

Income Tax Act In Gujarati Language

What a family! Simple and complex, traditional and modern, religious and rational, money-minded and money-renouncing, Indian and international, fiercely individualistic and inspiringly loyal' -P. Lal In a life spanning nine decades Krishna Kumar Birla, son of the legendary Ghanshyam Das Birla, witnessed events that shaped India in the twentieth century and had close associations with iconic figures like Mahatma Gandhi, Madan Mohan Malviya, Jayaprakash Narayan, Jawaharlal Nehru and Indira Gandhi. Head of one of India's leading business houses, K.K. Birla embraced principles in which the creation of wealth, philanthropy and political leadership were all regarded as part of nation-building. Written in a style that is simple and translucent in its sincerity, Brushes with History brings alive an important era in the life of the nation, its changing social mores, evolving principles of corporate governance and enduring family values In an affectionate and moving tribute, K.K. Birla's daughter, Shobhana Bhartia, acquaints readers with her father's spiritual strength and moral values which were an integral part of his life.

Between 1955 and 1956 the Government of India passed four Hindu Law Acts to reform and codify Hindu family law. Scholars have understood these acts as a response to growing concern about women's rights but, in a powerful re-

reading of their history, this book traces the origins of the Hindu law reform project to changes in the political-economy of late colonial rule. The Hindu Family and the Emergence of Modern India considers how questions regarding family structure, property rights and gender relations contributed to the development of representative politics, and how, in solving these questions, India's secular and state power structures were consequently drawn into a complex and unique relationship with Hindu law. In this comprehensive and illuminating resource for scholars and students, Newbiggin demonstrates the significance of gender and economy to the history of twentieth-century democratic government, as it emerged in India and beyond.

Bare Act of Income Tax Act, 1961 updated upto Financial Year ending 31.03.2014.

Towards the end of the eighteenth century, a lone pilgrim reached Gujarat and joined a small ashram in Loj. In time, his followers not only accepted him as the leader of the ashram but also as the manifestation of deity and called him Swaminarayan. His followers increased rapidly and today Swaminarayan Hinduism is a transnational religious movement with major centers in India, East Africa, UK, USA, and Australasia. In a first multidisciplinary study of the movement, this volume provides new and vital information about its history, theology, as well as its transnational development, and brings forth current academic research from fields as diverse as the arts, architecture, sociology, and migration studies, among others. It analyses the philosophy, conduct, and principles that guide Swaminarayan Hindus and provides a case study of the historical and social processes of adapting religious traditions to shape new identities in response to evolving social, economic, and political changes.

Issues for 1919-47 include Who's who in India; 1948, Who's who in India and Pakistan.

Provides data on Value Added Tax/Goods and Services Tax (VAT/GST) and excise duty rates in OECD member countries as well as an analysis of trends in consumption taxation.

The classic reference work that provides annually updated information on the countries of the world.

Civil society is often expected to rise above historical and contemporary socio-economic forces such as the neoliberal economic policy and undertake the transformation of a stratified society to an egalitarian society conducive to democracy. Democracy, Civil Society and Governance is an endeavour to critically examine such expectations. The book focuses on the interplay of democracy, civil society and public policy implementation, and addresses the role of civil society in terms of the changing nature of the economy and the condition of the working class. It highlights the reinforcement of hegemonic value systems by the contemporary mainstream civil society as well as the role of the pro-poor civil society in

supporting and mobilizing the disadvantaged for their rights and justice. The book also critically evaluates government policies and their implementation in the domains of education, public health, employment, social upliftment and environment.
