A design tutorial by Daniela Bambrilla, Versace's chief design illustrator, the book is an idea of couturier Favio Marconi who, impressed by her drawing style, her unique taste designing fashion collections and the precision with which she captures the flow of fabric over the body, convinced her to put it into print. Here Bambrilla reveals her fresh and innovative style, not better than others, as she writes, but original and distinctive for Versace's workshop, halfway between fashion sketching and illustration. Manuela Brambatti began to work in the fashion world in the late '70's for the fashion magazine Style and for other magazines. She has collaborated with Giorgio Correggiari, Krizia, and Gian Marco Venturi. Employee, and later exclusive partner of the Versace fashion house from 1981 to 2009, Manuela, was crucial in setting standards in the Style magazine for the presentation of all fashion collections and their illustrations and, in recent years, the Home Collection of the Brand. Foreword writer Bruno Gianesi worked for Gianni Versace's for sixteen years as head stylist and manager of theatrical projects. He designed costumes for respected choreographers and directors such as Maurice Bjart, Roland Petit, William Forsythe, and Bob Wilson and designed also clothing for famous members of the international jet-set, including Elton John, Madonna, Lady Diana, and Sting. The journalist and foreword writer Tony di Corcia published several books about Gianni Versace.

La Lombardia occupa un posto di primo piano nella storia della tipografia e dell'editoria italiana, e in particolare di quelle che con maggiore assiduità si sono dedicate alla pubblicazione di riviste, periodici e giornali. Questo volume si concentra sulla produzione di periodici femminili offrendo una esauriente elencazione catalografica. Fashion Drawing is a comprehensive, practical guide to fashion drawing for students of fashion design. The book covers men, women and children, starting with how to draw the fashion figure and continuing with garments and garment details, before teaching the reader how to render various types of fabric. This second edition has been updated to include more details on how to draw flats as well as rendering knits, denim, pile weaves and fur. Tips are also included throughout on finishing hand-rendered drawings in Adobe Illustrator and Photoshop. Contemporary in its approach and offering step-by-step guidance, the book emphasizes drawing as an integral function of the garment design process. Students learn how to manipulate various garment details with consideration for scale, construction and color as well as keeping in mind the profile of the potential customer. Illustrated throughout with a wide range of images from illustrators and designers working in today's market, Fashion Drawing provides both the inspiration and the instruction necessary to allow

students to develop their own illustration style.

SENSUAL FASHION ILLUSTRATION INTRODUCTION: A new and different way of thinking about fashion illustrations. Images in this book include not only lines, edges and design techniques; what we want to represent is passion, sensuality and femininity. Accessories, jewelry and poses are used to emphasize each female curve making all illustrations beautiful and attractive. Our goal is to give you several options to express the feminine sensuality. You will find some soft illustrations, delicate and sweet with a touch of romance, while on the other side there are more explicit drawings with provocative poses and strong shades. Broaden your point of view and exceed, don't think about imposed limits and discover how to combine fashion, art and illustration technique. This book aims to be a tribute to women, especially to their ability to be fascinating. If you love Fashion illustration this Fashion Sketchbook Figure Template Book with his fashion illustration poses is the right solution. You will Love our Female Fashion Figure Templates Book Fashion Sketchbook Figure & Flat Template: Build easily your Fashion Design Portfolio, Female Croquis & Drawing Your Fashion Flats with Flat Template Sensual Fashion Illustration Book: concept by Angelo Russica designs by Lorenzo Curti

A comprehensive reference with techniques for drawing fashions. This book describes techniques for illustrating fashion details (referred to as flat or technical drawings). The details cover jackets, overcoats, trousers, skirts, shirts, blouses, dresses, knitted styles, accessories, foot wear, hats, bags, and sport shoes, with special attention to how clothing hangs, moves, and folds when being worn. Each chapter starts with an introduction, followed by images and explanatory captions for each illustration or series of illustrations. With a focus on shape and form, the book illustrates drawing with fine marker and hard pencil.

Technical Drawing for Fashion explains how to create a technical fashion drawing using a simple and straightforward step-by-step method, explained for those who wish to use Adobe Illustrator as well as for those who prefer to draw by hand. The second part of the book presents over 600 technical drawings of garment types, styles and construction details, the basic key shapes of which are shown alongside a specially created and photographed calico toile. Accompanying each illustration is a list of all the terms by which that garment is known. This unique presentation illustrates the relationship between the three dimensional garment and the two-dimensional drawing, allowing readers to really understand how to render technical drawings.

The author recounts his experiences traveling in India, and shares his impressions of

the land, its people, and culture

An interactive coloring book for fashionistas of all ages, *My Wonderful World of Fashion* is packed with beautiful and sophisticated illustrations specially created by the leading fashion-illustrator Nina Chakrabarti. The book encourages creativity, with illustrations to color in and designs to finish off, as well as simple ideas for making and doing (how to make a sari, turn a napkin into a headscarf, dye a T-shirt, and so on). Covering clothing, shoes, bags, jewelry, and other accessories, the illustrations span both vintage fashions drawing on beautiful and interesting objects from past ages and contemporary designs from the illustrator's own imagination. 'Did you know...?' features that give brief historical notes encourage children to be inspired by history and by other cultures. A wonderful celebration of fashion, the book will appeal to fashion addicts from 8 years plus.
