Lancelot is welcomed into the court of King Arthur as a valiant fighter and later rescues Queen Guinevere, fights the tournament at Astolat, and pursues other adventures.

From Susan H. Kamei and Barry Denenberg, the award-winning author of *Ali: An American Champion*, comes an engaging new novel that narrates the oral history of Japanese incarceration during World War II, from the perspective of the young people affected. It's difficult to believe it happened here, in the Land of the Free: After the bombing of Pearl Harbor in 1941, the United States government imprisoned more than one hundred and twenty thousand Japanese Americans living on the Pacific Coast in desolate concentration camps until the end of World War II just because of their race. In this book, the voices of those who lived through this experience are wrapped around the story of their incarceration and illuminate the frightening reality of this dark period in American history. Many of them were children and young adults at the time. Now, more than ever, this book is needed for all who care about what it means to be an American.

****Winner of the 2015 Gelett Burgess Award for Best Intercultural Book**** ****Winner of the 2015 Silver Evergreen Medal for World Peace**** This true children's story is told by a little bonsai tree, called Miyajima, that lived with the same family in the Japanese city of Hiroshima for more than 300 years before being donated to the National Arboretum in Washington DC in 1976 as a gesture of friendship between America and Japan to celebrate the American Bicentennial. From the Book: "In 1625, when Japan was a land of samurai and castles, I was a tiny pine seedling. A man called Itaro Yamaki picked me from the forest where I grew and took me home with him. For more than three hundred years,

generations of the Yamaki family trimmed and pruned me into a beautiful bonsai tree. In 1945, our household survived the atomic bombing of Hiroshima. In 1976, I was donated to the National Arboretum in Washington D.C., where I still live today—the oldest and perhaps the wisest tree in the bonsai museum."

Seven-year-old Mimiko introduces her family and describes their activities on special days throughout the year.

This collection of Japanese fairy tales is the outcome of a suggestion made to me indirectly through a friend by Mr. Andrew Lang. They have been translated from the modern version written by Sadanami Sanjin. These stories are not literal translations, and though the Japanese story and all quaint Japanese expressions have been faithfully preserved, they have been told more with the view to interest young readers of the West than the technical student of folk-lore.... In telling these stories in English I have followed my fancy in adding such touches of local color or description as they seemed to need or as pleased me, and in one or two instances I have gathered in an incident from another version. At all times, among my friends, both young and old, English or American, I have always found eager listeners to the beautiful legends and fairy tales of Japan, and in telling them I have also found that they were still unknown to the vast majority...
