The Enchanted Forest, James Galway/Hiro Fujikake (cd). The Enchanted forest melodies of Japan Contemporary World Musicians Routledge

Music lovers, researchers, students, librarians, and teachers can trace the personal and artistic influences behind music makers from Elton John to Leontyne Price. Individual entries on over 400 of the world's most renowned and accomplished living performers, composers, conductors, and band leaders in musical genres from opera to hip-hop. Also includes an in-depth Index covering musicians of all eras, so that readers can learn which artists, alive or dead, influenced the work of today's most important figures in the music industry.

A fascinating historical journey through the world of music, based on a sixteen-part television series hosted by the world-famous flutist, traces the development of music from its origins to the present

The author, who has lived with multiple sclerosis most of her adult life, delves deeply into her own experience to reveal the keys to regaining emotional and spiritual wholeness when a serious illness or injury threatens to destroy one's sense of self. While serious illness, injury, or disability can physically alter the course of your life, it can also cause great emotional upheaval. It is not uncommon to feel anger, frustration, grief, fear, and denial as you try to accept a new way of living. As you lose your ability to do things you once considered routine, you may even feel that you are losing your self-worth, that your physical condition is threatening your identity. Through a step-by-step process designed to show that real healing has little to do with the state of the physical body, Noble Topf offers a compassionate and inspirational message to anyone whose sense of self is threatened by physical limitations.

Music affects our physical well-being often without our being aware of it. This book reveals the power of music from classical through Jazz and New Age forms to heal emotions and transform lives using simple, step-by-step exercises and 39 musical activities.

The guide to English language reviews of all music recorded on compact discs. The journal of classical music.
