ultimate faith of the Khazars and their impact on the racial composition and social heritage of modern Jewry. He produces a large body of meticulously detailed research.

The murder of a world-famous physicist raises fears that the Illuminati are operating again after centuries of silence, and religion professor Robert Langdon is called in to assist with the case.

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

Tina Evans, grieving over the death of her little boy in a tragic accident, and her compassionate lover embark on a terrifying odyssey in search of the truth about her son's death and the shocking messages that lead her to believe that the child may not be dead after all.

In English for the first time, a guide to the true secret structure of the Illuminati and their invisible network made of various power structures, author Leo Lyon Zagami uses their internal documents and reveals confidential and top-secret events. His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just as those inside the most prestigious U.S. universities such as Yale or Harvard—have always been guides to the occult. From the Ordo Templi Orientis (OTO)'s infiltration of Freemasonry to the real Priory of Sion, this book exposes not only the hidden structure of the New World Order and the occult practices but also their connections to the intelligence community and the infamous Ur-Lodges.

This groundbreaking work is the first internationally published book to examine the link between a protein in the milk we drink and a range of serious illnesses, including heart disease, Type 1 diabetes, autism, and schizophrenia. These health problems are linked to a tiny protein fragment that is formed when we digest A1 beta-casein, a milk protein produced by many cows in the United States and northern European countries. Milk that contains A1 beta-casein is commonly known as A1 milk; milk that does not is called A2. All milk was once A2, until a genetic mutation occurred some thousands of years ago in some European cattle. A2 milk remains high in herds in much of Asia, Africa, and parts of Southern Europe. A1 milk is common in the United States, New Zealand, Australia, and Europe. In *Devil in the Milk*, Keith Woodford brings together the evidence published in more than 100 scientific papers. He examines the population studies that look at the link between consumption of A1 milk and the incidence of heart disease and Type 1 diabetes; he explains the science that underpins the A1/A2 hypothesis; and he examines the research undertaken with animals and humans. The evidence is compelling: We should be switching to A2 milk. A2 milk from selected cows is now marketed in parts of the U.S., and it is possible to convert a herd of cows producing A1 milk to cows producing A2 milk.

This is an amazing story, one that is not just about the health issues surrounding A1 milk, but also about how scientific evidence can be molded and withheld by vested interests, and how consumer choices are influenced by the interests of corporate business. Longlisted for the 2015 Man Booker Prize *The Illuminations*, the fifth novel from Andrew O'Hagan, a writer "of astonishingly assured gifts" (*The New York Times Book Review*), is a work of deeply charged beauty--and one that demonstrates, with poignancy and power, that no matter how we look at it, there is no such thing as an ordinary life. Anne Quirk's life is built on stories--the lies she was told by the man she loved and the fictions she told herself to survive. Nobody remembers Anne now, but in her youth she was an artistic pioneer, a creator of groundbreaking documentary photographs. Her beloved grandson Luke, a captain with the Royal West Fusiliers in the British army, has inherited her habit of transforming reality. When his mission in Afghanistan goes horribly wrong, he returns to Scotland, where the secrets that have shaped his family begin to emerge. He and Anne set out to confront a mystery from her past among the Blackpool Illuminations--the dazzling lights that brighten the seaside town as the season turns to winter.

Murder is committed for its own sake in the three fictional episodes of *The Book of Destruction*. In 'The Gardener', the narrator learns from the thug Seshadri that he has been selected for assassination for no reason but the pure purpose of killing. A discotheque is bombed out of existence in 'The Hotelier and the Traveller'. In the third episode, leading the narrator to an elaborately staged orgy and sacrifice, stitched clothes escape from a tailor's shop and soar down the streets to take over bodies. The cruelty of killers and the wretchedness of victims are shifted to the margins as the novel focuses on the act of murder. In his inimitable style, Anand takes the mesmerized reader on a journey of three stages—the practice of killing, the sacrifice of the victim and the sacrifice of the sacrificer—before bringing the story of destruction to its finale.

An internationally acclaimed scholar, who has dedicated more than fifty years of her life to understanding the Islamic world. Annemarie Schimmel examines a much-misunderstood feature of Islam: the role of women. Schimmel is critical of those--especially Western feminists--who take Islam to task without taking the time to comprehend the cultures, language, and traditions of the many societies in which Islam is the majority religion. Shattering stereotypes, Schimmel reconstructs an important but little-known chapter of Islamic spirituality. With copious examples, she shows the clear equality of women and men in the conception of the Prophet Muhammad, the Quran, the feminine language of the mystical tradition, and the role of holy mothers and unmarried women as manifestations of God. This work is studded with luminous texts from Arabic, Turkish, Persian, and particularly Indo-Muslim cultures, which reveal how physical love can give expression to the highest forms of mysticism.

The Global Citizenship Commission was convened, under the leadership of former British Prime Minister Gordon Brown and the auspices of NYU's Global Institute for Advanced Study, to re-examine the spirit and stirring words of The Universal Declaration of Human Rights. The result – this volume – offers a 21st-century commentary on the original document, furthering the work of human rights and illuminating the ideal of global citizenship. What does it mean for each of us to be members of a global community? Since 1948, the Declaration has stood as a beacon and a standard for a better world. Yet the work of making its ideals real is far from over. Hideous and systemic human rights abuses continue to be perpetrated at an alarming rate around the

world. Too many people, particularly those in power, are hostile to human rights or indifferent to their claims. Meanwhile, our global interdependence deepens. Bringing together world leaders and thinkers in the fields of politics, ethics, and philosophy, the Commission set out to develop a common understanding of the meaning of global citizenship – one that arises from basic human rights and empowers every individual in the world. This landmark report affirms the Universal Declaration of Human Rights and seeks to renew the 1948 enterprise, and the very ideal of the human family, for our day and generation.

A depraved satanic cult called the Illuminati is waging a covert war against humanity. This is the key to mankind's tragic history and current predicament. For more than a thousand years, Cabalist money lenders have conspired to usurp power from church and aristocracy, according to a plan detailed in "The Protocols of the Elders of Zion." This plan does not represent Jews, but only a small cabal of bankers who organized in Masonic secret societies. They intermarried with prominent Gentiles and formed a vast occult and criminal underground. They are stealthily constructing a totalitarian world government. They involve nations in needless wars and enthrall the masses with porn, violence, trivia and toys. They attack our sources of identity and love -- God; family; country and race -- in order to stymie and dehumanize us. Sounds incredible, but after reading some of these 70 short essays, you'll nod in agreement. Their goal is to control your mind. If you know the truth, they can't.

The cosmology that underlies the Pythagorean Illuminati's ancient religion of Illuminism is based on six dimensions - three of real space, and three of imaginary space. Discover how this model explains all of the mysteries of Einstein's special theory of relativity and quantum mechanics, and disproves the theoretical basis of M-theory. This book explains the true nature of time and the speed of light, and thereby explains how God, the soul, and the afterlife are all inevitable. This is extremely complex philosophical, mathematical and scientific material that reveals the staggering difference between the childish cosmology of the Abrahamists compared with that of the Illuminati. No scientific materialist would find it easy to reveal any flaws in the Illuminati's six-dimensional cosmos. On the contrary, Illuminism exposes the enormous holes in the ideology of scientific materialism.

"The 66 Laws of the Illuminati: Secrets of Success," written by The House of Illuminati, provides the blueprint and tenets required for personal success. The House of Illuminati, known around the world as "The Illuminati," has broken years of silence with this publication. The Illuminati has made known its "Laws" which they indicate are the secrets of success for anyone who embarks upon the path of Light. Organized in six chapters, the book begins with "Chapter 1: The 66 Laws." Chapter 1 details the sixty-six rules of life suggested by the Illuminati as a guaranteed guide to success. The Laws are age-old, proverbial wisdom which typically sheds light on a principle of good character. Each of the Laws is followed by a Lesson that gives further clarity; insight, meaning, and commentary to help the reader better understand how to apply the Law. Chapter 2, "A Letter to the Youth of the Present Age," is a letter written by the Illuminati to the youth of the 21st century. It is a passionate epistle in response to comments made by rap artist Jay-Z and negative, inaccurate rumors which were circulating at the time. Chapter 3, "The House of Illuminati," shares the ancient and modern history of Illuminati. Chapter 4, "The Rituals," is a behind-the-scenes look at what happens inside the secret House including admission criteria and ceremonies. Chapter 5, "The Creed," and Chapter 6, "The Prayer," publish the Illuminati's creed and prayer which shape the essence of what the Illuminati believes. For the first time in centuries, this book is the only known source of written documents which define The Illuminati. A detailed account of our purpose and our commitment to the "path of Light" is provided for the public. The Illuminati hopes that all readers around the world will unite in a common cause to pursue the Light and travel down a road of success. Success is guaranteed to any person who follows the Laws and learns from the Lessons. On the path of the Light, The Illuminati

700 years ago, religion made much more sense to people than it does now. It was part of a coherent worldview linking all of the knowledge of the world then available, including the science and cosmology of the time. Religion nowadays seems rather ridiculous because the modern paradigm of scientific materialism has destroyed the link between humanity and the divine order. To be religious in the past wasn't stupid; now it is. This book explores the ancient Greek and medieval cosmology that supported the view that Earth was specially created by God. The "crystal spheres" of the heavens, with Earth at the centre, were beautiful, wondrous and inspiring. They fitted in perfectly with ideas of spirituality, angels and astrology. This is one of a series of books by the Pythagorean Illuminati, designed to reveal the absurdity and untenability of the Abrahamic religions in the modern scientific era.

There is a hunger for conspiracy news in America. Hundreds of Internet websites, magazines, newsletters, even entire publishing houses, disseminate information on invisible enemies and their secret activities, subversions, and coverups. Those who suspect conspiracies behind events in the news—the crash of TWA Flight 800, the death of Marilyn Monroe—join generations of Americans, from the colonial period to the present day, who have entertained visions of vast plots. In this enthralling book Robert Goldberg focuses on five major conspiracy theories of the past half-century, examining how they became widely popular in the United States and why they have remained so. In the post–World War II decades conspiracy theories have become more numerous, more commonly believed, and more deeply embedded in our culture, Goldberg contends. He investigates conspiracy theories regarding the Roswell UFO incident, the Communist threat, the rise of the Antichrist, the assassination of President John Kennedy, and the Jewish plot against black America, in each case taking historical, social, and political environments into account. Conspiracy theories are not merely the products of a lunatic fringe, the author shows. Rather, paranoid rhetoric and thinking are disturbingly central in America today. With media validation and dissemination of conspiracy ideas, and federal government behavior that damages public confidence and faith, the ground is fertile for conspiracy thinking. /DIV/DIV

The Sufis is the best introduction ever written to the philosophical and mystical school traditionally associated with the Islamic world. Powerful, concise, and intensely thought-provoking, it sums up over a thousand years of Eastern thought - the product of some of the greatest minds humanity has ever produced - into a single work, presenting timeless ideas in a fresh and contemporary style. When the book was originally published in 1964, it launched its author, Idries Shah, on to the international stage, attracting the attention of thinkers and writers such as J. D. Salinger, Doris Lessing, Ted Hughes and Robert Graves. It introduced to the Western world concepts which have subsequently become

commonly accepted, varying from the psychological importance of attention and humour, to the use of traditional tales as teaching instruments (what Shah termed 'teaching-stories'), and the historical debt owed by the West to the Middle East in matters scientific, literary and philosophical. As a primer for the many dozens of Sufi books that Shah later produced, it is unsurpassed, offering a clear window onto a community whose system of thought and action has long concerned itself with the advancement of the whole of humankind, and whose ideas about individuals and society, their purpose and direction, need to be understood now more than ever before.

Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - Magick: In Theory and Practice - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J. A mystical poem shares the parting words of a prophet in answer to questions about love, marriage, children, time, work, and death
A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamases, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as "The Ancient and Illuminated Seers of Bavaria," the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.
BANNED IN FRANCE This book is about the development of a New World Order that aims to suppress the whole of humanity. We are raised, by tradition, to trust our governments, and convinced that they care about us. This, however, is a big mistake. Below the surface of official politics lies a complicated social and intellectual process that is taking place. The world is governed by very different personages from what is imagined by those who are not behind the scenes. We are governed, our minds are molded, our tastes formed, our ideas-suggested, largely by men, that we have never heard of. In almost every act of our daily lives, whether in the sphere of politics or business, in our social conductor or our ethical thinking, we are dominated by the relatively small number of persons. Are the visible world leaders just mere puppets directed by an invisible power from behind the scenes? Are there invisible hands controlling the world? Is there a conspiracy? Who are the conspirators? We are dealing with the rise of a new geo-political supranational power on the world scene. This geo-political power consists of the richest families on this planet. Together with the most powerful multinationals they rule and control all countries and all coalitions. The true aim of this elite group is complete control of Planet Earth. They consist of a small elite group formed by the most influential and powerful, anonymous, very exclusive family dynasties that live dispersed over the world. They keep their power and money betwixt them by intermarriage. They operate behind the scenes of the most important enterprises, media and the financial institutions, but also behind the political scenes. Through connections, money and violence these powerful double-crossing families slipped in with one ultimate goal: the establishment of a One World dictatorship. Their target is to force a New World Order on the whole of mankind. They have bought an enormous part of the world with its economic power and placed it under its control. With the help of their unimaginable financial reserves they currently dispose of a worldwide financial control system with which they can control the entire world economy and political system. They determine how the leading politicians of this world have to act. Over time these influential families have extended the scope of their power over the whole world. Their web reaches all corners of the world. Their tentacles are woven with all facets of human existence. Their influence is unimaginable and it reaches all the leading institutions and organizations in the fields of politics, education, religion, finances and mass media. Science has also been infiltrated by them and is financially dependent on them and thus subject to manipulation (think of the Rockefeller, Carnegie, and Guggenheim foundation). The New World Order they are planning will be a World Dictatorship. Conservatives will call it Socialism or Communism. Liberals will call it Fascism. The label makes little difference; it will be the Gulag Archipelago on a worldwide basis. This book is a very unique publication and reading it will undoubtedly change the way you look at both history and the world today. It completely turns everything on its head. Once you read it, all of a sudden you will see the world around you in infrared. You soon see things which are simply not possible to view with the range of standard vision. The contents of this book is highly controversial and uncompromising. It describes a monster that we, in all our ignorance, have created together. It also serves to give us an idea of what's in store for the near future, so we can better prepare for what's coming our way. In 2006 the first French edition of this book was banned in France.

Here is a true story of international intrigue, romances, corruption, graft, and political assassinations, the like of which has never been written before. It is the story of how different groups or atheistic- materialistic men have played in an international chess tournament to decide which group would win ultimate control of the wealth, natural resources, and man- power of the entire world. It is explained how the game has reached the final stage. The International Communists, and the International Capitalists, (both of whom have totalitarian ambitions) have temporarily joined hands to defeat Christian-democracy. The solution is to end the game the International Conspirators have been playing right now before one or another totalitarian-minded group imposes their ideas on the rest of mankind. The story is sensational and shocking, but it is educational because it is the TRUTH. The author offers practical solutions to problems so many people consider insoluble. Have you ever wished you could reprogram your brain, just as a hacker would a computer? In this 3-step guide to improving your mental

In *Mind Hacking*, Hargrave reveals the formula that allowed him to overcome negativity and eliminate mental problems at their core. This book articulates a new research program, called "Ur-Illuminism," which consists in an integrated and systematic study of humanity's quest for "illumination," namely, for the highest and noblest possible mode of being. Thus, it takes on the challenge of revising widely accepted ways of understanding and interpreting the ontological underpinnings of civilization and the ontological potential of humanity. It allows the reader to delve into a creative "rediscovery" of Platonism, medieval Christian mystics' and scholars' writings, and various "illuminist" systems, from the Orphic mystical cult to the European Enlightenment and thence to the eighteenth-century Illuminati fraternities and beyond. Moreover, the book studies major issues in the history of philosophy, politology, and esoteric systems (such as Hermeticism, the Kabbalah, alchemy, the Rosicrucian movement, Freemasonry, and the Bavarian Illuminati). It maintains that a postmodern "rediscovery" of premodern metaphysics, specifically, a postmodern esoteric theocracy (as distinct from old sacerdotalism and religious formalism), is the best bulwark against oppression and the ontological degradation of humanity, as well as the best path to the attainment of that wisdom and spiritual self-knowledge which constitute the existential integration and completion of the human being. In this context, it proposes a peculiar and intellectually fecund synthesis between Tory Anarchism, Libertarianism, Platonism, and Byzantine Hesychasm, as they are elucidated here.

What is the nature of the New Order proposed by the Pythagorean Illuminati, the world's most controversial secret society? The Illuminati advocate the replacement of democracy by meritocracy, the abolition of all monarchies, dynastic families and privileged elites. How can the corrupt reign of the Old World Order finally be brought to an end? The Illuminati have proposed the most radical and revolutionary redistributive policy of all time: 100% inheritance tax. With this single measure, the iniquitous rule of elite families such as the Rothschilds and Bushes would be terminated. The super rich defy the natural law of the regression to the mean. The rich just keep getting richer, and the poor poorer. 100% inheritance tax restores the law of nature; it brings back healthy social equilibrium. It prevents the formation of dynasties that bestride the globe for centuries. It gives everyone a fair chance in life.

THE DARK PATH is considered Isaac Weishaupt's magnum opus; a result of many years delving into the recesses of occult dogma. Using cited references to occult literature from the likes of Aleister Crowley, Helena Blavatsky, Kenneth Grant, Jack Parsons and Alice Bailey; Isaac provides a fundamental exploration of the occult belief system and alternate version of history. Utilizing familiar examples from pop culture, film, music, and television; Isaac proves the "Illuminati" agenda to steer humanity down a path of Luciferianism by inserting symbolism that speaks to, and manipulates, our subconscious minds. Demonstrations of occult symbols, predictive programming, and ritual magick concepts will be evident as the reader sees the connections made between Disney, The Beatles, Star Wars, Rihanna, Led Zeppelin, Jay-Z, Katy Perry, HBO's *Westworld*, Harry Potter, The Rocky Horror Picture Show, the Alien films, Batman, Ancient Aliens, comic book super heroes, and many more! This work carves out a distinction between witches, satanists, magicians, occultists and the New Age, while proving the connected desires to usher in Crowley's Aeon of Horus as the New World Order. Using concepts from Gnosticism, Freemasonry, Alchemy, Kabbalah, and ceremonial magick; Isaac explains Hermetic axioms such as "As above, so below" from which many occultists subscribe to mental emanations that can be used to create reality. They are all part of the Evolution of Consciousness that is being used to push mankind down the path of obliteration through transhumanism, which promises the alchemical pursuit of immortality. NASA, Adolf Hitler's Nazis, and Ancient Alien theorists are using Darwin's theory of evolution to assert the superiority of alien life forms. A coordinated effort of science-fiction beliefs is being conducted to put us in direct contact with these demonic deceptions. The unsuspecting masses will be shocked to find out the "Illuminati" savior of Lucifer and his desire to put us into the transhuman digital matrix; ultimately destroying God's creation by "evolving" us into the next entity: a globally connected digital form of consciousness. Isaac shares personal tales of Faustian bargains as well as experiences with radio shows that helped confirm his world view of the frequency battle for our souls; and this book is a testament to those observations. "The religion of the ancients is the religion of the future." -Helena Blavatsky Website publisher of IlluminatiWatcher.com and top 5% Amazon author; Isaac Weishaupt has been on the leading edge of conspiracy theories surrounding the elusive "Illuminati" and its infiltration of the entertainment industry.
