Is death the end of human existence and consciousness, or do we continue in some other place or state of being? Do we go to a place of everlasting reward or eternal torment? Are we destined to be reincarnated, coming to life again in a different body in a seemingly endless cycle of living and dying? Will we ever see deceased loved ones again? Is there somewhere you can go to find the answers to these questions? The Bible tells us exactly what happens after death. It tells us what happens to those who have done right (will they go to heaven?) and wrong (or be tormented in an ever-burning hell?) and reveals the fate of the billions of people

This "Story of Rich Man and Lazarus: Hell and Heaven Described in Their Own Words" book is about the lives of a rich man and a homeless man and what happened to them in eternity after their respective deaths. This first-person account is based on "a certain rich man" and "a certain beggar named Lazarus" story, which Jesus Christ shared with His disciples in the Holy Bible's Gospel of Luke (16:19-31). In Chapter 1, I describe how the rich man, "A Certain Rich Man," dressed, what he owned, who he socialized with, where he socialized, how he recreated, where he recreated, how his life was centered around himself, his sins, how he rejected the LORD and how he died. In Chapter 2, I describe how Lazarus, "A Certain Homeless Man," dressed, how he survived as a homeless man on the street, his poor choices, how a miraculous incident which caused Lazarus to finally rededicate his life to Jesus Christ and how he died. In Chapter 3, I describe what the "Tormented Sinner" saw, what he feels/experiences in hell and the unspeakable agonies he suffers there, such as being separated from

God's presence. In Chapter 4, I describe what the "Comforted Saint" saw, what he feels/experiences in Heaven and the indescribable peace he experiences there, such as being warmed by God's presence. This book is a story sharing with readers where not to go (hell) after death, where to go (Heaven) after dying, and how to get there (salvation through Jesus Christ).

He went away sorrowing because he had great possessions. What if someone who was really rich actually did sell everything he owned and gave the money to the poor? Would he know how to survive without money? How would people treat him? Would he try to get a job? There are many possible outcomes. This book explores one of them. Along the way, the man encounters several interesting people who teach him important lessons including humility. In the end, he comes to a greater understanding of why Jesus told the ruler to sell everything and give the money to the poor. It wasn't about money at all. The Bible is clear in teaching that eternal life is only obtained by faith in Jesus Christ. Why then did Jesus tell the man to do what He did? Read, and you will learn. In this classic theological treatise, the acclaimed theologian and religious leader Howard Thurman (1900-1981) demonstrates how the gospel may be read as a manual of resistance for the poor and disenfranchised. Jesus is a partner in the

pain of the oppressed and the example of His life offers a solution to ending the descent into moral nihilism. Hatred does not empower--it decays. Only through self-love and love of one another can God's justice prevail. From the Trade Paperback edition.

OVER 300,000 COPIES SOLD! Why won't God reveal his special will for my life already? Because he doesn't intend to... So says Kevin DeYoung in this punchy book about making decisions the godly way. Many of us are listening for the still small voice to tell us what's next instead of listening to the clear voice in Scripture telling us what's now. God does have a will for your life, but it is the same as everyone else's: Seek first the kingdom of God. And quit floundering. With pastoral wisdom and tasteful wit, DeYoung debunks unbiblical ways of understanding God's will and constructs a simple but biblical alternative: live like Christ. He exposes the frustrations of our waiting games and unfolds the freedom of finding God's will in Scripture and then simply doing it. This book is a call to put down our Magic 8-Balls and pick up God's Word. It's a call to get wisdom, follow Christ, be holy, and live freely. To just do something.

Volume 3 of the Bible Exposition Commentary 6-volume set

You know people around the world are struggling. A homeless man holds a sign that reads, "Anything helps." A poor child lives in a slum swarming with flies. A refugee mother is on the brink of starvation. You ask yourself, "But what can I do about such big problems?" You're looking for long-term solutions. John D. Barry shares incredible, and often shocking, stories about working among the impoverished and unchurched in the U.S. and abroad. And since Barry is a Bible scholar, Jesus' Economy is also

deeply rooted in the Scriptures. It is a personal, sometimes funny, often heartbreaking account that presents a revolutionary pattern for lasting change. Jesus' Economy is based on self-sacrifice. His currency is love. It's called Jesus' Economy because it's about creating a spiritual and physical economy for those who need it most. Here is a thoroughly biblical and compassionate pattern for addressing issues of poverty and offering the hope of the gospel. Jesus' Economy:

- Shows how you as an individual can best encourage renewal in your community.
- Demonstrates how your church community or any group can alleviate poverty.
- Presents a unified plan for creating jobs, spreading the gospel, and meeting basic needs.
- Focuses on community development and sustainability—lasting change, globally and locally.

Jesus' Economy is a call to address our own spiritual poverty—as people who can too easily become distant from Christ—and it is a call to address the physical poverty all around us in a smart and sustainable way. Jesus' teachings show that with simple, everyday choices, you can make the world a better place and create enduring change. Here's how to live Jesus' economy—a currency of love. 100% of author's proceeds go to the nonprofit Jesus' Economy, to fuel the movement of creating jobs and churches in the developing world. Concise and up to date, this volume features commentaries on each book of the Bible along with seven introductory articles on various aspects of Bible interpretation. Edited by G. J. Wenham, J. A. Motyer, D. A. Carson, and R. T. France.

God cares a great deal more about our money than most of us imagine. The sheer enormity of Scripture's teaching on this subject screams for our attention. In fact, Jesus says more about how we are to view and handle money and possessions than about any other topic—including both heaven and hell. In *Managing God's Money*, Randy Alcorn breaks down exactly what the Bible has to say about how we are to handle our money and possessions in a simple, easy-to-follow format. Filled with Scripture references, *Managing God's Money* is the perfect reference tool for anyone who is interested in gaining a solid biblical understanding of money, possessions, and eternity.

This document is a collection of Logia, a harvesting of about 114 "Sayings of Jesus" together with a prologue which stresses the esoteric character of the sayings and attributes their recording and preservation to the apostle Didymus Jude Thomas. Many of the sentences are identical with the Logia of the Synoptic Gospels or are closely related to them. Nevertheless, there are differences of detail which merit discussion and can often be elucidated as due to a particular source or tradition. The other sayings on the contrary are "extra-canonical". Among these are certain "agrapha" which are already known or can now be recognised in ancient or mediaeval literature from patristic, gnostic, Manichean or even Catharist sources. In particular the sayings written in Greek, which are found in more or less mutilated form in three papyri from Oxyrhynchus appear with certain variations but assembled and arranged in similar manner in three different parts of "The Gospel according to Thomas". It is probable that extracts from apocryphal gospels such as the "Gospel according to the Hebrews" and the "Gospel according to the Egyptians" are also preserved in it. Besides this, the collection comprises many Logia which are quite new and have never before been seen.

Mary Pezzulo intended to learn all about God through graduate studies in philosophy and Christian ethics, but serious illness ruined those plans and landed her young family in desperate straits. Despite chronic illness, deep poverty, blatant discrimination, and the cruelty she encountered, Pezzulo began tripping over God in the tiny works of

mercy she offered to others and received herself. With striking candor and gritty faith she shows us how we also can meet God in the smallest acts of love. When Pezzulo began her blog *Steel Magnificat* in 2016, she never imagined she would be writing so much about poverty, discrimination, abuse, or the loneliness of chronic illness. Nor did she realize that the corporal and spiritual works of mercy would bring stark clarity and unflinching hope to her life. She had moved to Steubenville, Ohio, to study philosophy and ethics so that she could teach people about Jesus and make the world a better place. She expected to find God in beautiful churches, inspiring books, and the spoken words of brilliant scholars. But when her life and professional ambitions crumbled around her, she entered a terrible darkness and floundered in desperate poverty, illness, and the lingering trauma of abuse. In that dark time, Pezzulo began to know mercy, finding God in countless tiny acts. In *Stumbling into Grace* she shows how the works of mercy have become her anchor in turbulence and calm, piercing sorrow and ridiculous joy, overcoming despair and bringing enduring hope. Now she shares with you how to live the works of mercy in your own life. When *Feeding the Hungry*, keep in mind that the more needy the person you're feeding is the more care you should take—these are the people who are most in need of hope and visible acts of love. *Instructing the Ignorant* begins with helping people and forming good relationships because people are worth it. *Giving Drink to the Thirsty* can mean advocacy and charitable giving that support access to clean water for those throughout the world just

as much as it means offering drinks to anyone who enters your home. Counseling the Doubtful starts with acknowledging that faith is bigger than all of us and that it's not wrong to have questions, doubts, or to look at another faith to see if its beliefs and practices are closer to your spiritual longings. Clothing the Naked means restoring a sense of dignity to every part of a person by providing appropriate, comfortable, and good-looking clothing, and by protecting people from gossip and prejudice.

Then said Jesus unto his disciples, Verily I say unto you, That a rich man shall hardly enter into the kingdom of heaven. And again I say unto you, It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God. When his disciples heard it, they were exceedingly amazed, saying, Who then can be saved? But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible (Matthew 19:23-26). Have you as a Christian been able to fully understand the meaning of the above passage of Scripture? Have you ever made any attempt to interpret it to other people? What did Jesus actually mean by saying that a rich man shall hardly enter into the kingdom of heaven? Is it a sin for any person to be rich and materially prosperous? Why were the disciples of Jesus exceedingly amazed when their Master made these emphatic remarks? Through the help of Gods Spirit, I have left no stone unturned in my efforts to explain this portion of the Bible so that Christians of today may be able to grasp its true contextual meaning and also help others with the knowledge they have acquired. This book truly has a

priceless and timely message for the entire body of Christ. You therefore need to read it with faith and great expectation so that your precious soul may be richly blessed with the wisdom, knowledge and understanding of Gods Word.

Hermeneutics is the work of Hermes, the Greek demigod, a messenger from the gods and from the dead. Simon Perry sets out to explore the contemporary face of Hermes through a reading of Jesus' parable of the rich man and Lazarus (Luke 16:19-31). This parable has one distinguishing feature that marks it out from other ancient stories following the same basic storyline: that a visitor from the dead is not granted leave to return with a message to the land of the living. In order for Scripture to be heard, Hermes is not necessary. Where does this leave the role of hermeneutics? Perry looks to philosophers, ethicists, and theologians for an answer.

Teaches children that no matter how well behaved we are, no matter how generous we

are, no matter how much we sacrifice, we can't be perfect enough to earn our way to heaven. It is only through child-like faith in Jesus as Savior that heaven is ours.
