Two Informative Books in One Powerful Set! Real Estate Investing- The Beginner's Guide: Want to make a million in real estate in one year? Need to make passive income to support your family? Aching for a career change and real estate interests you? You may say yes to all these questions or to one. It doesn't matter how many yeses you have for the above questions because the information on Real Estate Investing: The Beginner's Guide to Finding Success through Real Estate Investing was created to answer your beginner's questions. It is not a secret manual to help you make a million-dollar profit on your first real estate investment. This book is a guide to answer your main questions and to help you set up goals for entering the real estate business. There are many pitfalls and several topics that new investors do not think about. There are also ways to invest that you might not realize exist. There are no promises of grand income here. There is a promise that this book will cover the following topics: -Benefits of investing -Ways to invest -Investing when you have a job -How to gain further education -How to find the right strategy for you -How to create a plan based on your goals -Finding real estate deals (an overview) -Financing options -Your network Each of these topics will be elaborated on throughout the chapters of this book. You will gain insight into how to think about your goals and how to determine the best goals for your current situation. You are also going to find: -Tasks -Exercises -Suggestions In some of the chapters you are tasked with certain things like writing lists to help you better understand your goals. You will find exercises that help you develop the proper goal strategy, so it is a realistic goal versus a dream of making money. You are also given suggestions or steps you can follow to attain your real estate investment goals. As a beginner's guide, you are not going to find any one topic is fully covered. The topics are highlighted to help you determine which topics you need more information on based on your particular situation; hence, the chapter on further education. Stop Dreaming and wasting your time.....Buy this book today and Invest in your Financial Education in order to become Financially Independent. Real Estate Investing- Tips and Tricks for Real Estate Investing: Real Estate Investing: Tips and Tricks on Finding Success in Real Estate Investing is designed for the beginner looking to learn a little more about real estate investing. There may be some commonsense tips and tricks in this book that you already know. However, they are also worth mentioning because they are the most common mistakes real estate investors make. When you read this book, do not look for magic or secrets. Instead, focus on learning what you do not already know as a beginner. Only you can make your real estate dreams come true, as long as you keep an open eye as to what is truly possible. Not everyone makes a million on their first deal. You are going to learn the following in this book: -General real estate investing tips -How you need to treat real estate investing as a business -The "Don'ts" of real estate investing -Individual tips based on the types of investments you can do. As you read through the chapters, you are going to see various tips about how to start the deal, the best way to proceed during a deal, or what to look for to make sure the deal is sound. All of the tips have been included because they have been found helpful by beginners just like you. You have made it to the next part of real estate investing, when you are ready to find some tips on making your venture a success. Stop Dreaming and wasting your time.....Buy this book today and Invest in your Financial Education in order to become Financially Independent.

2 Books In 1 Options Trading: The Ultimate Beginner's Guide Options Trading: The Most Common Mistakes to Avoid Options Trading: The Ultimate Beginner's Guide If you are dreaming of getting started in

the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then [Options Trading: The Ultimate Beginner's Guide](#) might be the answer you have been looking for. This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. [Options Trading: The Most Common Mistakes to Avoid](#) Not everyone who trades options makes money. Even fewer are able to do well enough consistently to make a living at it. Those that do, understand the downsides and dangers of the industry and how to avoid them. The first step to joining their ranks is learning what they already know. In reading [Options Trading: The Most Common Mistakes to Avoid](#) you will learn how to navigate around the pitfalls which have ensnared so many traders. Not only will you learn what mistakes to avoid, you'll learn what practices you should embrace. Trading options is one of the most potentially profitable products available to traders. They are investment tools that can be utilized in nearly any market condition. However compared to other financial products they require finesse to handle properly. There is an undeniable learning curve associated with trading options and this book will guide you through that process. Inside [You Will Find A complete breakdown on all option types](#) Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners make and how to avoid them How to research your chosen investment Misconceptions about options even experienced traders have How to properly define your risk How and why to conduct a fundamental analysis Several technical analysis tools Common mistakes and how to avoid them Much, much more! This is the definitive guide to get you started on trading options!

There has never been a better time to start making money through property and this fantastic book bundle will not only get you started with your new passion, it will also move you quickly on to the next level. Get a copy today and start your real estate adventure now

If want to profit from what Forbes Magazine is calling "... the best ground floor opportunity we've seen since the early days of the internet." then keep listening... The legal marijuana market is now growing at the same speed as the broadband internet market in the early 2000s. Certain stocks have risen more than 5000% in the past 5 years. Which means a small \$100 investment would now be worth \$5000 or more. And some stocks soared even higher [Maple Leaf Green World](#) which rose 7500% [Endexx](#) which rose 32,000% - that's more than any cryptocurrency But wait... Aren't the best days behind us? After all, isn't marijuana legal in 30 states now? While that's true. It's still not legal at a federal level Which means hedge funds, investment banks and other big players could not get their piece of the pie. But that's all about to change. And when JP Morgan, Citibank get involved, we will see to biggest influx of money into the marijuana industry...ever Which means if you own certain marijuana stocks before federal legislation, then you could be set for some of the biggest gains every seen in your lifetime. Because on November 6th - 6 states are fighting for legalization, which is the highest number we've seen at the same time in US history. If even half of these pass, that signals tens of billions flowing into the marijuana industry. In fact, Business Insider estimates the legal marijuana industry could be bigger than the soda industry. Think for a second - imagine if you'd invested in Coca-Cola back when it first went public? Or imagine cryptocurrency - except this time, the companies actually create an in demand, tangible product In this book you will discover: The company which makes the one thing every single legal pot sale must include (making it a prime takeover target) The single best marijuana REIT available for regular investors (another stock similar to this saw gains of over 9000% in just 7 months) Jeff Sessions was previously called the marijuana industry's biggest enemy - why he is no longer an obstacle President Trump's true stance on pot, which the mainstream media won't tell you about The Home Depot of the marijuana industry - and a prime takeover target for giant retailers (potential 10X returns from this one stock) An advanced Canadian grower, currently trading under \$1 3 stocks you would have no idea would benefit from a growing marijuana industry This penny stock just partnered with a leading European grower, which could result in the biggest growth of all The company which could become the McDonald's of the Marijuana Industry ...and much, much more! Plus a free bonus book detailing the potential gains to be made in the legalized sports betting sector Here's the deal. The legal marijuana industry is set to grow by 5X in the next decade. Which puts it at around \$300 billion, the same size as the beer industry. You won't see those kinds of gains in tech stocks, or pharmaceutical companies. So for investors who get in early, these will be life changing gains. For those who sat on the side-line, it'll be just another "if only I'd invested then..." moment So if you don't want to miss out on the biggest investment opportunity of the past 10 years...then scroll up and click "add to cart"

Get this book today and start mining.

A former janitor and gas station attendant in Vermont, who died a few years ago, surprised everyone by leaving an \$8 million fortune to his local library and hospital. What was his secret, everyone wondered? And the answer turned out to be pretty basic. Because, besides being industrious and frugal, which you may have guessed, he had invested in the stock market throughout the years. This is actually not as surprising as it may sound. According to a recent World Wealth Report, the wealthy invest the largest part of their money into stocks and businesses. Our wise janitor had simply done what the wealthy do. So he got a similar result. That is, he grew his money into considerable wealth. And you can do this too. Now, we aren't saying you will make \$8 million. After all, this is a beginners book and the janitor had an extraordinary result. But stock market investing is one of the best tools you can use to build a more secure financial future for you and your family. So are you someone who wants to make money in the stock market? And does that story make you feel excited? Have you tried to understand the stock market, only to be discouraged by how complicated it all seems? And aren't you just a little bit encouraged that an ordinary person, like our janitor from Vermont, could invest in stocks and succeed? If you answered yes to any of those questions, then this book just might be the solution you've been looking for. Because it will show you just what you need to know, and no more, to start investing in the stock market. And it will describe all of this for you in simple terms you already understand. Not complicated theory. Not a mind-numbing blitz of technical buzzwords. Just what you need to know and no more. And the few specific steps you can take to get started. Here's what you will learn: -The 5 big reasons to invest in stocks -Simple explanations of the basics of stock market investing -Great sources of recommendations to help you pick winners (no complicated research required) -The one thing you must do to get started (but you only have to do it once) -How to buy and sell stocks -3 key strategies to protect your stock investments from big losses -And many more invaluable tips on building your stock portfolio So that by the end of this book, you will be able to buy your first stock. You will know the simple steps to grow your money in the stock market. And start on the your path to a more secure financial future.

??Bonus: Buy the Paperback version of this book, and get the kindle eBook version included for FREE\*\* Book 1) Have you been looking for a way to bring more financial freedom into your retirement plan? If you answered yes to these, then this is the book for you. I have broken this book down into a layman's book for beginner stock market investors. Even a monkey could follow this book to greater financial freedom and success with their stock portfolio. This book has details and strategies that will help you: -Invest in the right stocks. -Know when to buy and how to buy. -Hire a Stock Broker whether online or a private one. -Explain how to examine the charts and diagrams to know which stock is performing well. -Explains how you will know when to sit on a stock or when to let it go. -Which apps are best for the beginner investor, which ones are not, and the reason they are best or worst. What the differences are between a full-service

firm and a discount brokerage firm. And so much more. With this book, you will be able to do all these things and more. Book 2) Have you ever wanted to trade stocks with the stock market? Have you watch movies about Wall Street and wanted to experience all that they are experiencing? Have you ever wondered what it would be like on the stock market floor with all those brokers yelling and making money? Well, day trading is a way to have these experiences without the need to get licensed unless you are trading stock for others. Day traders build up a mass of money by buying and selling stocks over and over again in one day and at the end of the day, they have no ownership of stocks. In this book you will be able to learn all there is to today's trading: You will learn what a new investor needs to know about day trading Which time of day is best for trading and why What the qualifications are for a day trader and whether or not you need a license How much money you need to be a profitable day trader and what the requirements are for a day trader just starting out How to day trade on two other platforms besides the Stock Market How to get started with practical steps to get you there How to choose a broker and specific brokerage firms that you can work with The mentality of a day trader and the psychology that is needed to become a momentous day trader Traits and characteristics that are needed to succeed As well as tips on how to prepare you for day trading The 10 principles that are needed to increase your psychology about day trading and reduce the negative mental blockages What you should invest in and how to be profitable with it And tons of more interesting and helpful ways that will help you become a day trader Are you ready to start your day trading career? If so then you are in the right place. All you have to do is download this book and start reading up on how to day trade.

miss! Current studies show that in order to retire successfully, a person in their early thirties is going to need to bank nearly 1 million dollars by the time they are 65 if they hope to retire instead of working until the day they die. The importance of this statistic is compounded by the fact that nearly two-thirds of those in this age group are still living paycheck to paycheck and putting nothing aside for their future. But you bought this book so you're different- or at least you strive to be. Inside you will find not only all of the basics you need to understand in order to start investing successfully in both the short and the long term, but also plenty of specific advice when it comes to investing in the stock market, investing in options, investing in bonds and investing in the forex market. A major part of any investment strategy is research and that research starts right here, right now. Investing for Beginners: Definite Guide for Newbies In this book you will learn: The most common mistakes that all new investors make and how to sidestep them with ease How to use options as a surefire way to protect other, riskier investments Tips for creating the investment plan that is right for you How to successfully navigate the Stock Market Everything you need to know about Bonds and Forex Trading And more..... Investing for Beginners: Cardinal Rules for Passive Income In this book you will learn: The most common mistakes that all new investors make and how to sidestep them with ease How to craft your investment plan How to avoid common mistakes How to diversify Finding the right Financial Advisor And more..... Why Should I Invest in the Stock Market? What is the difference between save money and invest money? How do i measure my long term results? What could be practical applications ? What Tools Do I Need to Get Started? How Finding a Broker? How to Get Into the Stock Market? How Do I Buy and Trade Stocks? These are some of the classic

questions that people make when they want to start investing money Very often all these questions remain unanswered and people at this point do two things: - Give up - They start to invest money without success This book is born for this reason, to provide an answer to all these questions. It will also provide you TEN proven strategies for getting started and some tricks to lower the risks Hi I'm Mark J Cooper, I am a husband and father of two children. My parents, very good people, have given me so much, the best of their economic and intellectual possibilities. They have always taught me to study a lot, take good marks, and look for a steady job with a good pay. Unconsciously they prepared me for the best prison I could have. At just 26 I was already a very stressed person, an absent father working all the time and a bad husband. At the age of 27, I decided to change my life, invest in entrepreneurial training, and study all passive income business. Studying these businesses also means immediately applying what has been studied, and it is precisely what I have done, becoming financially independent at less than thirty years old. In this series of books, I want to explain what I learned in these businesses, explain the mistakes I have made and provide you with a series of winning strategies.
