What does it mean to be JUST A GUY? --A guy doesn't think before he speaks. --Eating and sleeping always come first. Always. --A guy may get married, but he doesn't have to like it. --It's tough to admit, but all guys are exactly the same. Blue Collar Comedy Star Bill Engvall is JUST A GUY. He's been one his whole life. He can't help it. He was born that way. And that makes him an expert on the subject. For the record, here's the official definition of a guy: A person who doesn't think before he speaks. He can't. He's not that deep. Because a guy has only three basic needs: eating, sleeping, and sex. That's it. JUST A GUY chronicles a lifetime in pursuit of those needs. In this hilarious and heartfelt memoir, Bill Engvall takes you on the rollicking ride of his life, beginning with his childhood in Texas and adolescence in Arizona, becoming a fixture in local emergency rooms, the result of massive amounts of non-thinking behavior trying to impress girls or torture his sisters; to high school in Dallas where he dabbled in an array of truly odd jobs, learned the trombone, and came of age, all strangely connected; to college and his tenure as his fraternity's social chairman, where he masterminded a series of legendary parties and attempted to rescue his pet bird while the house was burning down (not his fault, honest); to following his dream as a standup comic and, gulp, singer; to his brief stint in children's theater while sharing the stage and the back of a van with the director's dog, and as a movie

extra with forked tongue and cloth claws; to his bumbling and riotous courtship, then marriage to Gail, the love of his life; and, finally, fatherhood, where he remains, to this day, a well-meaning, but flawed parent. Through it all, Bill gamely stumbles along, struggling to maintain a façade of confidence and control. Far from a superhero, Bill Engvall is an everyday Everyman, the poster boy for normal. The result is JUST A GUY who is disarming, perceptive, wildly funny, and unexpectedly moving. JUST A GUY will make you laugh out loud and tug at your heart. Hopefully, not at the same time.

Is American English in decline? Are regional dialects dying out? Is there a difference between men and women in how they adapt to linguistic variations? These questions, and more, about our language catapulted Robert MacNeil and William Cran—the authors (with Robert McCrum) of the language classic The Story of English—across the country in search of the answers. You Speak American? is the tale of their discoveries, which provocatively show how the standard for American English—if a standard exists—is changing quickly and dramatically. On a journey that takes them from the Northeast, through Appalachia and the Deep South, and west to California, the authors observe everyday verbal interactions and in a host of interviews with native speakers glean the linguistic quirks and traditions characteristic of each area. While examining the histories and controversies surrounding both written and spoken American English, they address anxieties and assumptions that, when explored, are highly emotional, such as the growing influence of Spanish as a threat to American English and the special treatment of African-American vernacular English. And, challenging the purists who think grammatical standards are in serious deterioration and that media saturation of our culture is homogenizing our speech, they surprise us with unpredictable responses. With insight and wit, MacNeil and Cran bring us a compelling book that is at once a celebration and a potent study of our singular language. Each wave of immigration has brought new words to enrich the American language. Do you recognize the origin of 1. blunderbuss, sleigh, stoop, coleslaw, boss, waffle? Or 2. dumb, ouch, shyster, check, kaput, scram, bumper? Or 3. phooey, pastrami, glitch, kibbitz, schnozzle? Or 4. broccoli, espresso, pizza, pasta, macaroni, radio? Or 5. smithereens, lolapalooza, speakeasy, hooligan? Or 6. vamoose, chaps, stampede, mustang, ranch, corral? 1. Dutch 2. German 3. Yiddish 4. Italian 5. Irish 6. Spanish
