In olden time, in the land of Punjab, lived a widowed wealthy man by the name of Misra in his vast farm with his three daughters Mahudri, Ashwaria and Sonam. The farm was run by a loyal farmer called Abed Khan. Abed lived with his wife and his three sons Sharu, Salman and Fawad in a nearby village. They all lived in a small mud-brick cottage. Each season after harvest Abed drove the wagons to the market to sell the crops. In one of these trips to the market, the bandit Agni and his brother Ramesh with their gang attacked the convoy and killed Abed and the farmers driving the other wagons. Abed's sons swore to avenge their father's death. The three brothers replaced their father and took care of the farm. They fell in love with Misra's daughters. Brothers Khan asked Misra for his daughters' hand in marriage but he refused claiming that they were poor and his daughters must marry rich men of their high status. Mahudri the big sister was coerced to marry a sadist drunkard who belonged to a big family in the region. He tortured her physically and mentally and ruined her life. The two other sisters rejected arranged marriage and opposed their father because they loved Sharu's brothers. Fearing his daughters might run away with their lovers and marry men of lower status, Misra kicked the brothers out of the farm. The brothers left the farm and lived in their clay hut in their village. Agni the bandit and his brother Ramesh raided the farm. The farm was burned to the ground. Farmers were killed and women abducted and raped. Mahudri's vicious husband was killed during the rade. Misra's two daughters Sonam and Ashwaria were abducted by Agni and Ramesh. The girls were taken to the bandits' hideout home where they were beaten and raped. Misra ran to brothers Khan asking for help. They came to his rescue. They saved the two girls and returned them safe home. They rebuilt the ruined farm, then launched a terrible war against the bandits, killed Agni and Ramesh, and restored peace. The brothers Khan married the three girls and all lived happily ever after.

This book is about unexpressed feelings, untold emotions and stories. This book is a complete justice to selfless lover's, and is a journey without a destination. The title of this book was decided after it was written, and is written in a very common language used by Indians on social media to communicate, which makes this book familiar and accessible to all my readers.

The Patels insist that Ashish date an Indian-American girl—under contract. Per subclause 1(a), he'll be taking his date on "fun" excursions like visiting the Hindu temple and his eccentric Gita Auntie. Kill him now. How is this ever going to work? Sweetie Nair is many things: a formidable track athlete who can outrun most people in California, a loyal friend, a shower-singing champion. Oh, and she's also fat. To Sweetie's traditional parents, this last detail is the kiss of death. Sweetie loves her parents, but she's so tired of being told she's lacking because she's fat. She decides it's time to kick off the Sassy Sweetie Project, where she'll show the world (and herself) what she's really made of. Ashish and Sweetie both have something to prove. What do the TV shows we're watching tell us about ourselves? Television is the single most powerful and dynamic agent of change in India today. It is also the country's most popular and accessible form of entertainment. Remote Control examines three kinds of programming—24x7 news, soap operas and reality shows—that have changed Indian television forever, and analyzes how these three genres, while drawing on different sources, are hybridized, indigenized and manage to ultimately project a distinctively Indian identity. Shoma Munshi's book shows us how everyday reality in India in the twenty-first century shapes television; and how television, in turn, shapes us.

A sensitive, humorous novel on Hindu-Muslim relations, set in post-Independence India, by an eminent Hindi writer.

How many, in a Mumbai room full of Hermes ties and finance whizkids, are Dalit? What if Mahesh Bhatt's son, David Headley's friend, had

been a Muslim? Why is Delhi getting better as a city and Mumbai going downhill? When did the Congress first start shrinking its prime minister? When did it become clear that Narendra Modi would take over his party? Who are the HMTs? And what does an angry Arvind Kejriwal say about us? Raising such questions is the hallmark of Shekhar Gupta's National Interest, the most eagerly awaited news and current affairs column in Indian journalism. Informed by three decades and more of formidable reporting and a credibility that gives Gupta unrivalled access to decision makers in government, politics and business, the best of these columns in Anticipating India explain and interpret, provoke and predict change for more than a billion people. A riveting first draft of modern Indian history, Anticipating India interprets everything from the successes and failings of Atal Bihari Vajpayee and Manmohan Singh to the ascent of Rahul Gandhi, Narendra Modi and Arvind Kejriwal, from the forces that have deepened Indian federalism and constitutionalism to the public mood that keeps a check on excesses in the use of political power. Each chapter in Anticipating India, in its questioning of power, its use and abuse, carries within it ideas of India that challenge conventional wisdom, shatter stereotypes and, in the end, question our long-held assumptions of who we are as a nation and a people.

When the world-illuminating sun rushed upon Night like a brigand, My weeping bedewed the face of the rose. My tears washed away sleep from the eye of the narcissus, My passion wakened the grass and made it grow. The Gardener taught me to sing with power, He sowed a verse and reaped a sword. In the soil he planted only the seed of my tears And wove my lament with the garden, as warp and woof. Tho' I am but a mote, the radiant sun is mine: Within my bosom are a hundred dawns.

An excellent work detailing with notes the thoughts of Allama Iqbal in his famous work. The text features extensive notes and gives an introduction to each poem.

Khushi, a vibrant 21 year old was the sunshine of her bade papa and buaji's existence. Add to it a close set of friends and love for arts and her life was complete. She was beautiful inside out, with her doe-like olive green eyes mature beyond their years. Her life was not perfect but she was not the one to complain for she lived it to the fullest. She made the best out of the situations and believed in moving on. Her smiles and chitter chatter were the life of Raizada Mansion. Everyone loved her dearly. Everyone, but Avish Singh Raizada. He arrived in her world claiming his stake on two things that Khushi held very dear to her heart. Her home and her bade papa's love. Sharing was an alien concept to that cynical arrogant man, who was unhappy with pretty much everything around him. And unfortunately Khushi became one more reason of his displeasure. Forgetting her own sadness, she tried to be reasonable and friendly towards him but he refused to warm up to her. So like any other intelligent being she decided to pretend that he does not exist and went on with her life. It worked, but not for long. The people and the ties binding them were very important, very strong, whether they liked it or not. Their lives touched each other's on daily basis. So overtime, living under the same roof, sharing the same family forced them into an understanding, a friendship of the sorts. But like it happened with other people, Avish too found his life revolving around Khushi one fine day. She was not someone you can resent for long and he had understood that slowly. They way she saw his pain through the facade of anger broke his resolve to stay away from her. Her heart warming smiles that he had started discreetly capturing in his camera, thawed his frozen heart bit by bit. But his silent admiration and complex nature did not help the matter. To add to his woes, Khushi was obviously happy in her own world, where Avish was her friend, just a friend. She sincerely believed in love, but for others not herself. He had always mocked the idea of love, but it was his only salvation now. Second chances are rare in life but he got one, and thus began his quest to bridge the distances between himself and her, distances created by the society, distances created by the age difference, but most importantly distances created by themselves. To make her his for eternity, only his.

Mona Arshi's debut collection, *Small Hands*, introduces a brilliant and compelling new voice. At the center of the book is the slow detonation of grief after her brother's death but her work focuses on the whole variety of human experience: pleasure, hardship, tradition, energised by language which is in turn both tender and risky. Often startling as well as lyrical, Arshi's poems resist fixity; there is a gentle poignancy at work here which haunts many of the poems. This is humane poetry. Arshi's is a daring, moving and original voice.

Ever noticed that women don't feature much in history books, and wondered why? Then this is the book for you. In *The Trouble with Women*, feminist artist Jacky Fleming illustrates how the opinions of supposed male geniuses, such as Charles Darwin (who believed that women have smaller brains than men) and John Ruskin (who believed that women's main function was to praise men), have shaped the fate of women through history, confining them to a life of domesticity and very little else. Get ready to laugh, wince, and rescue forgotten women from the "dustbin of history," while keeping a close eye out for tell-tale "genius hair."

Omprakash Valmiki describes his life as an untouchable, or Dalit, in the newly independent India of the 1950s. "Joothan" refers to scraps of food left on a plate, destined for the garbage or animals. India's untouchables have been forced to accept and eat joothan for centuries, and the word encapsulates the pain, humiliation, and poverty of a community forced to live at the bottom of India's social pyramid. Although untouchability was abolished in 1949, Dalits continued to face discrimination, economic deprivation, violence, and ridicule. Valmiki shares his heroic struggle to survive a preordained life of perpetual physical and mental persecution and his transformation into a speaking subject under the influence of the great Dalit political leader, B. R. Ambedkar. A document of the long-silenced and long-denied sufferings of the Dalits, *Joothan* is a major contribution to the archives of Dalit history and a manifesto for the revolutionary transformation of society and human consciousness.
