“We promise you’re going to love it.” —Teen Vogue on Autumn Falls Autumn’s Wish—book three in the AUTUMN FALLS series by Bella Thorne—is perfect for fans of Descendants and Lisa Greenwald and Jessica Brody’s books--and anyone looking for a sweet, silly, and fun read with just a touch of magic! Senior year is here, and everyone has a plan—except Autumn Falls. So many crazy-important decisions lie ahead, and she’s scared to make the wrong one. So when she receives a magical locket that enables her to travel through time (!!!), Autumn hopes she can correct all her past mistakes—with her friends, with boys—and maybe even prevent her dad from dying. But the locket doesn’t work that way. Instead, Autumn discovers that she’s only able to visit the future—and she doesn’t like what she sees. Autumn can change her destiny . . . but what does she really want? Praise for book 1 in the AUTUMN FALLS series: “Sweetly adorkable Autumn is the best friend we’ve all been looking for . . . a fun, escapist read.” —Justine “A brilliant debut from Bella Thorne!” —Girls’ Life “You’ll be obsessed with Autumn Falls. It has basically everything you could ever want: a lovable klutz for a main character, a total heartthrob, and just a touch of magic.” —Seventeen.com “We personally loved the book. . . . The main character is a fiery, redheaded girl who captures your heart.”—Latina.com

This volume covers aspects of opera translation within the Western world and in Asia, as well as some of opera’s many travels between continents, countries, languages and cultures—and also between genres and media. The concept of ‘adaptation’ is a thread running through the sixteen contributions, which encompass a variety of composers, operas, periods and national traditions. Sung translation, libretto translation, surtitling, subtitling are discussed from a range of theoretical and methodological perspectives. Exploration of aspects such as the relationship between language and music, multimodality, intertextuality, cultural and linguistic transfer, multilingualism, humour, identity and stereotype, political ideology, the translator’s voice and the role of the audience is driven by a shared motivation: a love of opera and of the beauty it has never ceased to provide through the centuries, and admiration for the people who write, compose, perform, direct, translate, or otherwise contribute to making the joy of opera a part of our lives.

bibliography (about 3,000 items), an exhibition list, a catalogue of commercial works and important revisions to the four earlier volumes, written by Sarah Whitfield and Michael Raeburn. As a whole, the series (Volumes I-V) presents an authoritative survey of the artist's oeuvre, from 1916 to his death in 1967. The text provides a systematic survey of his oil paintings (I-III), objects (II-III), bronzes (III), gouaches, temperas, watercolors and papiers colles (IV). Volume V completes the series that is widely recognized as an indispensable reference for Magritte scholars and admirers alike.

National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut—an “honest, engaging, and very moving account of a writer searching for herself in words.” —Kirkus Reviews (starred) In Other Words is a revelation. It is at heart a love story—of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for “a trial by fire, a sort of baptism” into a new language and world. There, she begins to read, and to write—initially in her journal—solely in Italian. In Other Words, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention.

Trying to end his career as a hired assassin, Japanese American John Rain goes underground, only to be approached by Japanese FBI agent Tatsu to eliminate a sociopathic killer who could tip the balance of power in Japan toward the mafia. Reprint.

The groundbreaking, moving essay on the coronavirus pandemic shared over 4 million times in Italy and published in 25 countries around the world—which lucidly explains how disease spreads and how our interconnectedness will save us. "Lucid, calm, informed, directly helpful in trying to think about where we are now... The literature of the time after begins here."

--Evening Standard (UK) In this extraordinarily elegant work written from lockdown in Italy as the crisis deepened day to day, Paolo Giordano, the internationally bestselling writer of *The Solitude of Prime Numbers* with a PhD in physics, shows us what this outbreak really is about: human interconnectedness. Illuminating the big picture of how the disease spreads with great simplicity and mathematical insight and placing it in the context of other modern crises like climate change and xenophobia, Giordano reveals how battling the pandemic is ultimately about realizing how inextricably linked all our lives are and acting accordingly. Both timely and timeless, *How Contagion Works* is an accessible, deeply felt meditation on what it means to confront this pandemic both as individuals and as a community and empowers us not to show fear in the face of it.

Her wild spirit made him crave her . . . Her firebrand—hair blazed as glorious as a sunrise. Her long limbs promised the sweet mysteries of the night. Rhiannon, King Alfred’s favorite niece, was enraged when her uncle sealed an alliance of war by pledging her to Eric, the towering golden-haired prince whose blue eyes penetrated her with a glacial stare. But the more she fought the marriage . . . the man . . . the more she became inflamed by the fire that lay beneath his Viking ice. His passion pierced her heart . . . His broad shoulders as hard as the steel of his sword, Eric bowed to no man. The only battle he feared losing was with Rhiannon. For she had reached into the savage recesses of his heart. No campaign on the field, no treason from within, would he fight as fiercely—or with such desire . . . as the war he waged to possess what was his.

Built on an inverted forest, paved with a tortoiseshell of boulders, Venice is a maze of tiny alleys, bridges and squares. Tiziano Scarpa wanders through the city, recounting the customs and secrets that only Venetians know. With everything from practical advice for aspiring Venetian lovers to hints at where to find the best bacaro, Scarpa waves the tourist in the right direction and, without naming a single restaurant, hotel or bar, relates the secret language needed to experience the real Venice. So ignore the street signs - why fight the labyrinth? Venice, the fish, is ready to swallow you whole.

This open access book provides new methodological and theoretical insights into temporal reference and its linguistic expression, from a cross-linguistic experimental corpus pragmatics approach. Verbal tenses, in general, and more specifically the categories of tense, grammatical and lexical aspect are treated as cohesion ties contributing to the temporal coherence of a discourse, as well as to the cognitive temporal coherence of the mental representations built in the language comprehension process. As such, it investigates the phenomenon of temporal reference at the interface between corpus linguistics, theoretical linguistics and pragmatics, experimental pragmatics, psycholinguistics, natural language processing and machine translation.

Every Saturday evening, travelling salesman Ferdinand Ravinel returns to his wife, Mireille, who waits patiently for him at home. But Ferdinand has another lover, Lucienne, an ambitious doctor, and together the adulterers have devised a murderous plan. Drugging Mireille, the pair drown her in a bathtub, but in the morning, before the "accidental" death can be discovered,

the corpse is gone--so begins the unraveling of Ferdinand's plot, and his sanity... This classic of French noir fiction was adapted for the screen by Henri-Georges Clouzot as *Les Diaboliques* (The Devils), starring Simone Signoret and Véra Clouzot, the film which in turn inspired Alfred Hitchcock's *Psycho*. A second movie version, *Diabolique*, followed in 1996, starring Sharon Stone. From the Trade Paperback edition.

THE MYTHS SURROUNDING THE WORLD'S FAVOURITE DISH, DEBUNKED Did Marco Polo bring pasta back from China, or is that a myth? How did the Neapolitan "macharoni" turn into the ubiquitous spaghetti? Is it even an Italian dish? Hundreds of shapes and thousands of recipes give expression to the culture and products of the country's regions. But spaghetti with tomato sauce remains Italy's identity dish par excellence. Massimo Montanari goes in search of the dish's true origins, tracing its history along the multiple, intricate routes taken by its raw ingredients to merge and become a distinctive element of culinary tradition. It took almost two thousand years and input from the Far East, the Arabic world, and the Americas, for the dish to take centre stage. Its development is the result of chance encounters, unplanned exchanges, and unpredictable intersections. As we dig in search of spaghetti's origins, we find its strands wrap right around the world. "Learned and entertaining."—*Il Giornale*

In an alchemical ritual gone wrong, Edward Elric lost his arm and his leg, and his brother Alphonse became nothing but a soul in a suit of armor. Equipped with mechanical "auto-mail" limbs, Edward becomes a state alchemist, seeking the one thing that can restore his brother and himself...the legendary Philosopher's Stone. Automail engineer Winry is captured and held hostage to force Edward to do her captor's bidding. Hawkeye discovers the disturbing truth about President Bradley's son. Our heroes have fortuitous and not-so-fortuitous reunions with old friends and enemies. And multiple intrigues and double-crosses ensue as some people plot to save the world while others scheme to destroy it.

It's time to get off the beaten path. Inspiring equal parts wonder and wanderlust, *Atlas Obscura* celebrates over 700 of the strangest and most curious places in the world. Talk about a bucket list: here are natural wonders—the dazzling glowworm caves in New Zealand, or a baobab tree in South Africa that's so large it has a pub inside where 15 people can drink comfortably. Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Created by Joshua Foer, Dylan Thuras and Ella Morton, *ATLAS OBSCURA* revels in the weird, the unexpected, the overlooked, the hidden and the mysterious. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. Anyone can be a tourist. *ATLAS OBSCURA* is for the explorer.

The Rise of the Image reveals how illustrations have come to play a primary part in books on art and architecture. Italian Renaissance art is the main focus for this anthology of essays which analyse key episodes in the history of illustration from the sixteenth to the twentieth century. The authors raise new issues about the imagery in books on the visual arts by Leonardo da Vinci, Giorgio Vasari, Sebastiano Serlio, Andrea Palladio, Girolamo Teti and Andrea Pozzo. The concluding essays evaluate the roles of reproductive media, including photography, in Victorian and twentieth-century art books. Throughout, images in books are considered as vehicles for ideas rather than as transparent, passive visual forms, dependent on their accompanying texts. Thus The Rise of the Image enriches our understanding of the role of prints in books on art.

For almost four decades, Bartholomew Neil has done nothing but live with his mom. When she begins calling him Richard—for reasons unknown—and then dies, Bartholomew is woefully unprepared.” A clue comes in the form of a “Free Tibet” letter he finds in his mother’s underwear drawer, and so Bartholomew awkwardly starts his new life, writing Richard Gere a series of highly intimate fan letters. Jung’s theory of synchronicity, the mystery of women, the Dalai Lama’s teachings, alien abduction, cat telepathy and the Catholic Church are all explored in depth by Bartholomew’s epistles—but mostly the letters outline one man’s heartbreakingly earnest attempt to assemble a family of his own. A struggling priest, a “girlbrarian,” her foul-mouthed brother and Richard Gere (well, sort of) join the quest. In a rented Ford Focus, they travel to Canada in search of Bartholomew’s biological father and end up finding so much more.

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.
