FACT: Businesses Need Writers, and Will Pay Handsomely For Them... Attention: Aspiring writers, career-changers, at-home Moms, journalists, staff writers, recent college grads, 55+ or anyone else interested in making a handsome living as a writer. Here's your roadmap to hourly rates of \$50-125+ – and a writing lifestyle most can only dream of – in the lucrative field of “commercial” freelancing! This is the updated compilation of the TWO Well-Fed Writer “standards” you've heard about forever! Why Commercial Freelancing? Writing drives business. In the course of communicating with its customers and employees, an average corporation generates an enormous volume of writing. Yet, in today's downsized business world, the catchword is outsourcing. Many companies are asking: “Why pay salaries and benefits when freelancers – offering a range of talent and fresh “outsider” perspectives – give us only what we need, and only when we need it?” In TFWW, you'll learn what those writing projects are, where they are, how to land them, and how to get hired again and again (even with less-than-brilliant writing ability...). A Surprisingly Accessible (and Lucrative) Writing Direction... With NO industry contacts, NO previous paid writing experience, and NO writing training, the author built a commercial writing business from fantasy to full-time in less than four months. Have an unusual niche? Live in a small town? Need to start part-time? Terrified of “sales and marketing”? It's all here. Follow this step-by-step blueprint for leveraging your background into a profitable writing practice that moves light years beyond “starving writing”! An omnibus edition, based on the original Indiana Jones movies, chronicles the action-packed adventures of the globe-trotting archaeologist, in a volume that contains Raiders of the Lost Ark, Indiana Jones and the Temple of Doom, and Indiana Jones and the Last Crusade. Original. 40,000 first printing. (Novelizations of the Lucasfilms/Paramount Pictures films, starring Harrison Ford) (Suspense)

Follow the ultimate coffee geeks on their worldwide hunt for the best beans. Can a cup of coffee reveal the face of God? Can it become the holy grail of modern-day knights errant who brave hardship and peril in a relentless quest for perfection? Can it change the world? These questions are not rhetorical. When highly prized coffee beans sell at auction for \$50, \$100, or \$150 a pound wholesale (and potentially twice that at retail), anything can happen. In *God in a Cup*, journalist and late-blooming adventurer Michael Weissman treks into an exotic and paradoxical realm of specialty coffee where the successful traveler must be part passionate coffee connoisseur, part ambitious entrepreneur, part activist, and part Indiana Jones. Her guides on the journey are the nation's most heralded coffee business hotshots: Counter Culture's Peter Giuliano, Intelligentsia's Geoff Watts, and Stumptown's Duane Sorenson. With their obsessive standards and fiercely competitive baristas, these roasters are creating a new culture of coffee connoisseurship in America—a culture in which \$10 lattes are both a purist's pleasure and a way to improve

the lives of third-world farmers. If you love a good cup of coffee—or a great adventure story—you'll love this unprecedented up-close look at the people and passions behind today's best beans. "Weissman illustrates how the origin, flavor compounds and socioeconomic impact of a cup of coffee are relevant now more than ever. . . . Tagging along behind the main characters in today's specialty coffee scene, [she] travels from the exotic to the expected to artfully deconstruct the connoisseur's cup of coffee." —Publishers Weekly

Marine explorer Dirk Pitt faces off against an elite army from an era gone-by in order to uncover the secrets of an ancient civilization in this #1 New York Times-bestselling series. A group of anthropologists uncover strange inscriptions on the wall of a Colorado mine just as an explosion traps them deep within the earth. But their work won't stay buried long. Dirk Pitt is on hand during the blast and quick to initiate a rescue operation. He is then tapped to lead a research crew on behalf of the U.S. National Underwater and Marine Agency to further study these uncanny artifacts. And that's when his ship is set upon and nearly sunk by an impossibility—a vessel that should have died 56 years before. Clearly, another group knows about the relics of this long-forgotten but highly-advanced seafaring culture. And they'll stop at nothing to keep the rest of the world in the dark.

"No CGI can match what Vic can accomplish" - Steven Spielberg "Vic is The Man" - Pierce Brosnan "Vic Armstrong is, of course, a legend" - Martin Scorsese "This is the best and most original behind-the-scenes book I have read in years, gripping and revealing. Vic Armstrong is modest, humorous and wry - altogether brilliant company." - Roger Lewis, Daily Mail "[A] page-turner... I couldn't put it down! I had a great time reading this book and give it my highest recommendation." - Leonard Maltin "[Vic has] been this unheralded savior of movie magic for decades, and hearing how he makes the incredible credible is a must for any film fan." - Hollywood.com "Armstrong's a fascinating guy and a straight shooter. His book is fantastic." - Ain't It Cool News "The man is a legend in the industry... [A] mind-blowing, must-read biography." - Movies.com "The movie memoir of the year!" - SciFi Mafia "[Vic] talks to you like he's your cool uncle, or the uncle you wished you had, really down to earth, but at the same time you can tell he's got a twinkle in his eye as he's talking..." - Geek Six "A hell of a read." – Film School Rejects "The key to an entertaining autobiography is a combination of good stories to tell and a distinctive life; Armstrong has them both." - Library Journal "Armstrong has done it all." - Empire "A spills'n'thrills ride through a fast-forward life in pictures." - The Times "Armstrong takes us on the spectacular journey of his life that left me wondering who would be brave enough to play him in a movie. What a legacy! What a life! What a book!" - Geeks of Doom -- Think you don't know Vic Armstrong? Wrong! You've seen his work in countless films... He's been a stunt double for James Bond, Indiana Jones and Superman, and he's directed action scenes for three Bond movies,

Mission Impossible 3, Thor, and the upcoming The Amazing Spider-Man to name but a few. Counting Harrison Ford, Steven Spielberg and Arnold Schwarzenegger among his friends, and officially credited in the Guinness Book of World Records as the World's Most Prolific Stuntman, Vic's got a lot of amazing stories to tell, and they're all here in this - the movie memoir of the year!

Returning to New York from a dig, Indiana Jones learns of the recently discovered writings of Colonel Percy Fawcett, which reveal the existence of a lost city in the Brazilian jungle and a race of people descended from the Druids

Indy and Danish scientist Ulla Tornaes become the target of fanatical Nazi agents when a mysterious box containing a slice of Icelandic stone with mythological powers and a journal hinting at the existence of an underground civilization in the Arctic wastes leads them on a search for the lost city. Reissue.

With his signature bullwhip and fedora, the rousing sounds of his orchestral anthem, and his eventful explorations into the arcana of world religions, Indiana Jones--archeologist, adventurer, and ophidiophobe--has become one of the most recognizable heroes of the big screen. Since his debut in the 1981 film Raiders of the Lost Ark, Indiana Jones has gone on to anchor several sequels, and a fifth film is currently in development. At the same time, the character has spilled out into multiple multimedia manifestations and has become a familiar icon within the collective cultural imagination. Despite the longevity and popularity of the Indiana Jones franchise, however, it has rarely been the focus of sustained criticism. In Excavating Indiana Jones, a collection of international scholars analyzes Indiana Jones tales from a variety of perspectives, examining the films' representation of history, cultural politics, and identity, and also tracing the adaptation of the franchise into comic books, video games, and theme park attractions.

The reader assumes the role of the son of a kidnapped scientist and makes a series of choices which will determine how Indiana Jones can find the missing Dr. Ballentyne, uncover a fabulous treasure, and stop the Fascist forces in Ethiopia.

In the early morning hours of March 28, 2011, Charles and Helene Fontaine experienced something that shattered their beliefs about the nature of reality. One evening in 1981, Connie J Cannon was on I-75 with her young son, en route to their new home in Florida, when they suddenly found themselves on a military base, with a man in uniform holding a gun to her head as three Grays stood nearby. In 1979, Diane Fine was on her way from upstate New York to Vermont to see an obstetrics specialist for her high risk pregnancy, and experienced two hours of missing time. When she was finally examined at the clinic, she was told wasn't pregnant. In 1970, pilot Bruce Gernon was chased by something through the Bermuda Triangle and he has been talking about it ever since-to UFO Hunters, the Discovery Channel, National Geographic, the History Channel, the Sci-Fi channel, and all their foreign counterparts. These individuals have never met. But they share something significant. In 2003, a Roper Organization survey revealed that 33 million Americans may be abductees. Aliens in the Backyard is

their story. "Trish and Rob MacGregor have written a sobering, engaging and important book about the mysterious subject of alien abduction. When I read it, I was reminded of how little we know about this incredible, complex and enigmatic subject, and just how much light this insightful book sheds on it. If we are ever going to understand this phenomenon, books such as this are essential. Read it and wonder: what have we missed about our world? Perhaps the most important thing that has ever happened. Aliens in the Back Yard is a treasure." Whitley Strieber

"On every level, Cold Storage is pure, unadulterated entertainment." —Douglas Preston, The New York Times Book Review For fans of The Martian, Dark Matter, and Before the Fall comes an astonishing debut thriller by the screenwriter of Jurassic Park: a wild and terrifying bioterrorism adventure about three strangers who must work together to contain a highly contagious, deadly organism that could destroy all of humanity. They thought it was contained. They were wrong. When Pentagon bioterror operative Roberto Diaz was sent to investigate a suspected biochemical attack, he found something far worse: a highly mutative organism capable of extinction-level destruction. He contained it and buried it in cold storage deep beneath a little-used military repository. Now, after decades of festering in a forgotten sub-basement, the specimen has found its way out and is on a lethal feeding frenzy. Only Diaz knows how to stop it. He races across the country to help two unwitting security guards—one an ex-con, the other a single mother. Over one harrowing night, the unlikely trio must figure out how to quarantine this horror again. All they have is luck, fearlessness, and a mordant sense of humor. Will that be enough to save all of humanity?
