DIGITAL MARKETING STRATEGIES 2019 book describes up to date, useful, tested and effective strategies in an easy to understand way. 1. "DIVIDE & CONQUER" METHOD As of 2019, an average consumer sees 10,000 marketing messages per day and the attention span of an average internet user declined to only 8 seconds. 1.3 billion websites try to impress these people. In such an environment, you cannot achieve success by targeting wide audiences and using general marketing messages. To gain their attention, you have to divide your target audience and communicate each segment with the most relevant marketing message. 2. SEARCH ENGINE OPTIMIZATION (SEO) As the competition gets fierce, you have to work more than ever in 2019. This chapter provides detailed information regarding all 5 stages of SEO: Research, Strategy & Keyword Selection, On-site SEO, Infrastructure and Usability, Link Development, and Performance on Search Engine Results Page (SERP). 3. DIGITAL ADSThis chapter focuses on the strategies that will provide the highest conversion in Google Ads (formerly AdWords) and Facebook Ads. You will find detailed information on how to structure your digital ad campaigns and discover effective strategies to achieve success. The chapter provides various examples on text, display and social ad campaigns. 4. SOCIAL MEDIA This chapter focuses on achieving high ROI from social media. Platform-specific success strategies are presented based on Facebook, Instagram, Twitter, YouTube and LinkedIn. 5. EMAIL NEWSLETTERSIn addition to the format, content, timing and frequency of email newsletters, there is a specific section regarding performance analysis. CHECKLISTS AND THE THINGS YOU NEED TO DOTo help you get results, you will find 30-item checklists at the end of each chapter. Using them, you will be able to review the topics that are covered in each chapter. You will also find a special section at the end of each chapter, focusing on the things you need to do to implement this knowledge in your campaigns after reading this book. This will eliminate the gap between reading the book and taking action, as is the case in many other books. Many brands have already implemented "Divide and Conquer" method and significantly improved their digital marketing conversion.Now, it is your turn!

Marketer Perry Marshall converts the widely known 80/20 principle into a master framework that multiplies the power of everything you do in sales and marketing and makes scary-accurate predictions. It's the ultimate secret to selling more while working less. Guided by famed marketing consultant and best-selling author Perry Marshall, sales and marketing professionals save 80 percent of their time and money by zeroing in on the right 20 percent of their market - then apply 80/202 and 80/203 to gain 10X, even 100X the success. With a powerful 80/20 software tool (online, included with the book), sellers and marketers uncover how to slash time-wasters; advertise to hyper-responsive buyers and avoid tire-kickers; gain coveted positions on search engines; differentiate themselves from competitors and gain esteem in their marketplace. With the included tools they'll see exactly how much money they're leaving on the table, and how to put it back in their pockets. Sellers will identify untapped markets, high-profit opportunities and incremental improvements, gaining time and greater profit potential. Supported by online tools from Marshall, including The 80/20 Power Curve, a tool that helps you see invisible money, and a Marketing DNA Test, a personal assessment that zeroes in on one's natural selling assets, this timeless guide promises to change the game for seasoned and novice marketers and sellers.

The premier guide to digital marketing that works, and a solid framework for success The Art of Digital Marketing is the comprehensive guide to cracking the digital marketing 'code,' and reaching, engaging, and serving the empowered consumer. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards. A campaign is only effective as it is reflective of the consumer's wants, needs, preferences, and inclinations; the DMI framework provides structured, implementable, iterative direction for getting it right every time. The heart of the framework is a three-step process called the 3i Principles: Initiate, Iterate, and Integrate. This simple idea translates into higher engagement, real customer interaction, and multichannel campaigns that extend even into traditional marketing channels. The evolution of digital marketing isn't really about the brands; it's about consumers exercising more control over their choices. This book demonstrates how using this single realization as a starting point helps you build and implement more effective campaigns. Get inside the customer's head with deep consumer research Constantly improve your campaigns based on feedback and interactions Integrate digital activities across channels, including traditional marketing Build campaigns based on customer choice and control Digital marketing turns traditional marketing models on their heads. Instead of telling the customer what to think, you find out what they already think and go from there. Instead of front-loading resources, you continually adjust your approach based on real interactions with real customers every day. Digital marketing operates within its own paradigm, and The Art of Digital Marketing opens the door for your next campaign.

Review: "This book is a fantastic guide to online marketing, and the Internet in general. As a marketing practitioner, I've been finding my way own way through the online world for some time now but have always wondered if what I was doing was 'correct' and it would take me ages to find out what I needed to know through researching online articles, blogs, etc. I found this book to be fairly concise and focused. The references to other online articles that it includes are vast and can they be very absorbing. The best part about this is that it is written by someone that clearly has vast experience in the field and, unlike with some online articles, you get the feeling that what is advised is really 'best practice'. I'd recommend this book for anyone interested in digital marketing." Adam Butchart, Digital Marketing student Blurb: We love the Internet. We love digital and the connected world that we live in. We have spent the last six months gleaning every bit of knowledge, skill and opinion from the creative minds at Quirk. The result is a textbook borne out of more than 12 years of practical experience in the world of digital. For the reader, this translates into applicable insight into marketing in an ever-changing space. This book brings you: 22 Chapters Updated content throughout All new case studies \$480 of vouchers* Used by brands, creative agencies and students across the world, Quirk's eMarketing textbook sets the standard for all things digital. "Since we published the last edition of the book, it has become increasingly obvious that the various elements of digital marketing work hand in hand, not just benefiting each other through coordination, but actually relying on each other for success." - Rob Stokes (Founder and Group CEO, Quirk) In order to reflect this change, we have restructured the book to mirror our four key agency disciplines: Think, Create, Engage and Optimise. This simplified way of thinking about the digital space makes it easier for students and professionals to benefit from the insights shared.

True or false? In selling high-value products or services: 'closing' increases your chance of success; it is essential to describe the benefits of your product or service to the customer; objection handling is an important skill; open questions are more effective than closed questions. All false, says this provocative book. Neil Rackham and his team studied more than 35,000 sales calls made by 10,000 sales people in 23 countries over 12 years. Their findings revealed that many of the methods developed for selling low-value goods just don't work for major sales. Rackham went on to introduce his SPIN-Selling method. SPIN describes the whole selling process: Situation questions Problem questions Implication questions Need-payoff questions SPIN-Selling provides you with a set of simple and practical techniques which have been tried in many of today's leading companies with dramatic improvements to their sales performance.

"Search Engine Optimization, also known as SEO, is how people search and find your website on the Internet. ... SEO is a key growth channel for your business, but the rules of SEO have changed dramatically in recent years. To grow your business in today's economy, you need a strong online presence. But what does that entail exactly? Hundreds of online marketing books have been written about search engine optimization (SEO), search engine marketing (SEM) and pay-per-click advertising (PPC), this is the first to elaborate on the most fundamental marketing tactic of all: links and link building. The world's most recognized authority on link building, Eric Ward, clearsThe web today is comprised of trillions of links: links between websites, links within social media venues like Facebook and Twitter, and even links in email inboxes. Who links to a site and how they link to it is one of the most important factors that search engines rely on when ranking results. But how do marketers control this? Link building expert Eric Ward provides the answers.Sharing little-known techniques for link building via social media platforms, blogs, partnerships, public relations, articles, and more, Ward teaches marketers which link-building techniques will maximize the quality links that point to their site, allowing them to charm both search engines and customers and which methods to avoid.This one-of-a-kind guide details a variety of link building tools, tactics, and techniques illustrated by case studies, expert interviews, and resources. Ward leaves no opportunity unexplored, and no link-building questions unanswered.

Online advertising, also called online marketing or Internet advertising, is a form of marketing and advertising which uses the Internet to deliver promotional marketing messages to consumers. It includes email marketing, search engine marketing (SEM), social media marketing, many types of display advertising (including web banner advertising), and mobile advertising. Like other advertising media, online advertising frequently involves both a publisher, who integrates advertisements into its online content, and an advertiser, who provides the advertisements to be displayed on the publisher's content. Other potential participants include advertising agencies who help generate and place the ad copy, an ad server who technologically delivers the ad and tracks statistics, and advertising affiliates who do independent promotional work for the advertiser. Internet marketing can also be broken down into more specialized areas such as Web marketing, email marketing and social media marketing: 1) Web marketing includes e-commerce Web sites, affiliate marketing Web sites, promotional or informative Web sites, online advertising on search engines, and organic search engine results via search engine optimization (SEO). 2) Email marketing involves both advertising and promotional marketing efforts via e-mail messages to current and prospective customers. 3) Social media marketing involves both advertising and marketing (including viral marketing) efforts via social networking sites like Facebook, Twitter, YouTube and Digg.

"We are all DigiMarketers now - or we should be. The authors have for the first time provided a lucid, hype-free, business-based and practical guide to the new age of marketing: it is a kind of digital Baedeker, which should be on every businessman's book-shelf." —Miles Young, Chairman, Ogilvy & Mather Asia Pacific "The digital frontier is now the center of our universe. As Kent Wertime and Ian Fenwick show, marketers must seize this digital opportunity to accelerate their market growth." —John A. Quelch, Senior Associate Dean and Lincoln Filene Professor of Business Administration, Harvard Business School "Too many advertisers are stuck in the primordial soup when it comes to their digital marketing strategy. However, they need to evolve fast if they are to survive in a multi-channel landscape. This timely book acts like an Origin of the Species, steering hesitant brand owners through the complexities of the digital ecosystem. An impressive blend of academic theory, professional insight and practical advice." —Paul Kemp-Robertson, Co-founder & Editorial Director, Contagious www.contagiousmagazine.com

"DigiMarketing: The Essential Guide to New Marketing & Digital Media is a clear call for companies to evolve their marketing practice. This book is essential reading for anyone seeking a roadmap to the future of business." —Dipak C. Jain, Dean, Kellogg School of Management "The rise of conversational media new forms of distribution - from blogs to mobile platforms - challenge traditional approaches to marketing, and require every business to have a transition plan. Kent Wertime and Ian Fenwick have written a book that is required reading for any marketers interested in successfully making that transition." —John Battelle, CEO and Founder, Federated Media Publishing and Author, The Search "Kent Wertime and Ian Fenwick have written the definitive guide to marketing in the digital age. But Digimarketing does more than educate marketing professionals. It describes the new media landscape brilliantly, making it an essential read for anyone who hopes to understand the most important technological revolution of the past fifty years. I wore out three yellow highlighters before realizing that every sentence

and every paragraph is worth committing to memory." —Norman Pearlstine, Former Editor-in-Chief, Time Inc. and Managing Editor, The Wall Street Journal, Senior Advisor, Telecommunications & Media, The Carlyle Group

Ever wanted to get your business featured in publications like Forbes, National newspaper websites, magazines and trade journals? Perhaps you've noticed the rise of blogging and wondered how your business can tap into this ready-made network of highly influential people to boost your credibility and get in front of your perfect target audience? In this groundbreaking book, the superstar Digital PR team from Exposure Ninja break down step-by-step their process for getting any business in any market coverage in the most relevant online publications. Whether you want to build credibility to become an authority, drive traffic to your website or attract the sort of links that turbocharge ranking, this book will walk you through the process. You will discover: How businesses of all size - from 1 person to 100,000 people - can utilise Digital PR for free publicity. How to identify the perfect market to maximise the impact of your Digital PR. How to generate ideas and angles for stories that publications will bite your hand off for. The 'secret underworld' of Sponsored Content and how to utilise it for maximum profit. How to use Content Marketing to spread your reach through infographics, articles, and videos. How to find and connect with the most influential bloggers in your market and have them sing your praises publicly to their audience. How to use contests to boost your social media following (including one example that generated over 3,000 entries for less than the price of three cups of coffee). How and why to use live events to explode your online visibility (clue: the strategies in this section won't have even occurred to your competitors). How to create and manage a workable digital PR campaign in whatever time you have available, whether it's 20 minutes per week or 8 hours per day. How to use two hashtags on Twitter to 'unlock' a hidden world of journalists desperate to write about you (clue: see an example of this strategy where we sent 3 tweets which got us featured in Forbes, The Telegraph, and The Guardian websites in less than 2 weeks). What most businesses don't realise is that journalists, editors, and bloggers are crying out for good stories to write about. Provided that you understand exactly what they are looking for and how to position your business in a way that makes you interesting, rather than have to push push push, these gatekeepers will be coming to you asking for more! About The Authors Charlie and Luke head up Exposure Ninja's Digital PR team. With years of experience running campaigns for businesses in every imaginable market (and even some unimaginable ones!), they have developed a set of simple, easy-to-follow systems that mean any business can get the sort of visibility online that previously seemed out of reach.
