Masturbation is like tuning a radio -- you don't know what frequencies you'll enjoy until you play with the knobs. Masturbation has a complicated stigma attached to it; everybody is doing it, but not everybody talks about it. Some were told that touching oneself would cause cute kittens to die, some were told masturbation led blindness. *Getting Off: A Woman's Guide to Masturbation* is here to debunk those masturbation myths, and reinforce the truth. Masturbation is a totally natural and normal way for women to connect with and find pleasure in their bodies. Fun, informative, and illustrated, *Getting Off* provides women with a wealth of masturbation knowledge -- its history, the mechanics of it, the joys of sexy toys -- plus clear, concise tips on getting off. Foreword by Betty A. Dodson

NEW YORK TIMES BESTSELLER “A gripping journey.”—People The highly anticipated memoir from hip-hop icon Rick Ross chronicles his coming of age amid Miami’s crack epidemic, his star-studded controversies and his unstoppable rise to fame. Rick Ross is an indomitable presence in the music industry, but few people know his full story. Now, for the first time, Ross offers a vivid, dramatic and unexpectedly candid account of his early childhood, his tumultuous adolescence and his dramatic ascendancy in the world of hip-hop. Born William Leonard Roberts II, Ross grew up “across the bridge,” in a Miami at odds with the glitzy beaches, nightclubs and yachts of South Beach. In the aftermath of the 1980 race riots and the Mariel boatlift, Ross came of age at the height of the city’s crack epidemic, when home invasions and execution-style killings were commonplace. Still, in the midst of the chaos and danger that surrounded him, Ross flourished, first as a standout high school football player and then as a dope boy in Carol City’s notorious Matchbox housing projects. All the while he honed his musical talent, overcoming setback after setback until a song called “Hustlin” changed his life forever. From the making of “Hustlin” to his first major label deal with Def Jam, to the controversy surrounding his past as a correctional officer and the numerous health scares, arrests and feuds he had to transcend along the way, *Hurricanes* is a revealing portrait of one of the biggest stars in the rap game, and an intimate look at the birth of an artist.

Recreational screen media use is quickly replacing family time, by no fault of parents. They are doing the best they can based on the information available to them, which claims nothing can be done to stop their children's screen dependence. Parents seeking change need a new framework for action. *Breaking the Trance* does not blame parents or vilify technology, but it does give parents clear and effective strategies to implement immediately. The results will restore a sense of care and connection within the family. George T. Lynn, MA, LMHC, is a psychotherapist from Bellevue, Washington, who has pioneered the use of psychotherapy for adults and children with neuropsychological issues. George is author of the *Survival Strategies for Parenting* series, *Genius! Nurturing the Spirit of the Wild Oppositional Child* and *The Asperger Plus Child*. He has appeared on National Public Radio, Air America, and the Maury Povich Show to talk about his work with children who exhibit extreme behavior problems.

Cynthia C Johnson, MA, utilizes in-home individualized therapeutic tutoring to help unique K–12 learners reach their full potential. She is the founding director of the Venture Program at Bellevue College in Washington, the first degree program in the nation designed for students challenged with learning and intellectual disabilities. Her work has been featured by National Public Radio, the Chicago Tribune, Inside Higher Education, University Business Magazine, the Seattle Times, and KIRO 7. She is a Certified Mediator Practitioner in Washington State. This volume - investigating the work of a particular photographer, in this case, Laszlo Moholy-Nagy - comprises a 4000-word essay by an expert in the field, 55 photographs presented chronologically, each with a commentary, and a biography of the featured photographer. Packed with helpful photographs, hundreds of techniques, and loads of expert instruction, *The Complete Book of Poses for Artists* is the perfect resource for artists of all skill levels. The

human figure is one of the most difficult subjects to capture in drawing. The Complete Book of Poses for Artists combines photographs and illustrations that demonstrate how to accurately render the human form in hundreds of realistic poses using a variety of drawing media, including graphite pencil, charcoal, and pastel. The book guides artists through the process of drawing the human figure as it pertains to anatomy, proportions, volume, mass, gesture, movement, and expression. From there, the book reveals how these characteristics come together using light, shape, line, and form to accurately depict the human figure in a variety of everyday poses, including standing, sitting, reclining, and action. Each section features color photographs of people in several "core" poses (e.g., sitting, reclining, and action), as well as multiple variations of those poses. Step-by-step artist illustrations demonstrate how to render the core pose, whereas illustrations and professional tips demonstrate how to turn the core pose into a new variation. In addition, step-by-step drawing instructions and techniques demonstrate how to capture realistic poses as they differ from one person to the next across a range of human characteristics, such as age (child, teen, adult, senior citizen); body type (ectomorph, mesomorph, endomorph); gender; and activity (e.g., athlete, dancer, etc.). Packed with helpful photographs, hundreds of techniques, and loads of expert instruction, The Complete Book of Poses for Artists is the perfect resource for artists of all skill levels—and one that will be referred to over and over again.

Leading floral designers Putnam & Putnam are back - now with the ultimate flower-arrangement reference book The follow-up to Darroch and Michael Putnam's acclaimed bestselling debut, Flower Color Theory is the only guide that uses color theory as inspiration for flower arrangements. The book features 175 arrangements that show myriad ways to combine flowers of different hues, all built around color schemes including analogous, complementary, monochromatic, triadic, transitional, and accent colors. Flower Color Theory is both inspirational and a guide to creating lush, romantic, and effortlessly elegant creations of your own.

Created by one of Japan's most popular artists, this book provides detailed and complete instruction for illustrating fun and appealing characters and elements that celebrate life. This book is for artists and crafters of all skill levels that want to bring their own illustration to their work. It offers both entertaining and fun drawing instruction and techniques along with inspiring and sweet unique-style characters and elements.

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit,

her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Created by one of Japan's most popular artists, this book provides detailed and complete instruction for colourful illustrations presented in a fun "finish the story" format. Enrico Corte. Spectroscopive. Ediz. italiana e inglese

"Mr. Lemoncello holds a contest for his young friends where they must race to bring interesting facts back to his library"--

Drug addiction is a complex illness. It is characterized by intense and, at times, uncontrollable drug craving, along with compulsive drug seeking and use that persist even in the face of devastating consequences. This update of the National Institute on Drug Abuse's *Principles of Drug Addiction Treatment* is intended to address addiction to a wide variety of drugs, including nicotine, alcohol, and illicit and prescription drugs. It is designed to serve as a resource for healthcare providers, family members, and other stakeholders trying to address the myriad problems faced by patients in need of treatment for drug abuse or addiction. Addiction affects multiple brain circuits, including those involved in reward and motivation, learning and memory, and inhibitory control over behavior. That is why addiction is a brain disease. Some individuals are more vulnerable than others to becoming addicted, depending on the interplay between genetic makeup, age of exposure to drugs, and other environmental influences. While a person initially chooses to take drugs, over time the effects of prolonged exposure on brain functioning compromise that ability to choose, and seeking and consuming the drug become compulsive, often eluding a person's self-control or willpower. But addiction is more than just compulsive drug taking-it can also produce far reaching health and social consequences. For example, drug abuse and addiction increase a person's risk for a variety of other mental and physical illnesses related to a drug-abusing lifestyle or the toxic effects of the drugs themselves. Additionally, the dysfunctional behaviors that result from drug abuse can interfere with a person's normal functioning in the family, the workplace, and the broader community. Because drug abuse and addiction have so many dimensions and disrupt so many aspects of an individual's life, treatment is not simple. Effective treatment programs typically incorporate many components, each directed to a particular aspect of the illness and its consequences. Addiction treatment must help the individual stop using drugs, maintain a drug-free lifestyle, and achieve productive functioning in the family, at work, and in society. Because addiction is a disease, most people cannot simply stop using drugs for a few days and be cured. Patients typically require long-term or repeated episodes of care to achieve the ultimate goal of sustained abstinence and recovery of their lives. Indeed, scientific research and clinical practice demonstrate the value of continuing care in treating addiction, with a variety of approaches having been tested and integrated in residential and community settings.

The acclaimed beginner's book on object technology now presents UML 2.0, Agile Modeling, and the latest in object development techniques.

DIVThe 4th book in the Illustration School series focuses on the subject colors. A good understanding and use of color is a key skill for artists and designers to master. The popular illustrator Sachiko Umoto's exercises on magical color selection show you how

to enjoy colors and express your feelings with colors, with each exercise accompanied by cute illustrations and simple color exercises. Adults and children can equally enjoy and learn how to use colors through this book. /div

Enrico Corte (1963) vive e lavora a New York e Roma. Adotta fin dal suo esordio un ruolo antinomico rispetto alle modalità abituali del fare arte, scegliendo di mostrare &"ciò che non si vuol vedere&", il lato oscuro della creatività che spesso confina col suo opposto, ossia con l&'autodistruzione. Corte si colloca lontano sia dal gusto tipicamente italiano per la &"leggerezza&" sia dalla ricerca dello scandalo a tutti i costi, trovando invece inedite forme di bellezza plastica, fatali fascinazioni di fronte all&'ignoto. Capovolgendo le regole stabilite del mercato dell&'arte, che vorrebbero l&'artista specializzato in un singolo &"segno&" riconoscibile nel tempo, Corte è intervenuto direttamente nel sociale tramite una moltiplicazione di stili, tecniche e soluzioni estetiche sufficienti per attrarre l&'attenzione del suo pubblico e condurlo nei territori del turbamento e vertigine. I temi del pieno e del vuoto, e dell&'equilibrio delle forme - tipici dell&'arte scultorea classica - subiscono nuove metamorfosi e divengono metafore tragicomiche di un malessere sociale. In questa monografia su Corte, un saggio critico di Gianluca Marziani analizza una selezione di opere secondo un&'ottica &"spettroscopica&" che annulla i concetti tradizionali di Evoluzione e Maturità. Attraverso questa interpretazione, il lavoro di Corte si colloca in una dimensione neurale, imitando lo sviluppo labirintico che regola il macrocosmo dei più oscuri ed inquietanti processi cerebrali. In *The Flame Alphabet*, the most maniacally gifted writer of our generation delivers a novel about how far we will go in order to protect our loved ones. The sound of children's speech has become lethal. In the park, adults wither beneath the powerful screams of their offspring. For young parents Sam and Claire, it seems their only means of survival is to flee from their daughter, Esther. But they find it isn't so easy to leave someone you love, even as they waste away from her malevolent speech. On the eve of their departure, Claire mysteriously disappears, and Sam, determined to find a cure for this new toxic language, presses on alone into a foreign world to try to save his family.

"Humanists and social scientists alike will profit from reflection on the efforts of the contributors to reimagine anthropology in terms, not only of methodology, but also of politics, ethics, and historical relevance. Every discipline in the human and social sciences could use such a book."--Hayden White, author of *Metahistory*

Mulan is a curious, clever young girl with a love for adventure and learning. But there is no greater love than the one she has for her family. She will do anything for them—even if it means joining the army disguised as a man in her father's place. In battle, Mulan must find her bravery and her strength to become the legendary woman warrior she is destined to be. In this retelling of *The Ballad of Mulan*, the Chinese folktale comes to life through striking full-color illustrations. Readers will cheer for our hero in this classic story of courage, persistence, and standing up for what one believes in.

This book has been designed specifically to support the student through the IB Diploma Programme in Mathematical Studies. It includes worked examples and numerous opportunities for practice. In addition the book will provide students with features integrated with study and learning approaches, TOK and the IB learner profile. Examples and activities drawn from around the world will encourage students to develop an international perspective.

Winner of a Foreword IndieFab Book of the Year Award Katrina Alcorn was a 37-year-old mother with a happy marriage and a thriving career when one day, on the way to Target to buy diapers, she had a breakdown. Her carefully built career shuddered to a halt, and her journey through depression, anxiety, and insomnia—followed by medication, meditation, and therapy—began. Alcorn wondered how a woman like herself, with a loving husband, a supportive boss, three healthy kids, and a good income, was unable to manage the demands of having a career and a family. Over time, she realized that she wasn't alone; many women

were struggling to do it all—and feeling as if they were somehow failing as a result. Mothers are the breadwinners in two-thirds of American families, yet the American workplace is uniquely hostile to the needs of parents. Weaving in surprising research about the dysfunction between the careers and home lives of working mothers, as well as the consequences to women's health, Alcorn tells a deeply personal story about “having it all,” failing miserably, and what comes after. Ultimately, she offers readers a vision for a healthier, happier, and more productive way to live and work.

Wander through The Ultimate Art Museum - home to the finest, most accessible works from around the world and across time The imaginary art museum: an educational, inspiring experience without the constraints of space and time. Discover beautiful reproductions from pre-history to the present, arranged in easy-to-navigate, colour-coded wings, galleries, and rooms, each with an informative narrative guide. Marvel at its remarkable range of styles and mediums - from classic to contemporary, and from paintings and sculptures to photographs and textiles. "A much-needed book that will strike a chord with so many girls - and help them dare to be different." - Jacqueline Wilson Molly is in her final year of primary school, with secret dreams of becoming an Olympic swimmer. Having always lived in the shadow of her manipulative friend, Chloe, Molly finally has the chance to compete in a regional swimming contest and define herself on her own terms. But with the pressure of fitting in, and the sudden arrival of her mysterious mum, will she give up on her dreams for a shot at popularity? A hugely exciting debut with a classic underdog story, a wonderfully relatable protagonist, and an important message of friendship, body positivity, and celebrating who you are. "I loved the voice in this accomplished debut, which touches on important issues of bullying and body dysmorphia." - Fiona Noble, The Bookseller

This book contains three prolific essays by the world renown polish anthropologist Bronislaw Malinowski. First published in 1926, Magic, Science and Religion provides its readers with a seminal collection of texts exploring the concepts of magic, religion, science, rite and myth, detailing how they interlink to offer exciting and informative insights into the Trobrianders of New Guinea. A must-have for any students of anthropology and collectors of Malinowski's work, we are republishing this classic work with a new introductory biography of the author. Creative Insults: Retro Coloring Designs for Foul-Mouthed Beasts. Color your way to satisfaction with this book of hand drawn illustrations of the most disgusting, the rudest, and the most creative insults. 20 different hand drawn illustrations. Bonus black background variations. Bonus "scenario" variations. Printed Single Sided. All taken from the hand-drawn illustrations by artist Steve Squidoodle Turner. No clip-art or computer generated imagery here, these are all old school drawings done with a pen. Includes such charming phrases as: I Really Hope You Sh*t and Fall Back in It Is That Your Face or Did Your Neck Throw Up? I Hope Your Fingers Change into Fishing Hooks and You Get An Itch In Your Balls You Massive Festering Stinky Ballbag and many more which are just too rude to mention here.

Widely respected and admired, Philip Fisher is among the most influential investors of all time. His investment philosophies, introduced almost forty years ago, are not only studied and applied by today's financiers and investors, but are also regarded by many as gospel. This book is invaluable reading and has been since it was first published in 1958. The updated paperback retains the investment wisdom of the original edition and includes the perspectives of the author's son Ken Fisher, an investment guru in his own right in an expanded preface and introduction "I sought out Phil Fisher after reading his Common Stocks and Uncommon Profits...A thorough understanding of the business, obtained by using Phil's techniques...enables one to make intelligent investment commitments." —Warren Buffet Nurse Hana, thief Caravaggio and soldier Kip are brought together in an abandoned Italian

villa at the end of World War II by a nameless and hideously burned English patient.

A severe economic critique of the 1920 Treaty of Versailles written by the famous economist, who was a member of the British peace delegation until he quit with disgust.

The 'Canzoniere', a sequence of sonnets and other verse forms, were written over a period of about 40 years. They describe Petrarch's intense love for Laura, whom he first met in Avignon in 1327, and her effect on him after she died in 1348. The collection is an examination of the poet's growing spiritual crisis, and also explores important contemporary issues such as the role of the papacy and religion.

Provides step-by-step instructions for drawing animals in the Japanese-character style.

"Boris, a swamp creature who was adopted by human parents, starts to question where he truly belongs"--

This book focuses on drawing the perfect eye using a pencil and eraser. Step by step learn how to layer and shade the iris, pupil, brow, eyelid and nasal area.

Learn the basics; the structure of the eye, the parts of the eye, and shading methods. Once you master these methods you will be able to use the same methods on the other parts of the face.

A Book-Lover's Holidays in the Open is a classic literary work by Teddy Roosevelt which describes the US president's adventures in the great American outdoors. The man should have youth and strength who seeks adventure in the wide, waste spaces of the earth, in the marshes, and among the vast mountain masses, in the northern forests, amid the steaming jungles of the tropics, or on the deserts of sand or of snow. He must long greatly for the lonely winds that blow across the wilderness, and for sunrise and sunset over the rim of the empty world. His heart must thrill for the saddle and not for the hearthstone. He must be helmsman and chief, the cragsman, the rifleman, the boat steerer. He must be the wielder of axe and of paddle, the rider of fiery horses, the master of the craft that leaps through white water. His eye must be true and quick, his hand steady and strong. His heart must never fail nor his head grow bewildered, whether he face brute and human foes, or the frowning strength of hostile nature, or the awful fear that grips those who are lost in trackless lands.

A realistic and emotional look at a woman who falls into the grips of insanity written by the iconic American writer Sylvia Plath "It is this perfectly wrought prose and the freshness of Plath's voice in *The Bell Jar* that make this book enduring in its appeal." — USA Today *The Bell Jar* chronicles the crack-up of Esther Greenwood: brilliant, beautiful, enormously talented, and successful, but slowly going under—maybe for the last time. Sylvia Plath masterfully draws the reader into Esther's breakdown with such intensity that Esther's insanity becomes completely real and even rational, as probable and accessible an experience as going to the movies. Such deep penetration into the dark and harrowing corners of the psyche is an extraordinary accomplishment and has made *The Bell Jar* a haunting American classic. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.
