The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

Alex Dimitrov's third book, *Love and Other Poems*, is full of praise for the world we live in. Taking time as an overarching structure—specifically, the twelve months of the year—Dimitrov elevates the everyday, and speaks directly to the reader as if the poem were a phone call or a text message. From the personal to the cosmos, the moon to New York City, the speaker is convinced that love is "our best invention." Dimitrov doesn't resist joy, even in despair. These poems are curious about who we are as people and shamelessly interested in hope.
