"Jasper Tudor was a rebel and a warrior, the man who created the greatest dynasty England has ever known... The Tudors." - Dr Sara Elin Roberts, author of Jasper - The Tudor Kingmaker Following the best-selling historical fiction novel OWEN - Book One of The Tudor Trilogy, this is the incredible story, based on actual events, of Owen's son Jasper Tudor, who changes the history of England forever. England 1461: The young King Edward of York has taken the country by force from King Henry VI of Lancaster. Sir Jasper Tudor, Earl of Pembroke, flees the massacre of his Welsh army at the Battle of Mortimer's Cross and plans a rebellion to return his half-brother King Henry to the throne. When King Henry is imprisoned by Edward in the Tower of London and murdered, Jasper escapes to Brittany with his young nephew, Henry Tudor. Then after the sudden death of King Edward and the mysterious disappearance of his sons, a new king, Edward's brother Richard III takes the English Throne. With nothing but his wits and charm, Jasper sees his chance to make young Henry Tudor king with a daring and reckless invasion of England. Set in the often brutal world of fifteenth century England, Wales, Scotland, France, Burgundy and Brittany, during the Wars of the Roses, this fast-paced story is one of courage and adventure, love and belief in the destiny of the Tudors. Without the heroic Jasper Tudor there could have been no Tudor dynasty. Terry Breverton, author, historian and Television Presenter. Jasper Tudor was the

greatest survivor of the Wars of the Roses. Whilst almost all his contemporaries suffered often brutal and bloody deaths, Jasper persevered against all the odds. That's not to say it was easy, as you will discover... Nathen Amin, Author of Tudor Wales A witty and mischievous novel views the human world through the lens of two different cats--Cattino, a lion disguised as a housecat, that makes his home amid the villas of the Italian aristocracy, and Pasha, a stuffed cat that somehow cleverly makes his escape from a Nairobi museum.

"Hoping to strike it rich, eleven-year-old Jasper and his older brother Melvin set out on a treacherous journey to Alaska during the Klondike Gold Rush"--

Celebrate the wonderful (and hilarious) ways in which friends can be different in this laugh-out-loud odd-couple story. Best friends Jasper, a quick and feisty fox, and Ollie, a slow and deliberate sloth, decide to build forts in the yard. While Jasper's enormous fort goes up in minutes (complete with a rock climbing wall, bouncy, castle, and moat), it's Ollie's humble fort that has what the pair need most . . . a place that they can share. This highly visual story allows young readers to easily recognize the differences between the two pals, as Jasper's increasingly frenzied building contrasts with Ollie's more reserved and planned approach. It's a smartly paced, hugely funny celebration of our differences. Kids AND grown-ups will giggle as they decide if they're more of a "Jasper" or an "Ollie." Which one are you? Parents will also appreciate the subtle lesson of mindfulness, told with humor, as impatient Jasper comes to understand that being first and fastest isn't always best. Also available: Jasper & Ollie

him into the night. Jasper takes him to his secret glade, where Charlie witnesses Jasper's horrible discovery. With his secret like a brick in his belly, Charlie is pushed and pulled by a town closing in on itself in fear and suspicion. He locks horns with his tempestuous mother, falls nervously in love, and battles to keep a lid on his zealous best friend. In the simmering summer where everything changes, Charlie learns why the truth of things is so hard to know, and even harder to hold in his heart.

Great Britain circa 1985: time travel is routine, cloning is a reality (dodos are the resurrected pet of choice), and literature is taken very, very seriously. Baconians are trying to convince the world that Francis Bacon really wrote Shakespeare, there are riots between the Surrealists and Impressionists, and thousands of men are named John Milton, an homage to the real Milton and a very confusing situation for the police. Amidst all this, Acheron Hades, Third Most Wanted Man In the World, steals the original manuscript of Martin Chuzzlewit and kills a minor character, who then disappears from every volume of the novel ever printed! But that's just a prelude.

Three worlds that have fought with each other since the beginning of time come together to find their origins. In the midst of their discovery, ancient beings that have long since been forgotten stir, and all three worlds begin slowly moving

towards Armageddon. This is the book of Jasper, whose eyes can see the future and the mistakes of the past.

The second installment in Jasper Fforde's New York Times bestselling series follows literary detective Thursday Next on another adventure in her alternate reality of literature-obsessed England—from the author of *The Constant Rabbit*. The inventive, exuberant, and totally original literary fun that began with *The Eyre Affair* continues with New York Times bestselling author Jasper Fforde's magnificent second adventure starring the resourceful, fearless literary sleuth Thursday Next. When Landen, the love of her life, is eradicated by the corrupt multinational Goliath Corporation, Thursday must moonlight as a Prose Resource Operative of Jurisfiction—the police force inside the BookWorld. She is apprenticed to the man-hating Miss Havisham from Dickens's *Great Expectations*, who grudgingly shows Thursday the ropes. And she gains just

enough skill to get herself in a real mess entering the pages of Poe's "The Raven." What she really wants is to get Landen back. But this latest mission is not without further complications. Along with jumping into the works of Kafka and Austen, and even Beatrix Potter's *The Tale of the Flopsy Bunnies*, Thursday finds herself the target of a series of potentially lethal coincidences, the authenticator of a newly discovered play by the Bard himself, and the only one who can prevent an unidentifiable pink sludge from engulfing all life on Earth. It's another genre-bending blend of crime fiction, fantasy, and top-drawer literary entertainment for fans of Douglas Adams and P. G. Wodehouse. Thursday's zany investigations continue with *The Well of Lost Plots*.

Teamed with Sadie Dupree, a geological expert, and Amelia Rio, an ace driver for one of the Organized Crime families, Jasper ventures underground to investigate the fate of the miners. But there's another factor operating within the labyrinth of tunnels, a factor that would kill to keep its illegal operations undiscovered. And still another factor has infiltrated the hired detective's own group. Yes, there's a Judas working with Jasper, a traitor who knows the secret of the mine, and who will stop at nothing to keep the mine's secret. Can Jasper track down whom or what is responsible for the miners' disappearances, or will he and his one true ally suffer the same fate as the unfortunate workers?
