Breaking away from the traditional analysis of church policy, sermons, and clerical scholarship, For Canada's Sake presents an exemplary analysis of the meaning behind religiously informed public celebrations and rituals such as centennial hymns and prayers and Expo pavillions.

Miedema argues that the 1967 celebrations reveal the continued importance of religion to Canadian public life, showing that a waning "Christian Canada" was being replaced by an officially "interfaith" country. The author throws into bold relief the varied attempts of government officials and religious leaders to come to terms with new Canadian and global realities, as well as the response of Canadians to their own increasing religious diversity.

The Book of Occasional Services is a new liturgical resource produced by the Office of Theology and Worship of the Presbyterian Church (U.S.A.). It provides worship services for many important and widely used services that are not included in the Book of Common Worship.

- Post-modern approach to prayer for older children, youth, and young adults
- Deals specifically with the individual and communal aspects of prayer as they relate to the comic art form

The Book of Comic Prayer takes a fresh look at prayer from an unexpected perspective: comic art, humor, and their relevance to today's image-driven youth. Part explanation, part instruction, it explores the role of prayer and faith in mainstream and underground comics, and provides resources for incorporating comics and cartooning into curricula for children and youth. The Appendix includes an illustrated booklet created by one group of young people as a supplement to traditional forms of prayer and offers tips and tricks for creating books of comic prayer. The church has always used visual arts for prayer, worship, and education, and religious themes and figures still permeate popular culture. Comics, with their larger-than-life stories of villainy, morality, and heroism, have religious undertones ranging from explicit to metaphorical, offering opportunities to explore what post-modern prayer and faith look like and why they matter. Comics are inexpensive, accessible, and adaptable to church school, youth groups, Bible studies, prayer groups, camps, and VBS. There have been illustrated comic Bibles and religious books, but no single resource dealing with prayer's individual and communal aspects as they relate to the comic art form. This is that book!

Who is my neighbor? As our world has increasingly become a single place, this question posed in the gospel story is heard as an interreligious inquiry. Yet studies of encounter across religious lines have largely been framed as the meeting of male leaders. What difference does it make when women's voices and experiences are the primary data for thinking about interfaith engagement? *Motherhood as Metaphor* draws on three historical encounters between women of different faiths: first, the archives of the Maryknoll Sisters working in China before World War II; second, the experiences of women in the feminist movement around the globe; and third, a contemporary interfaith dialogue group in Philadelphia. These sites provide fresh ways of thinking about our being human in the relational, dynamic messiness of our sacred, human lives. Each part features a chapter detailing the historical, archival, and ethnographic evidence of women's experience in interfaith contact through letters, diaries, speeches, and interviews of women in interfaith settings. A subsequent chapter considers the theological import of these experiences, placing them in conversation with modern theological anthropology, feminist theory, and theology. Women's experience of motherhood provides a guiding thread through the theological reflections recorded here. This investigation thus offers not only a comparative theology based on believers' experience rather than on texts alone but also new ways of conceptualizing our being human. The result is an interreligious theology, rooted in the Christian story but also learning across religious lines.

Drawing on the knowledge and experience of interfaith leaders from the world's many faiths, this practical guide will help you effectively engage people of other faith traditions to increase understanding and acceptance in your community and beyond.

Presently rounding the rehab ward, praising the Lord, sharing their faith praying for a robust recovery, from their illness, injury or surgery. For now, we know; prayer, meditation, music, exercise and laughter. All delay our trip to the hereafter. Our immune is strengthened and our longevity is lengthened, healing is quickened and our hospital stay is shortened. Proven on brain imaging, limbic pleasure reward system, that is activating and the stress hormones are dissipating, the happy helpful hormones bring wellness, the harmful and hateful hormones spread illness, through the inflammatory factors that now are the root cause of all our physical, emotional and mental maladies. Studies show hospitals that offer pastoral care, patients have shorter hospital stays, better heart rate better respiratory rate, better blood pressure, oxygen and a 25% less pain.

This book walks the reader through rich but controversial terrain--the Bible, the Holocaust, the state of Israel, anti-Judaism, theology, Christology, intermarriage, feminism, and approaches to education. deeply felt beliefs that unite as well as divide us. The authors, representing Jewish, Protestant, and Catholic traditions, introduce the reader to the terms, content, and intricacies of inter-religious dialogue, the quest for better relations among all those who worship the God of Abraham and Sarah.

This practical book for use in Reformed worship boasts a collection of highly engaging prayers written by current Presbyterian pastors and theologians. Unique amidst most prayer books, the language of these prayers is conversational in tone, rather than formal, and their concerns represent a diversity of approaches. Divided into sections by seasons of the liturgical year, *Let Us Pray* includes prayers of confession, petition, intercession, and thanksgiving, as well as assurances of pardon, litanies, and calls to worship.

A helpful volume for clergy or lay people participating in interfaith worship, and for those who want to be able to write meaningful public prayers of their own. The first three sections focus on addressing the holy, creating sacred space with prayer, and closing a prayer, along with suggestions from many sources on how to craft prayers. Includes nearly 80 prayers by Foerster and others, grouped into helpful sections for easy reference: Unity and Diversity, Peace and Justice, Healing and Remembrance, Gratitude and Praise, Dedications and Ordinations. Having reached the age of eighty-two years I felt compelled to leave my children and grandchildren a broad, if brief, understanding of the world religions as I see them. I am not a theological analyst but I can approach the subject of religion historically. Yesterday's heretic may have a philosophy that could be a main line church today. As archaeologists dig, scholars study and historians search, it reveals an ever-changing religious structure. The distrust and even hatred between churches that caused so many wars may be easing but has not ended, perhaps it never will. Understanding through knowledge and love is the only answer. It is most important then to first look at the history of religion and gain knowledge as to why, when, and how we created such diversity and distrust. The answer is described in the pages of history. I am not suggesting I can do this better than the fifty books on religion that are on my bookshelves. Rather, my goal is brevity, to tell the story in two hundred pages. This will give a taste and flavor of the subject and may hopefully help to understand a neighbor's religion, develop tolerance and foster pluralism. May God give me the strength, courage and wisdom to produce an intelligent manuscript, in a brief understanding way. This biography of a pioneering Zionist and leader of American Reform Judaism adds significantly to our understanding of American and southern Jewish history. Max Heller was a man of both passionate conviction and inner contradiction. He sought to be at the center of current affairs, not as a spokesperson of centrist opinion, but as an agitator or mediator, constantly struggling to find an acceptable path as he confronted the major issues of the day--racism and Jewish emancipation in eastern Europe, nationalism and nativism, immigration and

assimilation. Heller's life experience provides a distinct vantage point from which to view the complexity of race relations in New Orleans and the South and the confluence of cultures that molded his development as a leader. A Bohemian immigrant and one of the first U.S.-trained rabbis, Max Heller served for 40 years as spiritual leader of a Reform Jewish congregation in New Orleans--at that time the largest city in the South. Far more than a congregational rabbi, Heller assumed an activist role in local affairs, Reform Judaism, and the Zionist movement, maintaining positions often unpopular with his neighbors, congregants, and colleagues. His deep concern for social justice led him to question two basic assumptions that characterized his larger social milieu--segregation and Jewish assimilation. Heller, a consummate Progressive with clear vision and ideas substantially ahead of their time, led his congregation, his community, Reform Jewish colleagues, and Zionist sympathizers in a difficult era.

The first edition of the Interfaith Prayer Book was released in 2001. It proved to be immensely popular for use both at interfaith gatherings and for personal reflection, having found its way into hospitals, motel rooms and college classrooms as well as places of worship all around the world. That edition contained a selection of prayers from six religious traditions; Hindu, Jewish, Buddhist, Christian, Muslim and Bah ' . This Expanded Edition adds prayers from eight additional traditions; Native African, Native American, Zoroastrian, Taoist, Confucian, Shinto, Jain and Sikh. Its aim is to further enrich our devotional practice, to share a taste of our planet's diverse spiritual heritage and to deepen our sense of interfaith connectedness. Nothing brings us closer to God or closer to each other than prayer.

For people living in U.S. cities, social services come not only from the government but increasingly also from local religious communities. Ever since the Clinton administration's welfare reform, faith-based institutions, and especially congregations, have been allowed to bid for federal funds for their programs. In *The Other Philadelphia Story*, drawing on the first-ever census of congregations in any American city, Ram Cnaan and his colleagues provide an authoritative account of the functioning of congregations, their involvement in social services, and their support of other charitable organizations. An in-depth study of 1,392 congregations in Philadelphia, the book illuminates how these groups function as community hubs where members and neighbors alike gather throughout the week. Cnaan's findings show that almost every assembly of parishioners emphasizes caring for others, even if the help is modest. Thus American congregations uphold an implicit but strong norm of social responsibility and work to improve the quality of life for members and nonmembers alike. Many of the problems associated with urban life persist in the face of governmental inaction, and the burden of responsibility cannot be shouldered entirely by congregations. However, in a city such as Philadelphia, where half the residents are regular attenders of religious congregations, hopes for urban improvement are largely to

be found in these local groups. Special focus is given in the book to kinds of care that often go unnoticed: volunteerism, provision of refuge, and informal assistance to community members in need. All told, Cnaan asserts, congregations are an essential component of Philadelphia's civil society. Without them, the quality of life would deteriorate immeasurably.

Jews and Christians have the biblical roots of many prayers in common, especially the psalms. The texts in this collection are prayers and brief orders of service to be used when Jews and Christians gather together to give thanks. Ideal for use at home, in small study groups or at interfaith prayer services.

This Joyous Soul provides a resounding yet contemporary voice that weaves new inspiration into traditional prayer. Structured to reflect the morning service found within the Reform siddur, Mishkan T'filah, this new collection invites a deeply personal prayer experience that will strengthen our connection to Jewish tradition and inspire us to make the prayers in the Reform siddur our own.

Voices from the Journey is a fitting offering for the Catholic Health Association's centennial anniversary. It is the people of Catholic health care, those engaged in patient and resident care, those charged with administration and governance, who so visibly embody the healing ministry of Jesus and carry the ministry into the future. Sister Casey's book celebrates the people of Catholic health care, grounding reflections in both scripture and the day-to-day challenges of this vital ministry of the Church.

Interfaith worship and prayer can be complex, but this book demonstrates that in a world of many cultures and religions, there is an urgent need for religions to come together with trust and communication, especially when there is a crisis. Full of insights and examples of practice, the book demonstrates how religions can be a powerful means of unity and compassion. The book opposes the 'clash of civilisations' model as a way of interpreting the world and promotes peace, hope, and the possibility of cooperation. Religious believers can be sincere and committed to their own faith, while recognising the need to stand firmly together with members of other religious traditions.
