Strategies and Analyses of Language and Communication in Multilingual and International Contexts David Levey, 2020-01-28 Covering a variety of themes and subject areas related to language and communication in international and multilinguistic contexts, this book offers an insight into the latest research in applied linguistics and language acquisition. Aimed at both scholars and language practitioners, it presents empirical findings from researchers from more than 10 countries. Rather than limiting its focus to one language and context as a source of research, the collection reports and applies findings from various languages and communities.

The Human Element Dik Gregory, Gran Bretanya. Maritime and Coastguard Agency, Paul Shanahan, Maritime and Coastguard Agency (Great Britain), Maritime and Coastguard Agency. mca, 2010-04-29 Based on a wide range of consultations with maritime organisations, the guide was produced by organisational psychologists gs partnership ltd, for consortium partners UK Maritime and Coastguard Agency, BP Shipping, Teekay Marine Services, and the Standard P&I Club. Aimed at everyone in the shipping industry, the Guide explains the fundamental aspects of human behaviour, which together constitute what the commercial maritime sector calls 'the human element'. It makes clear that the human element is neither peripheral nor optional in the pursuit of a profitable and safe shipping industry. The Guide clearly shows that managing the human element must take place simultaneously at all levels of the industry. Analysis of continuing shipping disasters has increasingly implicated the human element. The loss of life, the impact on company profits and credibility, and the vast environmental damage that can result from the loss of even a single vessel remain clear. The Guide offers insight, explanation and advice to help manage the human element more effectively, more safely and more profitably.

Teachers Exploring Tasks in English Language Teaching Jane Willis,2004-11-30 Winner - British Council Innovation in English Language Teaching Award 2006 This book was written for language teachers by language teachers, with a view to encouraging readers to use more tasks in their lessons, and to explore for themselves various aspects of task-based teaching and learning. It gives insights into ways in which tasks can be designed, adapted and implemented in a range of teaching contexts and illustrates ways in which tasks and task-based learning can be investigated as a research activity. Practising language teachers and student professionals on MA TESOL/Applied Linguistics courses will find this a rich resource of varied experience in the classroom and a stimulus to their own qualitative studies.
