A companion to the #1 New York Times Bestseller Mastery More than 20,000 hours of research and thought went into Robert Greene's stunning book, Mastery. In a departure from his previous works, Robert Greene interviewed nine contemporary masters, including tech guru Paul Graham, animal rights advocate Temple Grandin, and boxing trainer Freddie Roach, to get their perspective on their paths to greatness. Those interviews are now available to readers for the first time. Interviews with the Masters presents more than 700 pages of revealing insight directly from these contemporary Masters; from how they learn and think, to how they put it all together and create. You'll learn how Paul Graham used a hacker's mentality to create a programming language and a billion dollar portfolio. Santiago Calatrava combined the disciplines of art, architecture, and engineering to design revolutionary moving structures. Daniel Everett solved the 300 year old mystery of the Pirahã language, forever changing the linguistics field and challenging Chomsky's Universal Grammar theory. Freddie Roach's trademark techniques made him one of the most well-known boxing trainers in the world, guiding talents like world champion Manny Pacquiao and UFC Champion Georges St. Pierre. Yoko Matsuoka pioneered a new field called "neurobotics." Cesar Rodriguez Jr. went from the bottom of his Air Force class to become the "Last American Ace." Temple Grandin emerged from a chaotic childhood with autism to become a leader in animal sciences. Teresita Fernández used her fascination with alchemy to design beautiful conceptual art. VS Ramachandran's obsession with anomalies led to major discoveries that solved bizarre neurological syndromes like phantom limbs and body-identity disorders. This companion to the #1 New York Times Bestseller Mastery is a playbook to the lives of today's Masters that readers can use to guide them on their own path to Mastery.

In today's new economy—in which “good” jobs are typically knowledge or technology based—many well-educated and culturally savvy young people are instead choosing to pursue traditionally low-status manual labor occupations as careers. Masters of Craft looks at the renaissance of four such trades: bartending, distilling, barbering, and butchering. In this engaging book, Richard Ocejo takes you into the lives and workplaces of these people to examine how they are transforming once-undesirable jobs into “cool” and highly specialized upscale occupations. He shows how they find meaning in these jobs by enacting a set of “cultural repertoires,” resulting in a new form of elite taste-making. Focusing on cocktail bartenders, craft distillers, upscale men's barbers, and whole-animal butcher shop workers in Manhattan, Brooklyn, and upstate New York, Masters of Craft provides new insights into the stratification of taste, the spread of gentrification, and the evolving labor market in today's postindustrial city.

From respected journalist, professor, and founder of the Writer's Symposium by the Sea, a book that demystifies the art and science of interviewing, in the vein of On Writing Well or How to Read Literature Like a Professor. “Dean Nelson is one of the best interviewers around.”—Anne Lamott Interviewing is the single most important way journalists (and doctors, lawyers, social workers, teachers, human resources staff, and, really, all of us) get information. Yet to many, the perfect interview feels more like luck than skill—a rare confluence of rapport, topic, and timing. But the thing is, great interviews aren't the result of serendipity and intuition, but rather the result of careful planning and good journalistic habits. And Dean Nelson is here to show you how to nail the perfect interview every time. Drawing on forty-years of award-winning journalism and his experience as the founder and host of the Writer's Symposium by the Sea, Nelson walks readers through each step of the journey from deciding whom to interview and structuring questions, to the nitty gritty of how to use a recording device and effective note-taking strategies, to the ethical dilemmas of interviewing people you love (and loathe). He also includes case studies of famous interviews to show readers how these principles play out in real time. Chock full of comprehensive, time-tested, gold-standard advice, Talk to Me is an indispensable guide to the subtle art of the interview guaranteed to afford readers with the skills and confidence they need the next time they say, “talk to me.”

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of The Looming Tower, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion-year contract. In Going Clear, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

A new compilation of interviews from the premier literary magazine includes conversations with some of the world's leading authors, poets, novelists, playwrights, and memoirists, including William Faulkner, Toni Morrison, Isaac Bashevis Singer, Graham Greene. This book consists of interviews with five distinguished international lawyers from the UK, USA, Uruguay and France, conducted by the editor, Antonio Cassese, between 1993 and 1995. Each interview is preceded by a brief 'intellectual portrait' of the interviewee. In his general introduction Cassese stresses that the interviews, all based on the same questionnaire, were intended to bring out not only the main ideas associated with each scholar in the fields of international law and international relations, but also his intellectual and philosophical background, his general outlook and his views of the prospects for the evolution of the international community. With the heist and intrigue of *Six of Crows* and the dark fairy tale feel of *The Cruel Prince*, this young adult fantasy debut will have readers rooting for a pair of reluctant heroes as they take on a world-ending fae prophecy, a malicious royal plot, and, most dangerously of all, their feelings for each other.

The #1 New York Times bestselling author of *Beautiful Boy* explores the transformation of Jarvis Jay Masters who has become one of America's most inspiring Buddhist practitioners while locked in a cell on death row. Jarvis Jay Masters's early life was a horror story whose outline we know too well. Born in Long Beach, California, his house was filled with crack, alcohol, physical abuse, and men who paid his mother for sex. He and his siblings were split up and sent to foster care when he was five, and he progressed quickly to juvenile detention, car theft, armed robbery, and ultimately San Quentin. While in prison, he was set up for the murder of a guard—a conviction which landed him on death row, where he's been since 1990. At the time of his murder trial, he was held in solitary confinement, torn by rage and anxiety, felled by headaches, seizures, and panic attacks. A criminal investigator repeatedly offered to teach him breathing exercises which he repeatedly refused. Until desperation moved him to ask her how to do "that meditation shit." With uncanny clarity, David Sheff describes Masters's gradual but profound transformation from a man dedicated to hurting others to one who has prevented violence on the prison yard, counseled high school kids by mail, and helped prisoners—and even guards—find meaning in their lives. Along the way, Masters becomes drawn to the principles that Buddhism espouses—compassion, sacrifice, and living in the moment—and he gains the admiration of Buddhists worldwide, including many of the faith's most renowned practitioners. And while he is still in San Quentin and still on death row, he is a renowned Buddhist thinker who shows us how to ease our everyday suffering, relish the light that surrounds us, and endure the tragedies that befall us all.

Throughout this book, Segal consistently offers positive, uplifting guidance while adopting an objective yet empathetic tone. A self-directed, interactive manual that should benefit experienced and new job-seekers alike. - Kirkus Reviews, "The most trusted voice in book reviews since 1993" "By the time you have an interview for a job you really want, the stakes are high. You are SO close. You don't want to blow it. Ideally, you want to wow them. Yet most professionals are not great at interviews. To be honest, most are terrible, and this includes people who graduated from Harvard Business School and similar places. Why? Because they don't have a game plan and they haven't put in the work required to execute a good one. So they get close to their dream job or even just an okay job, and they don't get it. The basic premise of *Master the Interview* is that you don't have to be that person. In this comprehensive book, Anne Marie Segal, a coach, lawyer and writer's writer, sets forth ALL the relevant aspects of interviewing effectively so that you

can anticipate them, prepare for them and ultimately master them and get the job you want." - Michael F. Melcher, Author of The Creative Lawyer "It's a really terrific and practical book that helps people think about themselves in an organized and disciplined way while prepping for an interview." - Lisa Maguire, Financial Services Professional "This book is one of the best job search books today." - Joshua Waldman, Author of Job Searching with Social Media for Dummies What is different about this book than other job interview books on the market? With a handy overview in the first chapter on how to use the workbook, you can choose to cover what you need, when you need it. 3) It does not simply give you one so-called "right" answer to any interview situation or run through a list of potential Q&As, but instead it promotes a nuanced and authentic approach. 4) It puts you behind the scenes and into the mind of an interviewer, so you can think more clearly about how you will come across in various contexts (Skype, phone screenings, panel interviews, etc.). 5) It includes four chapters that guide you to build a solid and compelling personal value proposition from the ground-up and tailor your presentation for each target employer.

The latest book from "the most despicable philosopher in the West" (New Republic) considers the new dangers and radical possibilities set in motion by advances in Big Tech. In recent years, techno-scientific progress has started to utterly transform our world--changing it almost beyond recognition. In this extraordinary new book, renowned philosopher Slavoj Žižek turns to look at the brave new world of Big Tech, revealing how, with each new wave of innovation, we find ourselves moving closer and closer to a bizarrely literal realization of Marx's prediction that "all that is solid melts into air." With the automation of work, the virtualization of money, the dissipation of class communities, and the rise of immaterial, intellectual labor, the global capitalist edifice is beginning to crumble, more quickly than ever before--and it is now on the verge of vanishing entirely. But what will come next? Against a backdrop of constant socio-technological upheaval, how could any kind of authentic change take place? In such a context, Žižek argues, there can be no great social triumph--because lasting revolution has already come into the scene, like a thief in broad daylight, stealing into sight right before our very eyes. What we must do now is wake up and see it. Urgent as ever, Like a Thief in Broad Daylight illuminates the new dangers as well as the radical possibilities thrown up by today's technological and scientific advances, and their electrifying implications for us all.

“Fascinating...[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others.” —The Wall Street Journal It’s one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner’s circle was only half the story. Here’s the rest of it. Tiger Woods’s long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods’s DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger’s end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In *The Second Life of Tiger Woods*, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend’s return. Packed with new information and graced by insight, Bamberger’s story reveals how this iconic athlete clawed his way back to the top. Here you’ll meet the people who have shaped and saved Tiger’s life. It’s a disparate group: a Florida police officer, an old friend from Tiger’s boyhood, his girlfriend, his manager, his caddie. You’ll go inside the ropes and see Tiger’s interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you’ll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you’ll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. *The Second Life of Tiger Woods* is not only the saga of an exceptional man but also a celebration of second chances. Bamberger’s bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
