

Jazz Essential Listening

Blutch riffs on two quintessentially American art forms in this collection of jazz-themed comics. In this freewheeling collection of short stories and vignettes, the famed French cartoonist examines not only the music, but the nature of the jazz sub-culture. The grumpy festival goer, the curmudgeonly collector, and many other fan "types" are the targets of his unerring gimlet eye. Drawn in a range of styles as improvisational as Coltrane and Mingus ? everything from loose linework to tight pen and ink to gestural pencils ? Blutch captures the excitement of live performance, the lovelorn, and the Great Jazz Detective, who is out but not down.

Man up and discover the practical and inspirational information all men should know! While it's definitely more than just monster trucks, grilling, and six-pack abs, true manliness is hard to define. The words macho and manly are not synonymous. Taking lessons from classic gentlemen such as Benjamin Franklin and Theodore Roosevelt, authors Brett and Kate McKay have created a collection of the most useful advice every man needs to know to live life to its full potential. This book contains a wealth of information that ranges from survival skills to social skills to advice on how to improve your character. Whether you are braving the wilds with your friends, courting your girlfriend, or raising a family, inside you'll find practical information and inspiration for every area of life. You'll learn the basics all modern men should know, including how to: -Shave like your grandpa -Be a perfect houseguest -Fight like a gentleman using the art of bartitsu -Help a friend with a problem -Give a man hug -Perform a fireman's carry -Ask for a woman's hand in marriage -Raise resilient kids -Predict the weather like a frontiersman -Start a fire without matches -Give a dynamic speech -Live a well-balanced life So jump in today and gain the skills and knowledge you need to be a real man in the 21st century.

An updated new edition of Ted Gioia's acclaimed compendium of jazz standards, featuring 15 additional selections, hundreds of additional recommended tracks, and enhancements and additions on almost every page. Since the first edition of *The Jazz Standards* was published in 2012, author Ted Gioia has received almost non-stop feedback and suggestions from the passionate global community of jazz enthusiasts and performers requesting crucial additions and corrections to the book. In this second edition, Gioia expands the scope of the book to include more songs, and features new recordings by rising contemporary artists. *The Jazz Standards* is an essential comprehensive guide to some of the most important jazz compositions, telling the story of more than 250 key jazz songs and providing a listening guide to more than 2,000 recordings. The fan who wants to know more about a tune heard at the club or on the radio will find this book indispensable. Musicians who play these songs night after night will find it to be a handy guide, as it outlines the standards' history and significance and tells how they have been performed by different generations of jazz artists. Students learning about jazz standards will find it to be a go-to reference work for these cornerstones of the repertoire. This book is a unique resource, a browser's companion, and an invaluable introduction to the art form.

"A dauntingly ambitious, obsessively researched" (Los Angeles Times) global history of music that reveals how songs have shifted societies and sparked revolutions. Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their sources. In *Music: A Subversive History*, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all the way to the jazz, reggae, and hip-hop sounds of the current day. *Music: A Subversive History* is

essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify.

An acclaimed music scholar presents an accessible introduction to the art of listening to jazz In *How to Listen to Jazz*, award-winning music scholar Ted Gioia presents a lively introduction to one of America's premier art forms. He tells us what to listen for in a performance and includes a guide to today's leading jazz musicians. From Louis Armstrong's innovative sounds to the jazz-rock fusion of Miles Davis, Gioia covers the music's history and reveals the building blocks of improvisation. A true love letter to jazz by a foremost expert, *How to Listen to Jazz* is a must-read for anyone who's ever wanted to understand and better appreciate America's greatest contribution to music. "Mr. Gioia could not have done a better job. Through him, jazz might even find new devotees." -Economist

Presents a history of bebop from its roots in the late 1930s; describes the musicians, bands, and composers who contributed to this style of jazz; and evaluates key bebop recordings. The "Pat-a-Cake" tale is given a jazzy twist as the horn, piano, bass, and drums are played and children twist, dance, and jitterbug to the beat of the music.

The #1 text in the market—now in an Essentials Edition.

This book explores the complexity of Cuban dance music and the webs that connect it, musically and historically, to other Caribbean music, to salsa, and to Latin Jazz. Establishing a scholarly foundation for the study of this music, Raul A. Fernandez introduces a set of terms, definitions, and empirical information that allow for a broader, more informed discussion. He presents fascinating musical biographies of prominent performers Cachao López, Mongo Santamaría, Armando Peraza, Patato Valdés, Francisco Aguabella, Cándido Camero, Chocolate Armenteros, and Celia Cruz. Based on interviews that the author conducted over a nine-year period, these profiles provide in-depth assessments of the musicians' substantial contributions to both Afro-Cuban music and Latin Jazz. In addition, Fernandez examines the links between Cuban music and other Caribbean musics; analyzes the musical and poetic foundations of the Cuban son form; addresses the salsa phenomenon; and develops the aesthetic construct of *sabor*, central to Cuban music. Copub: Center for Black Music Research
A complete jazz chronology, *ESSENTIAL JAZZ: THE FIRST 100 YEARS, 2e*, delivers a thorough and engaging introduction to jazz and American culture. Designed for nonmajors, this brief text explores the development of jazz from its nineteenth-century roots in ragtime and blues through swing and bebop to fusion and contemporary jazz styles. Unique in its up-to-date coverage, one-third of *ESSENTIAL JAZZ* is devoted to performers of the 1960s through present-day performers. The text's flexible organization and clear, interesting presentation are designed to appeal to students with little or no music background. Accessible, informative Listening Guides provide students with a rich sociocultural context for each selection, giving both newcomers and aficionados a true feel for the vibrant, ever-changing sound of jazz. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Last Stop on Market Street gets a jazzy twist in this finger-licking good celebration of music, food, and family. Struttin' with Auntie Nina down to a club, We're gonna hear some music and then eat some grub. Wanna get up close, but we're stuck in the back, We can't see the drums and we can't get a snack! But Auntie Nina's got a plan, don't you fret, She's taking us to her place where we can get JAZZ FOR LUNCH! Come on in, sit right down! Cuz Auntie Nina and her nephew are cooking up a symphony of food and sounds. The lip-smacking smells and bebopping tunes might just get the whole neighborhood shimmying over to join in. From Nat King Cole Slaw to Art Tatum Tots to Billie Hollandaise Sauce, get ready for some foot-stomping, finger-licking, booty-shaking, mouth-watering fun!

In jazz circles, players and listeners with "big ears" hear and engage complexity in the moment, as it unfolds. Taking gender as part of the intricate, unpredictable action in jazz

culture, this interdisciplinary collection explores the terrain opened up by listening, with big ears, for gender in jazz. Essays range from a reflection on the female boogie-woogie pianists who played at Café Society in New York during the 1930s and 1940s to interpretations of how the jazzman is represented in Dorothy Baker's novel *Young Man with a Horn* (1938) and Michael Curtiz's film adaptation (1950). Taken together, the essays enrich the field of jazz studies by showing how gender dynamics have shaped the production, reception, and criticism of jazz culture. Scholars of music, ethnomusicology, American studies, literature, anthropology, and cultural studies approach the question of gender in jazz from multiple perspectives. One contributor scrutinizes the tendency of jazz historiography to treat singing as subordinate to the predominantly male domain of instrumental music, while another reflects on her doubly inappropriate position as a female trumpet player and a white jazz musician and scholar. Other essays explore the composer George Russell's Lydian Chromatic Concept as a critique of mid-twentieth-century discourses of embodiment, madness, and black masculinity; performances of "female hysteria" by Les Diaboliques, a feminist improvising trio; and the BBC radio broadcasts of Ivy Benson and Her Ladies' Dance Orchestra during the Second World War. By incorporating gender analysis into jazz studies, *Big Ears* transforms ideas of who counts as a subject of study and even of what counts as jazz. Contributors: Christina Baade, Jayna Brown, Farah Jasmine Griffin, Monica Hairston, Kristin McGee, Tracy McMullen, Ingrid Monson, Lara Pellegrinelli, Eric Porter, Nichole T. Rustin, Ursel Schlicht, Julie Dawn Smith, Jeffrey Taylor, Sherrie Tucker, João H. Costa Vargas

Three audio CDs for use with the *Soundscapes* book (available separately), the innovative music text.

Chronicles the social and musical factors that culminated in the birth of bebop

Alfred's *Essentials of Jazz Theory* is designed for jazz enthusiasts and musicians who want to have a better understanding of the language of jazz. To successfully navigate this all-in-one jazz theory course, you should be versed in basic music theory concepts, such as those taught in Books 1 and 2 of Alfred's *Essentials of Music Theory*. With this book, you will learn the essentials of jazz music through concise lessons; practice your jazz music reading and writing skills in the exercises; improve your listening and ear training skills with the CDs; and test your knowledge with a review that completes each unit. You are encouraged to *lan* and/or sing the musical examples throughout, at first along with the enclosed recording, and then on your own. Now in trade paperback: "The definitive guide to musical enjoyment" (Forum). In this fascinating analysis of how to listen to both contemporary and classical music analytically, eminent American composer Aaron Copland offers provocative suggestions that will bring readers a deeper appreciation of the most viscerally rewarding of all art forms.

The DVD-ROM of concise recordings contains the same repertoire as the CD set, but includes Interactive Listening Guides (iLGs) which synchronize audio and author commentary. The iLGs also features listening quizzes that challenge students to identify the instruments, performers, and structure of each piece.

An intimate exploration into the musical genius of fifteen living jazz legends, from the longtime New York Times jazz critic *Jazz* is conducted almost wordlessly: John Coltrane rarely told his quartet what to do, and Miles Davis famously gave his group only the barest instructions before recording his masterpiece "Kind of Blue." Musicians are often loath to discuss their craft for fear of destroying its improvisational essence, rendering jazz among the most ephemeral and least transparent of the performing arts. In *The Jazz Ear*, the acclaimed music critic Ben Ratliff sits down with jazz greats to discuss recordings by the musicians who most influenced them. In the process, he skillfully coaxes out a profound

understanding of the men and women themselves, the context of their work, and how jazz—from horn blare to drum riff—is created conceptually. Expanding on his popular interviews for The New York Times, Ratliff speaks with Sonny Rollins, Ornette Coleman, Branford Marsalis, Dianne Reeves, Wayne Shorter, Joshua Redman, and others about the subtle variations in generation, training, and attitude that define their music. Playful and keenly insightful, *The Jazz Ear* is a revelatory exploration of a unique way of making and hearing music.

The #1 text in the market now in an Essentials Edition."

One of the Best Books of the Year: NPR, GQ, Billboard, JazzTimes In jazz parlance, "playing changes" refers to an improviser's resourceful path through a chord progression. In this definitive guide to the jazz of our time, leading critic Nate Chinen boldly expands on that idea, taking us through the key changes, concepts, events, and people that have shaped jazz since the turn of the century--from Wayne Shorter and Henry Threadgill to Kamasi Washington and Esperanza Spalding; from the phrase "America's classical music" to an explosion of new ideas and approaches; from claims of jazz's demise to the living, breathing scene that exerts influence on mass culture, hip-hop, and R&B. Grounded in authority and brimming with style, packed with essential album lists and listening recommendations, *Playing Changes* takes the measure of this exhilarating moment--and the shimmering possibilities to come.

Sixty solos such as *Moose the Mooch*, *Ornithology* and *Anthropology*, transcribed by Jamey Aebersold and Ken Slone. A cross section of the music of Charlie Parker. Spiral-bound, with chord symbols, metronome markings, record information, and practice suggestions.

Specifically designed to teach jazz basics to students with 1 or 2 years playing experience, but with no prior experience playing jazz. Great for individual or classroom use. Teaches the basics of swing style in a step-by-step approach using well-known songs. Improvisation is made easy starting with simple 2-measure phrases. Scales and basic theory are introduced in a simple and easy to understand approach. 2 CD's are included with recordings of all exercises and arrangements. Other features: 7 full band arrangements, sample solos, jazz history and people.

Since it was first published to wide acclaim in 1992, the bestselling *Leadership Jazz* has firmly placed itself among the great business classics. Former President Bill Clinton called it "astonishing," and the late Peter Drucker advised, "Read this slowly. This book is wisdom in action." Now updated for first time in well over a decade, this powerful book reveals why today, more than ever, leadership is more an art than a science. Today's best leaders, De Pree says, are attuned to the needs and ideas of their followers, and even step aside at times to be followers themselves. Filled with insightful stories from De Pree's experience as the chairman of Herman Miller and from people he's met along the way, *Leadership Jazz* reveals how to:

- Hold people accountable and give them space to reach their potential
- See the needs of employees and those of the company

as the same • Inspire change and innovation • Work effectively with creative people Complete with an extensive new introduction from De Pree on why his philosophy is more relevant now than ever before, Leadership Jazz gives you an entirely new way to look at the difficult job of leader.

Giant Steps examines the most important figures in the creation of modern jazz, detailing the emergence of bebop through the likes of Dizzy Gillespie, Charlie Parker, Fats Navarro, Bud Powell, and Thelonious Monk. Using this as its starting point, the book subsequently delves into the developments of jazz composition, modal jazz, and free jazz. The music of each of these great masters is examined in detail and will provide both a fine introduction for the large audience newly attracted to the music but unsure of their direction through it, as well as an entertaining and informative read for those with a more substantial background.

In this marvelous oral history, the words of such legends as Louis Armstrong, Fats Waller, Jelly Roll Morton, Duke Ellington, and Billy Holiday trace the birth, growth, and changes in jazz over the years.

A collection of essays, biographical profiles, and critical analyses by one of the twentieth century's leading jazz writers includes commentary on the work of jazz entertainers, including Duke Ellington, Ella Fitzgerald, John Coltrane, Dizzy Gillespie, and Louis Armstrong, as well as assessment of the role of jazz in contemporary culture and its influence on modern music.

"Originally published in hardcover in the United States by Crown Books for Young Readers, New York, in 2016"--Copyright page.

Covers every era of Swing from the classic 1930s to today's Retro-Swing movement. Includes the great musicians, influential groups, with 1500 recordings reviewed and rated.

JazzEssential Listening W. W. Norton

Winner of the 2007 National Book Critics Circle Award for Criticism A New York Times Book Review Top Ten Book of the Year Time magazine Top Ten Nonfiction Book of 2007 Newsweek Favorite Books of 2007 A Washington Post Book World Best Book of 2007 In this sweeping and dramatic narrative, Alex Ross, music critic for The New Yorker, weaves together the histories of the twentieth century and its music, from Vienna before the First World War to Paris in the twenties; from Hitler's Germany and Stalin's Russia to downtown New York in the sixties and seventies up to the present. Taking readers into the labyrinth of modern style, Ross draws revelatory connections

between the century's most influential composers and the wider culture. *The Rest Is Noise* is an astonishing history of the twentieth century as told through its music. *Jazz in American Culture* offers an informed and entertaining introduction to jazz - one of the great musical cultures of the world.

Black Music Matters: Jazz and the Transformation of Music Studies is among the first books to examine music studies reform through the lens of African American music, as well as the emergent field of consciousness studies. It is inspired by conversations on race and a rich body of literature on the place of black music in American culture.

All That Jazz—Total Access to the music and the players.

Maceo Parker's signature style became the lynchpin of James Brown's band when he and his brother Melvin joined the Hardest Working Man in Show Business in 1964. That style helped define Brown's brand of funk, and the phrase "Maceo, I want you to blow!" became part of the lexicon of black music. He took time off from James Brown to play with George Clinton's P-funk collective and with Bootsy's Rubber Band; he also formed his own band, Maceo and All the King's Men, whose records are cult favorites among funk aficionados. Here Maceo tells his own warm and astonishing story, from his Southern upbringing to his career touring the world and playing to adoring fans. Maceo has long called his approach to the saxophone "2% jazz, 98% funky stuff."

Now, on the eve of Maceo's 70th birthday, in prose as lively and funky as his saxophone playing, here is the definitive story of one of the funkiest musicians alive. With their unforgettable melodies, timeless messages, and stylistic indebtedness to both jazz and Broadway, American popular standards have proven to be among the most widely performed and enjoyed songs of the past century. Shaped in many ways by the technological and cultural developments of the early twentieth century, they have also managed to transcend these origins and become an enduring part of the American musical landscape. *Ann van der Merwe* explores how and why American songbook standards developed in the early twentieth century and how these standards have shaped American—and even global—musical culture ever since. *The American Songbook* explores key aspects of individual songs, including the musical and lyrical reasons for their broad appeal and applicability over the years. The American songbook continues to permeate the fabric of our daily lives. It is a repertoire that spans generations, from Fred Astaire to Tony Bennett and Lady Gaga. As a result, music lovers both young and old will enjoy discovering how these beloved songs emerged and why they remain relevant a century later.

Turn Me Loose White Man is an examination of virtually all forms of American vernacular music throughout the first 60 years of the twentieth century. It includes a 30 cd set (available separately at www.allenlowe.com) and complete discussion and annotation of over 800 performances in the following genres: Ragtime, minstrelsy, blues, jazz, hillbilly music, country music, blues, rhythm and blues, folk, and rock and roll.
