Lita Pierce was blissfully naive of everything she knew made her different from her family. That was until a mysterious ship brought her back into a war she was protected from. Now, orphaned again, Lita must seek out the Seer of Dragons to finish the war that separated her from her dragon kin. Constance Zogem distrusted humans and dragons alike. Then she came face to face with a red dragon. Her own dragon knew her duty and reluctantly joined with her. Duty compelled her to stay but her heart made her never want to leave. Will Lita be able to save her people in time? Will she do it with her heart intact, or have to make the ultimate sacrifice? The Dragons of Coses are unlike any of their kind. They can shift between human and dragon. A betrayer exposes their secret to High Lord Oxen, a ruthless tyrant who harbors strong resentment for dragons and their dragon-kin, called Calmers and forced the dragons into a war they wanted no part of. Living among the humans, hiding in plain sight, they never knew their queen had saved her unborn child. Only a red dragon can rule, but Lita grew up knowing nothing of her birthright, of who she really was. Then her island was attacked and her dormant dragon was awakened, forever changing the course of her life and propelling her into a future long destined for her. This is a f/f adventure romance.

Peter Sagal, the host of NPR's Wait Wait...Don't Tell Me! and a popular columnist for Runner's World, shares "commentary and reflection about running with a deeply felt personal story, this book is winning, smart, honest, and affecting. Whether you are a runner or not, it will move you" (Susan Orlean). On the verge of turning forty, Peter Sagal—brainiac Harvard grad, short bald Jew with a disposition towards heft, and a sedentary star of public radio—started running seriously. And much to his own surprise, he kept going, faster and further, running fourteen marathons and logging tens of thousands of miles on roads, sidewalks, paths, and trails all over the United States and the world, including the 2013 Boston Marathon, where he crossed the finish line moments before the bombings. In The Incomplete Book of Running, Sagal reflects on the trails, tracks, and routes he's traveled, from the humorous absurdity of running charity races in his underwear—in St. Louis, in February—or attempting to "quiet his colon" on runs around his neighborhood—to the experience of running as a guide to visually impaired runners, and the triumphant post-bombing running of the Boston Marathon in 2014. With humor and humanity, Sagal also writes about the emotional experience of running, body image, the similarities between endurance sports and sadomasochism, the legacy of running as passed down from parent to child, and the odd but extraordinary bonds created between strangers and friends. The result is "a brilliant book about running...What Peter runs toward is strength, understanding, endurance, acceptance, faith, hope, and charity" (P.J. O'Rourke).
