The J. L. Hudson Company redefined the way Detroiters shopped and enjoyed leisure time. Many Detroiters share memories of times spent shopping and enjoying spectacular events sponsored by Hudson's. A solid and lofty icon built by businesspeople who believed in their passion, Hudson's defined Detroit's downtown, creating trends and traditions in consumer culture that still resonate with us today. Now and in the future, as Hudson's boxes, shopping bags, and artifacts are discovered in closets, attics, basements, and flea markets, many will remember that it was once as solid a civic fixture as the City-County Building or the Detroit Public Library.

Operating in the shadow of the enormous J.L. Hudson Co., Crowley's earned Detroit's trade with fine merchandise and good service, all in an atmosphere that made it the Motor City's "friendly" department store. Generations of customers still hold Crowley's close in their memories, fondly recalling the store's ancient wooden escalators, fashionable merchandise and special events like "Breakfast with Santa." Wander back in time with historian Bruce Allen Kopytek through the venerable old store and its suburban branches to discover all the things that made Crowley's such a special retail destination.

Lanterns in the Dawn Lanterns in the Dawn-humorous, sad, realistic, and bittersweet-is the coming-of-age story of a boy living on a small Midwestern dirt farm. It is written in sparse, clear prose with an undertone of haunting images true to the imagination and insights of childhood. Through sharply drawn characters, it depicts a way of life from a recent yet bygone era that likely will never return. Above all, it is the story of strong pioneer-spirited people who loved the land so dearly they somehow managed to survive in it and through it, as if they were a permanent part of it throughout the ages.

In the decade from 1870 to 1880 a new spirit was stirring in the intellectual and literary world of Denmark. George Brandes was delivering his lectures on the Main Currents of Nineteenth Century Literature; from Norway came the deeply probing questionings of the granitic Ibsen; from across the North Sea from England echoes of the evolutionary theory and Darwinism. It was a time of controversy and bitterness, of a conflict joined between the old and the new, both going to extremes, in which nearly every one had a share. How many of the works of that period are already out-worn, and how old-fashioned the theories that were then so violently defended and attacked! Too much logic, too much contention for its own sake, one might say, and too little art. This was the period when Jens Peter Jacobsen began to write, but he stood aside from the conflict, content to be merely artist, a creator of beauty and a seeker after truth, eager to bring into the realm of literature "the eternal laws of nature, its glories, its riddles, its miracles," as he once put it. That is why his work has retained its living colors until to-day, without the least trace of fading. There is in his work something of the passion for form and style that one finds in Flaubert and Pater, but where they are often hard, percussive, like a piano, he is soft and strong and intimate like a violin on which he plays his reading of life. Such analogies, however, have little significance, except that they indicate a unique and powerful artistic personality. Jacobsen is more than a mere stylist. The art of writers who are too consciously that is a sort of decorative representation of life, a formal composition, not a plastic composition. One element particularly characteristic of Jacobsen is his accuracy of observation and minuteness of detail welded with a deep and intimate understanding of the human heart. His characters are not studied tissue by tissue as under a scientist's microscope, rather they are built up living cell by living cell out of the author's experience and imagination. He shows how they are conditioned and modified by their physical being, their inheritance and environment, Through each of his senses he lets impressions from without pour into him. He harmonizes them with a passionate desire for beauty into marvelously plastic figures and moods. A style which grows thus organically from within is style out of richness; the other is style out of poverty.É Man Booker Prize-winner Howard Jacobson brings his singular brilliance to this modern re-imagining of one of Shakespeare's most unforgettable characters: Shylock Winter, a cemetery, Shylock. In this provocative and profound interpretation of The Merchant of Venice, Shylock is juxtaposed against his present-day counterpart in the character of art dealer and conflicted father Simon Strulovitch. With characteristic irony, Jacobson presents Shylock as a man of incisive wit and passion, concerned still with questions of identity, parenthood, anti-Semitism and revenge. While Strulovich struggles to reconcile himself to his daughter Beatrice's "betrayal" of her family and heritage—as she is carried away by the excitement of Manchester high society, and into the arms of a footballer notorious for giving a Nazi salute on the field—Shylock alternates grief for his beloved wife with rage against his own daughter's rejection of her Jewish upbringing. Culminating in a shocking twist on Shylock's demand for the infamous pound of flesh, Jacobson's insightful retelling examines contemporary, acutely relevant questions of Jewish identity while maintaining a poignant sympathy for its characters and a genuine spiritual kinship with its antecedent—a drama which Jacobson himself considers to be "the most troubling of Shakespeare's plays for anyone, but, for an English novelist who happens to be Jewish, also the most challenging."

A NEW YORK TIMES BESTSELLER From the co-creator and co-star of the hit series Broad City, a hilarious and poignant collection about love, loss, work, comedy and figuring out who you really are when you thought you already knew. When Abbi Jacobson announced to friends and acquaintances that she planned to drive across the country alone, she was met with lots of questions and opinions: Why wasn't she going with friends? Wouldn't it be incredibly lonely? The North route is better! Was it safe for a woman? The Southern route is the way to go! You should bring mace! And a common one . . . why? But Abbi had always

found comfort in solitude, and needed space to step back and hit the reset button. As she spent time in each city and town on her way to Los Angeles, she mulled over the big questions - What do I really want? What is the worst possible scenario in which I could run into my ex? How has the decision to wear my shirts tucked in been pivotal in my adulthood? In this collection of anecdotes, observations and reflections - all told in the sharp, wildly funny and relatable voice that has endeared Abbi to critics and fans alike - readers will feel like they're in the passenger seat on a fun and, ultimately, inspiring journey. With some original illustrations by the author.

In the tumult of this time, Annie and her family grapple with the tension of holding both hope and grief in the same hand, even as they learn to turn to the One who binds the wounds of the brokenhearted. Few growing up in the aftermath of World War II will ever forget the horrifying reports that Nazi concentration camp doctors had removed the skin of prisoners to make common, everyday lampshades. In *The Lampshade*, bestselling journalist Mark Jacobson tells the story of how he came into possession of one of these awful objects, and of his search to establish the origin, and larger meaning, of what can only be described as an icon of terror. Jacobson's mind-bending historical, moral, and philosophical journey into the recent past and his own soul begins in Hurricane Katrina-ravaged New Orleans. It is only months after the storm, with America's most romantic city still in tatters, when Skip Henderson, an old friend of Jacobson's, purchases an item at a rummage sale: a very strange looking and oddly textured lampshade. When he asks what it's made of, the seller, a man covered with jailhouse tattoos, replies, "That's made from the skin of Jews." The price: \$35. A few days later, Henderson sends the lampshade to Jacobson, saying, "You're the journalist, you find out what it is." The lampshade couldn't possibly be real, could it? But it is. DNA analysis proves it. This revelation sends Jacobson halfway around the world, to Yad Vashem in Jerusalem and to the Buchenwald concentration camp in Germany, where the lampshades were supposedly made on the order of the infamous "Bitch of Buchenwald," Ilse Koch. From the time he grew up in Queens, New York, in the 1950s, Jacobson has heard stories about the human skin lampshade and knew it to be the ultimate symbol of Nazi cruelty. Now he has one of these things in his house with a DNA report to prove it, and almost everything he finds out about it is contradictory, mysterious, shot through with legend and specious information. Through interviews with forensic experts, famous Holocaust scholars (and deniers), Buchenwald survivors and liberators, and New Orleans thieves and cops, Jacobson gradually comes to see the lampshade as a ghostly illuminator of his own existential status as a Jew, and to understand exactly what that means in the context of human responsibility. One question looms as his search goes on: what to do with the lampshade—this unsettling thing that used to be someone? It is a difficult dilemma to be sure, but far from the last one, since once a lampshade of human skin enters your life, it is very, very hard to forget.
