The extraordinarily moving memoir by Australian Slovakian Holocaust survivor Magda Hellinger, who saved an untold number of lives at Auschwitz through everyday acts of courage, kindness and ingenuity. In March 1942, twenty-five-year-old kindergarten teacher Magda Hellinger and nearly a thousand other young Slovakian women were deported to Poland on the second transportation of Jewish people sent to the Auschwitz concentration camp. The women were told they'd be working at a shoe factory. At Auschwitz the SS soon discovered that by putting Jewish prisoners in charge of the day-to-day running of the accommodation blocks, camp administration and workforces, they could both reduce the number of guards required and deflect the distrust of the prisoner population away from themselves. Magda was one such prisoner selected for leadership and over three years served in many prisoner leader roles, from room leader, to block leader – at one time in charge of the notorious Experimental Block 10 where reproductive experiments were performed on hundreds of women – and eventually camp leader, responsible for 30,000 women. She found herself constantly walking a dangerously fine line: using every possible opportunity to save lives while avoiding suspicion by the SS, and risking torture or execution.

Through her bold intelligence, sheer audacity, inner strength and shrewd survival instincts, she was able to rise above the horror and cruelty of the camps and build pivotal relationships with the women under her watch, and even some of Auschwitz's most notorious Nazi senior officers including the Commandant, Josef Kramer. Based on Magda's personal account and completed by her daughter Maya's extensive research, including testimonies from fellow Auschwitz survivors, this awe-inspiring tale offers us incredible insight into human nature, the power of resilience, and the goodness that can shine through even in the most horrific of conditions. Tracing sexual violence in Europe's twentieth century from the Armenian genocide to Auschwitz and Algeria to Bosnia, this pathbreaking volume expands military history to include the realm of sexuality. Examining both stories of consensual romance and of intimate brutality, it also contributes significant new insights to the history of sexuality.

This book considers how women's experiences have been treated in films dealing with Nazi persecution. Focusing on fiction films made in Europe between 1945 and the present, this study explores dominant discourses on and cinematic representation of women as perpetrators, victims and resisters. Ingrid Lewis contends that European Holocaust Cinema underwent a rich and complex trajectory of change with regard to the representation of women. This change both reflects and responds to key socio-cultural developments in the intervening decades as well as to new directions in cinema, historical research and politics of remembrance.

CONTENT!! Through the years there are names that are forever imbedded in our brains when we think of the cruelty of the Nazi regime. Adolf Hitler. Hermann Goering. Adolf Eichmann. Joseph Mengele. Heinrich Himmler. Rarely do we come across the name of a woman who was responsible for the same types of depravities that these men indulged themselves in. Irma Grese was one such woman. Known to some as a beauty, to the prisoners of her camp she was nothing short of a beast. Disowned by her own family, she embraced the Nazi doctrine to the fullest and revelled in the suffering of her charges. What would inspire anyone to gain enjoyment from the suffering of others? Was she raised by monsters or did this monster have her own personal demons? What length did her depravity go? Take a look into an aspect of the Nazi regime that is often overlooked, the life of a female guard and what lengths they went to in order to control their prisoners. The depth of their depravity is often shocking. Their wanton disregard of rules and the sanctity of life is appalling. Why should you read about this then? We read these not to glorify their deeds but to learn from the past. By learning from the past, we can remember what we never want to happen again. This story gives a rare glimpse past the concentration camp walls and into the heart of true evil, all from the observation of a female guard.

pay much attention in my history class when it came to wars. They were over so why should I care? History is bound to repeat itself. In terms of war, that's generally with tragic results. While the war itself was brutal, these brave men highlighted in the book took on immeasurable odds to save the lives of those around them. Starting with a short history of the war, it runs into these amazing stories. I wish I had paid attention when I was younger, but I'm certainly paying attention now." - Hank (Montana, US) "The heroics of men under the strain of war are something of a marvel. Any man that would willingly sacrifice himself for the life of another is to be commended. To do so repeatedly is heroic. Those that fight in any war for the freedom of others should all be considered heroic. There are some that stand out amongst the rest though. These are some of such stories from men who fought with valour in World War I. The author excels in his description of the history surrounding the war as well as his efforts in extoling the actions of these men. Truly a wonderful book." - Jacques (Montreal, Canada)

This study is an analytical description of specific cultures of remembrance in social media (Facebook, Twitter, Instagram and Pinterest) on the history of National Socialism and the Holocaust. On the one hand, the study describes memory discourses that have been developing specific narratives within powerful and popular memory cultures since 1945 and are now manifesting themselves in media-specific, transformed form in concrete narrations in social media. On the other hand, the study analyzes the constitution of narratives about National Socialism and the Holocaust in social media not only as discursive formations, but also as communicative memory processes in the specific materialities of the concrete digital memory media.

Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the

personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghastly human experiments (twins were Mengele's particular obsession). With authority and insight, Mengele examines the entire life of the world's most infamous doctor.

In June 1944, Freda Wineman and her family arrived at Auschwitz-Birkenau, the infamous Nazi concentration and death camp. After a cursory look from an SS doctor, Freda's life was spared and her mother was sent to the gas chambers. Freda only survived because the Allies won the war -- the Nazis ultimately wanted every Jew to die. Her mother was one of millions who lost their lives because of a racist regime that believed that some human beings simply did not deserve to live -- not because of what they had done, but because of who they were.

Laurence Rees has spent twenty-five years meeting the survivors and perpetrators of the Third Reich and the Holocaust. In this sweeping history, he combines this testimony with the latest academic research to

investigate how history's greatest crime was possible. Rees argues that while hatred of the Jews was at the epicenter of Nazi thinking, we cannot fully understand the Holocaust without considering Nazi plans to kill millions of non-Jews as well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalations compounded into the horror. Though Hitler was most responsible for what happened, the blame is widespread, Rees reminds us, and the effects are enduring. *The Holocaust: A New History* is an accessible yet authoritative account of this terrible crime. A chronological, intensely readable narrative, this is a compelling exposition of humanity's darkest moment.

The noted historian John Keegan called World War II "the largest single event in human history." More than sixty years after it ended, that war continues to shape our world. Going far beyond accounts of the major battles, The Library of Congress World War II Companion examines, in a unique and engaging manner, this devastating conflict, its causes, conduct, and aftermath. It considers the politics that

shaped the involvement of the major combatants; military leadership and the characteristics of major Allied and Axis armed services; the weaponry that resulted in the war's unprecedented destruction, as well as debates over the use of these weapons; the roles of resistance groups and underground fighters; war crimes; daily life during wartime; the uses of propaganda; and much more. Drawn from the unparalleled collections of the institution that has been called "America's Memory," The Library of Congress World War II Companion includes excerpts from contemporary letters, journals, pamphlets, and other documents, as well as first-person accounts recorded by the Library of Congress Veterans History Project. The text is complemented by more than 150 illustrations. Organized into topical chapters (such as "The Media War," "War Crimes and the Holocaust," and two chapters on "Military Operations" that cover the important battles), the book also include readers to navigate through the rich store of information in these pages. Filled with facts and figures, information about unusual aspects of the war, and moving personal accounts, this remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations.

A masterly and moving account of the most horrific hidden atrocity of World War II: Ravensbrück, the

only Nazi concentration camp built for women On a sunny morning in May 1939 a phalanx of 867 women—housewives, doctors, opera singers, politicians, prostitutes—was marched through the woods fifty miles north of Berlin, driven on past a shining lake, then herded in through giant gates. Whipping and kicking them were scores of German women guards. Their destination was Ravensbrück, a concentration camp designed specifically for women by Heinrich Himmler, prime architect of the Holocaust. By the end of the war 130,000 women from more than twenty different European countries had been imprisoned there; among the prominent names were Geneviève de Gaulle, General de Gaulle’s niece, and Gemma La Guardia Gluck, sister of the wartime mayor of New York. Only a small number of these women were Jewish; Ravensbrück was largely a place for the Nazis to eliminate other inferior beings—social outcasts, Gypsies, political enemies, foreign resisters, the sick, the disabled, and the “mad.” Over six years the prisoners endured beatings, torture, slave labor, starvation, and random execution. In the final months of the war, Ravensbrück became an extermination camp. Estimates of the final death toll by April 1945 have ranged from 30,000 to 90,000. For decades the story of Ravensbrück was hidden behind the Iron Curtain, and today it is still little known. Using testimony unearthed since the end of

the Cold War and interviews with survivors who have never talked before, Sarah Helm has ventured into the heart of the camp, demonstrating for the reader in riveting detail how easily and quickly the unthinkable horror evolved. Far more than a catalog of atrocities, however, Ravensbrück is also a compelling account of what one survivor called “the heroism, superhuman tenacity, and exceptional willpower to survive.” For every prisoner whose strength failed, another found the will to resist through acts of self-sacrifice and friendship, as well as sabotage, protest, and escape. While the core of this book is told from inside the camp, the story also sheds new light on the evolution of the wider genocide, the impotence of the world to respond, and Himmler’s final attempt to seek a separate peace with the Allies using the women of Ravensbrück as a bargaining chip. Chilling, inspiring, and deeply unsettling, Ravensbrück is a groundbreaking work of historical investigation. With rare clarity, it reminds us of the capacity of humankind both for bestial cruelty and for courage against all odds.

one hundred miles to be the first to give the graphic and detailed descriptions of the atrocities of Auschwitz. Originally published in the early 1960s, *I Escaped from Auschwitz* is the striking autobiography of none other than Rudolf Vrba himself. Vrba details his life leading up to, during, and after his escape from his 21-month internment in Auschwitz. Vrba and Wetzler manage to evade Nazi authorities looking for them and make contact with the Jewish council in Zilina, Slovakia, informing them about the truth of the “unknown destination” of Jewish deportees all across Europe. This first-hand report alerted Western authorities, such as Pope Pius XII, Winston Churchill, and Franklin D. Roosevelt, to the reality of Nazi annihilation camps—information that until then had only been recognized as nasty rumors. *I Escaped from Auschwitz* is a close-up look at the horror faced by the Jewish people in Auschwitz and across Europe during World War II. This newly edited translation of Vrba’s memoir will leave readers reeling at the terrors faced by those during the Holocaust. Despite the profound emotions brought about by this narrative, readers will also find an astounding story of heroism and courage in the face of seemingly hopeless circumstances.

However, everything changed when she was sent to Terezín concentration camp. Here she was given a tin ring by her first love Arno with 'Arno 13.6.1942' engraved on it. When he gave her the ring he said, 'That's for our engagement. And to keep you safe. If we are both alive when the war ends I will find you'. An international bestseller, this powerful memoir by a ninety-eight-year-old Jewish Resistance fighter and Ravensbrück concentration camp survivor “shows us how to find hope in hopelessness and light in the darkness” (Edith Eger, author of *The Choice* and *The Gift*). Selma van de Perre was seventeen when World War II began. She lived with her parents, two older brothers, and a younger sister in Amsterdam, and until then, being Jewish in the Netherlands had not presented much of an issue. But by 1941 it had become a matter of life or death. On several occasions, Selma barely avoided being rounded up by the Nazis. While her father was summoned to a work camp and eventually hospitalized in a Dutch transition camp, her mother and sister went into hiding—until they were betrayed in June 1943 and sent to Auschwitz. In an act of defiance and with nowhere else to turn, Selma took on an assumed

identity, dyed her hair blond, and joined the Resistance movement, using the pseudonym Margareta van der Kuit. For two years “Marga” risked it all. Using a fake ID, and passing as non-Jewish, she traveled around the country and even to Nazi headquarters in Paris, sharing information and delivering papers—doing, as she later explained, what “had to be done.” But in July 1944 her luck ran out. She was transported to Ravensbrück women’s concentration camp as a political prisoner. Without knowing the fate of her family—her father died in Auschwitz, and her mother and sister were killed in Sobibor—Selma survived by using her alias, pretending to be someone else. It was only after the war ended that she could reclaim her identity and dared to say once again: My name is Selma. “We were ordinary people plunged into extraordinary circumstances,” Selma writes. Full of hope and courage, this is her story in her own words.

He earned doctorates in anthropology from Munich University and in medicine from Frankfurt University. He initially gained notoriety for being one of the SS physicians who supervised the selection of arriving transports of prisoners, determining who was to be killed and who was to become a forced laborer, but is far more infamous for performing grisly human experiments on camp inmates, including children, for which Mengele was called the "Angel of Death." In 1940, he was placed in the reserve medical corps, after which he served with the 5th SS Panzergrenadier Division Wiking in the Eastern Front. In 1942, he was wounded at the Soviet front and was pronounced medically unfit for combat, and was then promoted to the rank of SS-Hauptsturmführer (Captain) for saving the lives of three German soldiers. many of these crimes even more shocking than similar crimes committed by male guards. Not meant to sensationalize but to educate, these stories are approached with a lighter tone that doesn't trivialize but lessens the blow the brutality. History can be hard to hear. Some of the things that these women did, not because they were forced to but because they wanted to, were difficult to take. Honestly though, it wasn't much worse than what some of their male counterparts did. I think it's harder to read about women committing these crimes. The author does a great job at not sensationalizing it and keeps the tone of the book conversational. Auschwitz Lullaby brings to life the story of Helene Hannemann—a woman who sacrificed everything for family and fought furiously for the children she hoped to save. On an otherwise ordinary morning in 1943, Helene Hannemann is preparing her five children for the day when the German police arrive at her home. Helene's worst fears come true when the police, under strict orders from the SS, demand that her children and husband, all of Romani heritage, be taken into custody. Though Helene is German and safe from the forces invading her home, she refuses to leave her family—sealing her fate in a way she never could have imagined. After a terrifying trek across the continent, Helene and her family arrive at Auschwitz and are thrown into the chaos of the camp. Her husband, Johann, is separated from them, but Helene remains fiercely protective of her children and those around her. When the powers-that-be discover that Helene is not only a German but also a trained nurse, she is forced into service at the camp hospital, which is overseen by the notorious Dr. Mengele himself. Helene is under no illusions in terms of Dr. Mengele's intentions, but she agrees to cooperate when he asks her to organize a day care and school for the Romani children in the camp. Though physically and emotionally brutalized by the conditions at Auschwitz, Helene musters the strength to protect the children in her care at any cost. Through sheer force of will, Helene provides a haven for the children of Auschwitz—an act of kindness and selflessness so great that it illuminates the darkest night of human history. Gisella Perl's memoir is an extraordinarily candid account of women's extreme efforts to survive Auschwitz. It was the first memoir by a woman survivor and established the model for understanding the gendered Nazi policies and practices targeting Jewish women as racially poisonous.

The first book in English to specifically address the sexual violation of Jewish women during the Holocaust On March 25, 1942, nearly a thousand young, unmarried Jewish women, many of them teenagers, boarded a train in Poprad, Slovakia. Believing they were going to work in a factory for a few months, they were eager to report for government service and left their parents' homes wearing their best cloths and confidently waving good-bye. Instead, the young women were sent to Auschwitz. Only a few would survive. Now acclaimed author Heather Dune Macadam reveals their stories, drawing on extensive interviews with survivors, and consulting with historians, witnesses, and relatives of those first deportees to create an important addition to Holocaust literature and women's history.

“Compelling . . . Lower brings to the forefront an unexplored aspect of the Holocaust.” —Washington Post
In a surprising account that powerfully revises history, Wendy Lower uncovers the role of German women on the Nazi eastern front—not only as plunderers and direct witnesses, but as actual killers. Lower, drawing on twenty years of archival research and fieldwork, presents startling evidence that these women were more than “desk murderers” or comforters of murderous German men: they went on “shopping sprees” and romantic outings to the Jewish ghettos; they were present at killing-field picnics, not only providing refreshment but also shooting Jews. And Lower uncovers the stories of SS wives with children of their own whose brutality is as chilling as any in history. Hitler’s Furies challenges our deepest beliefs: women can be as brutal as men, and the evidence can be hidden for seventy years.

“Disquieting . . . Earlier books about the Holocaust have offered up poster girls of brutality and atrocity . . .

[Lower’s] insight is to track more mundane lives, and to argue for a vastly wider complicity.” —New York Times

“An unsettling but significant contribution to our understanding of how nationalism, and specifically conceptions of loyalty, are normalized, reinforced, and regulated.” —Los Angeles Review of Books

When you think about the holocaust, what is the first thing that comes to mind? Are your thoughts about the millions of innocent Jewish people who died needlessly because of a narrow minded political party? Maybe your first thoughts are of an extremely short many with a wicked heart, named Adolf Hitler. It also conjures images

of those responsible, sharp-dressed chisel-faced officers of the Nazi SS, presiding over this atrocity, this nightmare they created, the nightmare they condoned, and the horrible acts that they carried out while wearing stony expressions of cold detachment. There was no human compassion in their actions. There was no question of decency or shame, only a touch of defiance and the empty indifference of self-righteous apathy, combined with a complete lack of respect for human dignity, humanity, or human life. There was no human compassion, whatsoever. It was as if the Nazis suddenly forgot that Jewish people were human beings.

A powerful chronicle of the women who used their sewing skills to survive the Holocaust, stitching beautiful clothes at an extraordinary fashion workshop created within one of the most notorious WWII death camps. At the height of the Holocaust twenty-five young inmates of the infamous Auschwitz-Birkenau concentration camp—mainly Jewish women and girls—were selected to design, cut, and sew beautiful fashions for elite Nazi women in a dedicated salon. It was work that they hoped would spare them from the gas chambers. This fashion workshop—called the Upper Tailoring Studio—was established by Hedwig Höss, the camp commandant's wife, and patronized by the wives of SS guards and officers. Here, the dressmakers produced high-quality garments for SS social functions in Auschwitz, and for ladies from Nazi Berlin's upper crust. Drawing on diverse sources—including interviews with the last surviving seamstress—*The Dressmakers of Auschwitz* follows the fates of these brave women. Their bonds of

family and friendship not only helped them endure persecution, but also to play their part in camp resistance. Weaving the dressmakers' remarkable experiences within the context of Nazi policies for plunder and exploitation, historian Lucy Adlington exposes the greed, cruelty, and hypocrisy of the Third Reich and offers a fresh look at a little-known chapter of World War II and the Holocaust.

Stephen Nasser was 13 years old when the Nazi's sent he and his family to Auschwitz. Stephen tells his story in the direct and optimistic language of a young boy.

The testament to a tragedy. Voices from The Holocaust follows the whole history of the 'Shoah' from Hitler's rise to power to the Nuremburg trials, but of course the exterminations and death camps of 'The Final Solution' take centre stage. It tells the story from the perspective of the people who were there, and were witnesses - on both sides - of the horror. While some of the eye-witnesses are well-known, such as Anne Frank, Primo Levi and Heinrich Himmler, the book includes recollections of camp inmates, SS Totenkopf guards and the British soldiers who liberated Belsen. Shocking, powerful and personal, Voices from the Holocaust retells history, written by those who were there.

The extraordinarily moving memoir by a Holocaust survivor who saved an untold number of lives at Auschwitz through everyday acts of courage and kindness—in the vein of A Bookshop in Berlin and The Nazi Officer's Wife. In March 1942, twenty-five-year-old kindergarten teacher Magda Hellinger and nearly a thousand other young women were deported as some of the first Jews to be sent to the Auschwitz concentration camp. The SS soon

discovered that by putting prisoners in day-to-day charge of the accommodation blocks, they could deflect attention away from themselves. Magda was one such prisoner selected for leadership and put in charge of hundreds of women in the notorious Experimental Block 10. She found herself constantly walking a dangerously fine line: saving lives while avoiding suspicion by the SS and risking execution. Through her inner strength and shrewd survival instincts, she was able to rise above the horror and cruelty of the camps and build pivotal relationships with the women under her watch, and even some of Auschwitz's most notorious Nazi senior officers. Based on Magda's personal account and completed by her daughter's extensive research, this awe-inspiring tale offers us incredible insight into human nature, the power of resilience, and the goodness that can shine through even in the most horrific of conditions.

The Beasts of Buchenwald is the story of Karl and Ilse Koch, the brutal first commandant of Nazi Germany's most infamous concentration camp, and his equally brutal wife.

Frank and Saul Friedlander to Ida Fink and Louis Begley; topics covered include the Kindertransport experience, exile to Siberia, living in hiding, Jewish children masquerading as Christian, and ghetto diaries. Throughout, the argument is made that these texts use such similar techniques and structures that children's-eye views of the Holocaust constitute a discrete literary genre.

The Nazis believed their mission was to 'masculinize' life in Germany. Hermann Goering told women, 'Take a pot, a dustpan and a broom, and marry a man,' but many still became active participants in murder and mayhem. From the Reich Bride Schools through the Bund Deutscher Mädel and the bizarre Lebensborn Aryan breeding programme to the brothels of the Sicherheitsdienst, this book covers the lives of women in the Third Reich, concentrating on those who sought personal power and influence amid the chaos and death.
