« J'étais croque-mort. Mes derniers cercueils ont été ceux de ma femme et de mes enfants. Ce jour-là, je suis devenu Jackal. » Mercenaire sans foi ni loi, Jackal n'a qu'une faiblesse : les jolies femmes. Il y en a justement deux qui allient jeunesse, beauté et caractère : Scarlett et Nasha. Scarlett cherche à retrouver un trésor qui lui permettrait de sauver la vie de son père. Nasha est la rescapée du massacre d'un clan Navajo, à qui le trésor maudit a été volé des années plus tôt. En accompagnant leurs quêtes, Jackal va également croiser le premier serial killer américain non officiel : le célèbre Jeremiah Johnson. Après avoir, par le passé, tué des centaines de guerriers Crows et dévoré leurs foies, Johnson a repris ses meurtres rituels, cette fois-ci sans distinction de sexe ni de race... La collection « *Flesh & Bones* » s'attaque à un autre registre avec ce western gore où le cœur des hommes est aussi noir qu'une nuit sans lune ; leur âme aussi sauvage que les plaines arides de l'Ouest.

THE CLASSIC THRILLER FROM #1 NEW YORK TIMES BESTSELLING AUTHOR FREDERICK FORSYTH "The Day of the Jackal makes such comparable books such as *The Manchurian Candidate* and *The Spy Who Came in from the Cold* seem like Hardy Boy mysteries."—The New York Times *The Jackal*. A tall, blond Englishman with opaque, gray eyes. A killer at the top of his profession. A man unknown to any secret service in the world. An assassin with a contract to kill the world's most heavily guarded man. One man with a rifle who can change the course of history. One man whose mission is so secretive not even his employers know his name. And as the minutes count down to the final act of execution, it seems that there is no power on earth that can stop the Jackal.

Do you know that the Swahili name for Jackals is Bwehe? And do you know that if you are on safari, the best time to see a Jackal is at night? It is sometimes difficult to make our children understand the beauty of nature, to make them appreciate the small things, the beauty of a flower, the freshness of the air, the scent of grass. Often, we are not fortunate to be in contact with nature, far from a meadow, closed in the cities. Still, so often, while looking out from our balcony in a beautiful country house, we know how to observe but do not appreciate creation's beauty. Know the details and habits of zoo animals as common as it is surprising, through a simple path, which fuels your child's interest and curiosity. That's the purpose of this book. But beware, prepare for the challenge! You will have to be able to answer the questions that your child will ask you by showing off their deep knowledge in the microworld of the Jackal: -Mom, do you know where Jackals are found in the world? I do! -Hey dad, do you know how fast Jackals can run? I do! -Grandpa, do you know what the four different types of Jackals are? I do! -Grandma, do you know what Jackals do to keep cool? I do! -Sarah, you're my big sister, and you've studied a lot, but I bet you don't know what the most common type of Jackal is! I know that. You don't need anything else; just one click on "Buy Now," and you will let your child live a magical new adventure with his new friend Jackal and the magic natural world of zoo animals.

For more than half a century, Special Forces and CIA legend Billy Waugh dedicated his life to tracking down and eliminating America's most virulent enemies. Operating from the darkest shadows and most desolate corners of the world, he made his mark in many of the most important operations in the annals of U.S. Spec Ops. He spent seven and a half years behind enemy lines in Vietnam as a member of a covert group of elite commandos. He trailed Osama Bin Laden in Khartoum in the early '90s, and would have killed the terrorist kingpin if his superiors had allowed it. And at the age of seventy-two, he marched through the frozen high plains of Afghanistan as part of Operation Enduring Freedom. *Hunting the Jackal* is the astonishing true account of the singular career of a courageous soldier in his nation's shadow wars -- including his pivotal role in the previously untold story of the capture of the most infamous and elusive assassin in history, Carlos the Jackal.

Things are finally looking good for Captain Frey and his crew. The *Ketty Jay* has been fixed up good as new. They've got their first taste of fortune and fame. And, just for once, nobody is trying to kill them. Even Trinica Dracken, Frey's ex-fiancée and long-time nemesis, has given up her quest for revenge. In fact, she's offered them a job - one that will take them deep into the desert heart of Samarla, the land of their ancient enemies. To a place where the secrets of the past lie in wait for the unwary. Secrets that might very well cost Frey everything. Join the crew of the *Ketty Jay* on their greatest adventure yet: a story of mayhem and mischief, roof-top chases and death-defying races, murderous daemons, psychopathic golems and a particularly cranky cat. The first time was to clear his name. The second time was for money. This time, Frey's in a race against the clock for the ultimate prize: to save his own life.

Real-life SEAL Don Mann brings all of his insight and experience to the next installment of the SEAL Team Six series. When a senator's wife and teenage daughter are kidnapped, Thomas Crocker and SEAL Team Six are sent to Mexico's lawless countryside, where federal agents protect violent narcotics kingpins instead of hunting them down. The two women have been taken by the Jackal, a drug lord drunk on

power and influence. He also happens to be a self-styled modern Che Guevara, having undergone plastic surgery to disguise his looks and justifying his brutal methods and Machiavellian drug empire with the politics of social revolution. The Jackal is as ruthless as he is colorful, and he must be stopped. Crocker and the SEALs have only a matter of hours to track down and rescue the two innocent civilians held at the mercy of this madman. With dirty cops, dangerous cartels, lavish tropical estates, double-crosses and plenty of bullets, Hunt the Jackal places the team in perilous new territory and demonstrates how elite warriors can adapt to and fight in any situation. With insight into sensitive intelligence so top secret it can only be hinted at in fiction, Mann and Pezzullo have, over several books, used their extensive knowledge to offer a look behind the curtain at the life-or-death black-ops missions executed by a select handful of the bravest soldiers. Now, with Hunt the Jackal, the authors focus their lens even closer to home upon the dangers that lurk just across the U.S. border in a pulse-pounding thriller that ups the ante even as it sheds light on the real-life heroes and villains of the fight against narcoterrorism.

Marshall B. Rosenberg, the founder of Nonviolent Communication, chose two animals to help convey his ideas with power and clarity: the jackal and the giraffe. They represent two qualities in us. The jackal is result-oriented, judgmental and authoritarian. The giraffe is both gentle and strong, regarding whatever comes up with kindness, communicating from his heart and seeking connection and clarity. In The Giraffe and Jackal Within, Justine Mol makes it clear that it is possible to accept and give space to the jackal, while at the same time, out of a deep desire to contribute to happiness and peace for all, being able to be a giraffe. The giraffe helps the jackal to express himself, so his ruthlessness can transform into compassion. Justine describes the characteristics of the jackal and giraffe sides of us, gives us tips and examples of how people speak in their jackal and giraffe moments. An inspirational book in which the reader can experience what Nonviolent Communication consists of. Justine Mol writes, trains and coaches in the spirit of Nonviolent Communication according to the ideas of Marshall Rosenberg. She has also written Growing up in Trust: Raising Kids without Rewards and Punishment.

On an August night in 1994 French counterespionage officers seized the world's most wanted terrorist from a villa in the Sudan. After more than two decades on the run, Carlos "the Jackal" had finally been caged. For years he had murdered and bombed his way to notoriety, evading capture thanks to powerful backers and the blunders of Western secret services. Jackal is the definitive biography of this self-proclaimed "professional revolutionary," ladies man, and cold-blooded killer. Setting his story against the larger political picture of the time, it exposes how the Soviet bloc and certain Arab regimes sponsored terrorist actions for their own ends during the cold war. A cautionary tale of governments that fostered the image of an invincible criminal mastermind - who was in reality a pawn in the chilling cold war chess game between East and West - Jackal also provides fascinating insight into the making and mind of the world's most wanted terrorist.
