Going Places Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read-alikes with this detailed and expertly constructed guide. Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe, smart librarians need a guidebook that makes sense of the world of travel narratives. *Going Places: A Reader's Guide to Travel Narratives* meets that demand, helping librarians assist patrons in finding the nonfiction books that most interest them. It will also serve to help users better understand the genre and their own reading interests. The book examines the subgenres of the travel narrative genre in its seven chapters, categorizing and describing approximately 600 titles according to genres and broad reading interests, and identifying hundreds of other fiction and nonfiction titles as read-alikes and related reads by shared key topics. The author has also identified award-winning titles and spotlighted further resources on travel lit, making this work an ideal guide for readers' advisors as well a book general readers will enjoy browsing.

**Iranian Hospitality, Afghan Marginality** Elisabeth Yarbakhsh,2021-02-11 In *Iranian Hospitality, Afghan Marginality*, Elisabeth Yarbakhsh unpacks ideas around culture, identity, and the relationship between Iranian citizens and Afghan refugees living in Shiraz, Iran, and surrounding areas. Yarbakhsh highlights the ways in which shifting policies and practices toward refugees over the past forty years have run parallel to the transitive notions of what it means to be Iranian. Yarbakhsh exposes the complex interplay of identity and hospitality as it emerges out of variously competing and intersecting Islamic, historical, and literary narratives of Iranian identity, carefully illustrating how these factors circumscribe Afghan refugee life in the city of Shiraz.

*Accelerando* Charles Stross,2005-07-05 *The Singularity*. It is the era of the posthuman. Artificial intelligences have surpassed the limits of human intellect. Biotechnological beings have rendered people all but extinct. Molecular

nanotechnology runs rampant, replicating and reprogramming at will. Contact with extraterrestrial life grows more imminent with each new day. Struggling to survive and thrive in this accelerated world are three generations of the Macx clan: Manfred, an entrepreneur dealing in intelligence amplification technology whose mind is divided between his physical environment and the Internet; his daughter, Amber, on the run from her domineering mother, seeking her fortune in the outer system as an indentured astronaut; and Sirhan, Amber's son, who finds his destiny linked to the fate of all of humanity. For something is systematically dismantling the nine planets of the solar system. Something beyond human comprehension. Something that has no use for biological life in any form...

**My Bloody Life** Reymundo Sanchez,2007-04-01 Looking for an escape from childhood abuse, Reymundo Sanchez turned away from school and baseball to drugs, alcohol, and then sex, and was left to fend for himself before age 14. The Latin Kings, one of the largest and most notorious street gangs in America, became his refuge and his world, but its violence cost him friends, freedom, self-respect, and nearly his life. This is a raw and powerful odyssey through the ranks of the new mafia, where the only people more dangerous than rival gangs are members of your own gang, who in one breath will say they'll die for you and in the next will order your assassination.

*Wonder Bread and Ecstasy* Charles Isherwood,1996 Drugs, Sex, and Unbridled Ambition: These were the main ingredients in the lethal cocktail that killed gay porn's brightest star, Joey Stefano. As pornography's marketable gay face and body, he was filmed having sex in more than 35 hard-core videos, danced an unforgettable striptease in clubs across America and Europe, and hustled his way through thousands of dollars paid to him by clients around the globe. But none of this filled the void inside Nicholas Iacona, a.k.a. Joey Stefano. From his childhood in the country's heartland to his tragic rise and fall in Los Angeles's dark and dangerous world of gay porn, *Wonder Bread and Ecstasy* paints a grim portrait of American life gone berserk.

*Socialist Dreams and Beauty Queens* Jamie Maslin,2014-03-04 Couchsurfer, hitchhiker, and rogue wanderer Jamie Maslin embarks on a couchsurfing adventure to the homeland of “firebrand,” “populist,” “anti-American” president Hugo Chavez: the Bolivarian Republic of Venezuela. Alone in the crime capital of the world Maslin immediately finds himself in trouble—arrested by knife-wielding police officers and inoculated with an unwanted vaccination. After a terrifying start in Caracas, he soon leaves the teeming city and travels to the places tourists never see, staying on the couches of people he befriended online just days earlier, and meeting everyone from fervent social revolutionaries to the country’s wealthy elite. He sets off in search of mile-high waterfalls, flat topped jungle plateaus, rolling deserts, and the famous lightning that appears suddenly in the sky with no rain or thunder. Visiting sprawling slums and opulent mansions, Maslin offers a fascinating and timely social, cultural, and historical introduction to a country increasingly in the headlines. Often irreverent, frequently informative, and habitually funny, this is the remarkable account of a young adventurer’s journey through a breathtakingly beautiful and dynamic country where the politics of oil and social revolution are never far from the surface.

**Surviving Paradise** Peter Rudiak-Gould,2009 Just one month after his 21st birthday, Peter Rudiak-Gould moved to Ujae, a remote atoll in the Marshall Islands located 70 miles from the nearest telephone, car, store, or tourist, and 2,000 miles from the closest continent. He spent the next year there, living among its 450 inhabitants and teaching English to its schoolchildren. At first blush, *Surviving Paradise* is a thoughtful and laugh-out-loud hilarious documentation of Rudiak-

Gould's efforts to cope with daily life on Ujae as his idealistic expectations of a tropical paradise confront harsh reality. But Rudiak-Gould goes beyond the personal, interweaving his own story with fascinating political, linguistic, and ecological digressions about the Marshall Islands. Most poignant are his observations of the noticeable effect of global warming on these tiny, low-lying islands and the threat rising water levels pose to their already precarious existence. *An Eat, Pray, Love* as written by Paul Theroux, *Surviving Paradise* is a disarmingly lighthearted narrative with a substantive emotional undercurrent.

*Surprise, Kill, Vanish* Annie Jacobsen, 2019-05-14 From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, *Surprise, Kill, Vanish* brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

**The Homoerotic Photograph** Allen Ellenzweig, 1992 Gathered here are 127 beautiful and provocative duotone photographs that reflect the wide-ranging history of male homoeroticism as revealed by the camera--amply suggesting spiritual, physical, and intellectual exchange between men. To accompany these images, Ellenzweig offers a detailed account of the multiple and complex meanings of the homoerotic, from the 1850s to today.

*No One's World* Charles Kupchan,2012-03 The rise of emerging powers is eclipsing not just the preeminence of the West, but also its ideological dominance. The twenty-first century will not belong to America, China, Asia, or anyone else. It will be no one's world. Charles Kupchan spells out how to capitalize on the coming diversity to fashion a consensus between the West and the rising rest.

**Goliath** Max Blumenthal,2013-10-01 2014 Lannan Foundation Cultural Freedom Notable Book Award In *Goliath*, New York Times bestselling author Max Blumenthal takes us on a journey through the badlands and high roads of Israel-Palestine, painting a startling portrait of Israeli society under the siege of increasingly authoritarian politics as the occupation of the Palestinians deepens. Beginning with the national elections carried out during Israel's war on Gaza in 2008-09, which brought into power the country's most right-wing government to date, Blumenthal tells the story of Israel in the wake of the collapse of the Oslo peace process. As Blumenthal reveals, Israel has become a country where right-wing leaders like Avigdor Lieberman and Bibi Netanyahu are sacrificing democracy on the altar of their power politics; where the loyal opposition largely and passively stands aside and watches the organized assault on civil liberties; where state-funded Orthodox rabbis publish books that provide instructions on how and when to kill Gentiles; where half of Jewish youth declare their refusal to sit in a classroom with an Arab; and where mob violence targets Palestinians and African asylum seekers scapegoated by leading government officials as demographic threats. Immersing himself like few other journalists inside the world of hardline political leaders and movements, Blumenthal interviews the demagogues and divas in their homes, in the Knesset, and in the watering holes where their young acolytes hang out, and speaks with those political leaders behind the organized assault on civil liberties. As his journey deepens, he painstakingly reports on the occupied Palestinians challenging schemes of demographic separation through unarmed protest. He talks at length to the leaders and youth of Palestinian society inside Israel now targeted by security service dragnets and legislation suppressing their speech, and provides in-depth reporting on the small band of Jewish Israeli dissidents who have shaken off a conformist mindset that permeates the media, schools, and the military. Through his far-ranging travels, Blumenthal illuminates the present by uncovering the ghosts of the past -- the histories of Palestinian neighborhoods and villages now gone and forgotten; how that history has set the stage for the current crisis of Israeli society; and how the Holocaust has been turned into justification for occupation. A brave and unflinching account of the real facts on the ground, *Goliath* is an unprecedented and compelling work of journalism.

**Travel** Peter Whitfield,2011 No previous generation has ever travelled so energetically or so obsessively as ours, nor has travel writing ever been so much in fashion as it is now. But behind the self-conscious literary artistry of today's narratives

there lies a rich and fascinating history of travel writing, stretching back over several thousand years. Travel writing has emerged from migration, war, exploration, trade, conquest, pilgrimage, science, and poetic longing. But when they recorded their travels, the military commanders of Greece and Rome, the navigators of the Age of Discovery, the diplomats and missionaries of the seventeenth century, the dilettantes who set out on the Grand Tour, the romantic travellers and the scientists of the nineteenth century all had one thing in common: they were re-imagining the world, re-interpreting it in their own minds and for their readers. This is the first general survey of the entire history of travel literature, with illustrations reproduced from manuscripts and books in the Bodleian Library's collections. Writers covered include Marco Polo, Sir John Mandeville, Thomas Coryate, Captain Cook, T.E. Lawrence, and Christopher Columbus as well as Boswell and Johnson, Byron, Ruskin, Defoe, Conrad, and James. This book highlights over a hundred texts, showing how one motive for travelling has been succeeded by another, and how travel writing has often inhabited a strange borderland between truth and imagination, fact and fiction. It demonstrates how travel writers have slowly outgrown their traditional stance of superiority to all things 'foreign', and have moved towards a deeper sensitivity to other lands and other cultures.

A Course Called Ireland Tom Coyne, 2010-02-02 The hysterical story bestseller about one man's epic Celtic sojourn in search of ancestors, nostalgia, and the world's greatest round of golf By turns hilarious and poetic, *A Course Called Ireland* is a magnificent tour of a vibrant land and paean to the world's greatest game in the tradition of Bill Bryson's *A Walk in the Woods*. In his thirties, married, and staring down impending fatherhood, Tom Coyne was familiar with the last refuge of the adult male: the golfing trip. Intent on designing a golf trip to end all others, Coyne looked to Ireland, the place where his father has taught him to love the game years before. As he studied a map of the island and plotted his itinerary, it dawned on Coyne that Ireland was ringed with golf holes. The country began to look like one giant round of golf, so Coyne packed up his clubs and set off to play all of it on foot. *A Course Called Ireland* is the story of a walking-averse golfer who treks his way around an entire country, spending sixteen weeks playing every seaside hole in Ireland. Along the way, he searches out his family's roots, discovers that a once-poor country has been transformed by an economic boom, and finds that the only thing tougher to escape than Irish sand traps are Irish pubs.

Conceptualizing Iranian Anthropology Shahnaz R. Nadjmabadi, 2010-01-01 During recent years, attempts have been made to move beyond the Eurocentric perspective that characterized the social sciences, especially anthropology, for over 150 years. A debate on the "anthropology of anthropology" was needed, one that would consider other forms of knowledge, modalities of writing, and political and intellectual practices. This volume undertakes that challenge: it is the result of discussions held at the first organized encounter between Iranian, American, and European anthropologists since the Iranian Revolution of 1979. It is considered an important first step in overcoming the dichotomy between "peripheral anthropologies"

versus “central anthropologies.” The contributors examine, from a critical perspective, the historical, cultural, and political field in which anthropological research emerged in Iran at the beginning of the twentieth century and in which it continues to develop today.
