The #1 New York Times best-selling author Wayne Dyer has been inspiring people to change their lives for many years. Now three of his most fascinating books are collected in this single volume:

- *The Power of Intention* details Wayne's research on intention as a force in the universe that allows the act of creation to take place. He explains that it is not something we do, but rather an energy we're a part of. This is the first book to look at intention as a field of energy that we can access to begin co-creating our lives.
- *Inspiration* dissects feelings of emptiness, the idea that there must be something more, and trying to determine the meaning of life . . . all evidence of a yearning to reconnect with our soul space. This book explains how we've chosen to enter this world of particles and form, and each chapter is filled with specifics for living an inspired life. From a very personal viewpoint, Wayne offers a blueprint through the world of Spirit to inspiration, our ultimate calling.
- *Excuses Begone!* reveals how to change the self-defeating thinking patterns that have prevented us from living at the highest levels of success, happiness, and health. Wayne presents many of the conscious and subconscious crutches most of us employ, along with ways to cast them aside once and for all. The old, habituated

ways of thinking will melt away as the absurdity of hanging on to them is exposed, and we ultimately come to realize that there are no excuses worth defending—ever. The Essential Wayne Dyer Collection is a must-read for those wanting to explore the power and potential of the human mind, as well as anyone who is finally ready to live the best life possible! What if the Universe were to send you frequent reminders of the absolute power you have over your life? Author Mike Dooley, an interpreter for the Universe, has done exactly that in Notes from the Universe—a collection of empowering, invaluable truths that can be read front to back or opened at random. This first book in the Notes from the Universe trilogy teaches its readers to live a life far richer than they had previously thought imaginable. The Universe is here to remind us that we are in control. To have the life you desire, all you have to do is ask. The secret to manifesting change is not focusing on the how but instead, the end result of what you're after—the kind of life you want. Then, once you are truly focused, the Universe will conspire on your behalf. Author Mike Dooley has turned over every stone, knocked on every door, and followed every impulse. He has immersed himself in the truths he needed to hear most; these were the kind of lessons he wrote about in his weekly emails. What started in 1998 as a little poem sent out once a week to 38 email addresses has evolved into an inspiring anecdote delivered to over 300,000 subscribers from 169 countries, each receiving a new note from the Universe five days a week. Mike Dooley serves as an interpreter for the Universe. Notes from the Universe begins a three-volume set that is brimful with powerful affirmations that will have you thinking positively, feeling confident, and walking the path to personal success. When readers discover the truths the Universe is unveiling in Notes from the Universe, they will begin living happier, more fulfilling lives.

In 2001, Dr. Wayne Dyer wrote a book called 10 Secrets for Success and Inner Peace, based on the most important principles he wanted his children to live by. Serena Dyer, one of those children, has contemplated these ideas throughout her life. "Don't die with your music still in you" has been the most important principle for Serena: to her, it means that you don't allow yourself to live any life other than the one you were born to live. In this book, Serena sets out to explain what it was like to grow up with spiritual parents. She touches upon all ten of her dad's original secrets, imparting her own experiences with them and detailing how they have affected the way she approaches various situations in life. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. This unique father-daughter collaboration will warm the hearts of all parents . . . and inspire anyone who is looking to find the "music" inside themselves.

This beautiful book offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of 81 verses authored by Chinese prophet Lao-tzu 25 centuries ago. The words Tao Te Ching translate to "living and applying the Great Way." The Tao is considered by many scholars to be the wisest book ever written, and it encourages you to change your life by literally changing the way you think. Within these pages, Dr. Wayne W. Dyer has broken down the verses into bite-size pieces so that you can slowly absorb these powerful thoughts and imprint them into your consciousness. Working with one concept at a time, you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change.

Five hundred years before the birth of Jesus, a God-realized being named Lao-tzu in ancient China dictated 81 verses, which are regarded by many as the ultimate commentary on the nature of our existence. The classic text of these 81 verses, called the Tao Te Ching or the Great Way, offers advice and guidance that is balanced, moral, spiritual, and always concerned with working for the good. In this book, Dr. Wayne W. Dyer has reviewed hundreds of translations of the Tao Te Ching and has written 81 distinct essays on how to apply the ancient wisdom of Lao-tzu to today's modern world. This work contains the entire 81 verses of the Tao, compiled from Wayne's researching of 12 of the most well-respected translations of text that have survived for more than 25 centuries. Each chapter is designed for actually living the Tao or the Great Way today. Some of the chapter titles are "Living with Flexibility," "Living Without Enemies," and "Living by Letting Go." Each of the 81 brief chapters focuses on living the Tao and concludes with a section called "Doing the Tao Now." Wayne spent one entire year reading, researching, and meditating on Lao-tzu's messages, practicing them each day and ultimately writing down these essays as he felt Lao-tzu wanted you to know them. This is a work to be read slowly, one essay a day. As Wayne says, "This is a book that will forever change the way you look at your life, and the result will be that you'll live in a new world aligned with nature. Writing this book changed me forever, too. I now live in accord with the natural world and feel the greatest sense of peace I've ever experienced. I'm so proud to present this interpretation of the Tao Te Ching, and offer the same opportunity for change that it has brought me." This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. Wishes Fulfilled is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively

shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and "all things" means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

"Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention—not as something you do—but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention.

The internationally acclaimed author and preacher adds to his impressive legacy with a year's worth of devotionals drawn from his previous writings. Divided into 12 months but not dated for a specific year, this new book promises to become a perennial favorite.

"What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." - Dr. Wayne W. Dyer.....INSPIRATION In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily

comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition - we can choose - so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration - your ultimate calling.

Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family

dramas . . . I'm too old or too young . . . I'm far too busy and tired . . . I can't afford the things I truly want . . . It would be very difficult for me to do things differently . . . and I've always been this way . . . may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life—and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses . . . Begone!

For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

There's a voice in the universe calling each of us to remember our purpose—our reason for being here now, in this world of impermanence.

The voice whispers, shouts, and sings to us that this experience of being in form, in space and time, knowing life and death, has meaning. The voice is that of inspiration, which is within each and every one of us. Based on the New York Times Bestselling book, this calendar is filled with specifics for living an inspired life. From a very personal viewpoint, Wayne Dyer offers a blueprint through the world of spirit to inspiration, your ultimate calling.

When Theresa Aletheia Noble, FSP, began keeping a ceramic skull on her desk and tweeting about it, she had no idea she'd be starting a movement. Her daily tweets about memento mori - Latin for remember your death - contained quotes and insights that have inspired others to remember death daily. Many have found this ancient practice to provide an important perspective on their lives in view of Jesus' call to repentance, conversion, and the hope of resurrection. And now Sr. Theresa Aletheia's series of tweets has led to a memento mori-inspired Lenten devotional. Each day contains a refection written by Sr. Theresa Aletheia based on the liturgy of the day for all of Lent, Holy Week, and Easter. The devotional also includes a memento mori examen or review of the day, a daily moment of intercessory prayer, and daily reflections on death from the tradition, including the Church Fathers and many of the saints. Prompts are provided for journaling that can be used along with the Remember Your Death: Memento Mori Journal, also available from Pauline Books. Lent is a time when we remember the death of Christ and the sacrifice he made to give us eternal life. This devotional will help you to meditate on your own mortality and the incredible gift of salvation in preparation for Easter. Whether you get a skull for your desk, a memento mori journal, or a Lenten devotional, it is vitally important to the Christian life to remember the fragility of your life on earth - because one day you will die.
