An original novel set in the universe of Star Trek: Voyager, from the New York Times bestselling author! As the Federation Starship Voyager continues to lead the Full Circle Fleet in its exploration of the Delta Quadrant, Admiral Kathryn Janeway remains concerned about the Krenim Imperium and its ability to rewrite time to suit its whims. At Captain Chakotay's suggestion, however, she orders the fleet to focus its attention on a unique planet in a binary system, where a new element has been discovered. Several biospheres exist on this otherwise uninhabitable world, each containing different atmospheres and features that argue other sentient beings once resided on the surface. Janeway hopes that digging into an old-fashioned scientific mystery will lift the crews' morale, but she soon realizes that the secrets buried on this world may be part of a much larger puzzle—one that points to the existence of a species whose power to reshape the galaxy might dwarf that of the Krenim. Meanwhile, Lieutenants Nancy Conlon and Harry Kim continue to struggle with the choices related to Conlon's degenerative condition. Full Circle's medical staff discovers a potential solution, but complications will force a fellow officer to confront her people's troubled past and her own future in ways she never imagined...™, ®, & © 2018 CBS Studios, Inc. The Art of Missing Link is a lushly illustrated volume that goes behind the scenes of LAIKA's new stop-motion adventure. The charismatic Sir Lionel Frost (voiced by Hugh Jackman) considers himself to be the world's foremost investigator of myths and monsters. The trouble is none of his small-minded high-society peers seems to recognize this. Sir Lionel's last chance for acceptance by the adventuring elite rests on traveling to America's Pacific Northwest to prove the existence of a legendary creature. A living remnant of Man's primitive ancestry. The Missing Link. Zach Galifianakis voices Mr. Link: the surprisingly smart, funny and soulful beast upon whom Sir Lionel's dreams depend. As species go, he's as endangered as they get; he's the last of his kind, and he's lonely. Proposing a daring quest to seek out his rumored distant relatives, he enlists Sir Lionel's help in an odyssey around the world to find the fabled valley of Shangri-La. Together with Adelina Fortnight (voiced by Zoe Saldana), an independent and resourceful adventurer who possesses the only known map to the group's secret destination, the unlikely trio embarks on a riotous rollercoaster of a ride. Along the way, our fearless explorers encounter more than their fair share of peril, stalked at every turn by dastardly villains seeking to thwart their mission. Through it all, Mr. Link's disarming charm and good-humored conviction provide the emotional and comedic foundation of this fun-filled family film. From LAIKA, the animation studio behind the Academy Award-nominated Kubo and the Two Strings, Missing Link is a stunning stop-motion epic and raucous comedy. Featuring concept art from the film's creation—including sketches, storyboards, character designs, and much more—and illuminated by in-depth interviews with the film's creative team, The Art of Missing Link is a must-have companion to the film.
